Roarin' into the 20s

At the start of the 2019-2020 school year, we welcomed a new principal, Ms. Tami Kepshire, as well as new teachers and courses We welcomed the freshmen, and we felt the joy of returning as sophomores, juniors, and seniors. The year began as normal with homecoming activities, fall sports, and the fall play, which progressed into the winter sports and the musical. Yet by March, the class of 2020 and the rest of the student body found themselves working from home, completing e-learning with teachers remotely because of the Coronavirus pandemic. Prom was held virtually. School ended early. Things were not the same.

Like our ancestors who lived through the Roaring '20s and subsequently the Great Depression, we found that, through hardship, the greatest memories in life come from friendship and family. So while we might have not started the decade as we expected, there is still hope to come: hope in the friends that we made, the games that we won, the performances we gave, and the grades that we earned throughout this year.

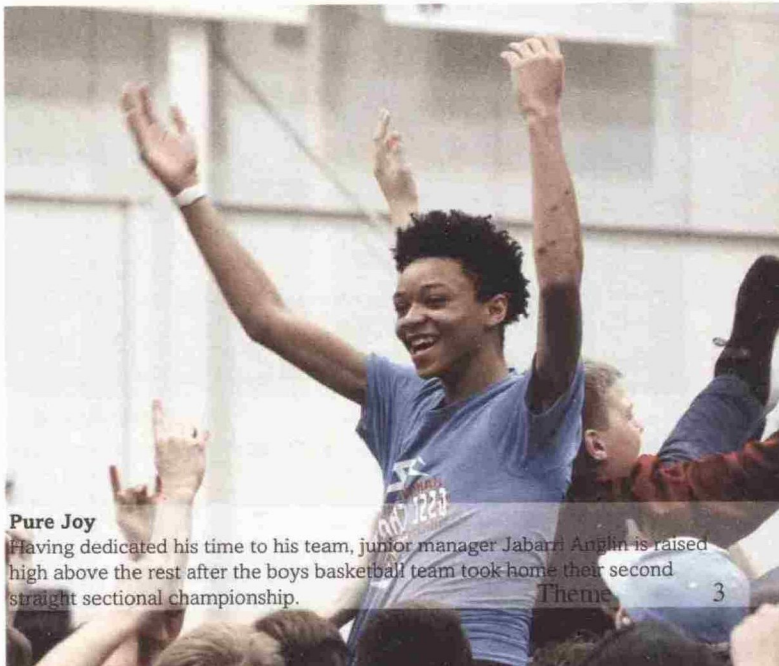
For the seniors, this year means the start of a new path and a new life in uncertain times. Thus far, 2020 has taught us all that if we remain true to ourselves, if we remember our friends and our teachers' lessons, we will always ROAR louder than the rest.

Keep Your Hands and Feet Inside the Ride
The Wildcat Wackos gained momentum as the season progressed, and they reached the pinnacle of spirit at the Sectional championship game. Led by senior Brett Driscoll, our Wildcats rode the Roarin' Rollercoaster, and as is apparent on every face, they didn't want the ride to end.

Bucket Brigade
Front and center, freshman Bailey Ryan, senior Tiffany Lange, sophomore Dominic Dieckmann, and freshman Ainslie Hoelter prepare for percussion in their piece.

A Patriotic Donation
Ms. Kepshire was presented with new classroom flags by local veterans, and she proudly accepted the gift on behalf of the school.

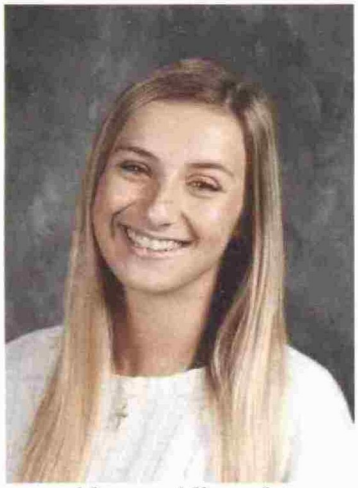
Red and Blue are Backing You
Proudly displaying the best school colors around, sophomore Hannah Ingraham, flanked by juniors Kylie Clay, Joy Gliwa, Maya Butler, and Kaitlyn Benko, prepare for spirit games.



Pure Joy
Having dedicated his time to his team, junior manager Jabarri Anglin is raised high above the rest after the boys basketball team took home their second straight sectional championship.

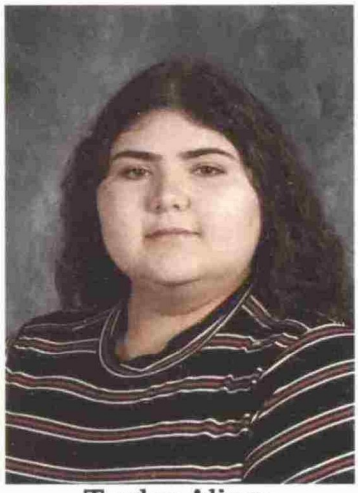
Seniors

Class of 2020



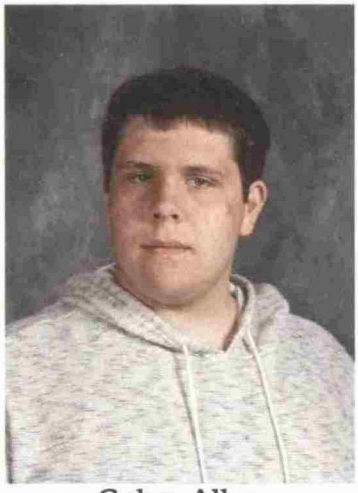
Alyssa Albrecht

"The only rule is don't be boring." Paris Hilton

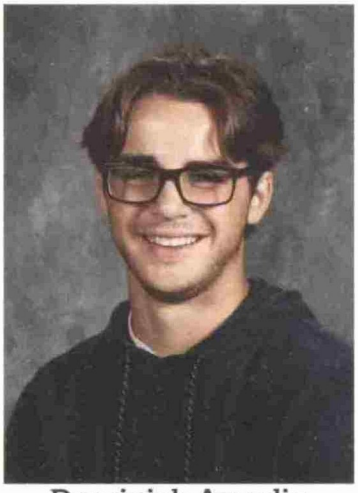


Taylor Aliaga

"I'm a pacifist. But when the revolution comes, I'll destroy all of you." Phoebe Buffet

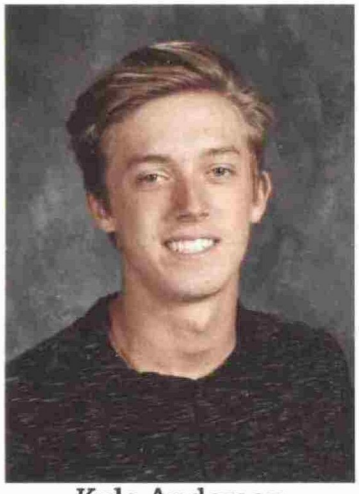


Colyn Allen



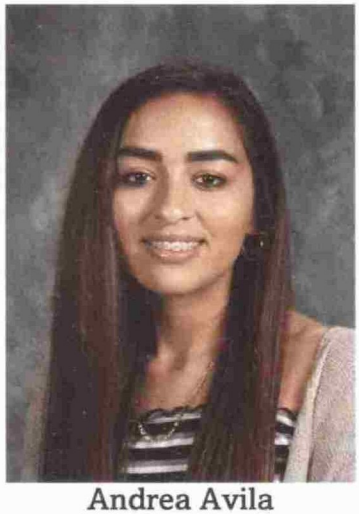
Dominick Amadio

"If you want to catch a chicken, smell like a female chicken. If you want to catch me, smell like spaghetti and meatballs."



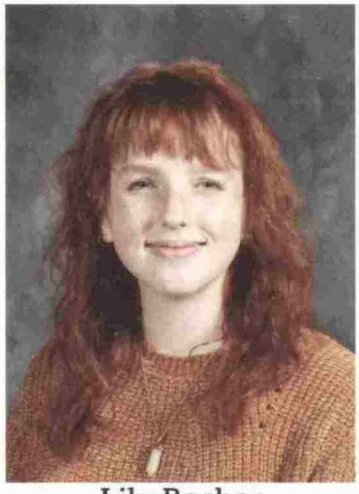
Kyle Anderson

"I chose my own 2-hour delays."



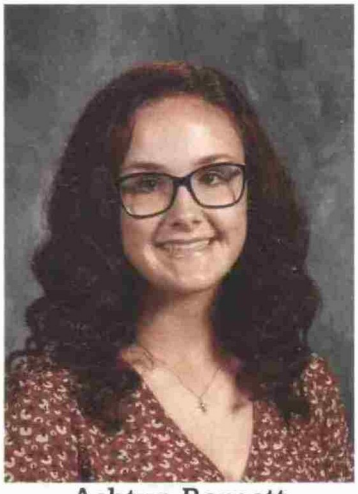
Andrea Avila

"Hold on...let me call my mom."



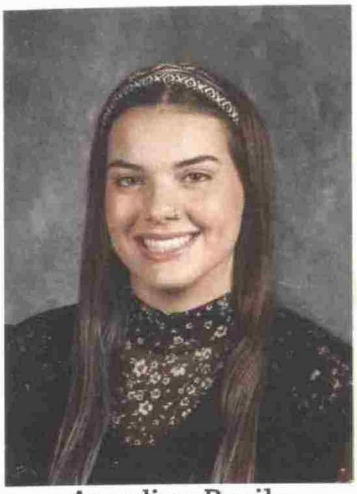
Lily Bachar

"Brochill."



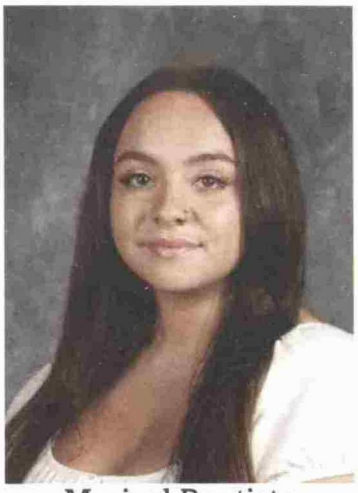
Ashtyn Barnett

"The only way to get out of a hole is to stop digging." JR Nolan



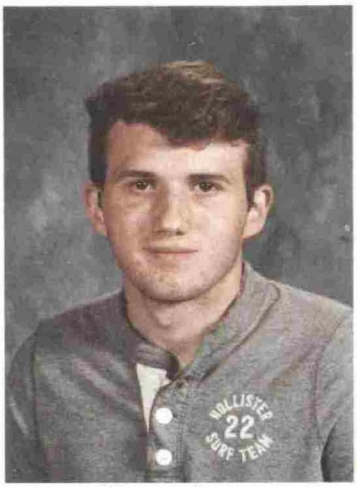
Angelina Basile

"A little party never hurt no one, we were born to be free."
-Lana Del Rey

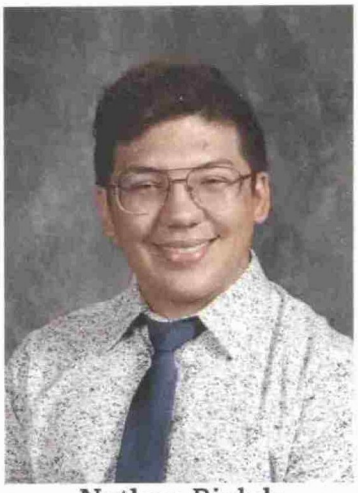


Marisol Bautista

"In the end only three things matter: how much you loved, how gently you lived, and how gracefully you let go of things not meant for you." Gautama Buddha

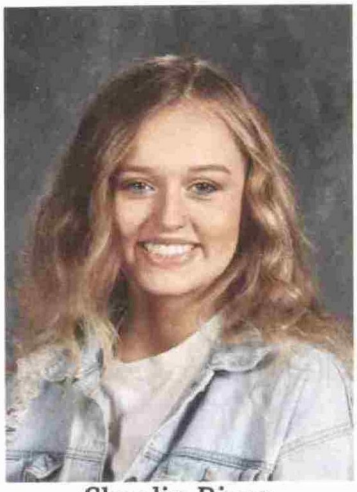


Kasey Berg

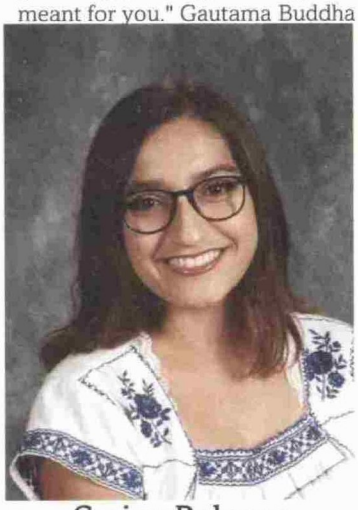


Nathan Bielak

"The right man in the wrong place can make all the difference in the world."

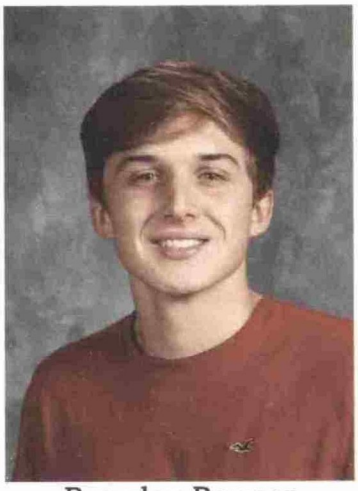


Shaelin Biron



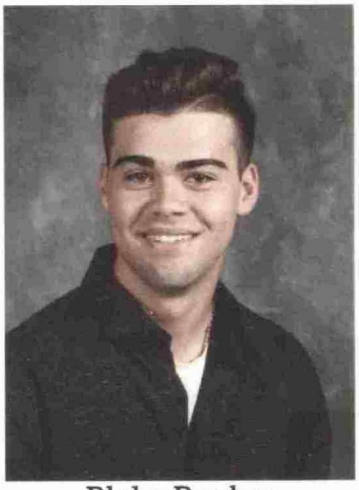
Carina Bolanos

"I've been called the songbird of my generation by the people who've heard me." Brennan Huff



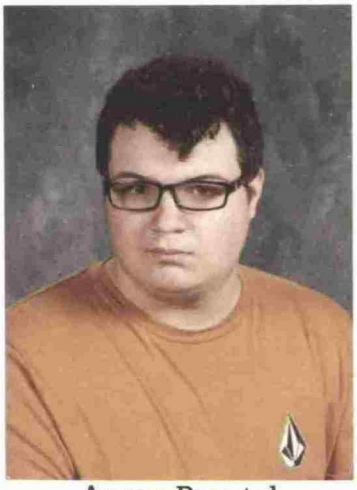
Brenden Bonner

"My first name should have been Bonner."



Blake Booker

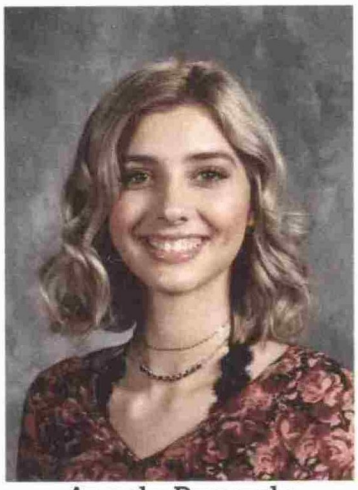
"Fashion Killa" A$ap Rocky



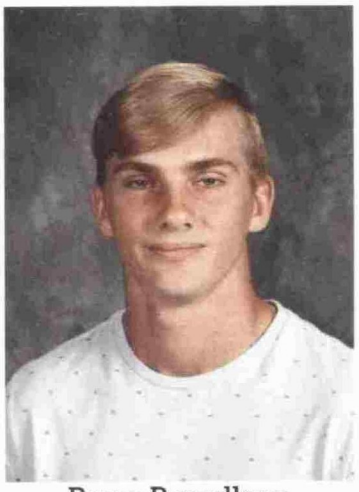
Aaron Bosstel

Lonye Bowman

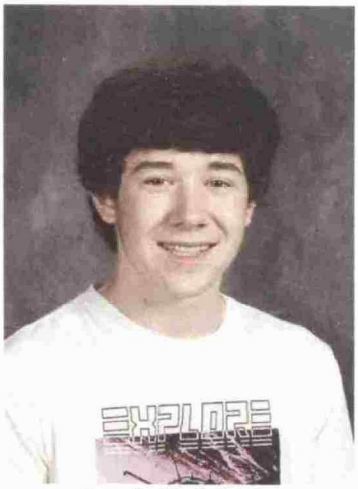
"For all my high school years, well, just as a I thought...TRASH."



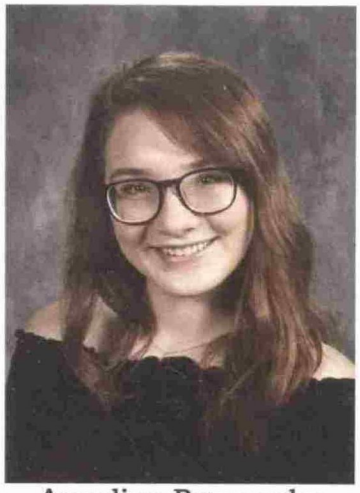
Angela Brazzale



Ryan Breedlove

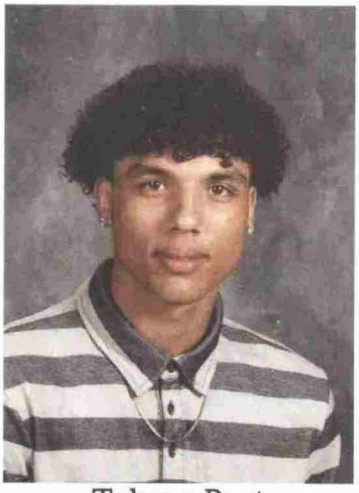


Jordan Brown



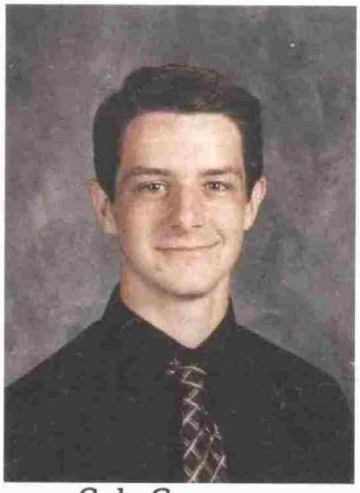
Angelina Burroughs

"So long, and thanks for all the fish." *Hitchhiker's Guide to the Galaxy*

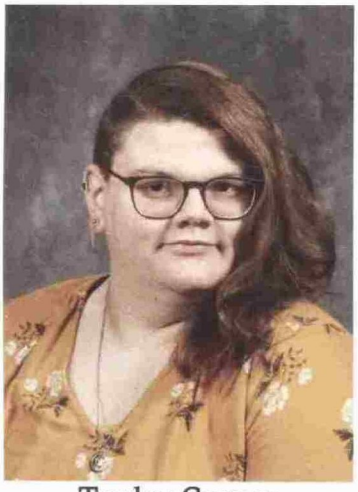


Tehran Burt

"The roof is not my son, but I will raise it."



Cole Cameron

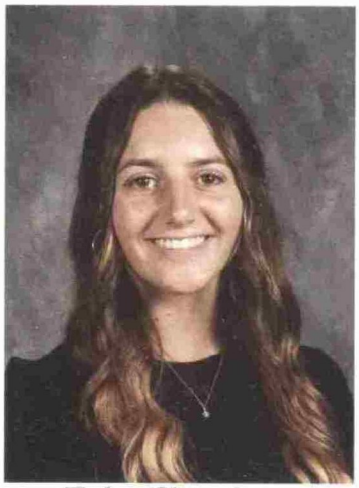


Taylor Carnes

"Hope is the heartbeat of the soul."

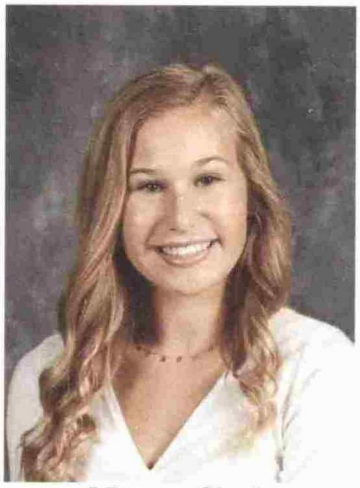
Brooke Centanni

"I'm not great at advice; can I interest you in a sarcastic comment instead?"



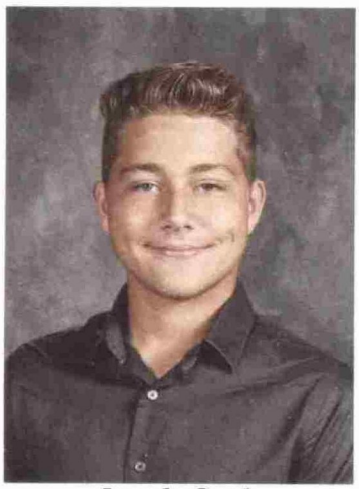
Tyler Chambers

"Next time I get in here I'll have to buy a ticket." Scott McCreery



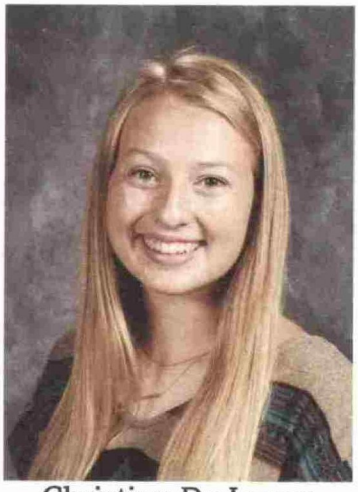
Megan Clark

"When all else fails, take a nap."



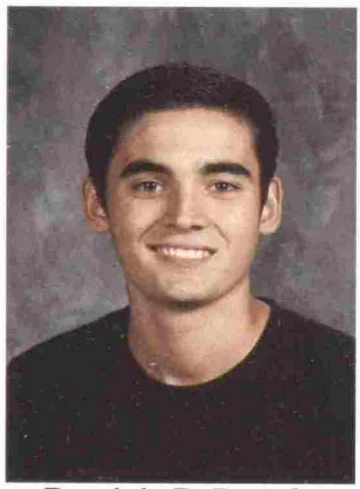
Jacob Czak

"That wasn't too bad."

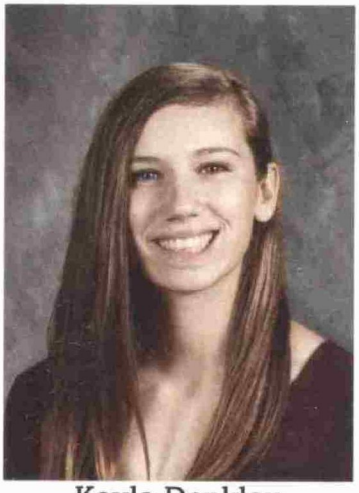


Christina De Lange

"I believe in Christianity as I believe that the sun has risen: not only because I see it, but because by it I see everything else."
C.S. Lewis

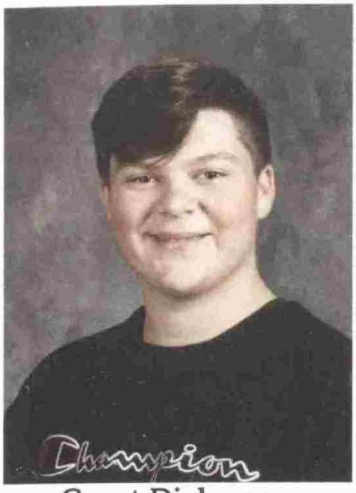


Dominic DeBartolo

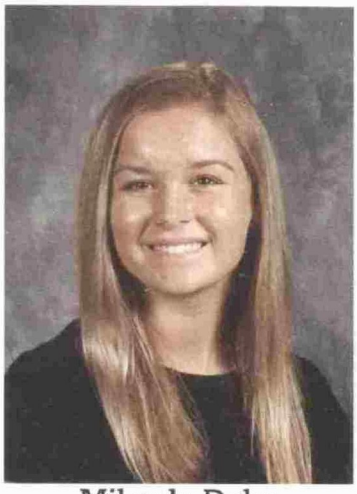


Kayla Denklau

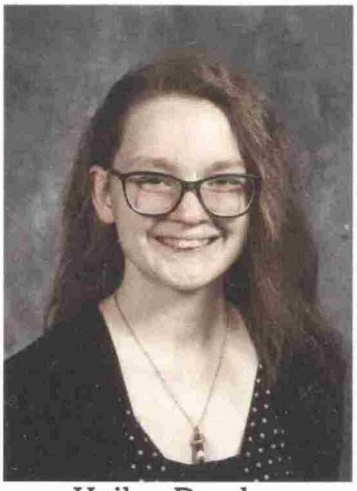
"I did my waiting! 12 years of it! In Azkaban!" Sirius Black



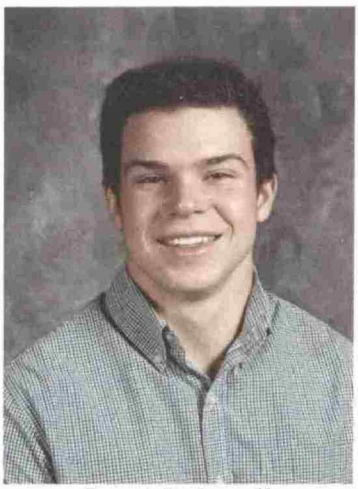
Grant Dickerson
"What'd you say?"



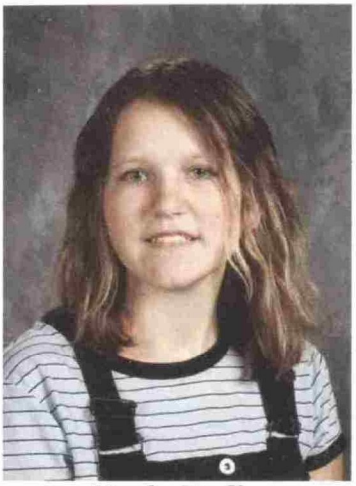
Mikayla Dobe



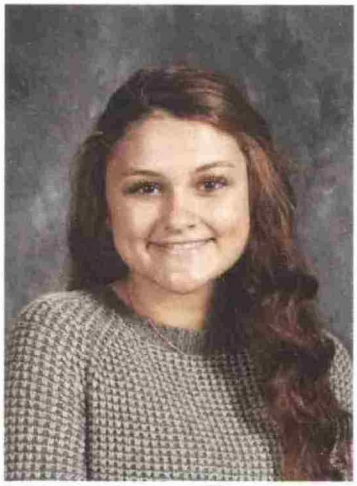
Hailey Doeden
"There is hope. Even when your brain tells you there isn't."
John Green



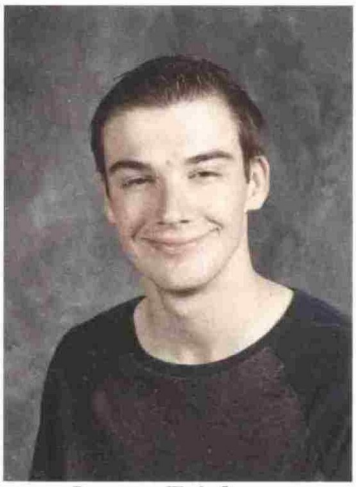
Brett Driscoll



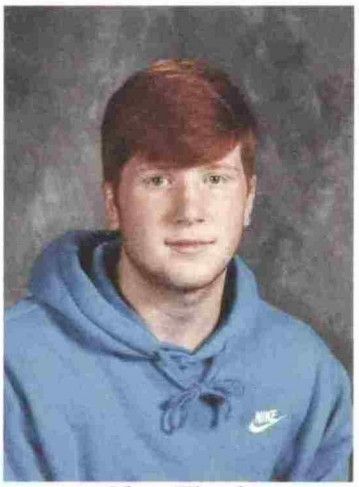
Kayla Duffy
"The past few years were like a maze from beginning to end."



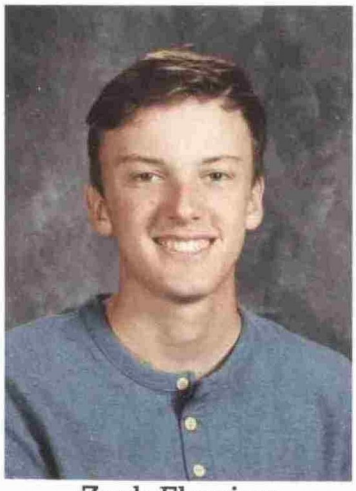
Lacy Ellis



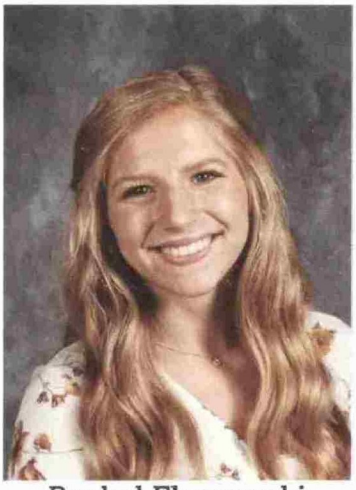
James Erickson
"We have nothing to fear but fear itself. Think and feel for yourself."



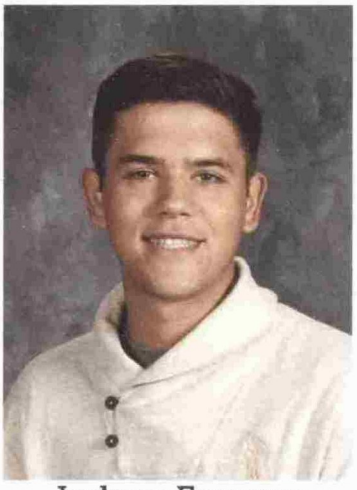
Alex Finck



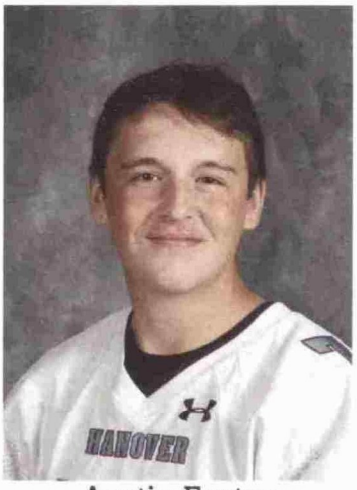
Zach Fleming



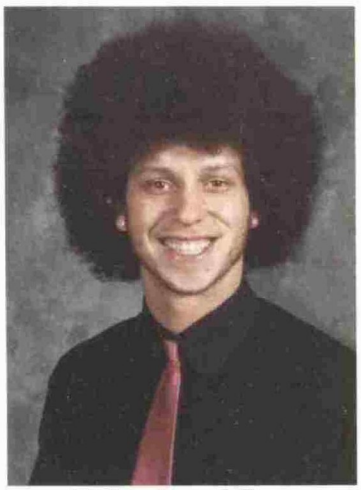
Rachel Fleszewski
"Where's my chapstick??"



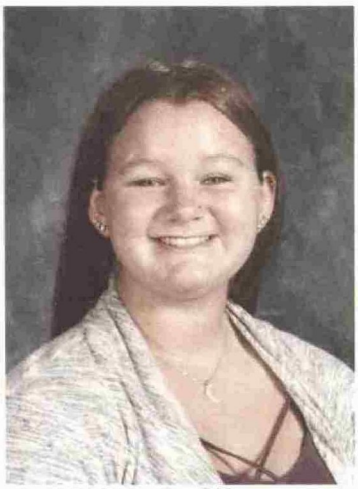
Jackson Foreman



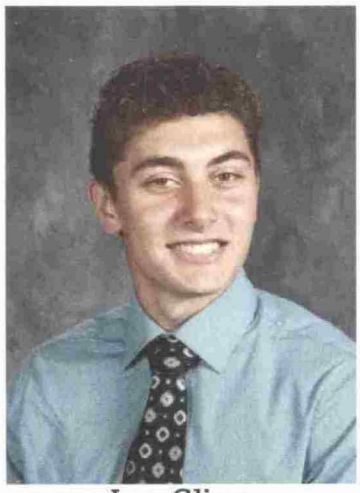
Austin Foster



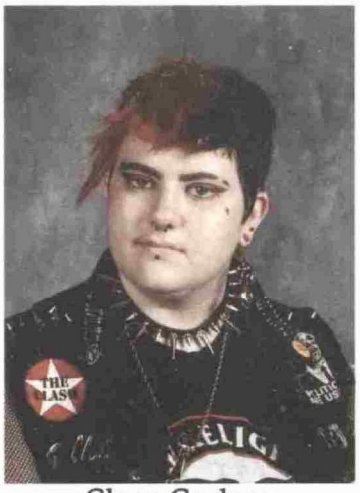
Tyler Fruehling
"Hakuna Matata"



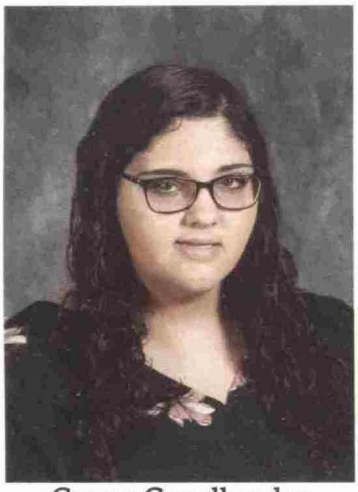
Brittany Gibson



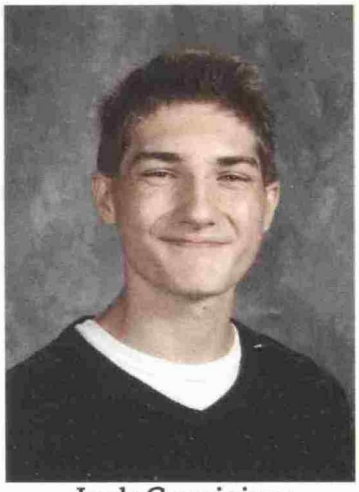
Leo Gliwa
"Don't just aspire to make a living; aspire to make a difference."
-Denzel Washington



Clara Godsey
"Viva la revolucion, my man."

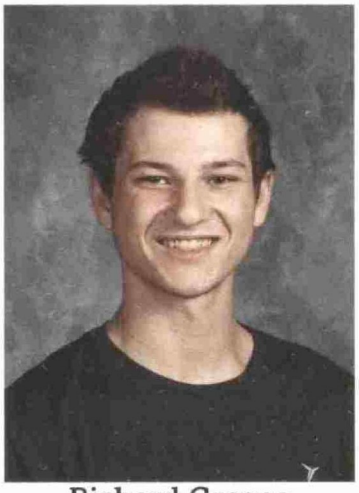


Grace Goodlander

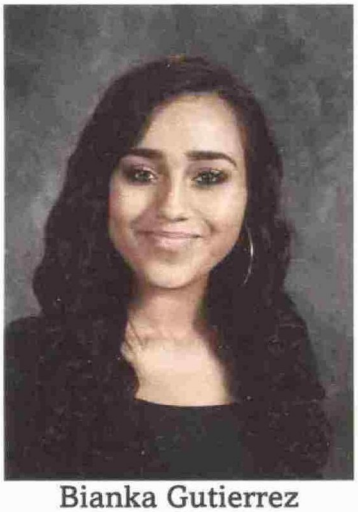


Jack Gosciejew
"Have you ever heard the tragedy of Darth Plagueis the wise?"

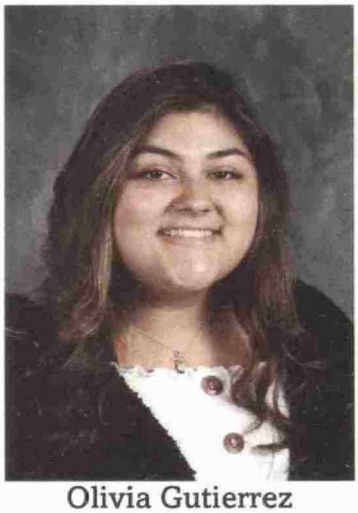
Hailey Grcich
"I knew exactly what to do...but in a much more real sense, I had no idea what to do."
-Michael Scott



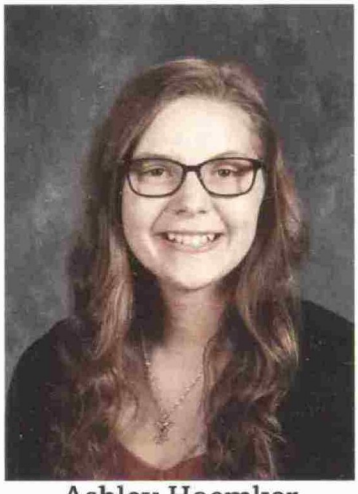
Richard Greene



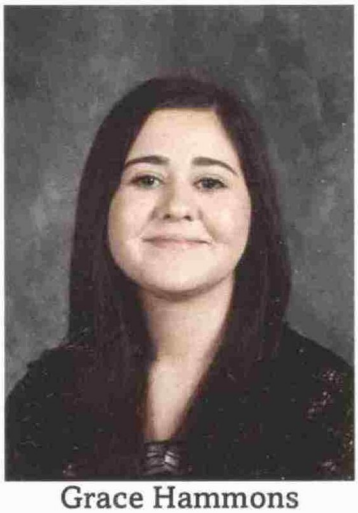
Bianka Gutierrez
"Let me ask."



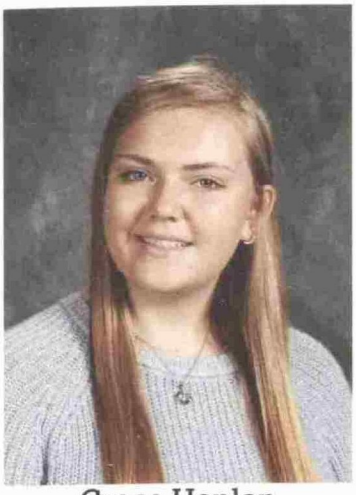
Olivia Gutierrez
"This whole year I felt like Ronnie on Jersey Shore s3 e8 15:56"



Ashley Haemker
"The thing I realized is that it's not what you take; it's what you leave." Jennifer Niven, *All the Bright Places*



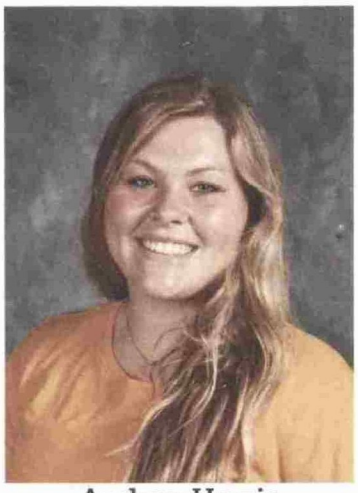
Grace Hammons
"Welcome to the real world. It sucks. You're gonna love it."
-Monica Geller, *Friends*



Grace Hanlon

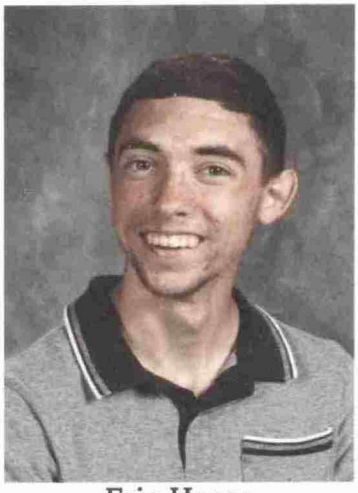
"Much like the rest of the assignments I did in high school, I turned this in at 11:58."

Katlyn Harrell



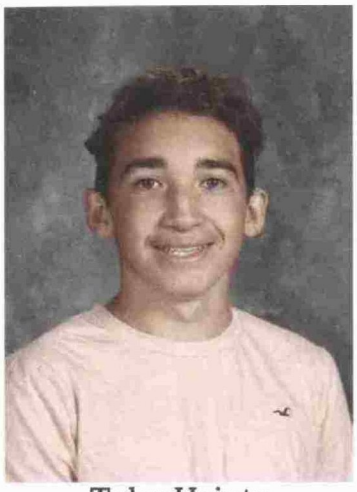
Audrey Harris

"I wish there was a way to know you're in the good old days before you've actually left them."
-Michael Scott



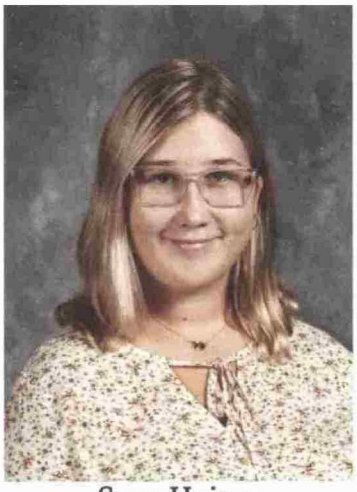
Eric Hasse

"Wanting to be someone else is a waste of the person you are."
-Kurt Cobain



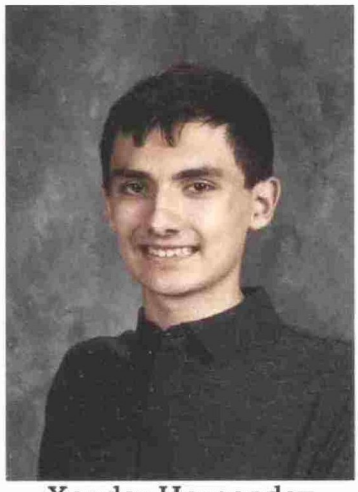
Tyler Heintz

"They take the truth as hate, because people hate the truth."

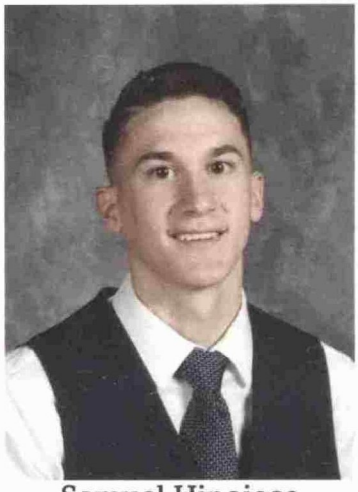


Sara Heiser

"Beyonce said pretty hurts...no wonder why I'm always in pain."

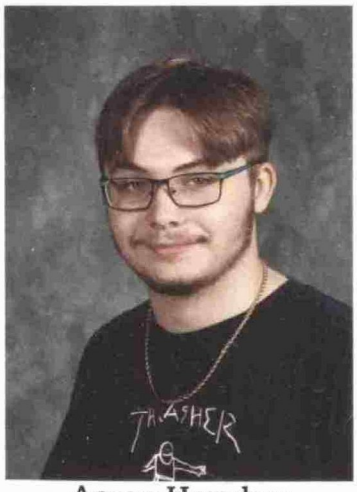


Xander Hernandez

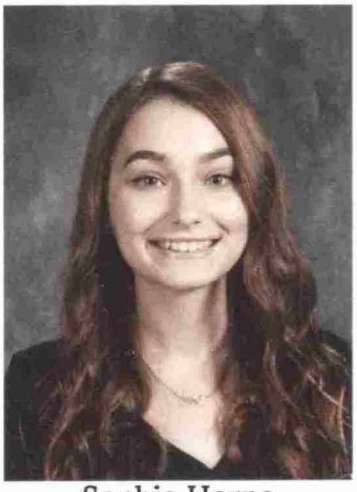


Samuel Hinojosa

"Catch Flights, Not Feelings."

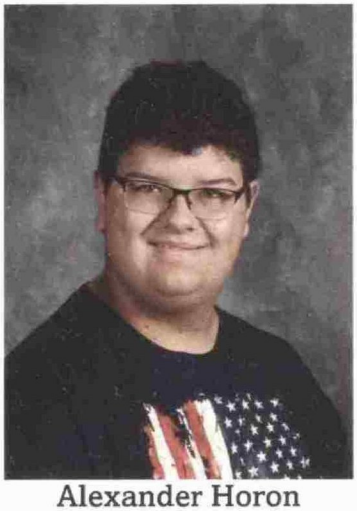


Aaron Hoevker



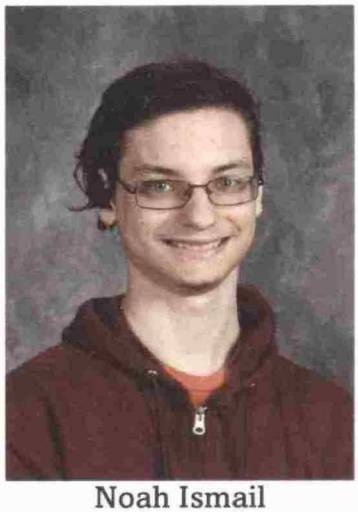
Sophia Horne

"What defines us is how well we rise after falling."

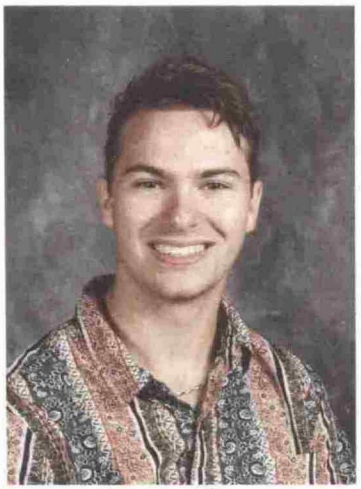


Alexander Horon

"I was raised on country."

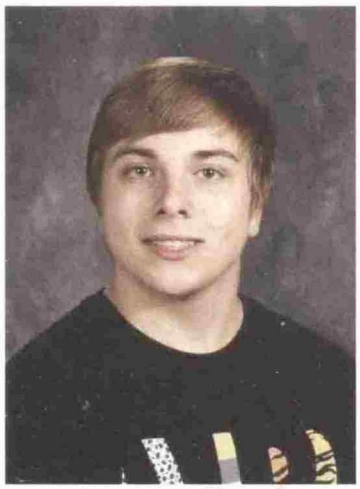


Noah Ismail

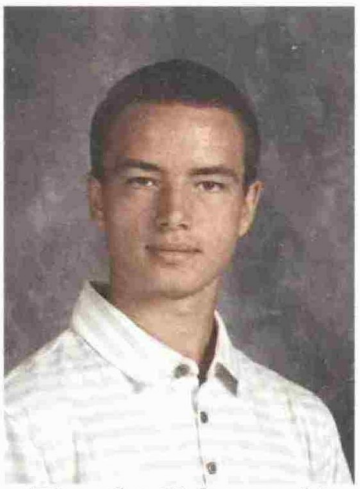


James Kane

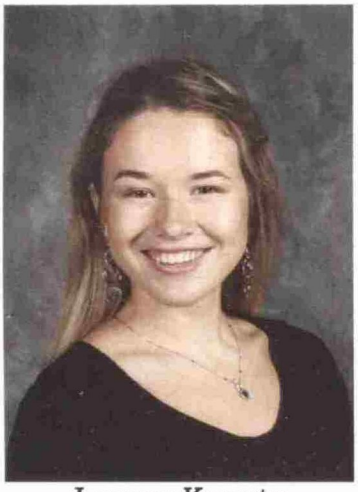
Alora Kelly
Thou shalt not try me - Mood 24/7



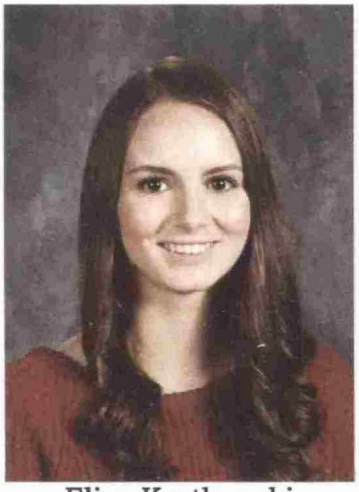
Dawson Koepl



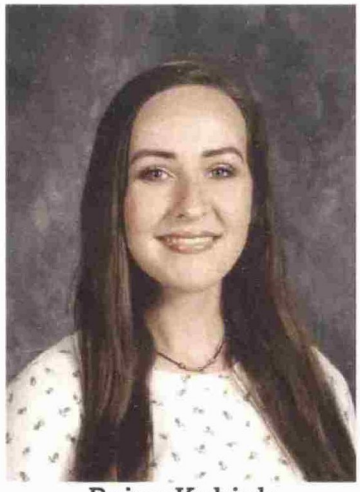
Timothy Kolanowski
"Uncertainty is inherently unsustainable. Eventually, everything either is or isn't."
-Rick Sanchez



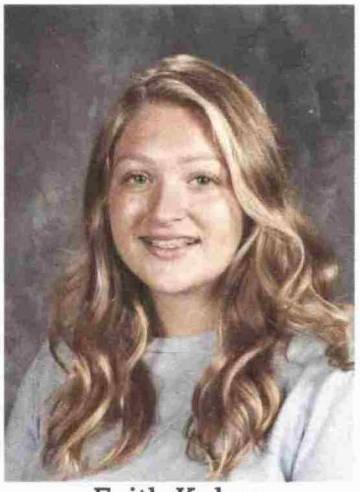
Lauren Koontz
"Imnoteventalkingthatfast"



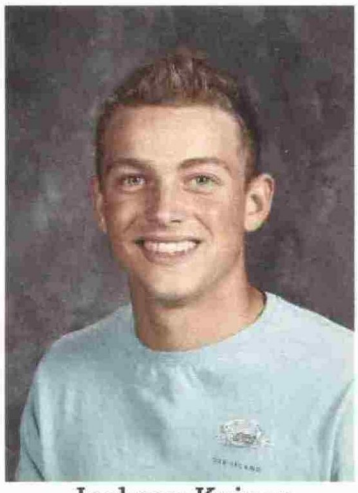
Elise Kratkoczki



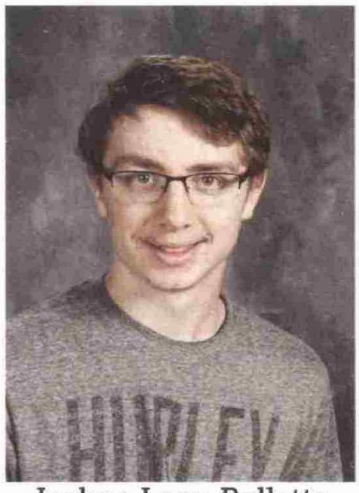
Paige Kubiak



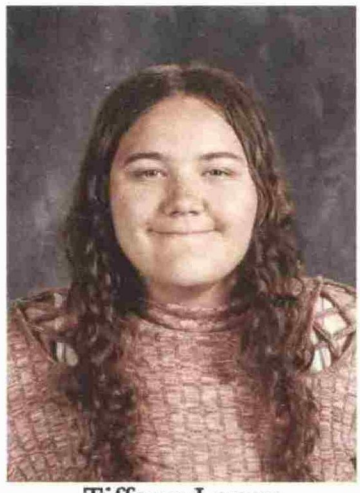
Faith Kuhns
"You're going to make it. Trust me."
Psalm 23



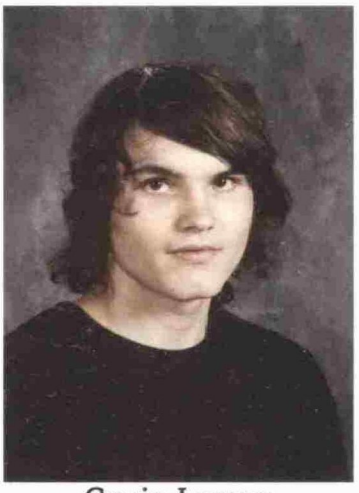
Jackson Kuiper
Julio Juips World



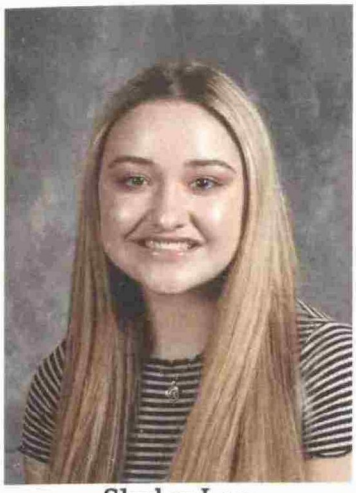
Joshua Lacy-Polletta
"If there is a will, there is a way. However, if there is a Quizlet, it's an immediate A."



Tiffany Lange
"Why bother with not trying when trying is so much more rewarding?"

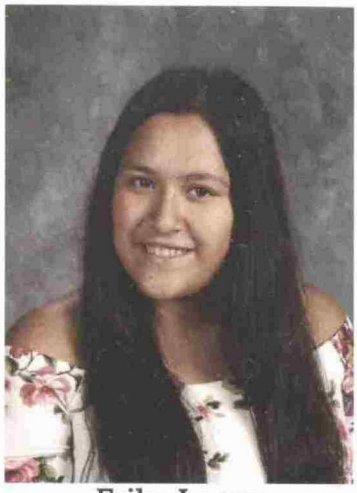


Gavin Larsen



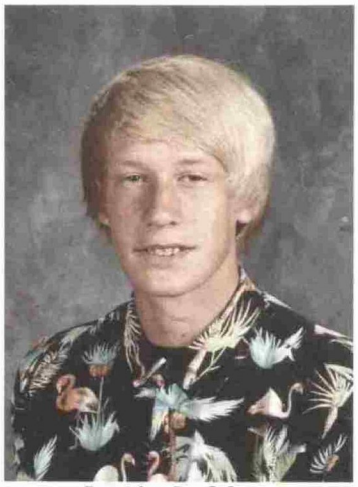
Skyler Lea

I survived high school because of my cats.

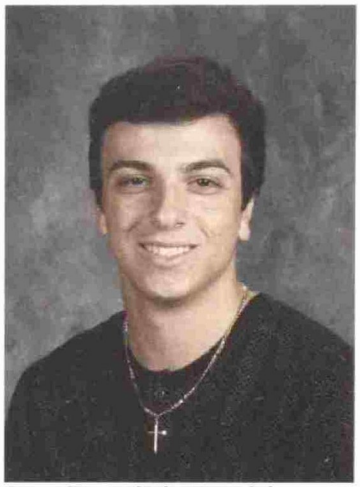


Erika Lopez

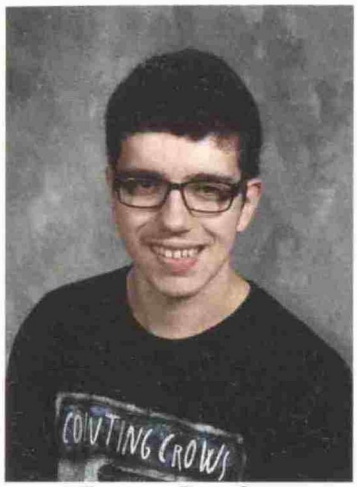
"This is for anybody going through times, Believe me, been there, done that/But every day above ground is a great day, remember that." - Pitbull



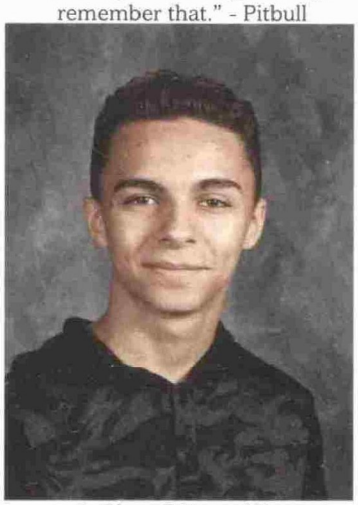
Justin Lublow



Dominic Lucido

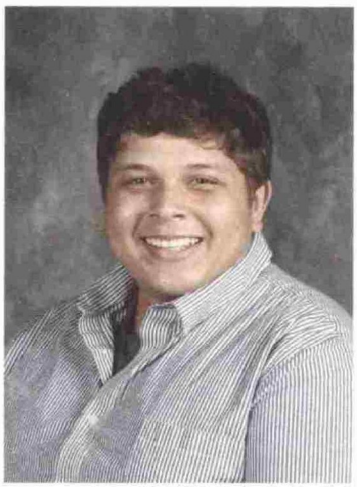


James Lueder

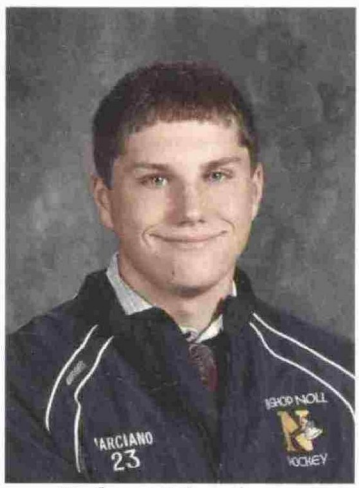


Julius Mancilla

"due shell trade."

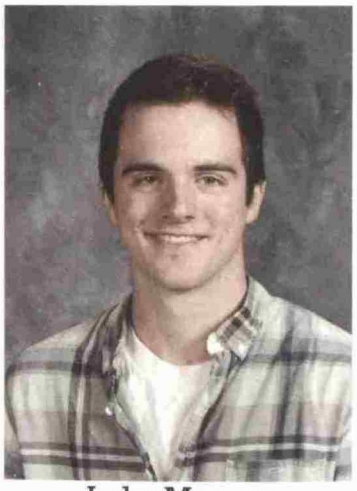


Jacob Maniel



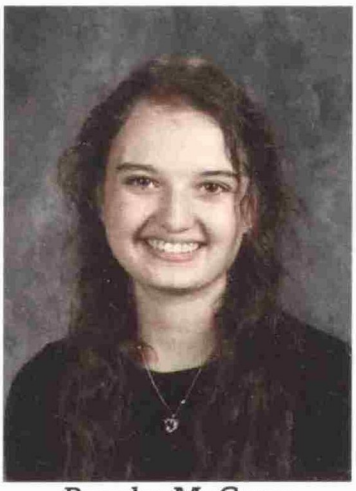
Robert Marciano

"Don't EVER give up... especially on something you truly love."
-Nani

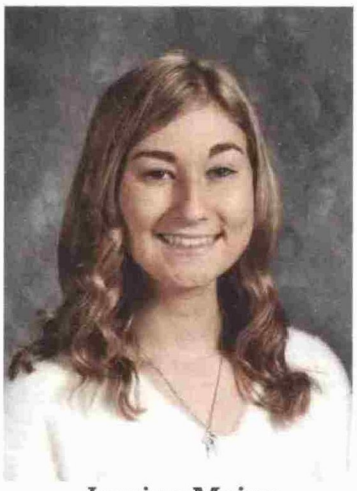


Luke Maurer

"If you focus on what you left behind, you will never see what lies ahead."
-Chef Gusteau, *Ratatouille*

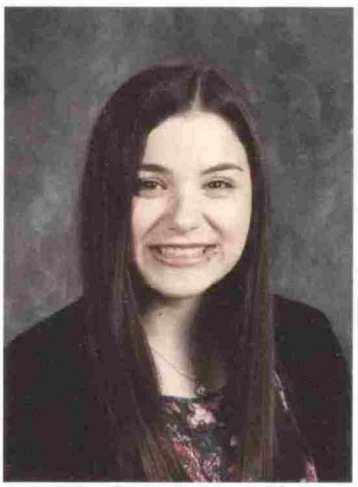


Brooke McCune



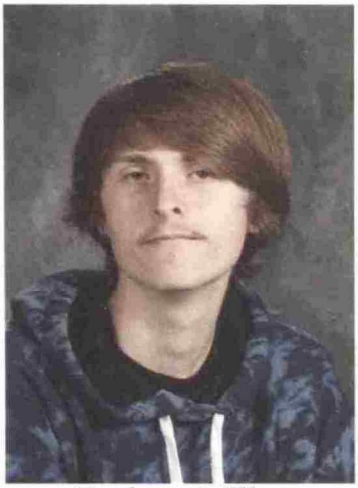
Jessica Meier

"I'll always remember you"

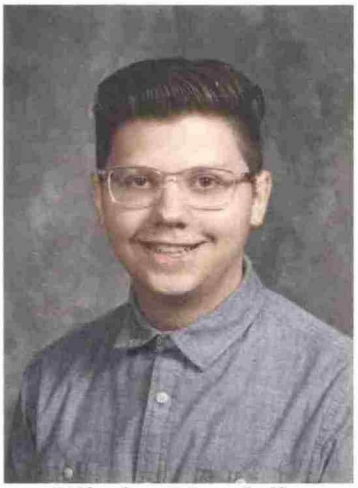


Marissa Metcalfe

"Vector! It's a mathematical term, represented by an arrow with both direction and magnitude That's me, because I commit crimes with both direction and magnitude. Oh yeah!
-Vector *Despicable Me*"

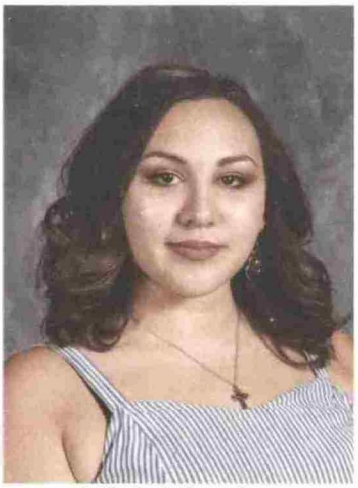


Zachary Miller



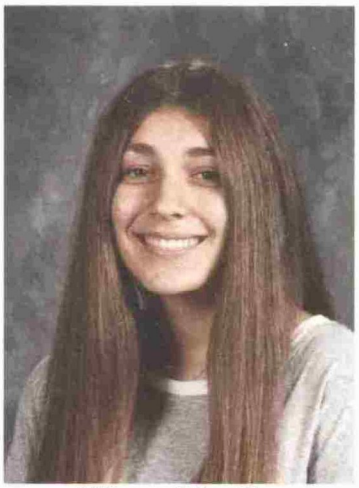
Nikolas Mondello

"You got the brains and talent to go as far as you want, and when you do, I'll be right there to borrow money."
--Bart Simpson



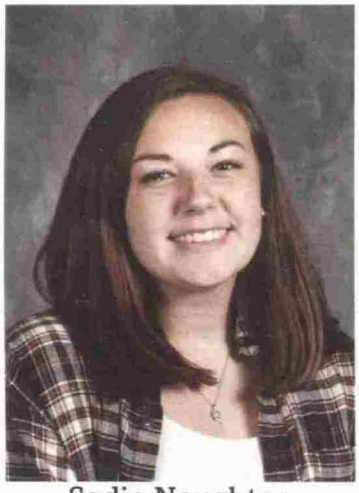
Miah Morales

"Kill them with kindness. That's what worked for me."

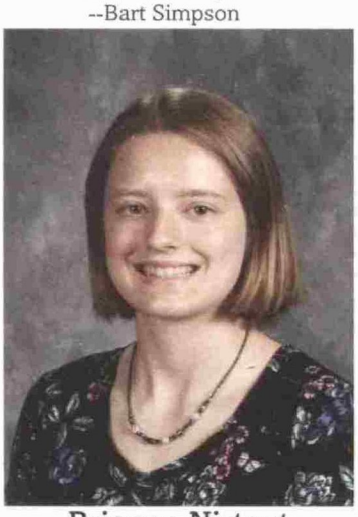


Allison Mueller

"If no one comes from the future to stop you from doing it, then how bad of a decision can it really be?"

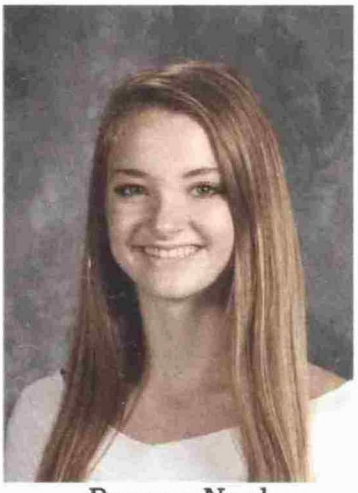


Sadie Naughton



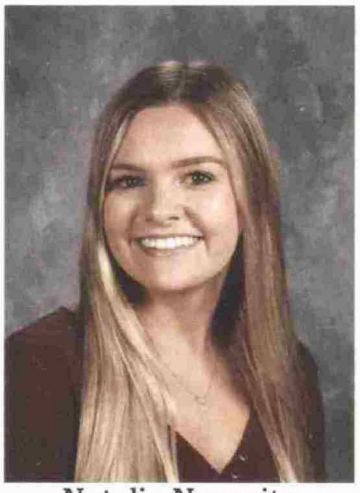
Brianna Nirtaut

"I am big enough to admit that I am often inspired by myself."
-Leslie Knope (*Parks and Rec*)



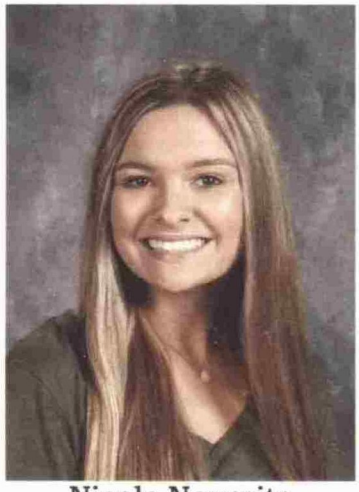
Reagan Noel

"The past four years were fun and all, but they were nothing like *High School Musical."*



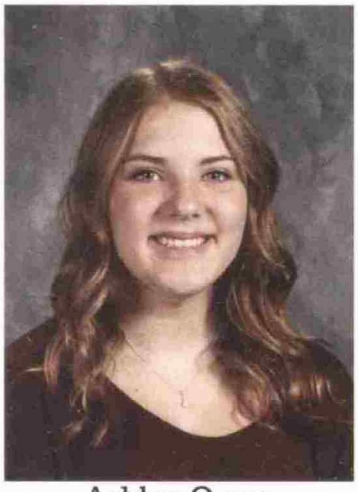
Natalie Novorita

"Every day is a party. Don't let no one tell you different."
-Juice Wrld



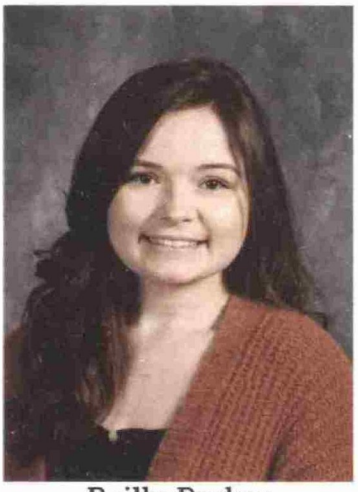
Nicole Novorita

"I literally have no clue what's going on right now."



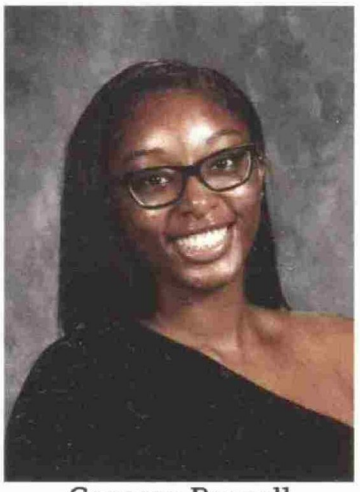
Ashley Owen

"I trust the next chapter because I know the author."



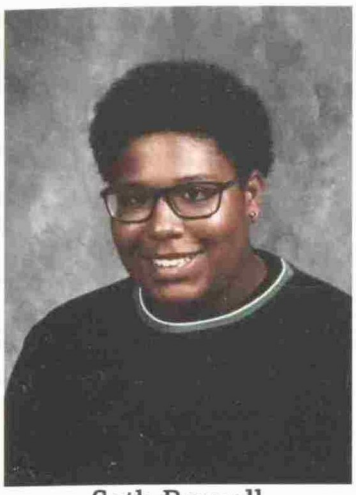
Reilly Parker

"Can we go to the park?"

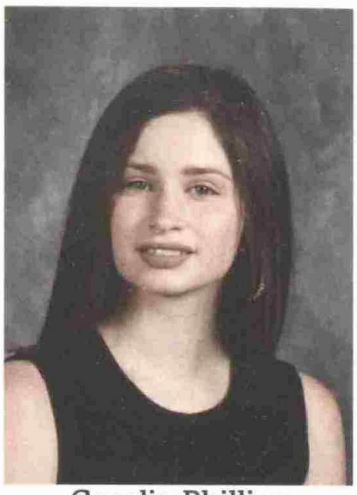


Camryn Parnell

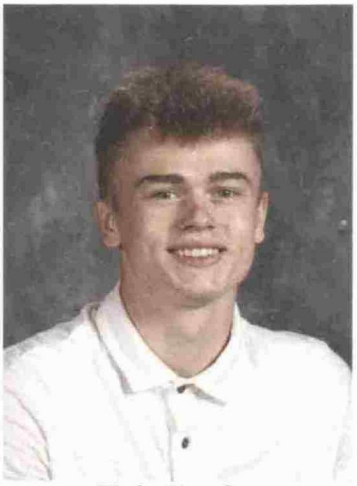
"PERIOD, Mom. I made it."



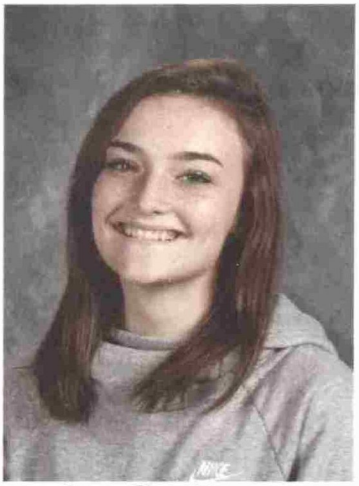
Seth Parnell
"GET YOUR MONEY UP, NOT YOUR FUNNY UP."



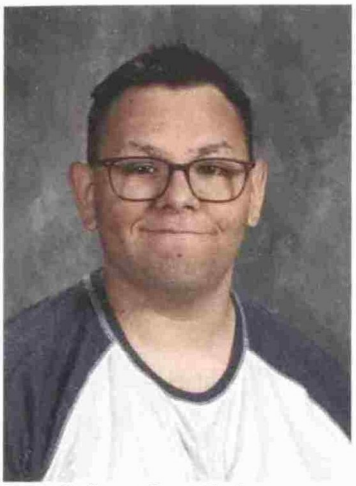
Cecelia Phillips
"Chapter 1, Track 5-Girl In Red"



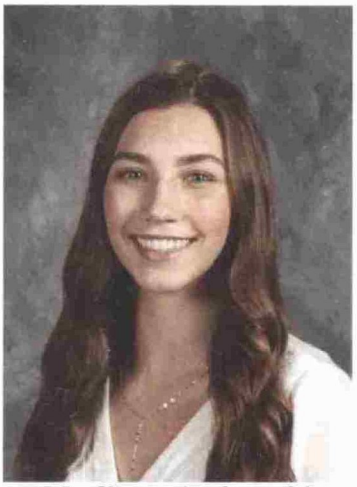
Kole Popko
RIP JUICE WRLD



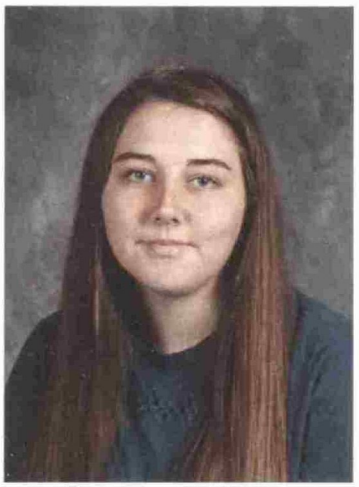
Angelica Powers



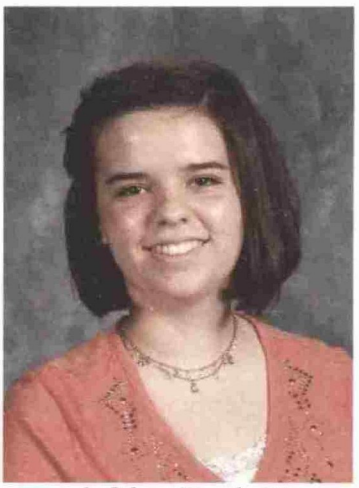
Sebastian Priego
"Applaud, friends. The comedy is over."



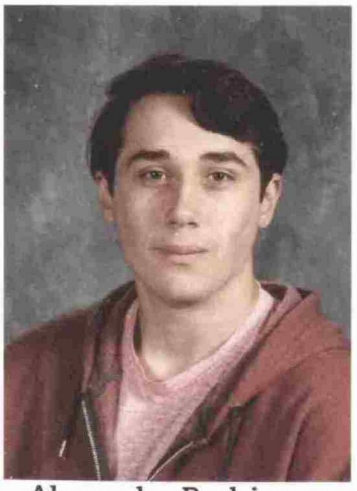
Madison Radowski
"I turned this in at 11:59 just like the rest of my assignments."



Camryn Reitsma

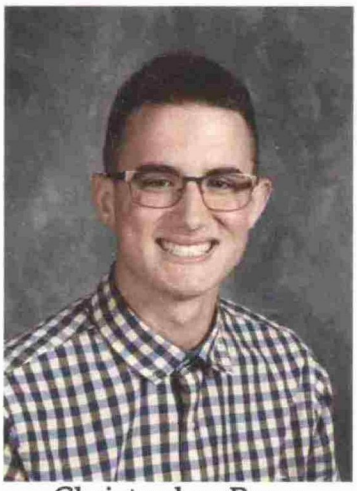


Ashley Revlett
"Don't let the bad things that happened yesterday rob you from the joys of today."

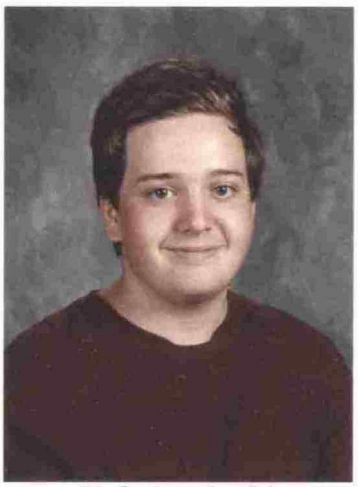


Alexander Rodriguez

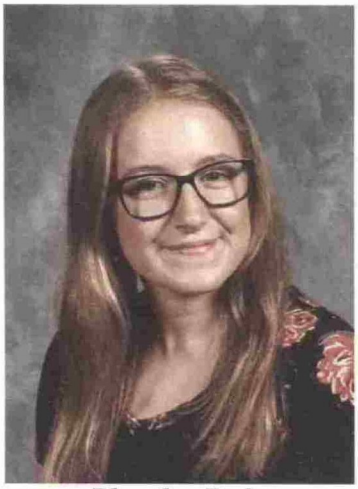
Dulce Rodriguez
"A day without laughter is a day wasted."
- Charlie Chaplin



Christopher Roop
"Don't follow your dreams, but follow my twitter, @grimrooper_08."

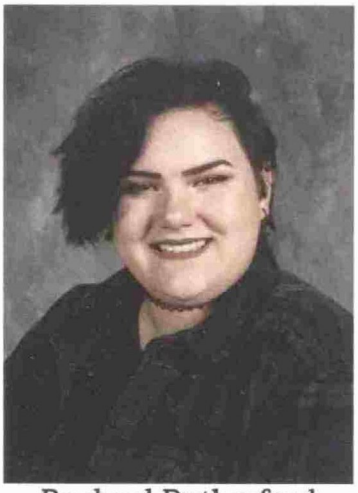


Kyle Rucinski
"I´d rather lose someone I love than lose an argument."



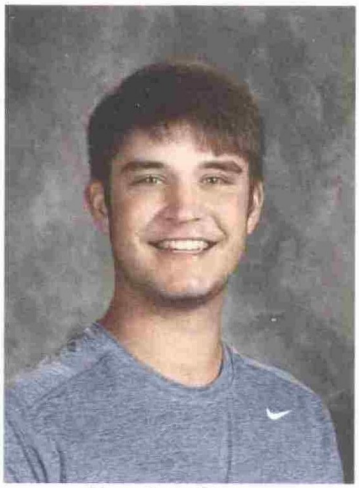
Phoebe Ruiz

"As one wise fish said, 'Just keep swimming,' but what got me through high school was Gerald's determination to get on the rock (*Finding Dory*)."



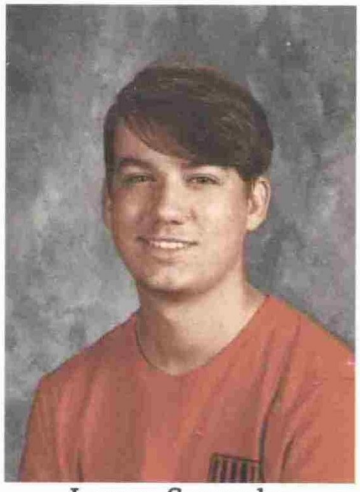
Rachael Rutherford

"My legacy here is a chicken onesie, and I'm 100% cool with that."



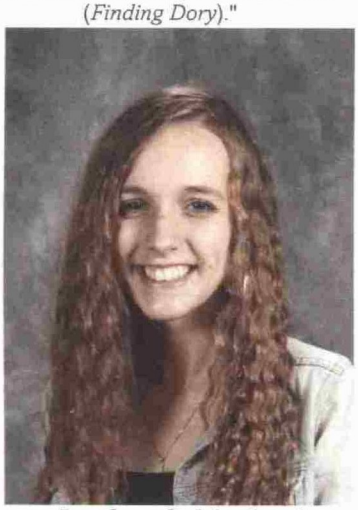
Braden Ryan

"Curls get the girls."

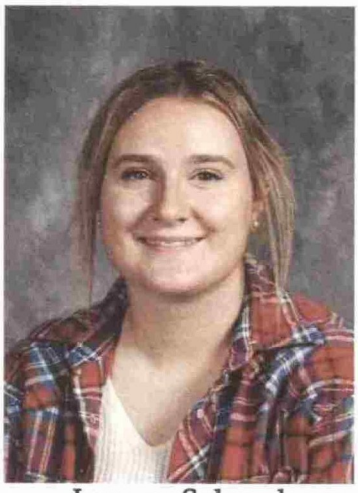


Logan Sawaska

"Hooah."

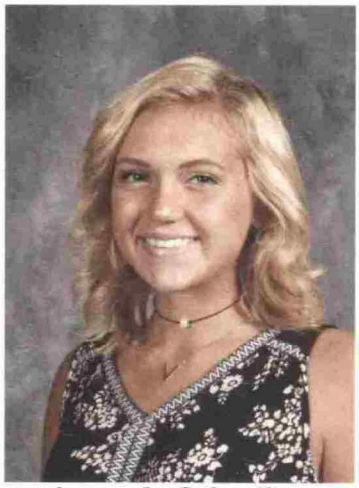


Jordyn Schierberl



Lauren Schmal

"Let's ALL take a moment of silence for all the 8th graders who think high school will be fun."

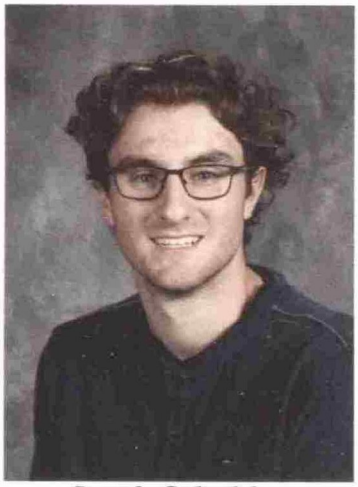


Amanda Schreiber

"Over the years we will grow, but my hair won't."

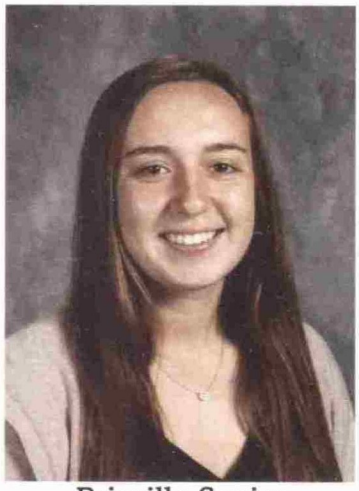
Phoenix Schreiber

"Holy Sheep! I made it!"
-Uncle Mike



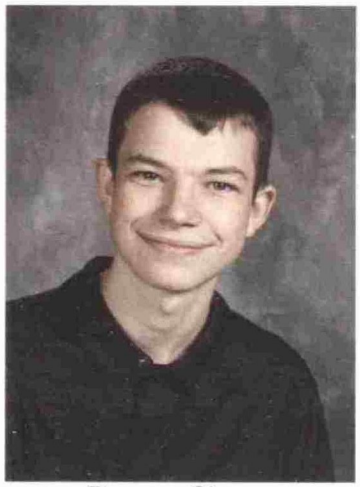
Jacob Schuldes

"RELAXXXX"

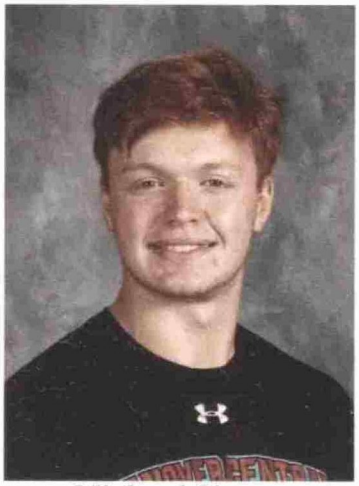


Priscilla Seniw

"GUYS!!!! Be quiet! My dad is sleeping."

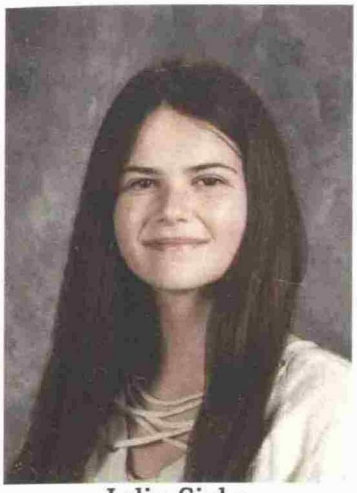


Danny Siems

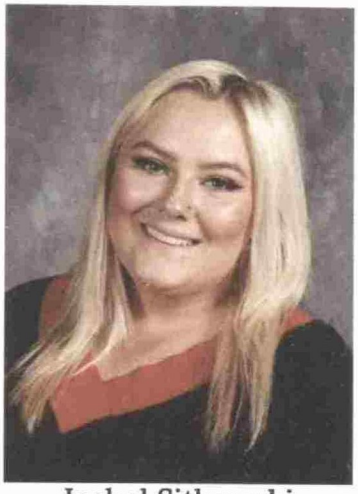


Michael Simon

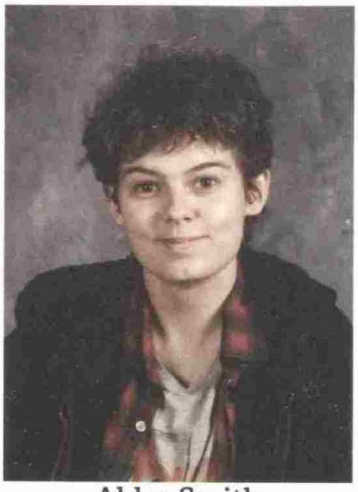
"Sometimes it really do beez like dat."



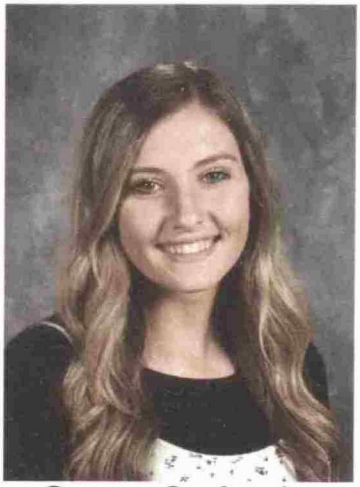
Julia Siska
"I've got a jar of dirt!"
- Jack Sparrow



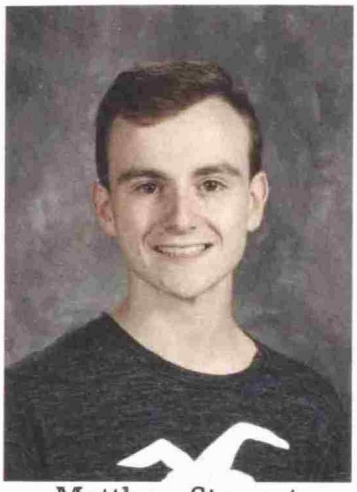
Isabel Sitkowski
"The greatest danger for most of us is not that our aim is too high, but that it is too low and we reach it."
- Michelangelo



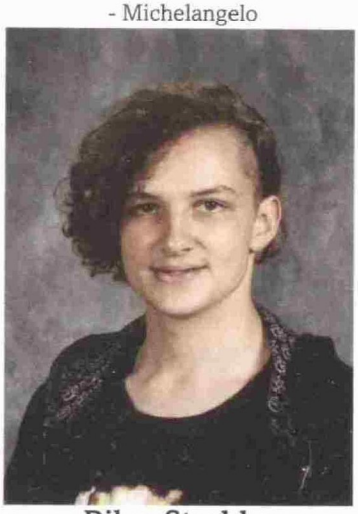
Abby Smith
"The thing I realized is that it's not what you take, it's what you leave." ~Jennifer Niven, *All The Bright Places*



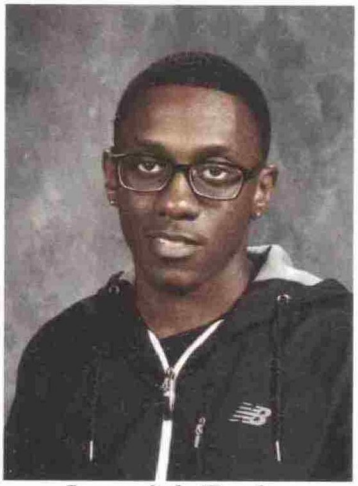
Camryn Sterkowitz
"My mom made me come to school every day even though I didn't want to, but I thank her because I met some of my best friends."



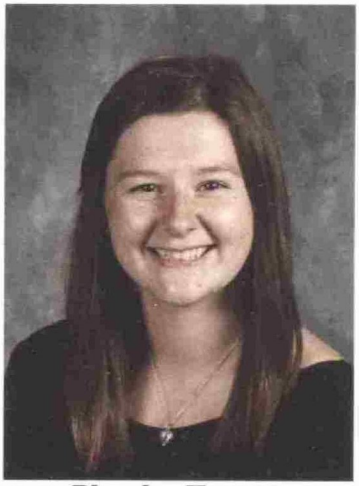
Matthew Stewart



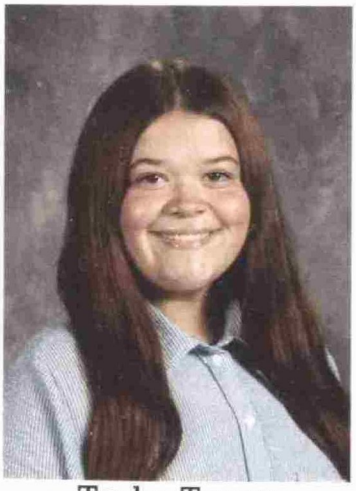
Riley Strobbe



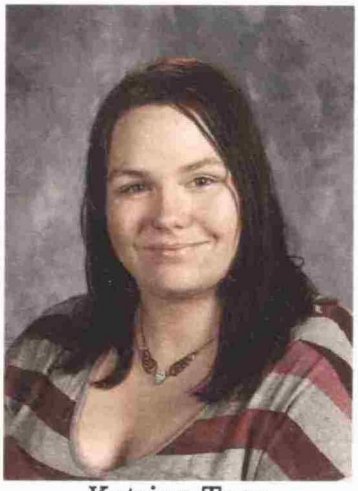
Jeremiah Taylor



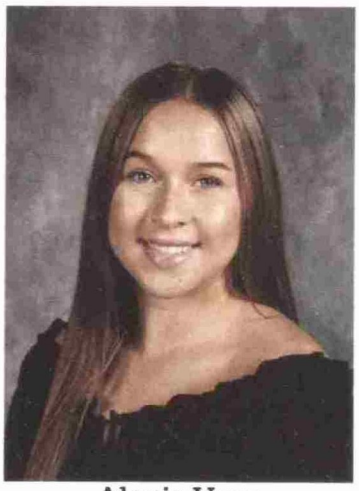
Phoebe Tomac
"Do you wanna play Villainous?"



Taylor Towry

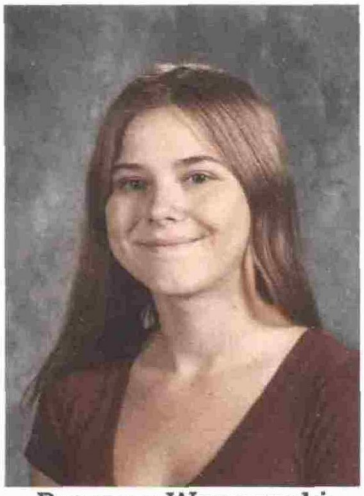


Katrina True
"Don't wait for the world to be ready. Who says you can't explore?"
-Joey Graceffa

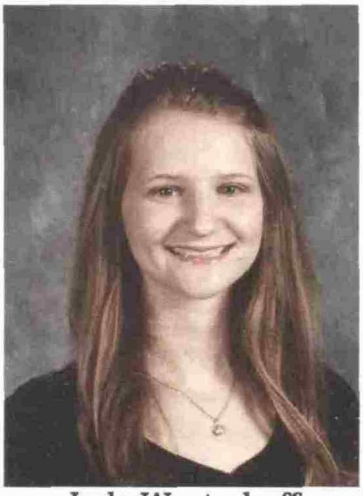


Alexis Vera
"You just gotta keep livin', man. L-I-V-I-N."
-Dazed and Confused

Jessica Walters
"I procrastinated on picking a senior quote just like I procrastinated on every assignment in high school. This is the best I could come up with."

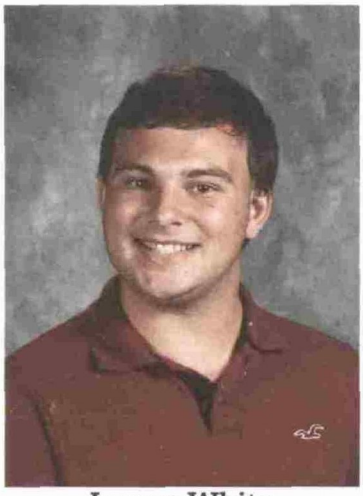


Breanna Wawrzycki

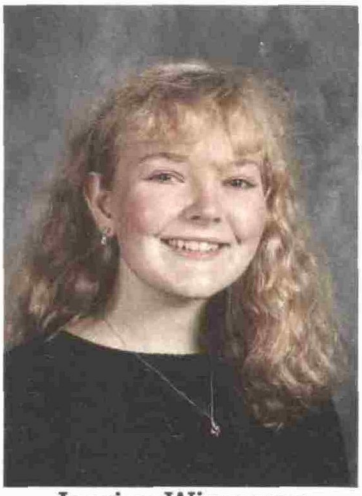


Jade Westerhoff

"You can't fix toxic people, so don't try to."

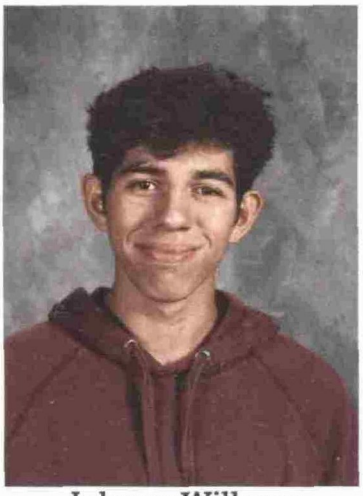


Logan White



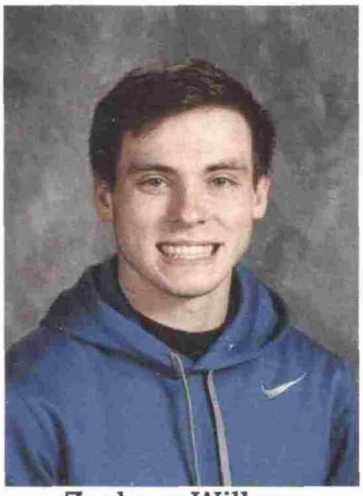
Jessica Wiersema

"I have no idea what's going on, but I am excited!" - Chandler Bing

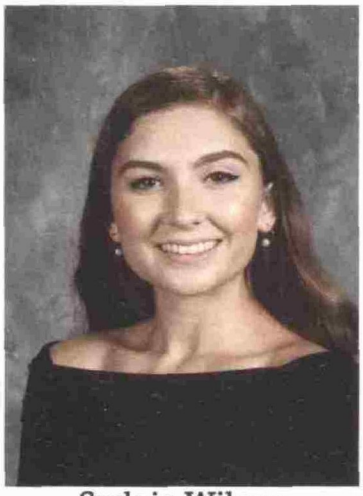


Johnny Willems

"Do not be daunted by the enormity of the world's grief. Do justly, now. Love mercy, now. Walk humbly, now. You are not obligated to complete the work, but neither are you free to abandon it." – The Talmud, 303

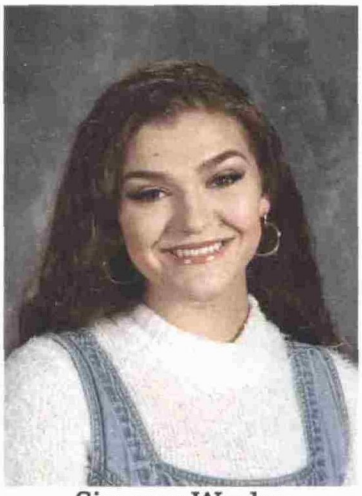


Zachary Willson



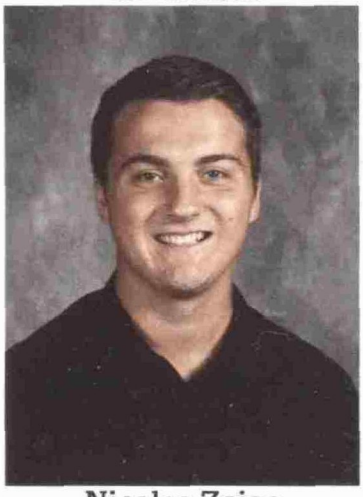
Sydnie Wilson

"Quarantine school sucks."



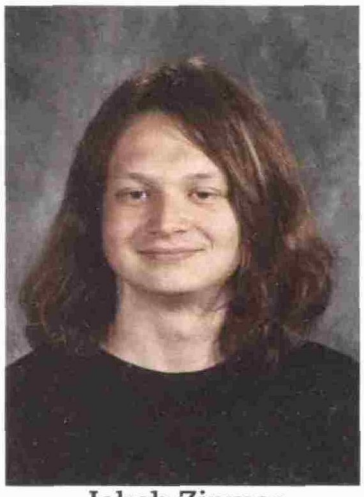
Simone Wydra

"Goooodmorning, Hanover!"



Nicolas Zajac

"To the world you may be one person, but to one person you may be the world."



Jakob Zinmer

Not Pictured:

Abigail Burns
Kayla Gonzales
Charles Grill
Brandon Iverson
Luc Kint: *"I'm Macintoshing, ring dipped in frosting" - Lil B The Based God*
Delia Ostertun: *"I'm actually not funny, I'm just really mean and people think I'm joking."*
Brandon Potter

1. Lilly Winner

Angelina Burroughs, class of 2020s salutatorian, earned the distinction of receiving the Lilly Endowment scholarship. Angelina said, "*When I was surprised by the fact that I had earned my Lilly, I was in absolute shock and thought it was some elaborate prank. But after the feeling had sunk in, I realized how many future opportunities had opened up. I realized I could take my current goals and stretch them even further... I'm so grateful for the Legacy Foundation and the mass amount of opportunities they have given me. I am committed to Indiana University Bloomington where I am majoring in psychology. After I earn my B.S. in Psychology, I intend to go to graduate school where I'll pursue a higher degree in either Mental Health Counseling or Clinical Psychology. Even if I didn't earn the Lilly, I would have still gone to IU Bloomington...because of their excellent psychology program, and its public state school tuition was much more manageable than higher private school tuitions.*"

2. Class Officers

Andrea Avila (Secretary), Nicole Novorita (President), Mrs. Snedeker (Sponsor), Natalie Novorita (Treasurer), Reagan Noel (Social Media Specialist), and Reilly Parker (Vice President) posed one last time in their groovy tie-dye-inspired hallway. These ladies worked diligently, planning memorable end-of-the-year senior activities, which, sadly, never occurred.

3. Disinfectant Duel

Arguably THE quintessential photo of the pandemic, seniors and neighbors Marissa Metcalfe and Sara Heiser battle it out with four of the most sought after and fought over supplies of quarantine: toilet paper, Clorox disinfecting wipes, paper towel, and hand sanitizer.

4. Senior Symphony

To: Ashley Haemker, Faith Kuhns, Kyle Rucinski, Leo Gliwa, Phoebe Tomac, Kayla Denklau, Johnny Willems, Zach Fleming, Tiffany Lange, and Lauren Schmal
From: Mr Lowry- "*I am going to miss all of you. I wish we could have had those last 9 weeks together. You are an incredibly talented, hard-working, and fun group. Don't forget that. Keep working hard, enjoy yourselves, and remember all the good times that you had here. Enjoy the phase of your life. And remember, you will always be a Wildcat, and you are HC!*"

5. Feminine Flair

Class of 2020s valedictorian Dominick Amadio looked poised and graceful during homecoming week, showcasing a beautiful floral print.

Celebratory Smile
Graduating in three years is no small feat, yet juniors Bryce Stalter (pictured), Austin Gineris, Cheyenne Parker, and Michele Mazzucato all earned that distinction this year. "I am excited to graduate early...The only thing that I am not happy about is that I will not be able to walk across the stage at graduation and show everyone all of the hard work I have been through to graduate early.

Fantastic Four Julia Moloney (Secretary), Maddie Restauri (Treasurer), Maddy Victor (President), and Brianna Behling (Vice President) worked tirelessly all year, planning and fundraising towards what promised to be an incredible prom. Even though prom was cancelled because of COVID-19, their efforts deserve serious applause and gratitude! The class of 2021 is in good hands with these four at the helm.

CLASS OF 2022 OFFICERS

Treasurer- Bryce Noble

Secretary- Yumi Baer

President- Jayden Gregory

Vice President- John Salata

1. On Trend Nothing says quarantine like a beautiful pandemic porch portrait. Schreiber siblings, Amanda (12th), Garret (10th), Ben (7th), and Margot (alum) capture this moment in history. Area photographers allowed families to have some fun with a less than entertaining situation.

2. SAVage Scrapping and battling for the ball, sophomore Savanna Morgan refuses to relent against Lake Station. While quiet in the classroom, Savanna always fought hard on the court and "hopes to pursue basketball professionally" in her future.

3. Bullseye Lessons don't always have to come from lectures as sophomore Ali Radanovich discovered. During quarantine many families had to find ways to pass the time, so learning how to play darts at home with her parents allowed Ali to do just that. When the world came to a standstill, games and meaningful conversations came into the spotlight.

4. Stylin' Sophomores Waiting to enter the gym, sophomores Owen Rycerz, Sam Basile, Abi Harrell, and Kyle Shipe take a moment to pose for the camera. Not to be outdone by the ladies' glitzy fashion, Kyle's shoes were definitely the highlight of the evening.

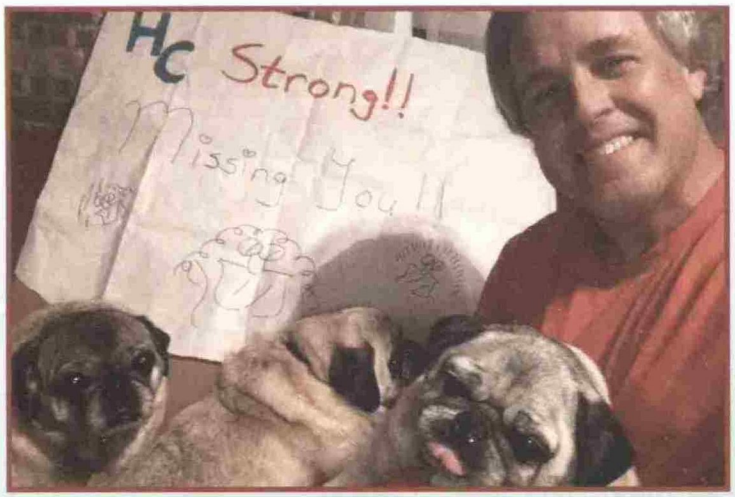
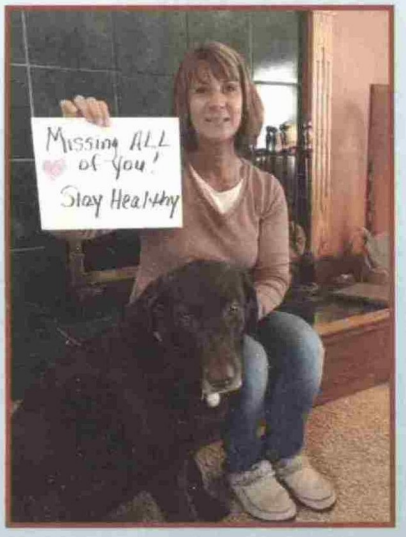
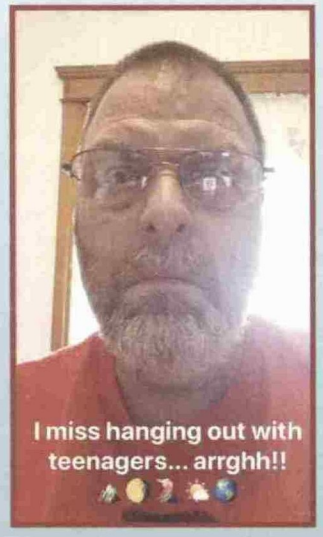
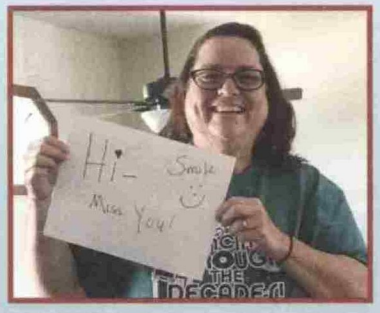
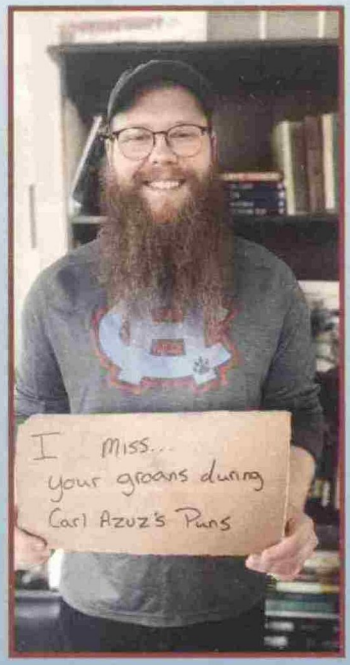
#WE'REALLINTHISTOGETHER

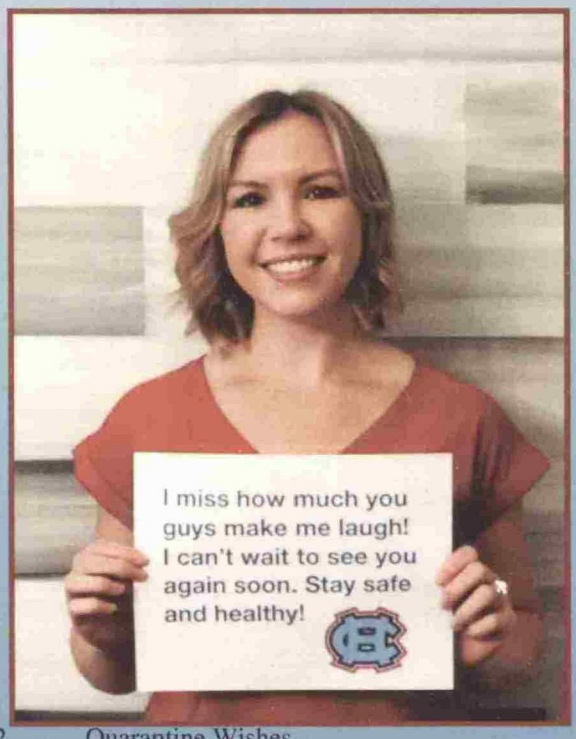


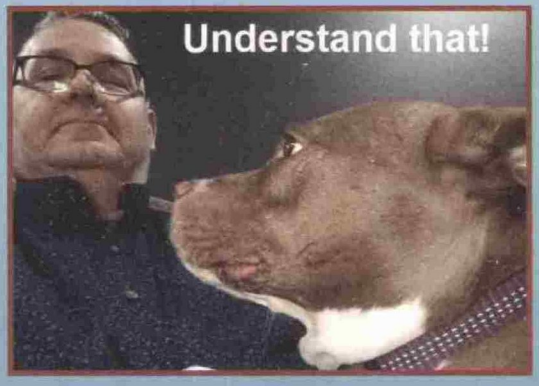


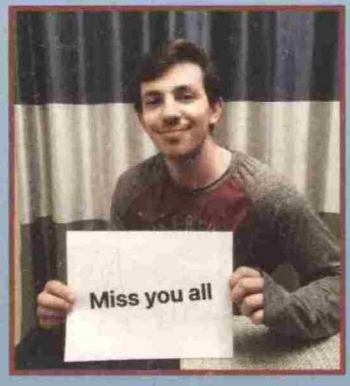




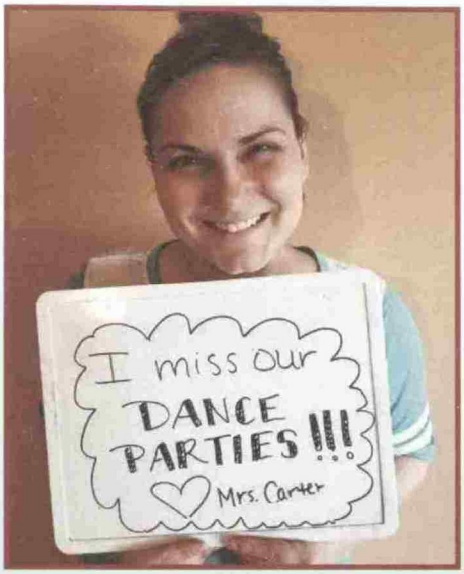


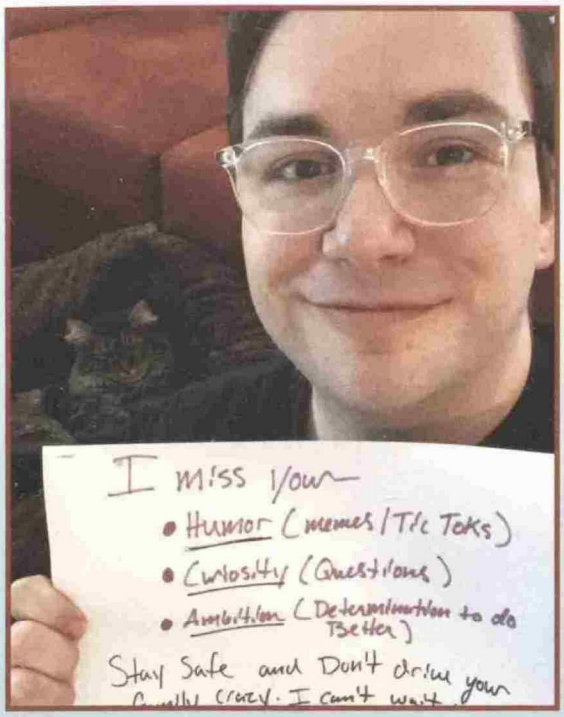


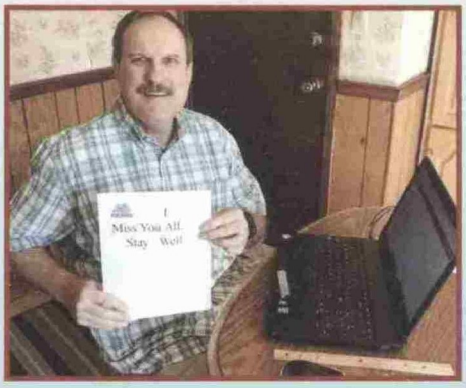


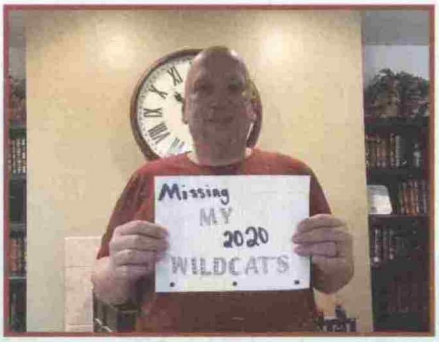


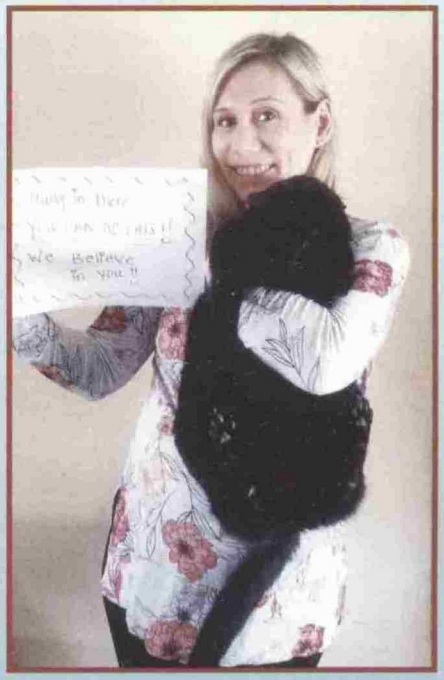
Wildcat Pride

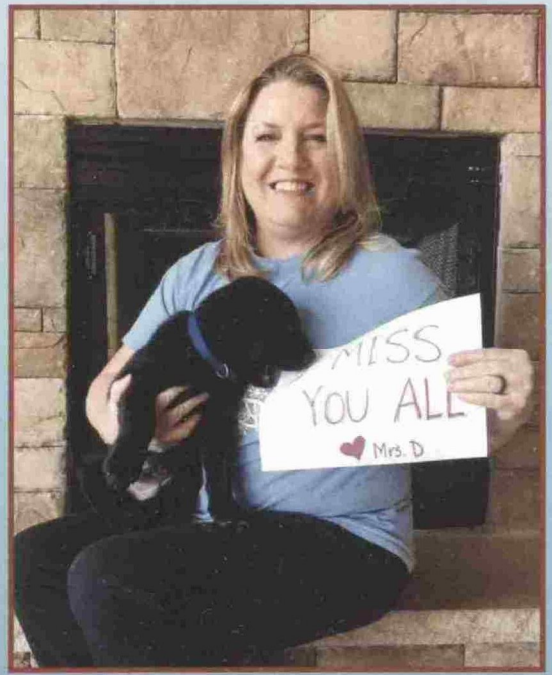


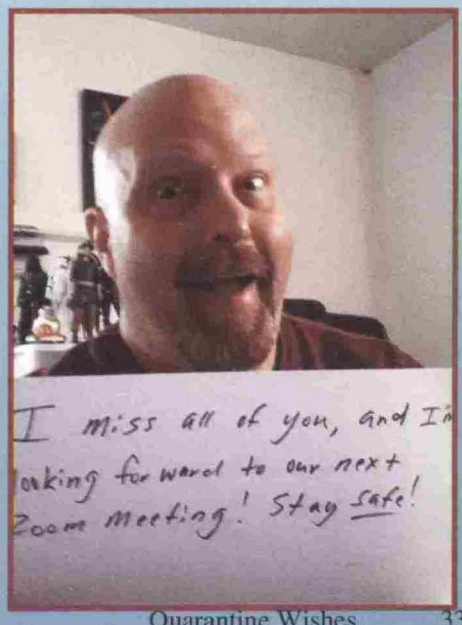








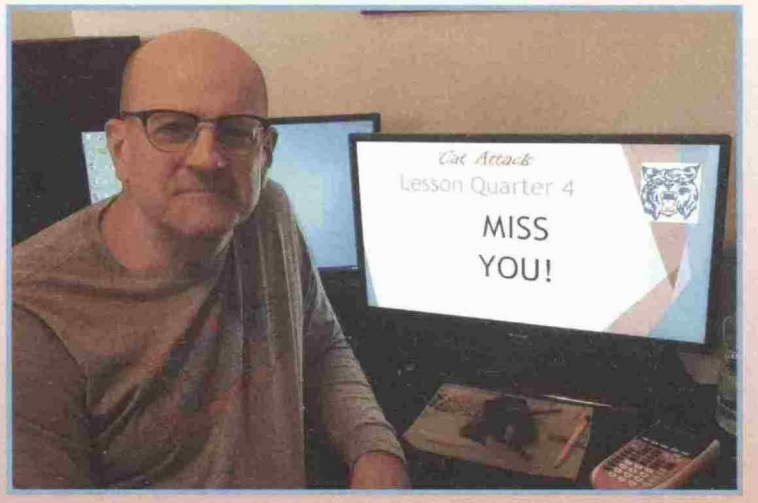


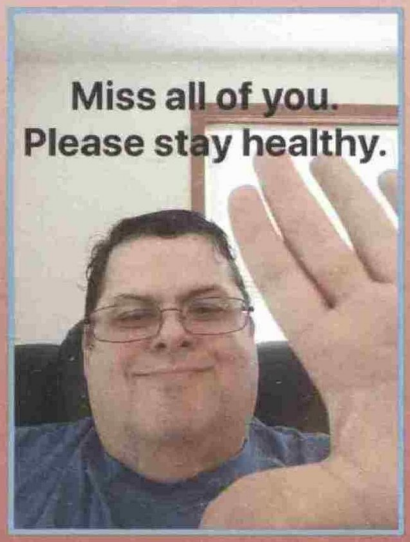


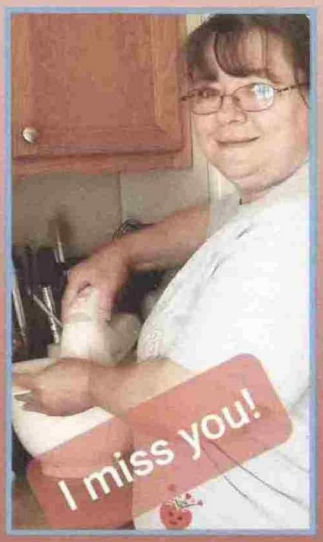
When Hanover students and teachers said goodbye on March 13, no one thought it would be for the remainder of the school year. As a way to show their support, teachers and staff sent messages to their students to remind them that they were, indeed, all in this together.

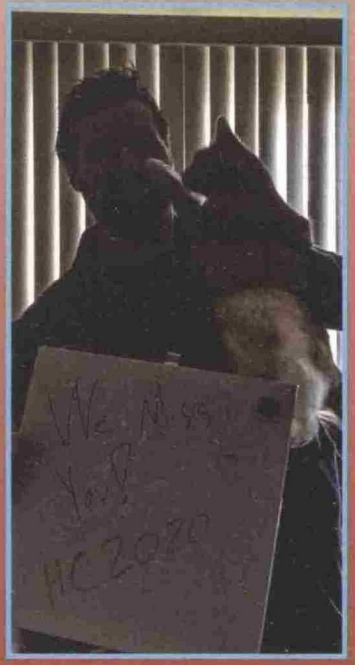
We Are HC

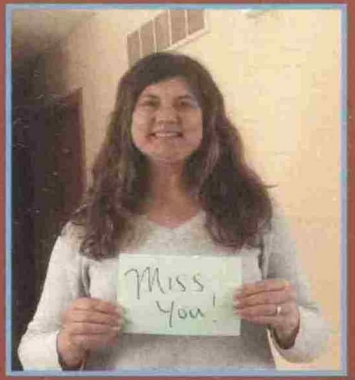
#WE'REALLINTHISTOGETHER

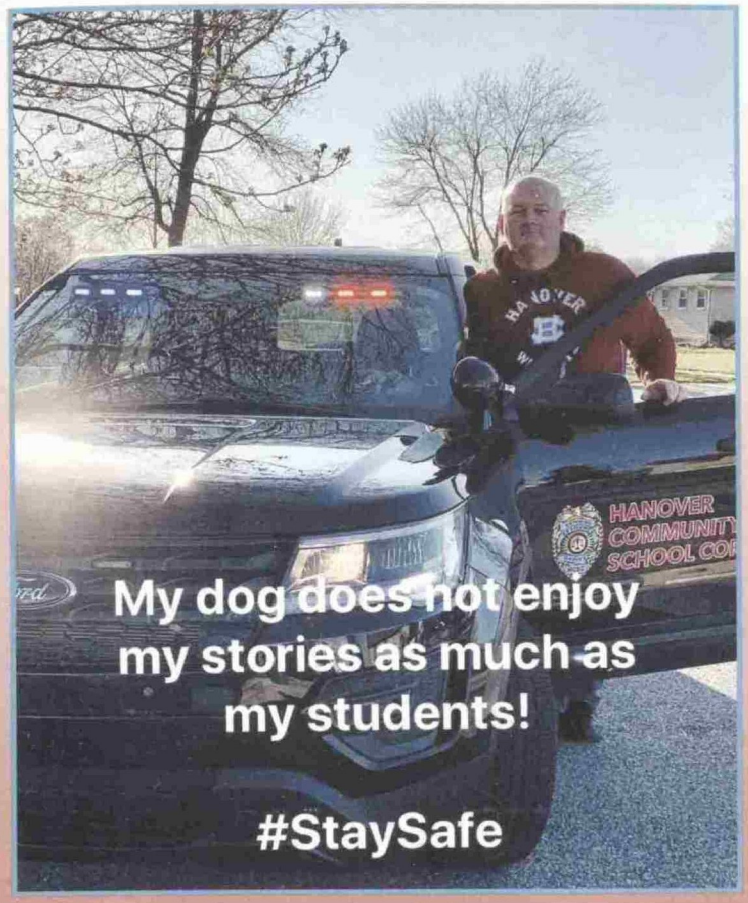






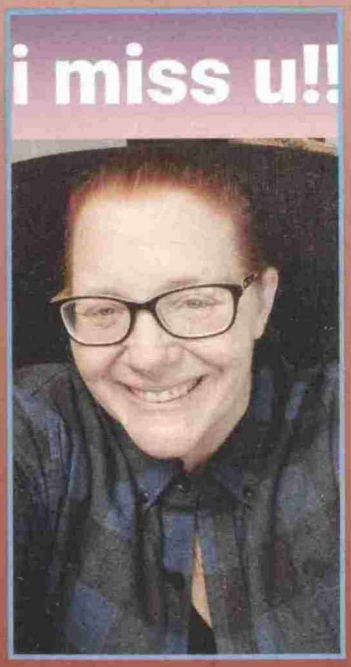




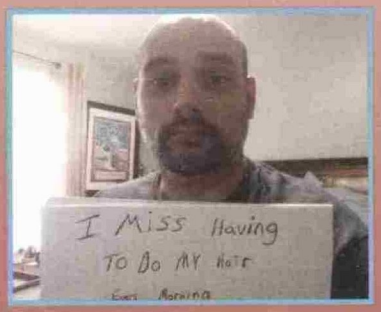


My dog does not enjoy
my stories as much as
my students!
#StaySafe

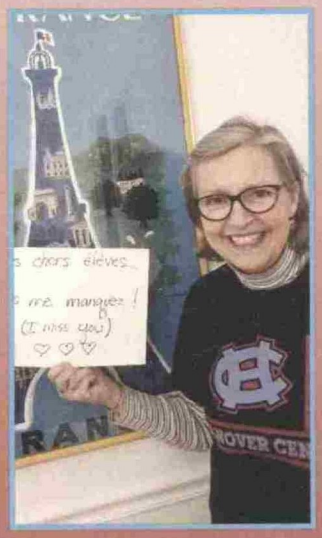
I miss you!
Stay positive,
healthy,
Safe, &
Strong
#HCHSSTRONG



i miss u!!

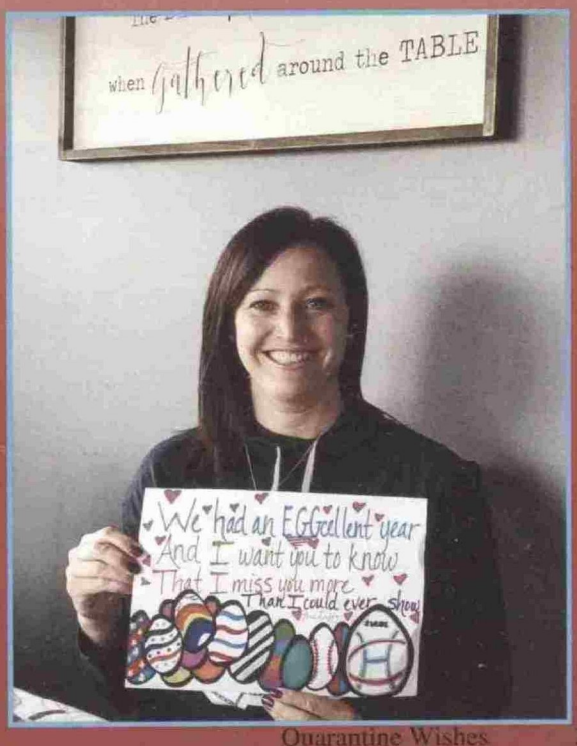


I Miss Having
To Do My Hair



I Miss asking what you guys want
to do today & hearing you say Nothing!
Then I laugh and yell, Let's Take Some
NOTES!!
B.S.I
It's my Scene
Safe !!

I miss teaching you
guys in person!
Miss your smiles!
Please stay safe
and continue to
work hard.
See you next year!



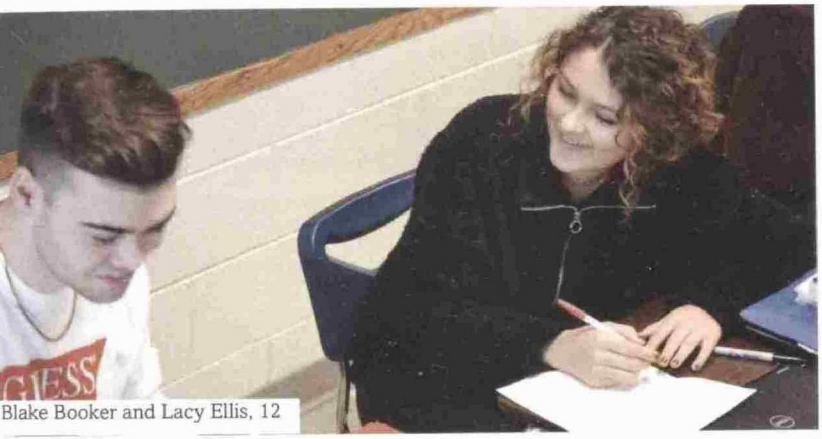
when gathered around the TABLE
We had an EGGcellent year
And I want you to know
That I miss you more
Than I could ever show

ACADEMICS

At the core of any high school experience, the classes and teachers reside. While most of us wouldn't admit it then, being in class with your favorite teacher made it worth sitting through a subject you hated. We came to learn that some teachers liked to joke, some were organized, and some were more than a teacher: They were a mentor to us through that bad breakup or family drama. Each of these different teachers made us realize that we were more than just what we thought we were. They made us realize we were smarter and braver than we knew possible, even if they had to hold video conferences during a pandemic for us to realize it.

Some of us were in honors classes, some of us barely made it to class, but in the end, we made our high school experience our own and made the grade to pass. Just remember- some of those skills, some of those character traits you have now, come from your time as a WILDCAT.

Nick Hoffman and Zachary Neurohr, 9



Blake Booker and Lacy Ellis, 12

Andrea Avila and Natalie Novorita, 12

Ashley Haemker, 12

Hannah Ruszkiewicz, 9

5 Terms and Phrases of CORONA

Coronavirus brought a new normal to the world, and with that normal came new vocabulary. Here are just a few of the favorites.

Juniors Danielle Schmal, Julia Moloney, Brynn Hoover, Maddy Kartz, Natalia Flores, and Arianna Ruiz participate in a cow femur dissection.

1. Social Distancing-

In order to combat COVID-19, everyone was required to stay 6 feet apart, the believed distance necessary to avoid transfer of the disease. Signs popped up at every store. Lines and Xs marked the appropriate distance from which to stand apart from each other.

Seniors Taylor Aliaga and Dulce Rodriguez practice brushing their patients' teeth for their CNA class.

2. Flatten the Curve-

With the help of social distancing, numbers of reported cases began to fall and, therefore, flattened the curve.

Juniors Bret Matthys, Aidan Beilke, and Ella LaLonde study comfortably in Mrs. Snedeker's class.

3. Together Apart-

Suggesting that even apart, we're all in this together, the message did give hope. Hearts and rainbows plastered windows and doors of homes and businesses, providing color in an increasingly grim time.

Seniors Jessica Meier, Phoebe Ruiz, Reagan Noel, and junior Jenna Schulman tackle the skeletal system unit.

4. Essential-

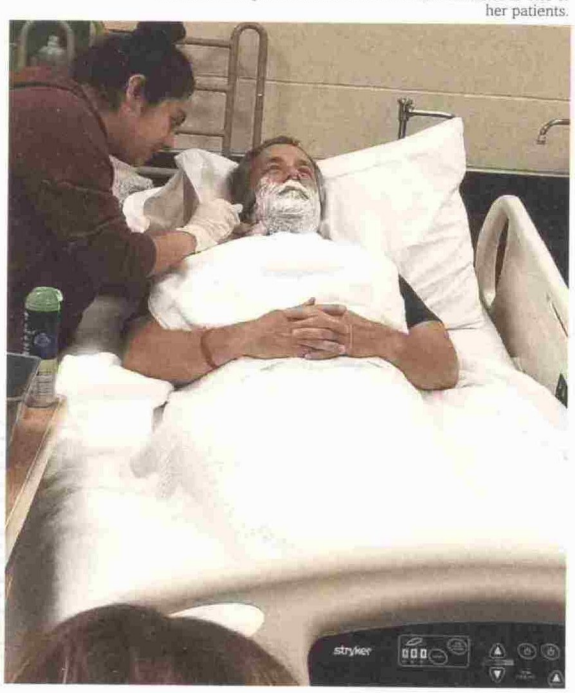
Necessary to function. This term became synonymous with heroes as doctors and nurses were essential staff. They were the warriors fighting the front lines against an invisible enemy.

For sophomores Sabrina Siems, Katie Sarria, Breanne McDonough, and Ally Holtcamp, friendship is the best medicine.

5. Unprecedented-

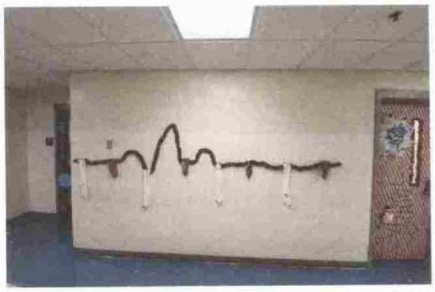
Unprecedented times. Unprecedented fear. Everything that occurred during the pandemic was, indeed, unparalled. The world as we knew it quite literally ceased to exist. In spite of everything, however, it is possible that through these unprecedented times, we learned to value what was most important to each of us.

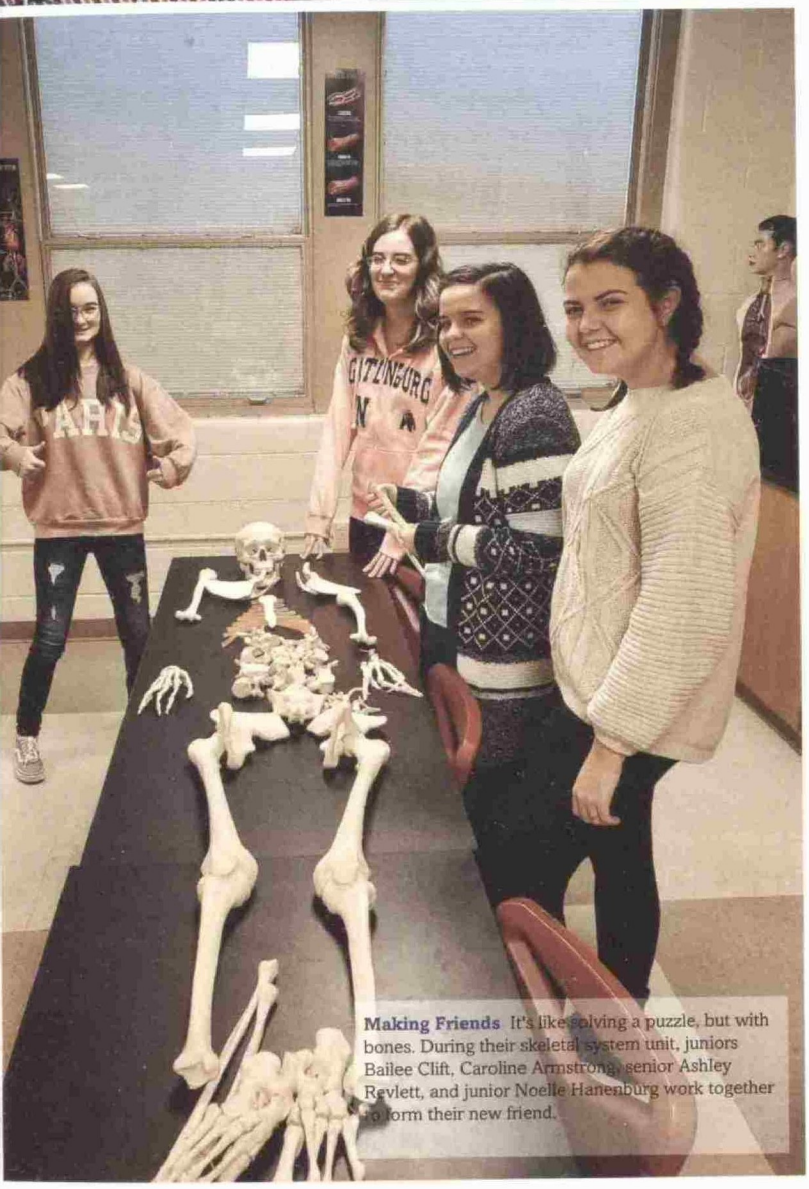
Sacrificing for the Greater Good In Mrs. Davlantis's words,"This is when Mr. Gustas literally risked his neck for my CNA class." Senior Marisol Bautista shaves Senor Gustas's neck just as she would if she had to attend to one of her patients.



Stayin' Alive Audrey Harris, Katlyn Harrell, Taylor Towry, Nic Zajac, Breanna Wawrzycki, and Zach Fleming, all seniors, pass the test, literally. For their EMS II class, students were tasked with performing CPR between passing periods randomly throughout the day.

And the Winner Is... Just for fun and to encourage the holiday spirit, teachers decided to express their creativity and decorate their doors before winter break. Though no awards were given this year, Mrs. Davlantis stole the show with her door. Using medical supplies and forming a literal heartbeat out of garland, no one stood a chance. The change of scenery boosted morale during finals week.





Making Friends It's like solving a puzzle, but with bones. During their skeletal system unit, juniors Bailee Clift, Caroline Armstrong, senior Ashley Revlett, and junior Noelle Hanenburg work together to form their new friend.

For the Love of Science

Without it, where would we be?

Davlantis, Snedeker, Carter, Ciastko, Kaste, Schoon. Six names. One love. All in the name of science. From chemistry to CNA, these teachers are the backbone of the department and help students develop a passion for the content. With science at the forefront of all things COVID-19, the terms and professions associated with science gained universal attention, which made students recognize its significance in life.

While science may not be the first love of all, four of our top 10 graduates of 2020 had nothing but praise for their science classes:

"My favorite class in high school was Mrs. Davlantis's CNA class. I loved working at the nursing home every day before school, and it was a great feeling to know I was helping people in the small ways that I could."
- Brooke McCune

"My favorite class was AP Chemistry with Mrs. Kaste. Even though the class was one of the hardest I've taken, Mrs. Kaste made chemistry fun for me. I looked forward to her labs and asking her my thousands of questions."
- Luke Maurer

My favorite class would have to be AP chemistry because I loved playing Uno with my classmates and doing fascinating labs."
- Marissa Metcalfe

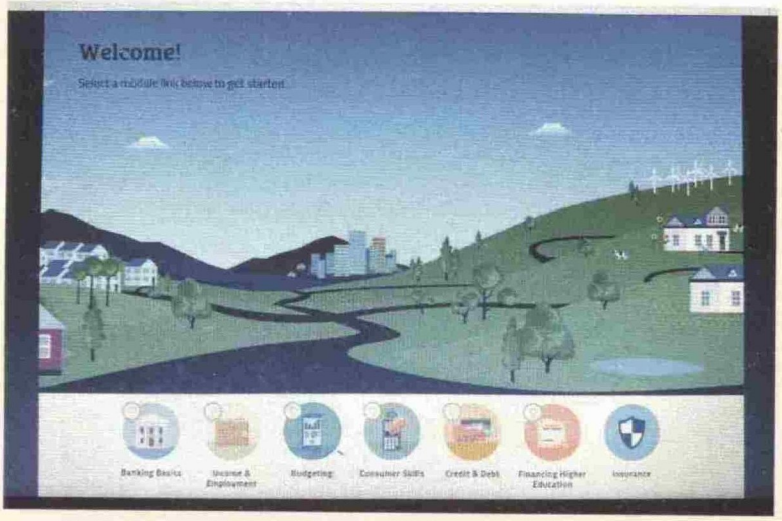
"My favorite class would have to be AP Chemistry. I thoroughly enjoyed going to class every day because of my classmates and the interesting material."
- Reilly Parker

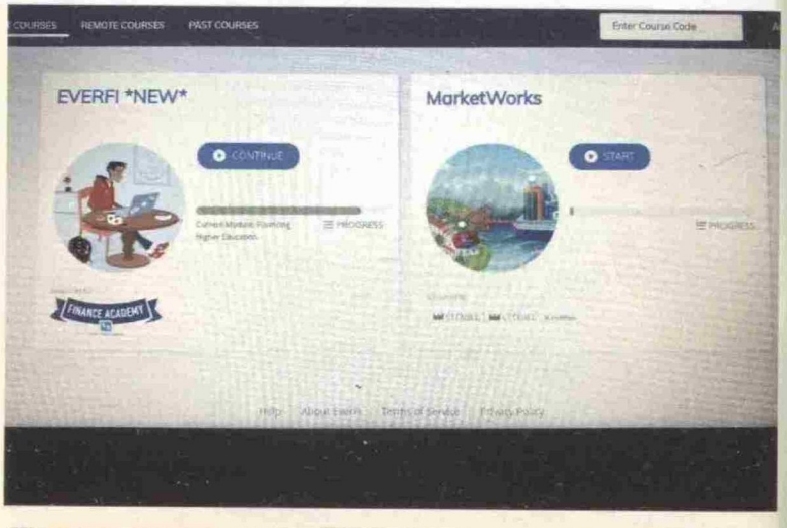
Real World Problems

Mistakes Allow Thinking to Happen

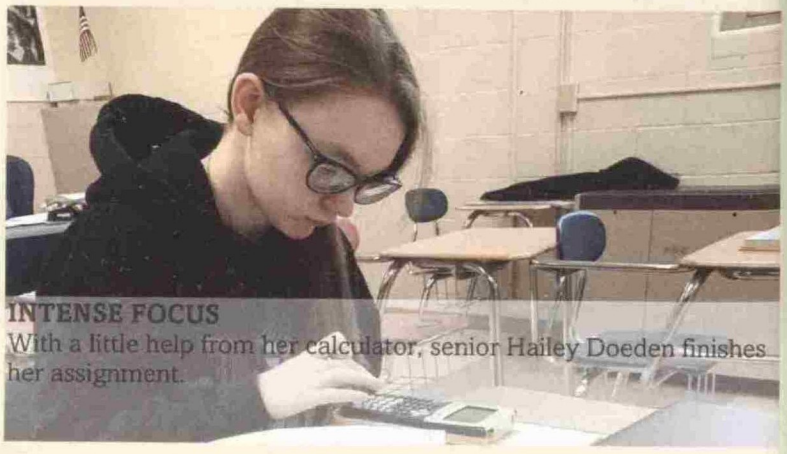
By: Verenisse Napoles and Priscilla Seniw

MATH is a four-letter word, and with the use of that word, you can accomplish many things, no matter where you are. At Hanover, we did not get a choice in whether or not we wante to test that theory out. We had to go into quarantine and do math online from home. In school when we are working on our mathematics, we learn through face-to-face interaction with our esteemed teachers, calculating equations and formulas, not only from a book, but from teachers, too. They shared their techniques and the ways they learned to implement them. They taught us how differently we could approach each problem set in front of us. Throughout quarantine, though, we had to approach material differently; without our face-to-face interaction, we did not learn as much as we could, but we were learning nonetheless. Online, students still got help with lessons from teachers through online video meetings like Zoom, or they posted lessons with Screencastify so that we could rewatch to understand. They accommodated us. They helped us from 9 A.M.-12 P.M. every day. We still accomplished much through the chaos. Over night, the math teachers were able to help us as they always have and will.



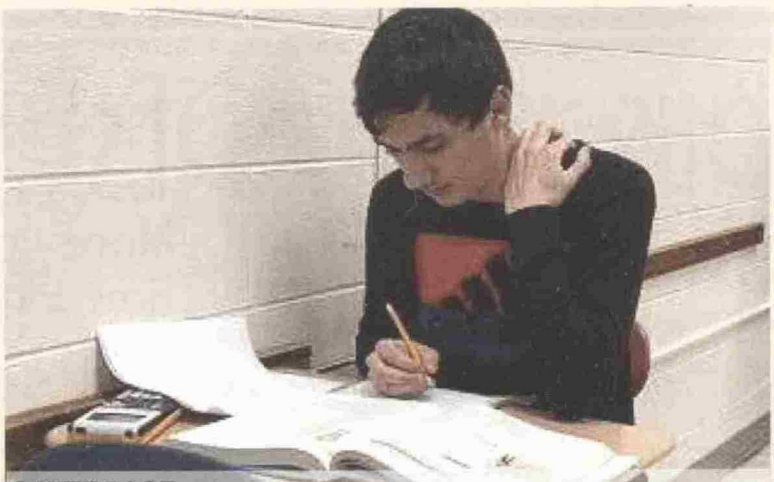


PERSONAL FINANCE PROGRAMS
These photos were provided by Katelynn Corcoran. They show the main tools used in Personal Finance, a website for future occupations involving stocks. Katelynn said, "I really like this website because it makes otherwise boring topics interesting and explains on a level I understand." The website is an interactive module. The photo to the left is the website. The photo on the right shows the progress on every assignment. They can interact with games in order to answer the questions. The tests take up to forty minutes at the longest, but they are pretty much short and sweet. The website bases the questions on what occupation you choose. It accommodates the students well in helping them learn about the real world.

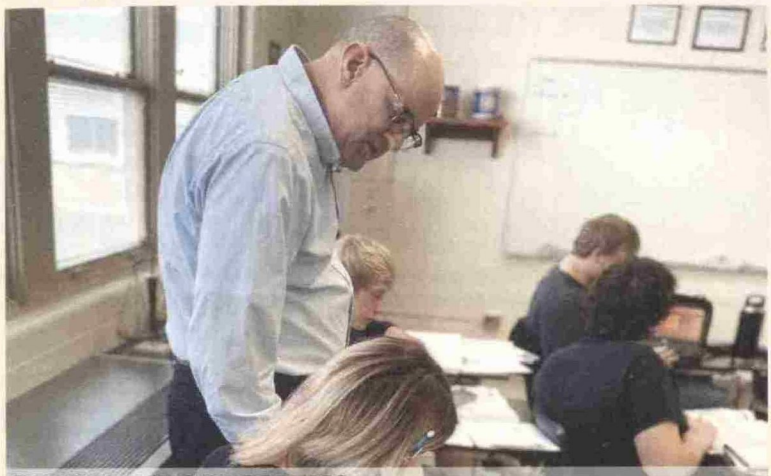


INTENSE FOCUS
With a little help from her calculator, senior Hailey Doeden finishes her assignment.

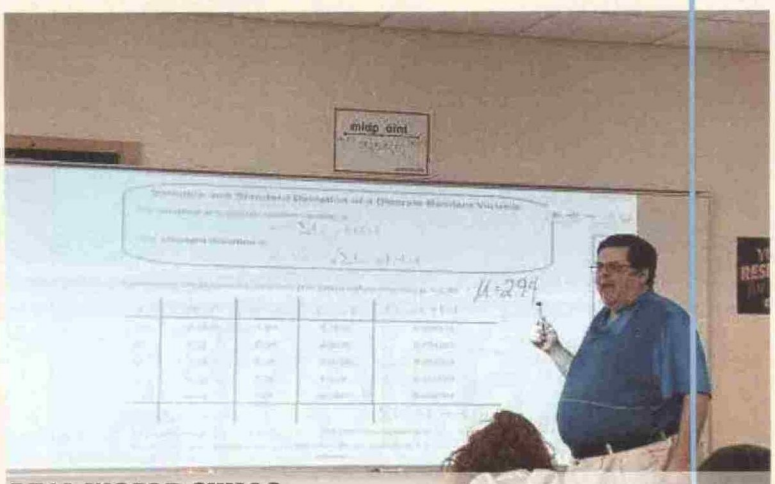
NUMBERS AND MORE!
Senior Phoenix Schreiber is looking at all possible inquires for her personal finance project. "I really didn't know it was this hard to buy a house and that there is so much more to it." Get ready, Phoenix. The real world awaits.



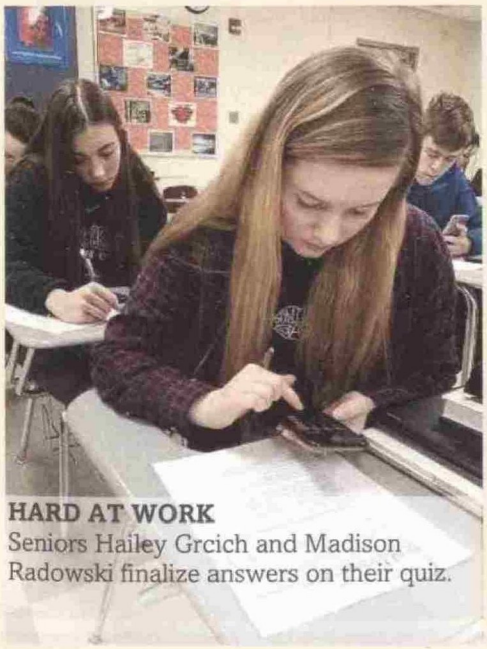
A NEW PAGE
Xander Hernandez, senior, works hard in his math class. Xander likes his math teacher and enjoys to learn new things! "Math is tricky but interesting," Hernandez said.



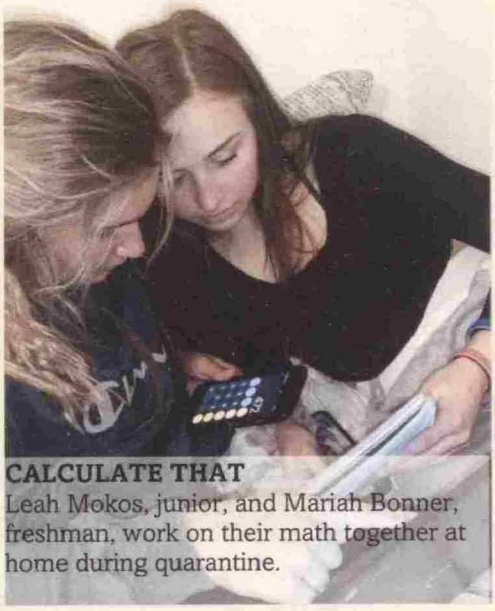
CALCULATING PROBLEMS
Angela Brazzale, senior, was getting help from Mr. Null before her final honors pre-calculus test. She did not know this was the last time she would be able to ask for help in person.



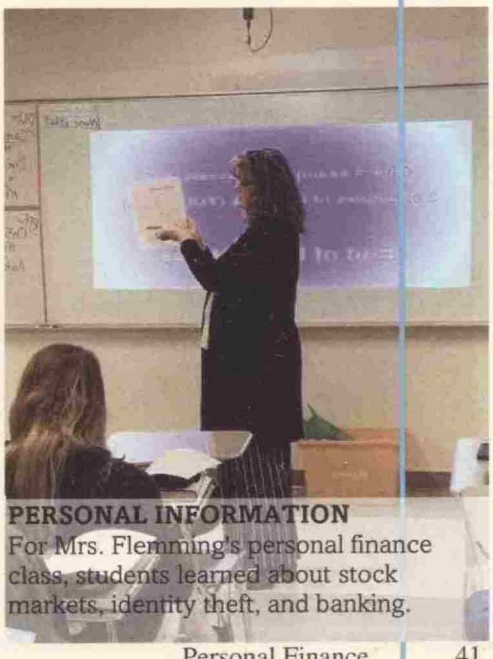
REAL WORLD SKILLS
Math teacher Pat Joyce bonds with his students over the importance of math in the real world, before going over a chart.



HARD AT WORK
Seniors Hailey Grcich and Madison Radowski finalize answers on their quiz.



CALCULATE THAT
Leah Mokos, junior, and Mariah Bonner, freshman, work on their math together at home during quarantine.



PERSONAL INFORMATION
For Mrs. Flemming's personal finance class, students learned about stock markets, identity theft, and banking.

Business

Business teaches the basics to running your own company. You learn skills to manage a company and how to be competitive in the business world.

Essential Classes

More than ever before, our students saw how a government shutdown affects all facets of our world.

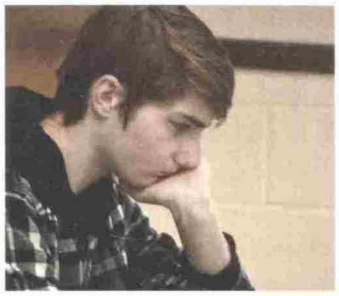
Hanover offers all the traditional classes like math, English, and science, but they also offer classes that can help you in the real world. Business and marketing teach the basics of starting a company and managing a business as well as how to handle money and market products. During the school year, the students created products and had to market it to the class, like on the television show *Shark Tank*. Both business and marketing classes are taught by the wonderful Mrs.Willet. Similarly, Government and Economics are required classes for seniors and teach valuable information about the economy and politics. Both classes are taught by Mr. Davidson, one of Hanover's newest teachers. People always say you never learn anything in school that you use in the real world, but paying attention in these classes better prepared students for the future, as business, government, and the economy affects us all.

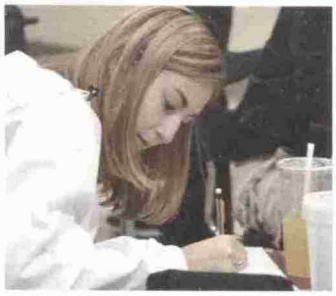
Marketing

Marketing teaches the basics of selling products when starting a company. You will practice not only your public speaking and presentation skills, but also your ability to persuade someone to buy a product.

A Sweet Fundraiser

During the winter sports season, DECA was set to attend a conference but had no funding for hotel rooms or transportation, so they put their heads together and decided to sell sundaes in the commons during the game. Raising over $100, the group was very successful in their endeavor. Additionally, at other games, they sold hats, fleece pullovers, and blankets with the HC logo, and held Pop-A-Shot competitions at middle school basketball games, which also helped offset costs. Members of DECA included Brett Driscoll, Natalie Novorita, Mrs. Willett, Marisol Bautista, Andrea Avila, Cole Cameron, Nicole Novorita, and Jimmy Kane. Not pictured: Megan Clark, Alexis Vera, James Erickson, and Samantha Corey

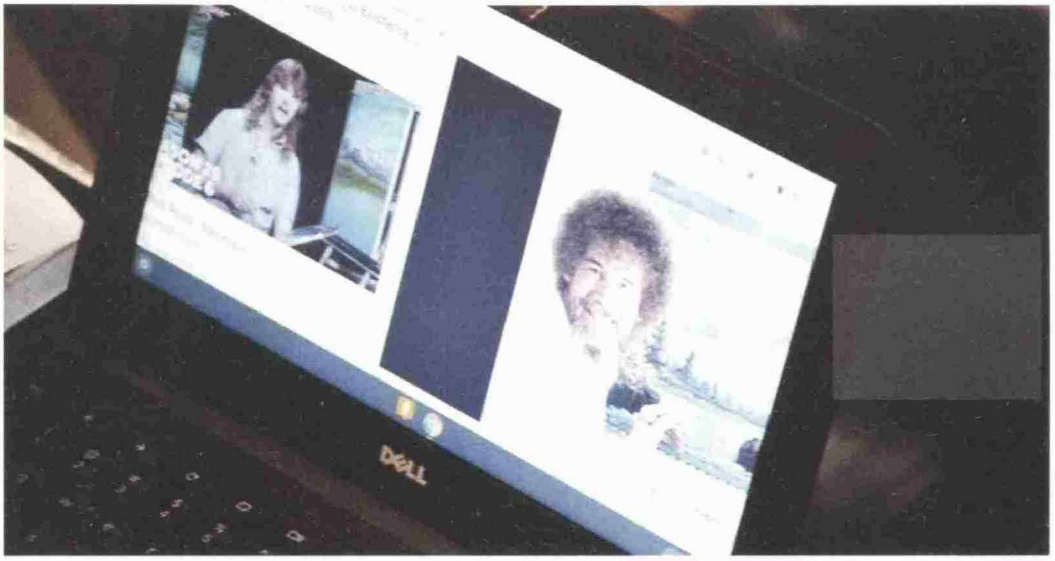




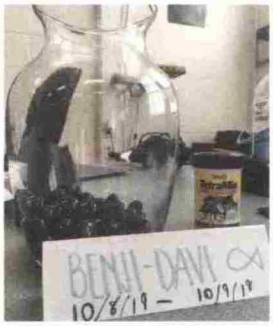
GOVERNMENT

Government goes over the different types of government and the pros and cons to each. This sparks heated debates on touchy topics involving politics.

Counterfeit Creativity
Using an image of their choice, Bob Ross or otherwise, students are tasked with designing currency that possessed all of the legal requirements. Seniors Jessica Wiersema, Jack Gosciejew, Jessica Meier, and Dominic DeBartolo work diligently on their assignment.



Fishy Situation
The story goes, Zach Willson is afraid of fish, so, of course, Reilly Parker took the initiative to mess with Zach and bought a fish to put in Mr. Davidson's classroom just to freak him out. Rumor has it Jacob Schuldes said he would eat it for extra credit. After only one day, the fish died, probably due to stress, and was flushed away into the great beyond.

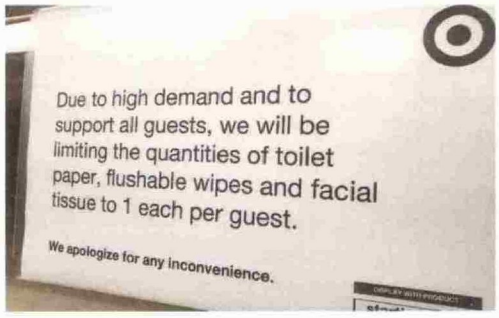


ECONOMICS

Economics teaches the basics of how the economy works, including information about basic investments and the history of money in the United States.

Empty Shelves and Full Hearts
On March 13, 2020, shelves across the country began to look like the ones shown here from St. John's Target: No canned goods, no toilet paper, no paper towel. People panicked and ransacked stores as a stay-at-home order loomed. It seemed many had lost reason, but local businesses also found that many were prepared to prove their loyalty and show their generosity.

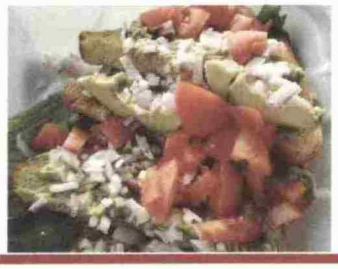
While large chains had less to worry about, small businesses were fearful, especially newly established ones. New breakfast and lunch restaurant Avgo in St. John adopted the go-to curbside pickup option. J&C Nutrition required all patrons to call in orders first to eliminate close contact. Local favorite Frank's Backyard BBQ already had ready-to-go orders in the bag as that is how their business began, while Nick's Tavern had to adjust to this new model because if they didn't, they knew that they would not survive the pandemic.



Due to high demand and to support all guests, we will be limiting the quantities of toilet paper, flushable wipes and facial tissue to 1 each per guest.
We apologize for any inconvenience.

Coronavirus impact on stock markets

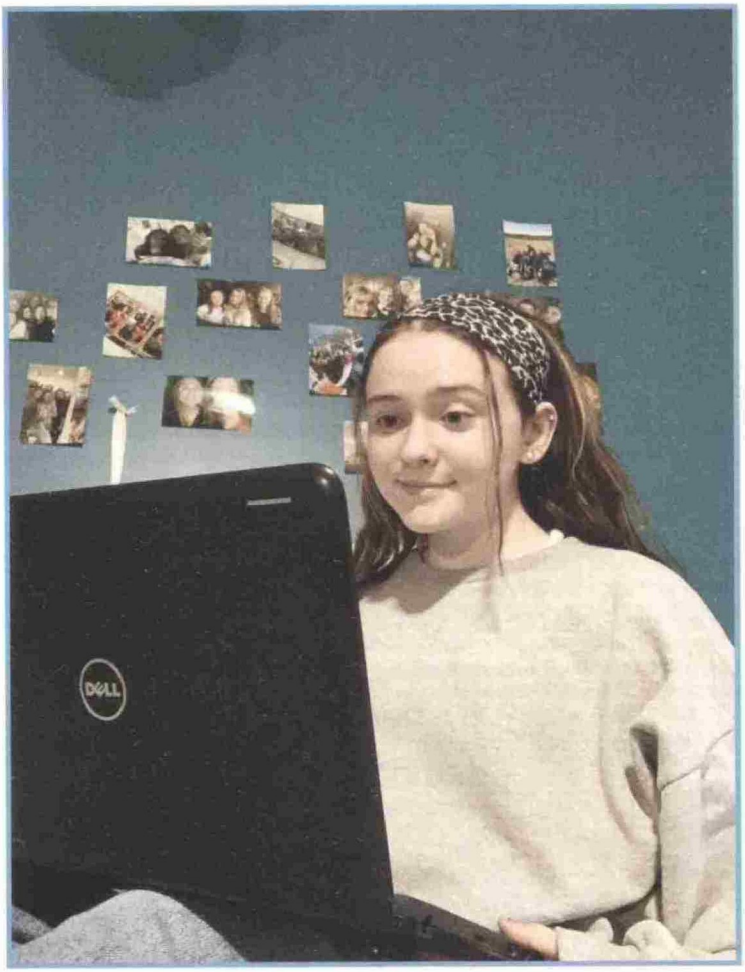
A Failing System The infographic above shows a stock market crash. When the Coronavirus hit, the United States economy suffered a devastating blow, and the government put a sum of one TRILLION dollars into stocks so the market would not crash. Since COVID-19 has forced most independent businesses to close, the economy has been left to the working class. At this point, we can only hope that this pandemic will help people realize that the most important people are not the ones at the top, hoarding all the wealth, but the ones at the bottom, working the frontlines.



The Past. The Present. The Mind.

No one could have anticipated the historical, sociological, and psychological shift that 2020 would bring. By: Taylor Towry and Brooke McCune

Psychology and Sociology The endless knowledge each Hanover student has about not only how their own minds works, but also how they interact with others, is all thanks to Mr. Denton and Mr. Cockerham. These two dedicated teachers have had more of an effect on their students than they may ever know. Because of their classes, students learn about mental health and the importance of human interaction. Knowing this information allows students to handle the current COVID-19 crisis in an appropriate way. Students can thank Mr. Denton and Mr. Cockerham throughout this time, since because of them, we understand that the isolated feelings we have during quarantine are normal. The world has changed, but their homework assignments and lectures have not. For example, Mr. Cockerham uses this situation as an opportunity for us to learn more about human behavior. Because of his teachings, we are even more aware of the ever-so-changing norms present today. He, as well as Mr. Denton, have taught us the effects of deviant behaviors, and because of that, we know the importance of playing our role in ending the COVID-19 crisis.



Stay-at-Home Order

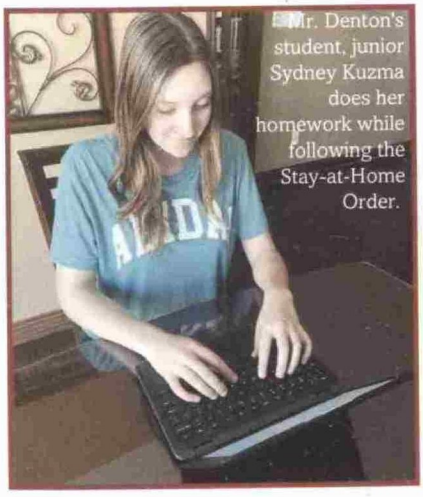
US History and AP Psychology student Jenna Upchurch, and Sociology and Psychology student Ella LaLonde, learn from Mr. Cockerham and Mr. Denton from home. While some argue that it is difficult to finish up the school year online due to the COVID-19 crisis, these students say that their teachers are doing a great job. Jenna and Ella say they have been watching lectures, taking notes, and working on many assignments that help make this time easier. Much like other juniors, these two students are doing their best to prepare for their senior year while keeping a smile on their faces.

Criminal Justice Mr. O'Donnell's Criminal Justice class was a class students will long remember. Students who decided to take the class spent the year learning about crime, criminals, and the justice system itself. Students also spent the year anticipating two well planned field trips to the Lake County Government Center in Crown Point and the Federal Courthouse building in Hammond. Senior Jessica Meier said, "Criminal Justice was one of my favorite classes, and Mr. O'Donnell was a great teacher who made learning about the criminal justice system fun." On the field trips, the students were able to take a tour of the building, attend an arraignment hearing, view a holding cell, and participate in a question and answer session with Judge Cantrell. However, not too long after these field trips, the COVID-19 crisis brought school to an end. The seniors were grateful that they were able to go on these trips when they did, because if the dates were any later, they would have been canceled. Mr. O'Donnell had successful year; many students accredit his class to inspiring them to major in Criminal Justice in college.

Prison Time!
Sebastian Priego, senior, gets put in handcuffs at the Lake County Government Center. Judge Cantrell stands next to him with a smile on her face and the keys in her hand...or so we hope!

Blinded by the Light Kyle Anderson, Dominic Lucido, Jackson Foreman, Brenden Bonner, Alyssa Albrecht, Elise Kratkoczki, Tyler Chambers, Kayla Gonzales, Lily Bachar, Ashley Haemker, Priscilla Seniw, Megan Clark, Jackson Kuiper, Amanda Schreiber, Jessica Meier, Lauren Koontz, Tyler Fruehling, Michael Simon, Nick Mondello, Nicole Novorita, Allison Mueller, Sophia Horne, Sebastian Priego, and Jack Gosciejew prepare for an informative day at the courthouse.

Field Trip!
Mr. O'Donnell's class stands outside of the Hammond Courthouse, dressed to impress in their most professional attire. Once they went inside, Amanda Schreiber, Priscilla Seniw, and Megan Clark, seniors, look at Judge Cantrell's computer, gaining insight into the daily docket that she faces.



Mr. Denton's student, junior Sydney Kuzma does her homework while following the Stay-at-Home Order.

Social Studies Mr. Rowinski, Mr. Denton, Mr. Cockerham, and Mr. Govert. Four different teachers. One common goal: teach the students of Hanover Central every important event that has happened throughout history. History may be hard to understand; however, there has not been a better example of an event worth remembering than the current COVID-19 crisis. Though this is a depressing pandemic, each one of the social studies teachers knew that for the first time, students would be able to fully understand the effects an event like this could cause, bringing more appreciation and empathy for the past events taught in their social studies classes. Eventually, students in future classes will be learning about the COVID-19 pandemic that we got to experience firsthand.

When Worlds Collide

Hanover hosted five foreign exchange students from across the globe, and we were better because of it.

The Wildcat Way

Celebrating birthdays, visiting Chicago, or cheering on their team, Michele, Julian, Eduarda, Delia, and Ken (shown with Landen Babusiak and the whole family) live the Wildcat Way.

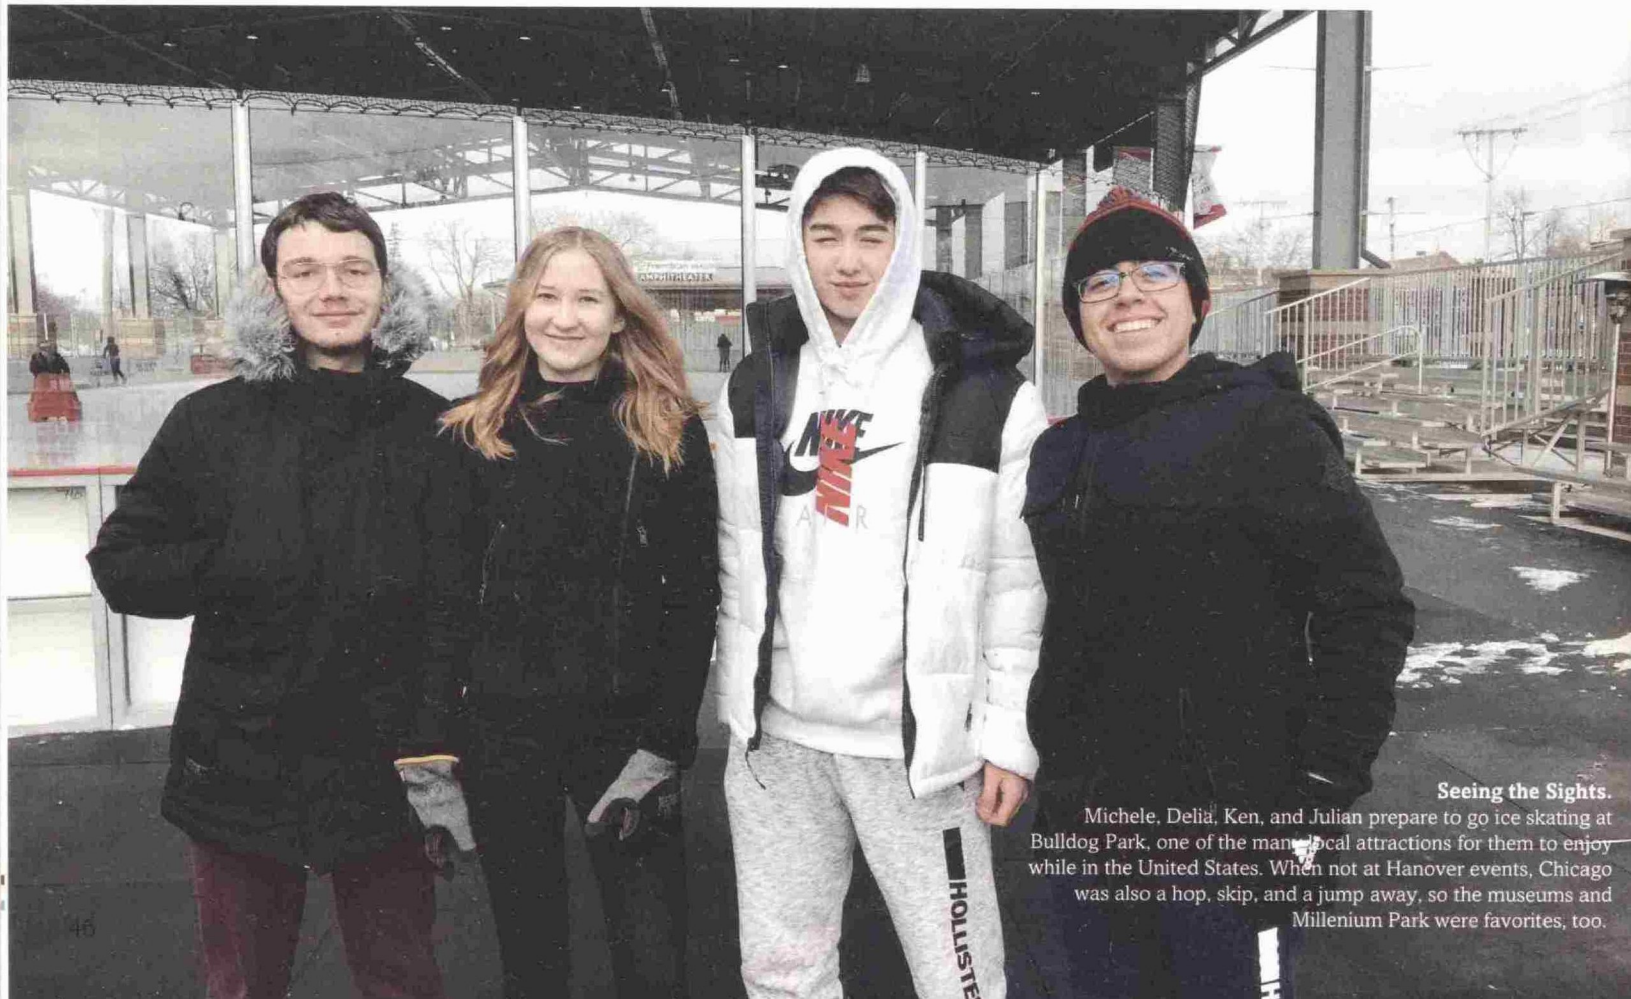
Italy. Spain. Germany. Brazil. Cedar Lake. Well, other than the fact that four are countries and one is a town, one of these locations seems slightly less...worldy. While Cedar Lake was once a vacation town, it does not seem to have the same allure of the countries mentioned above; however, living in the United States in a small town close to a big city, our five foreign exchange students were able to experience the best of both worlds. John Nilles, area supervisor for the Cultural Academic Student Exchange (CASE) program, worked closely with Ms. Kepshire to place these five students at Hanover Central. Michele Mazzucato (Italy), Delia Ostertun (Germany), Ken Sommer (Germany), Julian Sopena-Dominguez (Spain), and Eduarda "Duda" Saramago (Brazil) were placed with willing families from within the Hanover Community.

Isabel Lopez, junior, explained that her family had "a lot of forms to fill out, interviews, and house visits" before Duda was placed into her family's care. Duda, who "liked drawing, reading comics, and watching movies," fit in with Isabel and her family easily because Isabel "already knew her before she moved in, so it was easier to adjust."

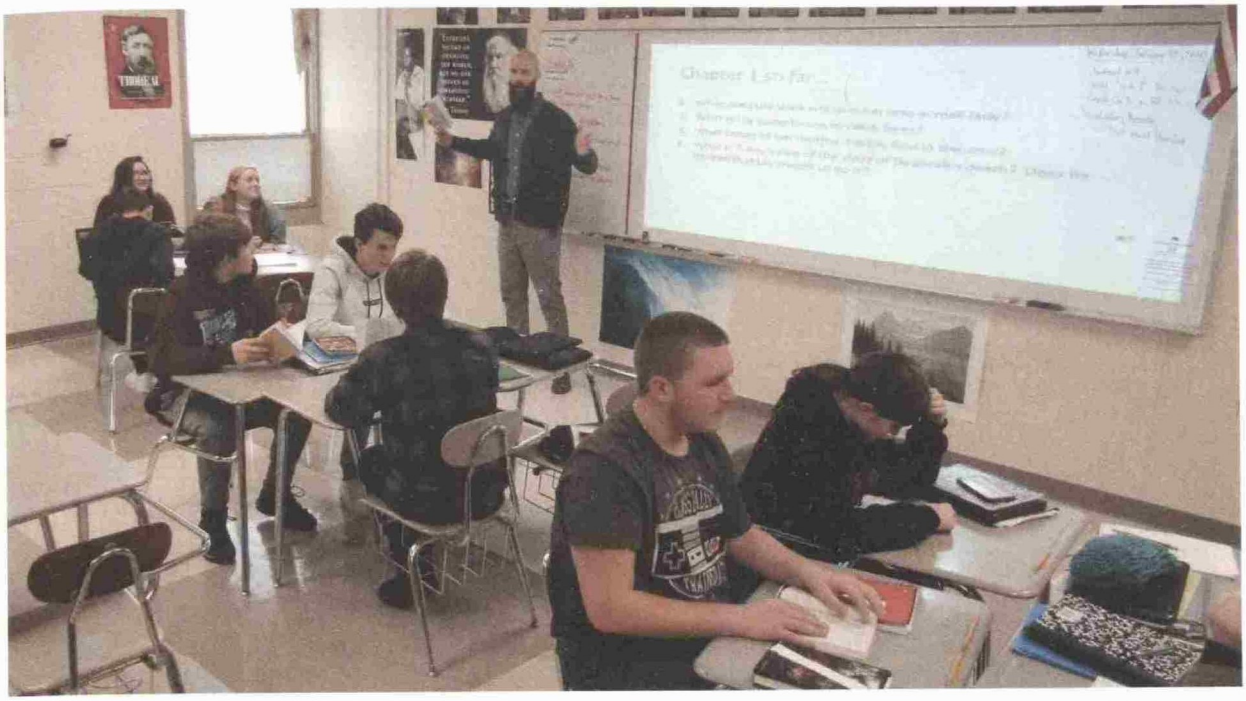
Julian Sopena-Dominguez, who resided with sophomore Josh Kazmierski and his family, "really enjoyed the camaraderie he had with the other students in the building...and liked how [he] was able to switch classes and meet a variety of people because it's not that way in [his] school."

Michele Mazzucato, who lived with the Sons family, said, "I've enjoyed my entire stay here and wish I could have stayed longer." Coming from Italy, Michele knew his food, but he was most impressed by some local favorites: "A 'beer brat' was the best food I have ever had...and Costco chicken alfredo was the best pasta I had in the US." Now, his host family and family friends created some very impressive homemade pasta dishes, but Costco still won!

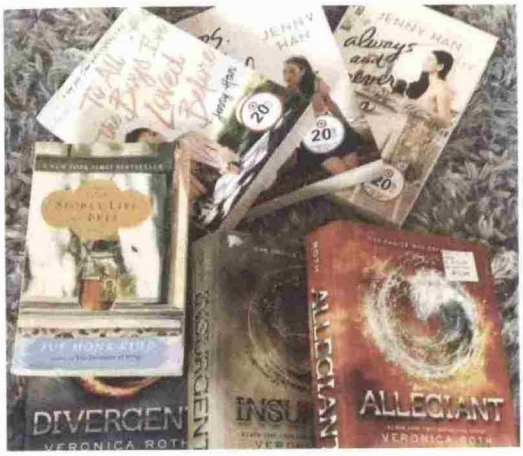
Even though the last leg of their stay was interrupted by the pandemic, Hanover was fortunate to host these five new Wildcats, and we hope they always consider Hanover a home away from home.



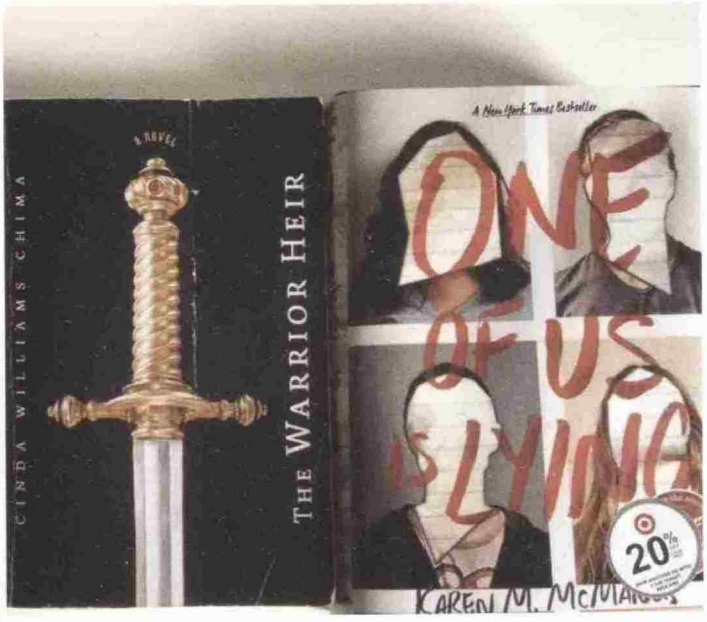
Seeing the Sights. Michele, Delia, Ken, and Julian prepare to go ice skating at Bulldog Park, one of the many local attractions for them to enjoy while in the United States. When not at Hanover events, Chicago was also a hop, skip, and a jump away, so the museums and Millenium Park were favorites, too.

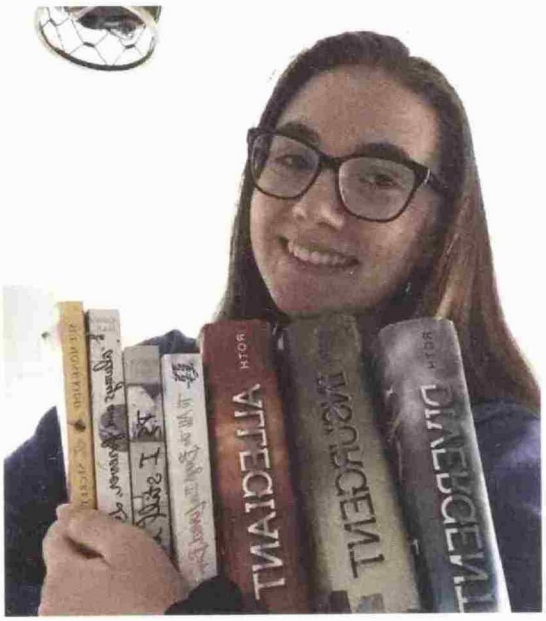


Good Vibes
Relocating from Merrillville, veteran English and speech teacher Mr. Mike Engle spreads his positivitiy and knowledge to all of his classes. "I really like the small community vibe...There is so much room for growth, and I am excited to see how the whole corporation evolves over the coming years," Mr. Engle stated. Shown, sophomores Kaylie Dreizler, Emelia Kocka, Kyle Hoover, Drayk Castner, and William Abbott begin their newest novel *The Secret Life of Bees* . "Mr. Engle's chillness made going to English class a lot more bearable since it's my least favorite subject. It was cool to see him ride a skateboard and play the ukulele," Drayk said.



Language of Love
Students in Ms. Tilka's French I class wrote Valentines to peers and teachers that were posted in the hallway. For the first time in over a decade, Hanover once again had a language other than Spanish to offer its students. After a poll was completed during the 2018-'19 school year, it was decided that French would be the new foreign language of choice.

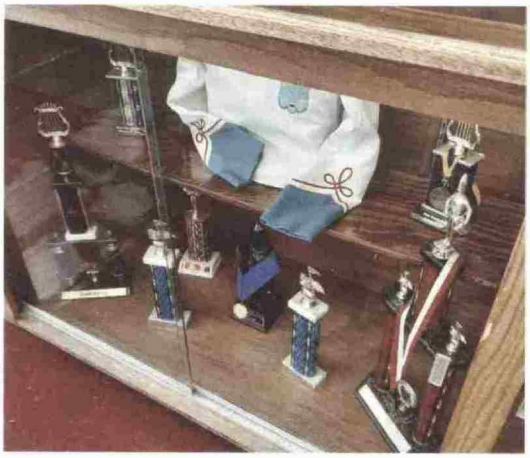




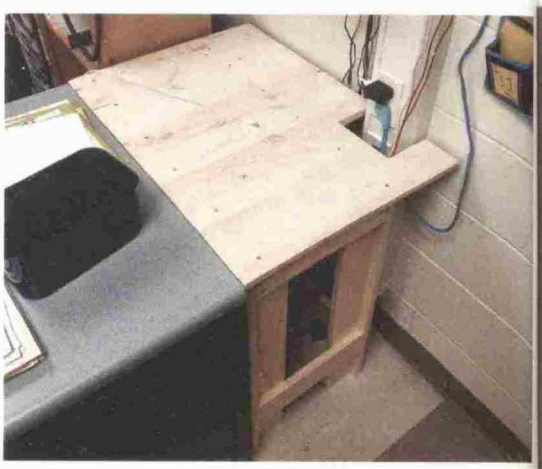
Challenge Accepted
When trapped at home, sophomore Kailee Moran decided that she would read "all my books on my shelf that I haven't yet." From March until May, Kailee finished ten novels! Although she did not want to choose, when asked which of the books she would most highly recommend, Kailee said, "Man I really love the *Divergent* series, but *One of Us Is Lying* is a fantastic read, and I definitely recommend it. It's the first book I've actually annotated and made notes all the way through, and I loved it."

On Site
Max Warchol, Kyle Anderson, Chris Roop, Dominic DeBartolo, Jackson Kuiper, TJ Burt, Kole Popko, Ryan Breedlove, Logan Sawaska, Bryan Hoover, Braden Ryan, Diego Zuniga, Luke Maurer, Sebastian Priego, Eric Hasse, Colyn Allen, Kevin Doeden, Ryan Garcia

Updating History
One of the projects completed by students in class included updating the shelves in the main lobby's trophy case.



Making Use of Space
Mrs. Isa's desk now has an extension, courtesy of her students. Situated between her existing desk and the wall, she can utilize her workspace more effectively.



"Consider the reality of today's job market. We have a massive skills gap. Even with record unemployment, millions of skilled jobs are unfilled because no one is trained or willing to do them. Meanwhile unemployment among college graduates is at an all-time high, and the majority of those graduates with jobs are not even working in their field of study. Plus, they owe a trillion dollars in student loans. A trillion! And still, we push a four-year college degree as the best way for the most people to find a successful career?" -Mike Rowe

Putting Passion to Good Use During his downtime senior Kole Popko, along with his sister Kasey Popko, stays busy helping to remodel his brother Korey Popko's home. He has been hanging drywall, cutting trim, insulating walls, and rewiring electrical outlets.

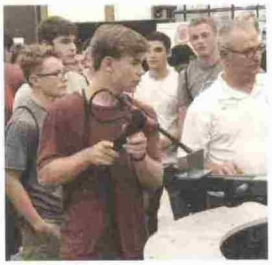
Building Towards a Bright Future

Students discover possibility from their passion.

Tools of the Trade

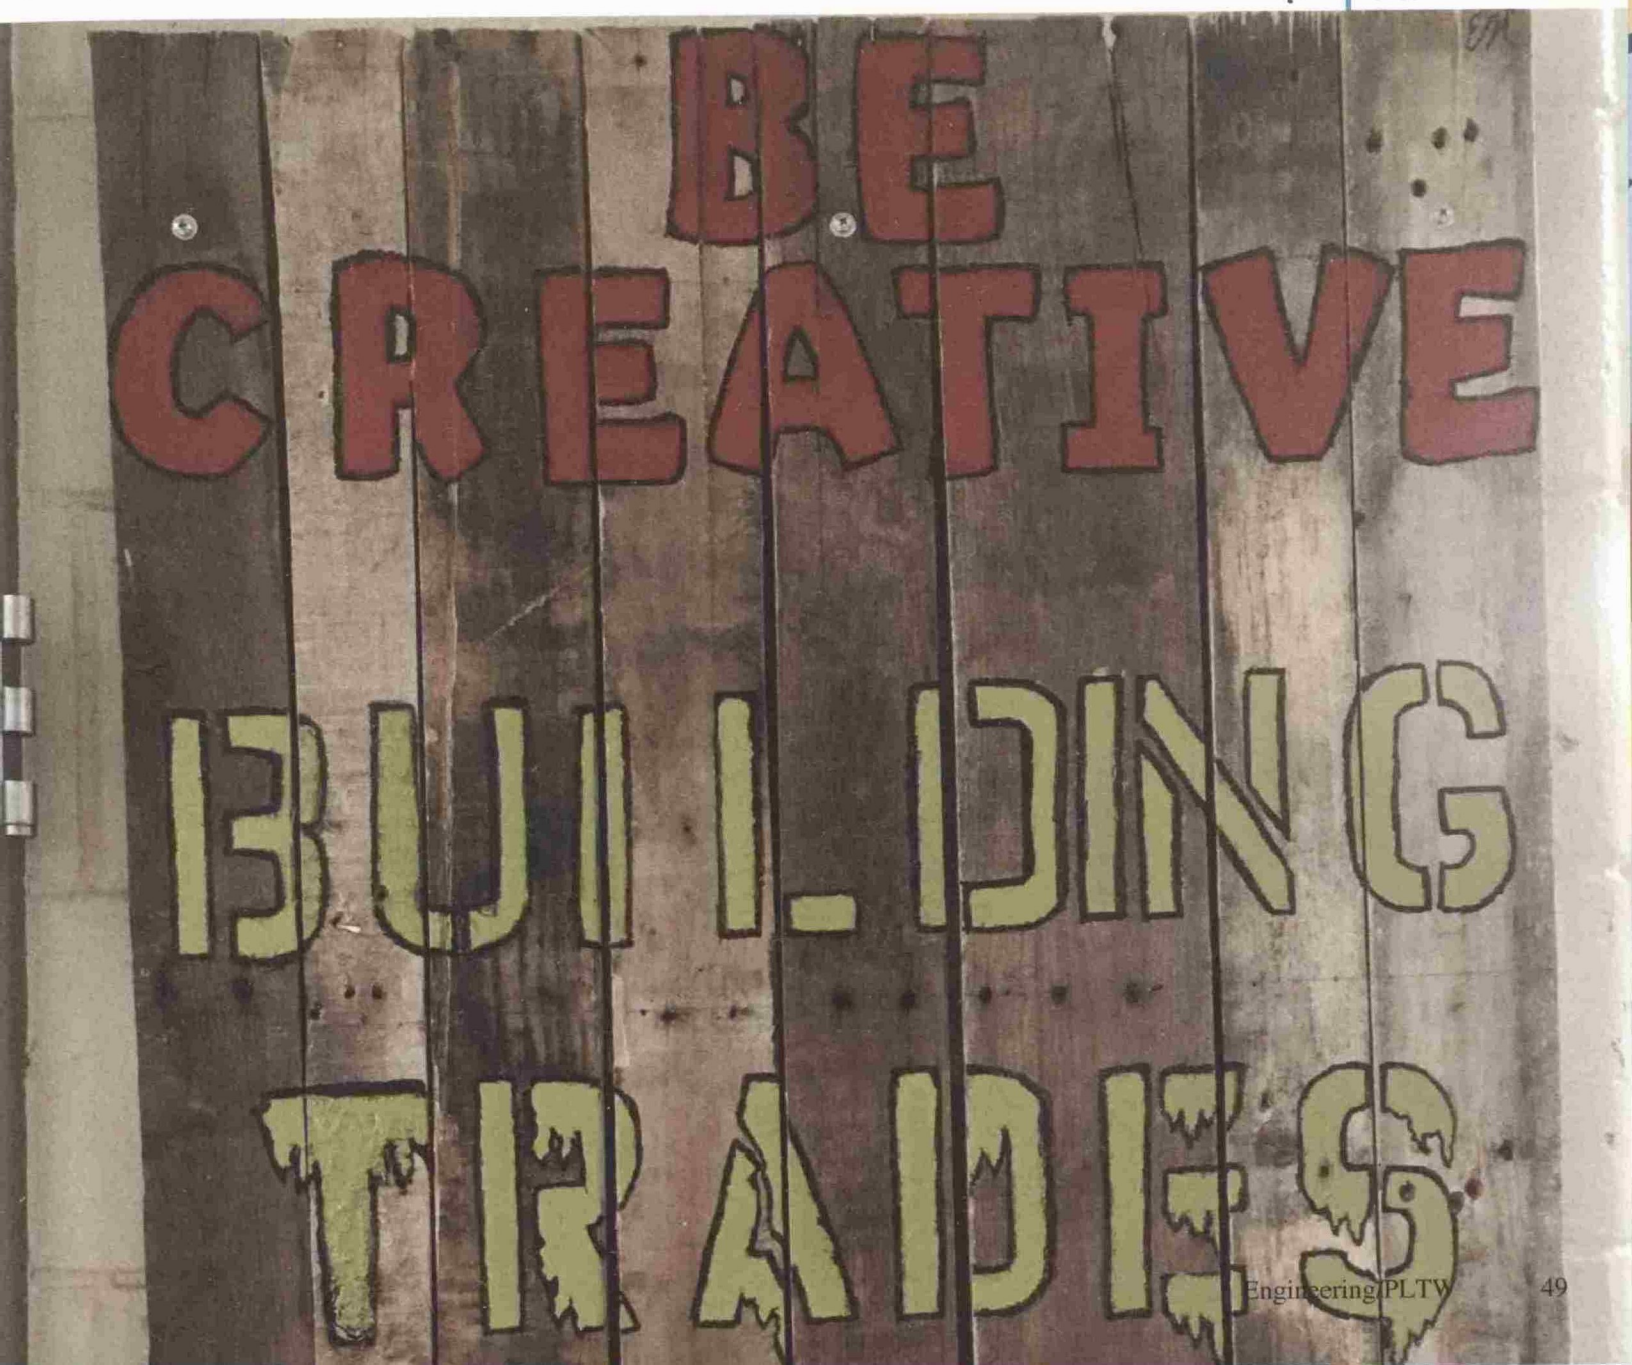
Joey Glidewell, 11

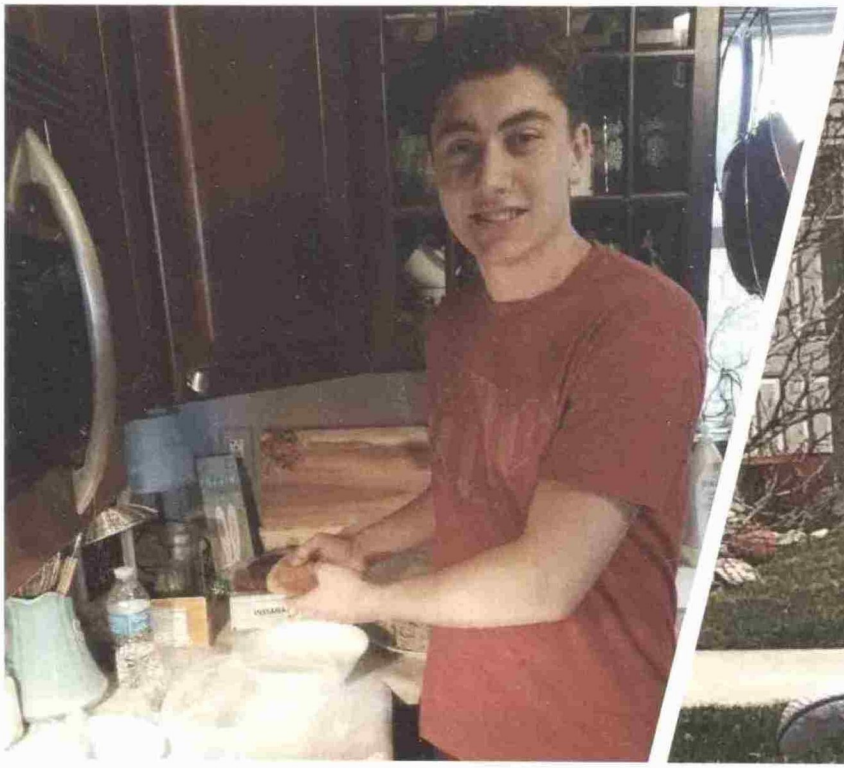
Max Warchol, 11



Making Memories
Whether reminiscing about the stories Mr. Glass would tell or having conversations during their daily stretching time, juniors Max Warchol and Alec Rogers both agree that Building Trades was a class that was incredibly memorable.

"The engineering and construction classes have allowed me to explore what it'd feel like to design and construct things for a living. Building and fixing stuff have always been strong passions of mine, whether it be with wood, cars, or Lego. From those passions, I wish to pursue a major in computer engineering, with maybe a second major in electrical engineering as well at Purdue Northwest this fall. While going to school, I will attempt to start my own woodworking business, building furniture and some trinkets out of various hardwoods. From both my college and business pursuits, I will be able to apply my craftsmanship skills to design better technology and build the finest furniture!" -Luke Maurer, 12



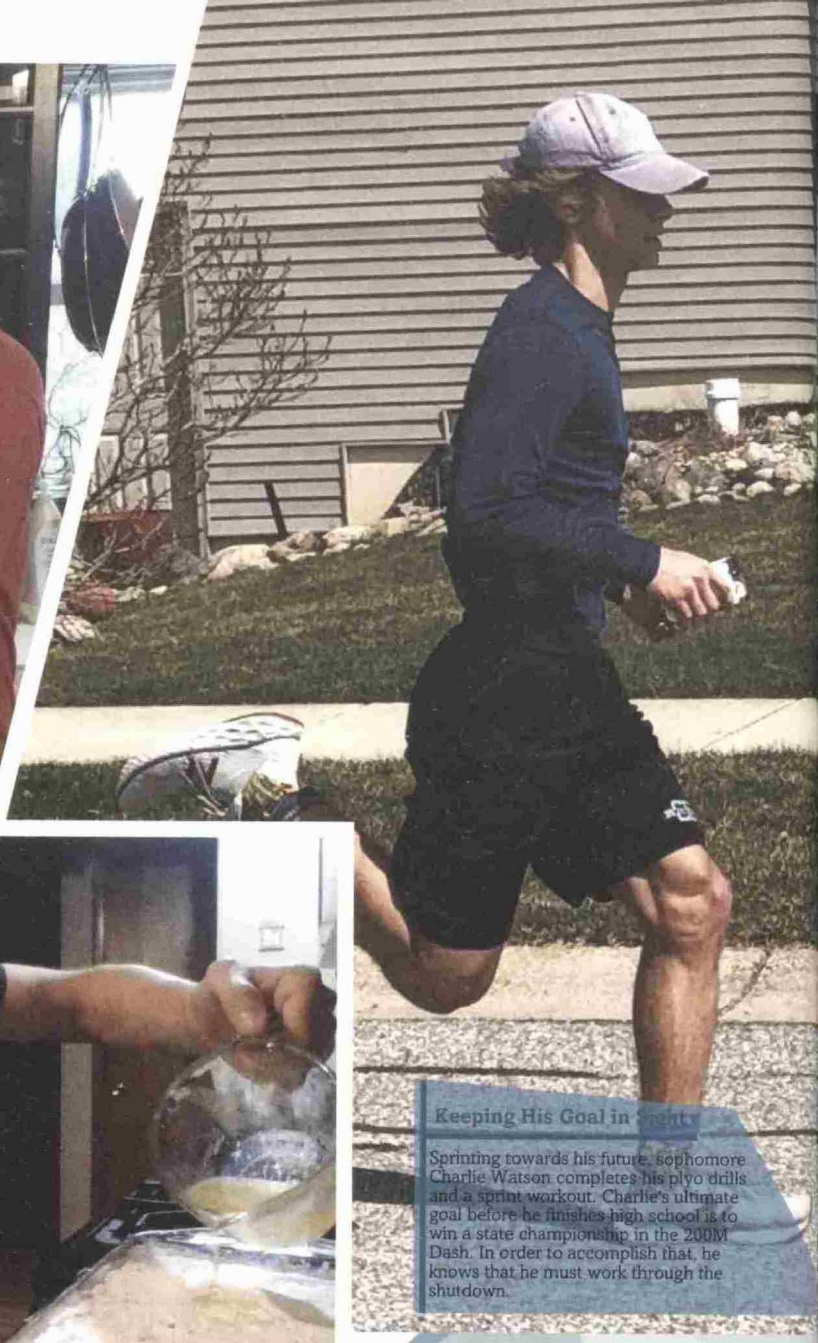


Family Forward

"I have been playing lots of basketball with my sisters. I have also been cooking new things like Italian-styled parmesan chicken."
-Leo Gliwa, 12

Fruity Deliciousness

With careful precision, freshman Josh Elder pours pineapple juice into his pineapple/cherry dump cake. Surely, his family appreciated the completion of an assignment that could be added to dinner later.



Keeping His Goal in Sight

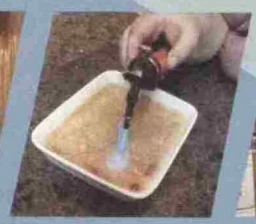
Sprinting towards his future, sophomore Charlie Watson completes his plyo drills and a sprint workout. Charlie's ultimate goal before he finishes high school is to win a state championship in the 200M Dash. In order to accomplish that, he knows that he must work through the shutdown.

Eating Well Living Well

Whether our students were cooking for class or experimenting for fun, our Wildcats found ways to pass the time and fill their stomachs.

Staying Sane
Senior Johnny Willems admits that his favorite snack during quarantine has been milk and cookies. Same, Johnny. Same.

Staying Strong
"Since I was going to be stuck at home for a long time, I decided to commit to completing 3 months of P90x. I worked out about 6 days a week and definitely feel like I've gotten stronger."
-Hailey Vanderhye, 9



Scorched
"I want fancy treats so I made creme brulee with only vanilla ice cream and egg yolks. It was fun to make, and I got to use a blow torch. I really love cracking the melted sugar shell."
-Taylor Aliaga, 12

Come and Get It
During the hot and cold sandwich unit for Ms. Sheehy, junior Kevin Doeden creates his own version of grilled cheese.

Working out, cooking, and babysitting kept our students busy during quarantine.

A Day in the Life

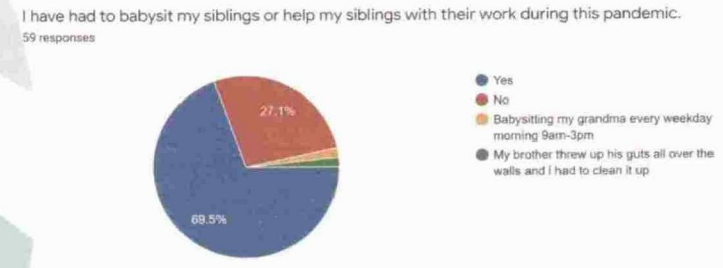
Chocolate Mug Cake

- ¼ cup all-purpose flour
- ¼ cup white sugar
- 2 tablespoons unsweetened cocoa powder
- teaspoon baking soda
- teaspoon salt
- 3 tablespoons milk
- 2 tablespoons canola oil
- 1 tablespoon water
- ¼ teaspoon vanilla extract

Step 1
Mix flour, sugar, cocoa powder, baking soda, and salt in a large microwave-safe mug; stir in milk, canola oil, water, and vanilla extract.

Step 2
Cook in the microwave until the cake is done in the middle, about 1 minute 45 seconds.

"My brother and I tried it out, and it's a very good recipe. Quick, simple, and perfect for chocolate lovers."
-Ainslie Hoelter, 9; and Theron Hoelter, 11



I have had to babysit my siblings or help my siblings with their work during this pandemic.

Babysitting my grandma every weekday morning 9am-3pm
My brother threw up his guts all over the walls and I had to clean it up

Noodle-y Goodness

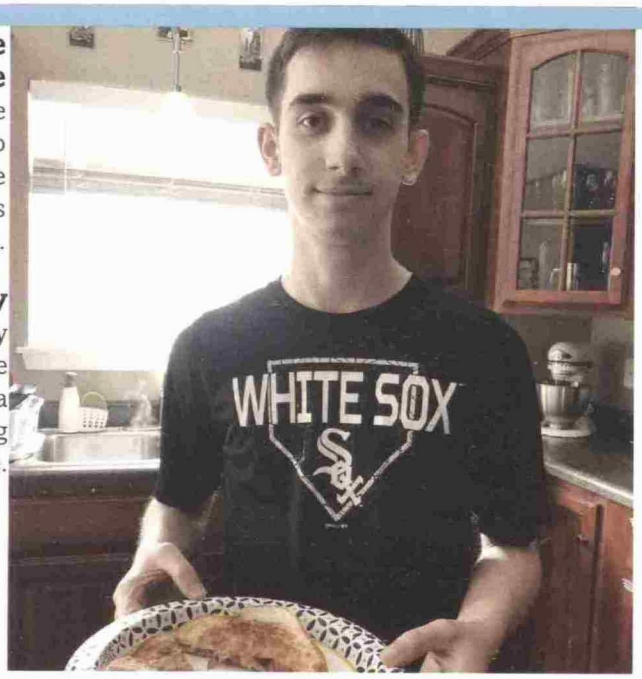
When asked what her go-to meal has been during quarantine, senior Camryn Reitsma admitted to a staple among many teens: "I have been eating noodles constantly."

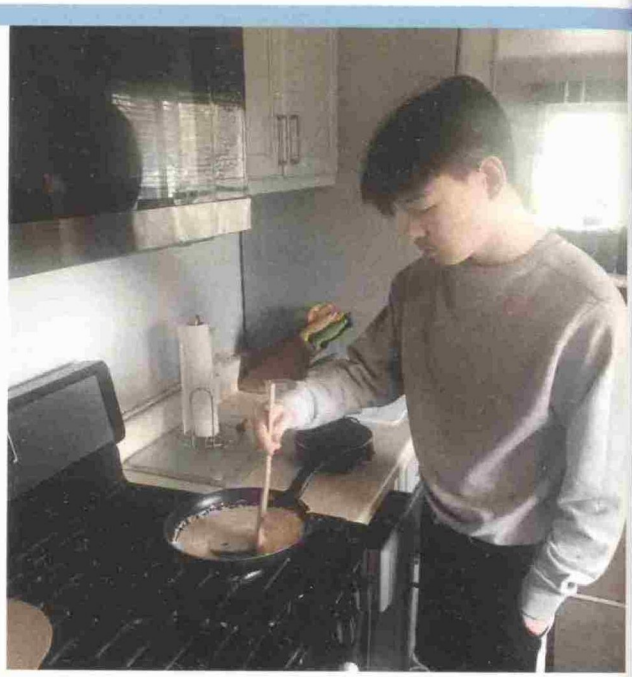
COVID-19 COOKING

Culinary students cooking with family during the pandemic

Throughout the school year, culinary arts students learned the basics in cooking. From chopping to measuring, students learned to cook and bake simple dishes like cookies and mac and cheese. However, when school went online, Ms. Tracy Sheehy was determined to keep the students learning. During quarantine, students were asked to cook and bake dishes at home and then send in their photos to Ms. Sheehy for a grade. While quarantine was awful, this experience allowed students to bond with their family members while advancing their cooking techniques and learning some family recipes. Below are some of the cooking photos submitted to Ms. Sheehy.

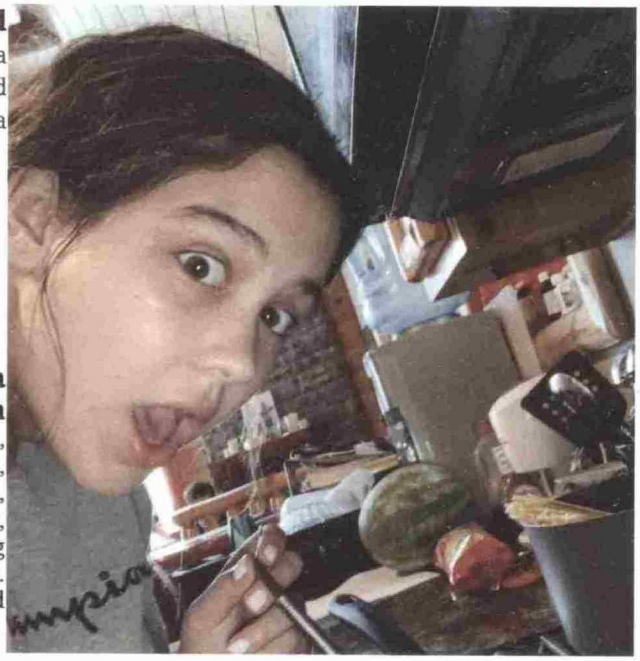
Grilled Cheese Galore
Nothing says lunch like grilled cheese, so sophomore Blaze McKinney mastered this classic feel-good favorite.

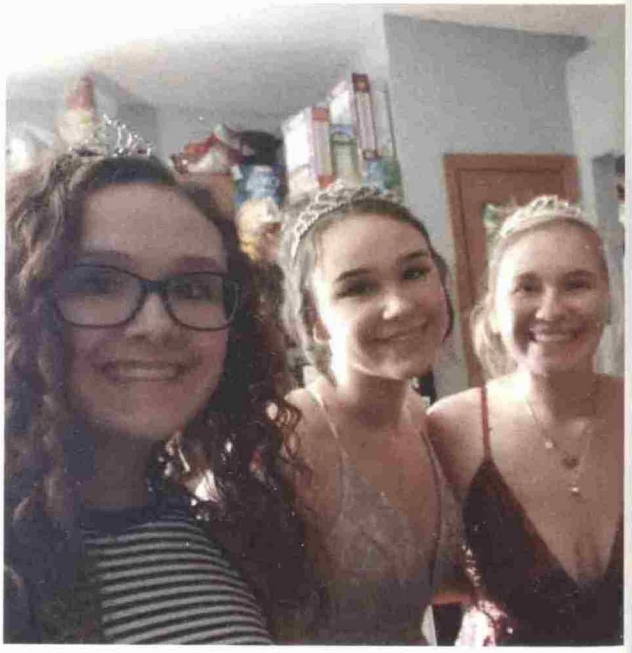




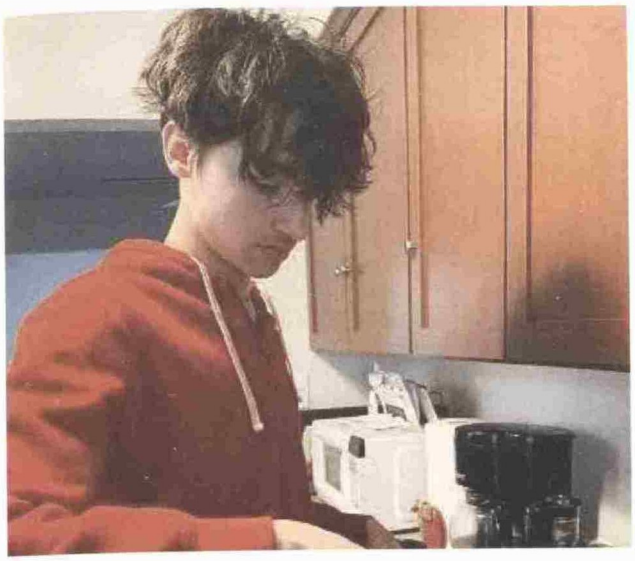
Super Saucy
While he could easily buy some sauce from the store, junior Austin Fanta spends time perfecting his white sauce.

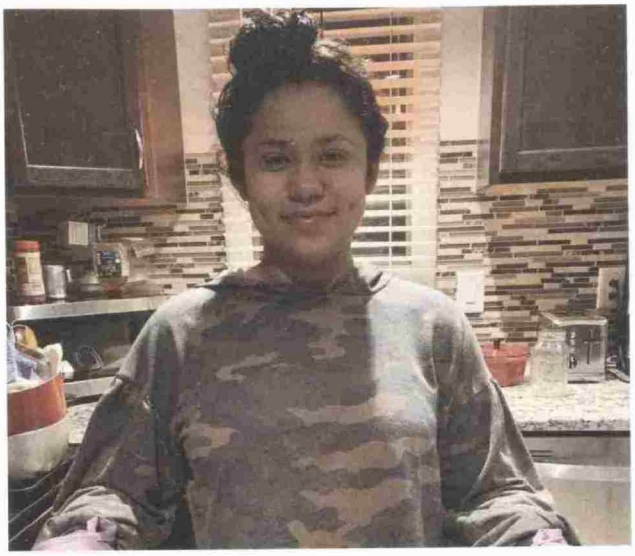
Surprised
Freshman Julia Wellwerts was shocked how good her pasta sauce turned out.





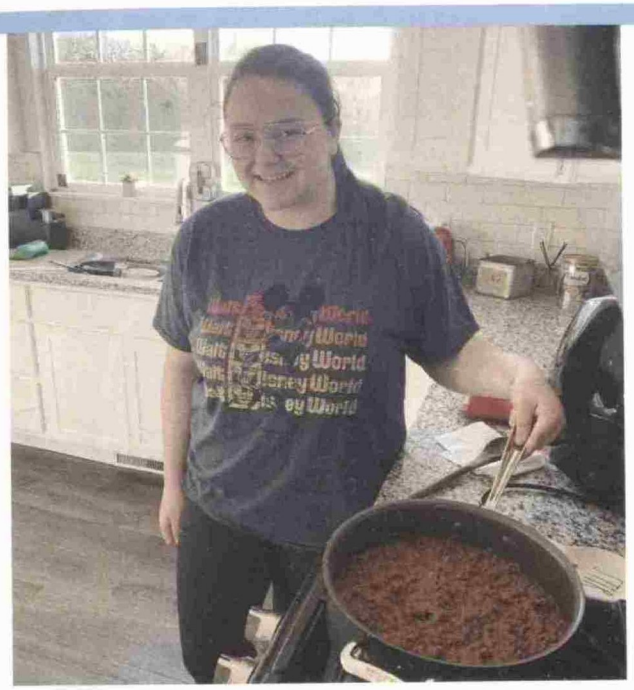
A Feast for a Queen
To spruce up quarantine, the Barnett family, Ashtyn, senior, Deyton, freshman, and Skyler, alum, began having theme nights for dinner. Princess Night featured barbeque chicken pasta.





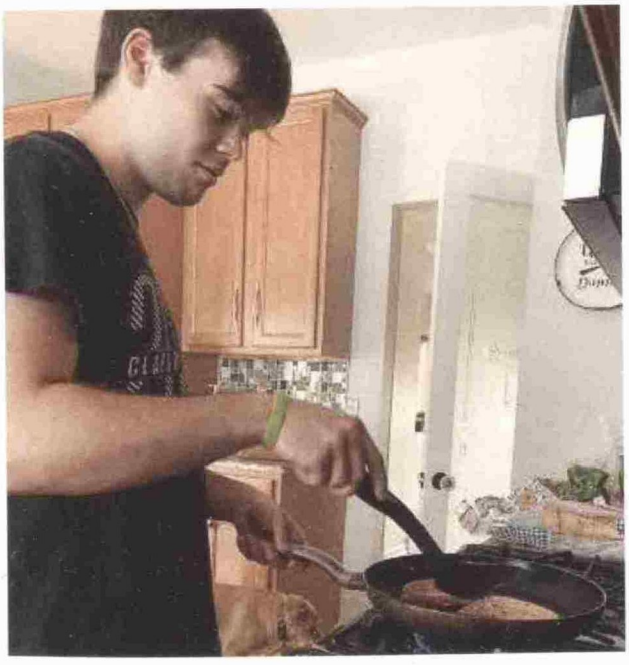
Red Sweater, Red Sauce
When cooking spaghetti sauce, splatter is inevitable, so it's a good thing David Casino, junior, dressed to avoid visible stains.

Homemade Heaven
Natalia Flores, sophomore, went sweet instead of savory with her jumbo peanut butter bars.



All Smiles
Daisy Garcia, sophomore, made a meat sauce for her pasta and was thrilled with the result.

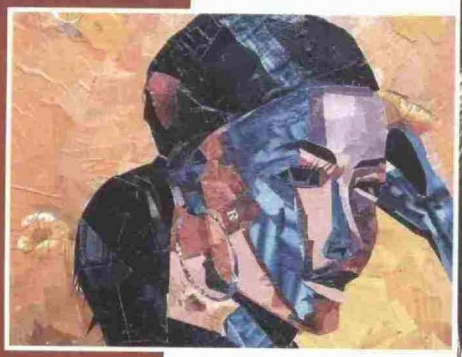
A Sweet Snack
Nyemah Bowman, freshman, made oatmeal cookies to pass the time. These delicious jumbo cookies required a tall glass of milk!

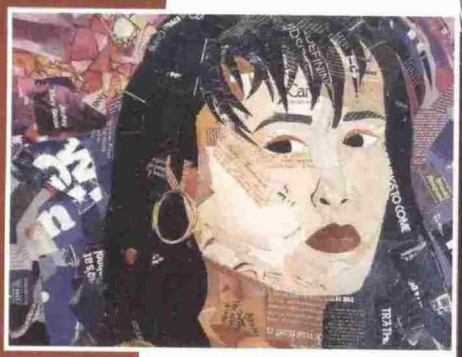


Flippin' the Bread
Breakfast is the most important meal of the day, and senior Blake Booker will need to learn how to make French toast on his own as he prepares for adulthood.

Whisk It Good
Josh Kazmierski, sophomore, practices his whisking technique as he, too, makes a more challenging white sauce.

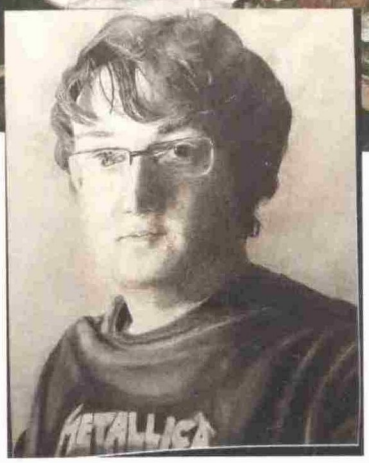
PIECE BY PIECE
Sophomore Emma Gunka and junior Naornie Avila create exceptional portraits with magazine scraps. "The idea was inspired by portrait collages created from miniature photographs. This project was assigned to advanced students...These were tedious projects, but they turned out very well," Mr. Cotey explained.



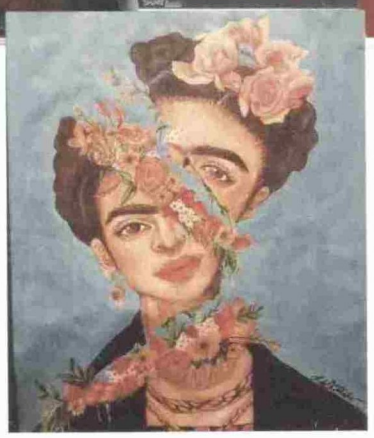


MAN'S BEST FRIEND
They say the eyes are the window to the soul, and senior Shae Biron's black and white scratchart rendering of those eyes certainly captures the truth of that adage.

A GREAT IMPRESSION
If there is a room in the school that both embodies the content as well as the incredible artistic talent of HC's students, it is Mr. Govert's room. A sprawling mural of the Great Wall of China by sophomore Nicole Kane now graces his room forevermore as does a beautiful portrait of Gandhi by Makayla Togtman.



PERFECT PORTRAIT
Not only does junior Niko DeProsperis's self-portrait perfectly portray his likeness, but judges believed he did as well. At the South Shore Art Exhibit, which occurred digitally this year, Niko earned Best in Media for this pencil/graphite sketch.



INSIDE THE MIND
Exhibiting her amazing skills, senior Isabel Sitkowski used colored pencils and acrylic paints to create this fragmented portrait of famous Mexican painter Frida Kahlo, which she titled *Frida's Flowers*.

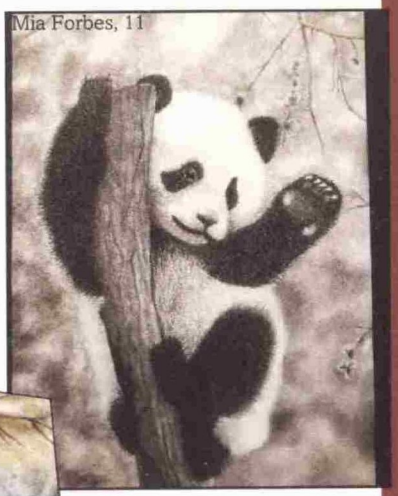
comfortable in their CREATIVE space

"Art is one of my favorite things in the world because you have the freedom to create anything, real or fake, and there's no rules to it. You can't make something 'bad' or 'wrong' because there's no such thing; art is just what you make of it, and nobody can tell you otherwise...I just want everybody to know that art isn't something you can just do. There is always room for improvement, and the talent can fall out if you don't practice, so don't be hard on yourself and enjoy it. Also, you can never give up, which is something I have to remind myself daily because it is very easy to feel like what you're making isn't good enough, but somebody will always appreciate whatever you make." Makayla Togtman, sophomore

AN ARRAY OF TALENT
Whether through dreamcatchers, charcoal drawings, watercolor paintings, oil paintings, or pencil transformations, Mr. Cotey's classes create one-of-a-kind pieces that demonstrate their talent and individuality. Students then submitted those pieces to not only the South Shore Art Show, but they also submitted work to the Indiana Junior Duck Stamp competition. Out of 203 entries, Makayla Togtman earned 1st place in her age group; Alfie Smith, Chloe DeBoer, and Delia Ostertun earned 2nd place; and Nicole Kane, Isabel Sitkowski, and Xavier Padilla earned 3rd place.

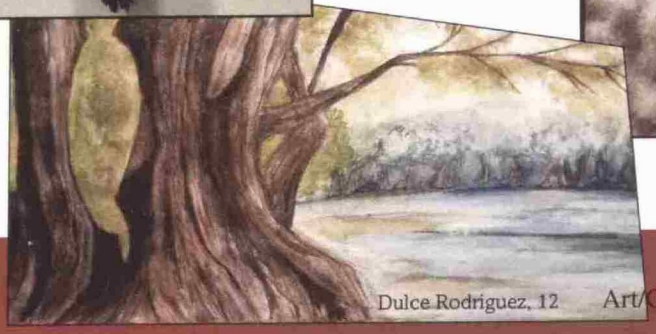
Madison Radowski, 12

Hannah Ruszkiewicz, 9



Mia Forbes, 11

Angelina Burroughs, 12



Dulce Rodriguez, 12

Marching in Style
Every year the Pride leads the 4th of July parade while playing the school spirit song to kick off the height of summer. Sarah Fleming, Kailee Moran, and Emily Vallejo, sophomores, and Julia Moloney, junior, lead the charge.

all that JAZZ

Band students perform their way to victory and become a family along the way.

By Bella Weisbrodt and Corinne Meekma

Pumping Up the Crowd
The Pride appears at multiple basketball games throughout the season. They start the varsity games with the school fight song and also the National Anthem. During the games, freshmen Samantha Wilk and Jessica Hunt, along with the rest of the band, play songs that get the crowd excited such as "Hand Clap" and "Sweet Caroline."

The band members at Hanover Central High School constantly work hard to be their best. Whether it is playing to pump up the crowd at a basketball game, performing their marching band routine on the football field, or executing a perfect song at a competition, the band strives for perfection. During the 2019-2020 school year, this statement has been especially true. Though their year got cut short, the Pride was still able to have an excellent year of achievements through music.

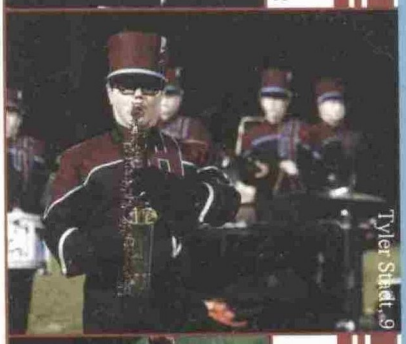
This year, eleven students finalized for the ISSMA state competition, two ensembles and five soloists. All of the players presented their best work with one ensemble receiving a gold and being only half of a point away from a perfect score. To add to the awards, the marching band at ISSMA received music and percussive achievement to go along with their gold score. The band members not only had their trophies to take from this year, but they also had many memories.

Phoebe Tomac, senior, said, "What I am going to miss the most is the home I have to leave. Believe it or not, band is a family, and after being with them for seven years, saying goodbye is one of the hardest things I have ever had to do. I am going to miss walking into the band room every day and making memories that will last forever. I am going to miss doing my favorite things with my favorite people."

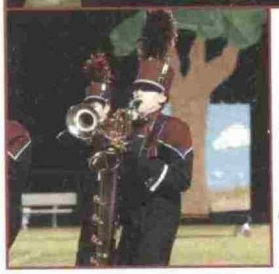
One memory that stood out to senior Lauren Schmal was the attendance during seventh hour woodwind class. Each of the students would respond in a weird, hilarious way when they heard Mr. Lowry call their name. Schmal said, "That was band this year, making memories and laughing while we could."

The band also managed to make unforgettable memories outside of school. When school was canceled for the rest of the year due to the coronavirus outbreak, the students were able to find an app called Arabella that they could still get together on and record music. Senior Ashley Haemker said, "The fact that while the world was falling apart we were able to stick together through music shows why band is important."

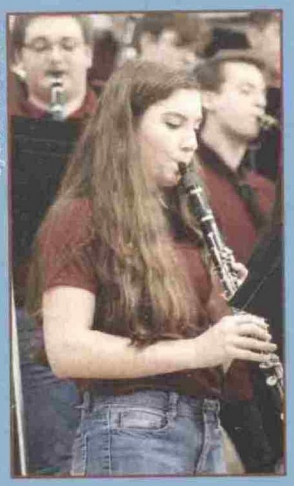
Leo Gliwa, 12



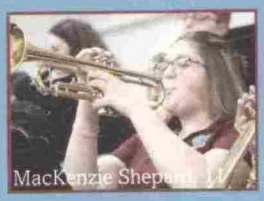
Tyler Sheet, 9



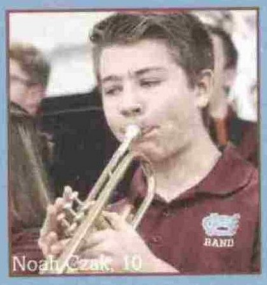
Zach Fleming, 12



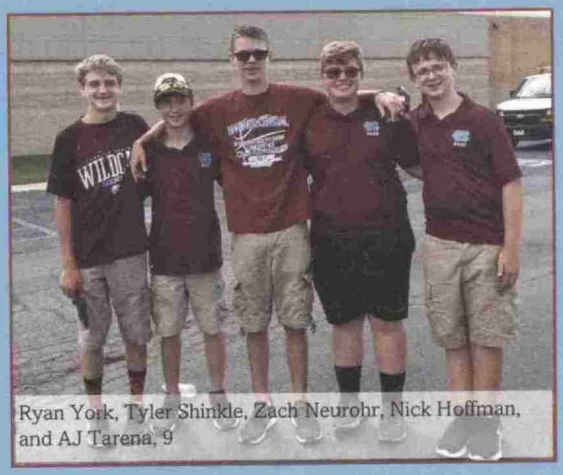
Sydnie Wilson, 12



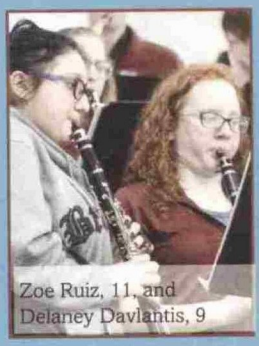
MacKenzie Shepard, 11



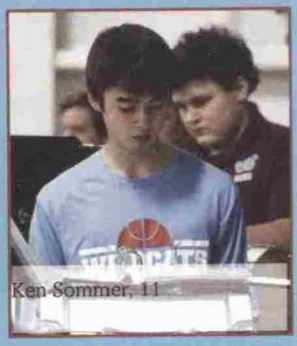
Noah Czak, 10



Ryan York, Tyler Shinkle, Zach Neurohr, Nick Hoffman, and AJ Tarena, 9

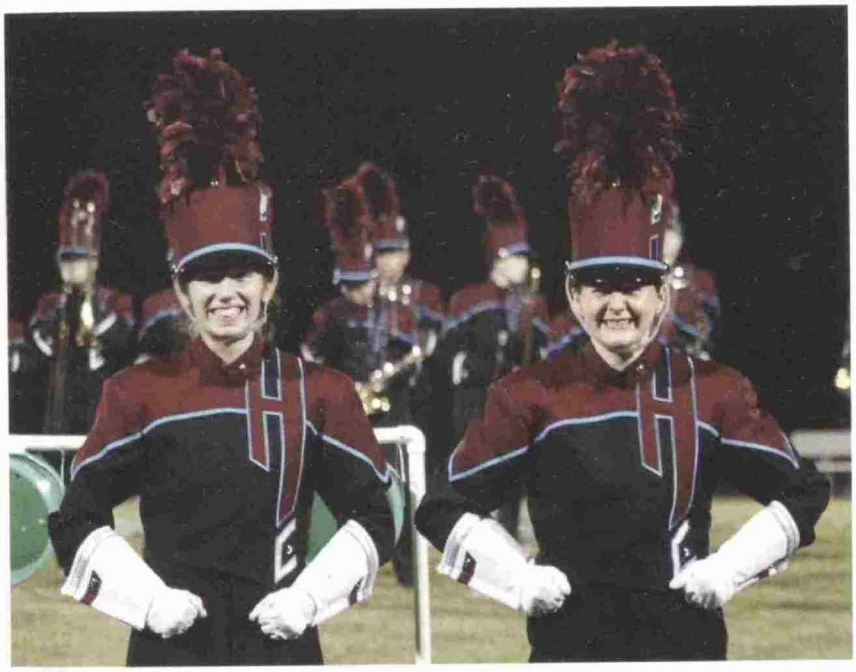


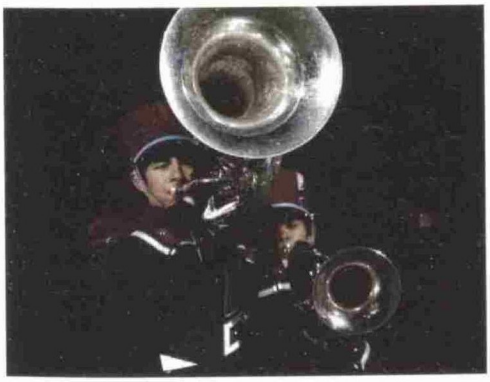
Zoe Ruiz, 11, and Delaney Davlantis, 9



Ken Sommer, 11

"My ensemble, Bryce Noble (10), Katie Jackowski (11), Jacob Schulman (11), and I, were .5 points away from a perfect score. As somebody who has been going to state ISSMA since I was a freshman, having such a fulfilling conclusion for it my senior year felt very rewarding. It was as if I could see how much I have grown as a musician right in front of my face."
-Kayla Denklau, 12





The Start of the Show
Smiling, seniors Kayla Denklau and Phoebe Tomac lead the marching band during this year's marching band routine. The Pride practiced very hard this year and received music and percussive achievement and gold at ISSMA with this performance.

Practice Makes Perfect
After countless hours of practice thoughout the summer and after school, senior Johnny Willems and the Pride perform their award-winning routine for the fans in the Wildcat Den.

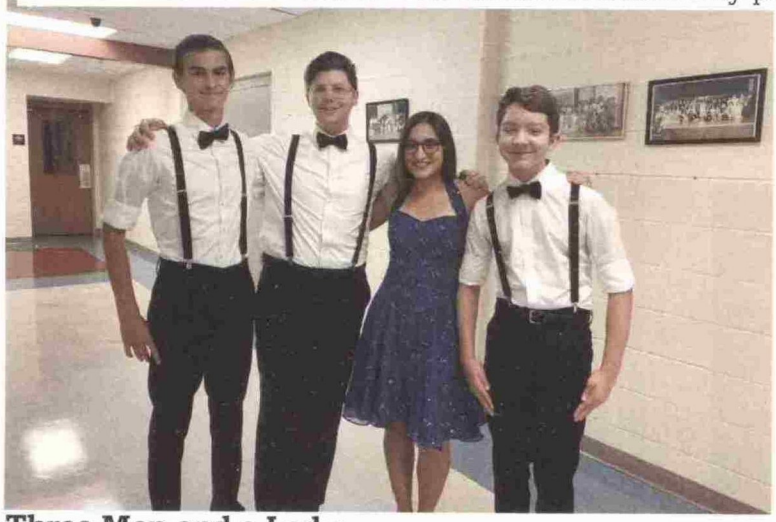
Puttin' on the Ritz

Choir students perform songs with friends and dazzle the community.

By Bella Weisbrodt and Corinne Meekma

Hanover Central's choir program progressed through a handful of changes during the 2019-2020 school year. To begin the school year, the students were placed into five separate classes instead of three. The choir program was extended to beginning choir, two intermediate classes, and two advanced classes. The students thought that this would be the only major difference, but the results were not as planned. One of the most vital events of choir is the Spring Spectacular. Not only are the singers pumped for Spec every year, the students also give a huge turn out to the event each year. Due to the worldwide pandemic of the coronavirus and the cancellation of the rest of the school year, the Spring Spectacular was canceled. This, of course, left many students devastated because it is such an important event to them. In order to showcase some of that amazing talent, however, Mr. Arroyo reached out to some of his seniors who graciously and courageously recorded their would-be solos and posted them to social media for all to enjoy as they sat in isolation.

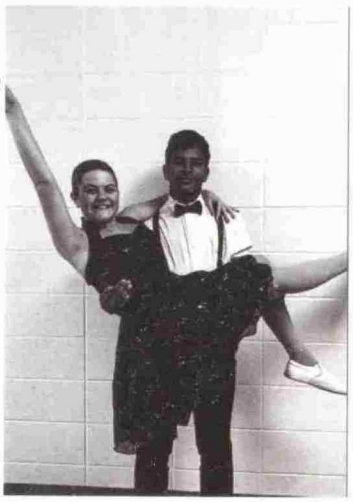
Another huge surprise was that Mr. Arroyo would be stepping away from his choir director position and moving on to become the new Dean of Students at Hanover. This year might not have ended as planned, but that made the memories of the winter concert and Veterans Day program all the more special.



Three Men and a Lady
Carina Bolanos stands with freshman and cross country buddy John Rich, fellow senior Nick Mondello, and freshman Tristan Alkire before their winter choir concert.

Singing For the Veterans
Juniors Madison Sulek, Kylie Clay, Madison Kegley, and Cassidy Clay are dressed up in patriotic colors at the annual Veterans Day assembly. Every year the gym is filled with those who have served for us. The choir sings for the veterans and always give an amazing performance for the school.

Choir Bonds
Alex Ramos, sophomore, and Haley Wigboldy, junior, were able to form a great bond in choir class, like other students in the program.



Famous Mirror Pictures
Hanover's choir room has huge mirrors that cover the front of the room. These mirrors lead to many of the mirror selfies we see on Snapchat and Instagram, as we see here with sophomores Anna Wilk and Kailee Moran.

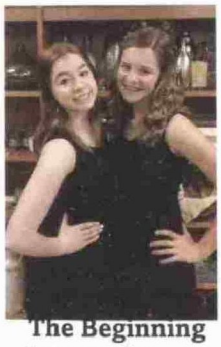
Top Ten

During quarantine, there was not much to do. One thing that helped people get through this difficult time was listening to and finding new music. Students were asked to either share their favorite playlists or create a playlist that best fit their time in quarantine. Here are the results:

1. We Don't Have to Dance- Andy Black
2. Trouble Is- All Time Low
3. Canyon Moon- Harry Styles
4. Where I Belong- Simple Plan
5. Family- The Chainsmokers and Kygo
6. Lights Up- Harry Styles
7. Godzilla- Eminem
8. Numb- David Archuleta
9. Niall Horan- Put A Little Love On Me
10. Blue Collar Boys- Luke Combs

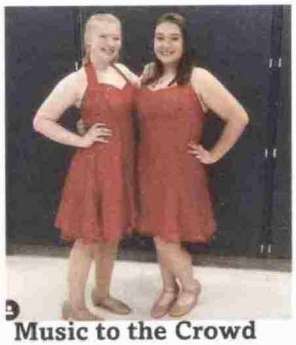
1.Don't Stand So Close To Me - Police
2.Livin' On A Prayer- Bon Jovi
3.It's The End of The world As We Know It-
4.Toxic-Britney Sears
5.How Do I Breathe- Mario
6.Take My Breath Away-Berlin
7.Down With The Sickness-Disturbed
8.Can't Touch This-MC Hammer
9.Another One Bites The Dust-Queen
10.You Make Me Sick-P!nk

Come Over - Sam Hunt
Do It Again - Pia Mia
Senorita - Shawn Mendes, Camila Cabello
Better - Lena X Nico Santos
Liar - Camila Cabello
Forgive Me Friend - Smith & Thell
Starving - Hailee Steinfeld
Beautiful Crazy - Luke Combs
Sippin' On Fire - Florida Georgia Line
Singles You Up - Jordan Davis



The Beginning
Intermediate choir members Lauren Smith and Claudia McMahon smile big before their first concert.

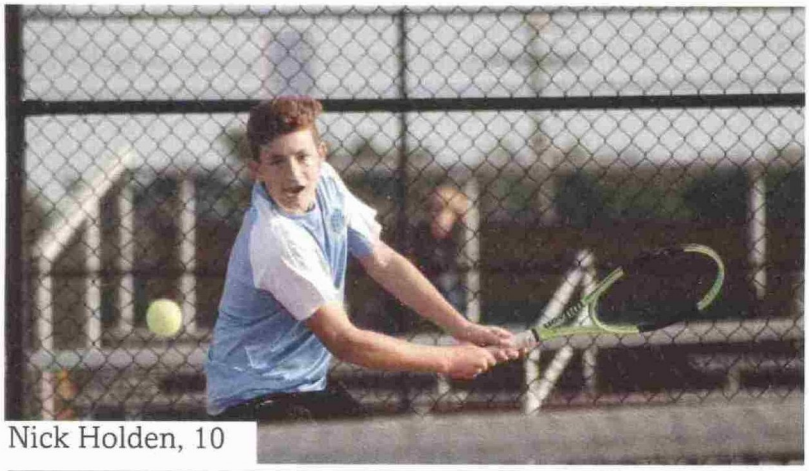
Learning from the Best
This year director Mr. Arroyo asked senior Jessica Walters to join the intermediate and beginning choirs to help guide them. As a result, she grew very close to some of the underclassmen, including freshman Kasey Anderson and sophomore Olivia Hauge.



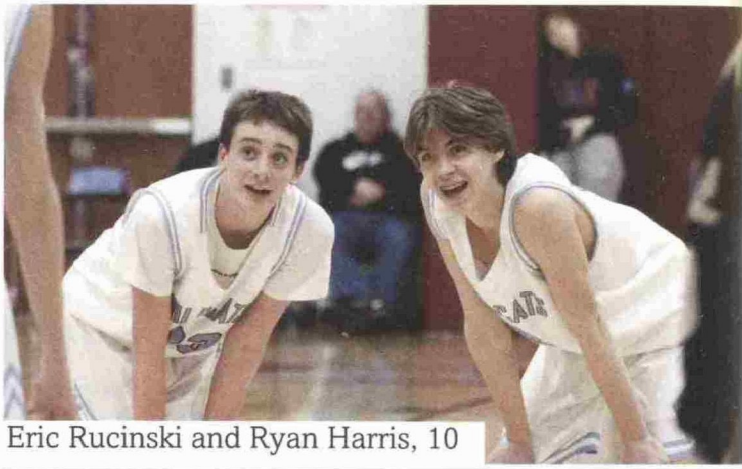
Music to the Crowd
Best friends and sophomore standouts Ashlyn White and Hannah Ingraham take a picture before the first concert of the year.

One More Year
Juniors MacKenzie Shepard, Ruthie Rakowski, and Autumn Pifferitti only have one more year of the singing and dancing at Hanover Central; they are looking forward to their senior year and the Spec performance that, unfortunately, did not occur this year. They will be sure to savor every moment.

Madelyn Opilka, Abby McCampbell, Katie Jackowski, and Peyton Frost, 11; Jessica Meier, 12

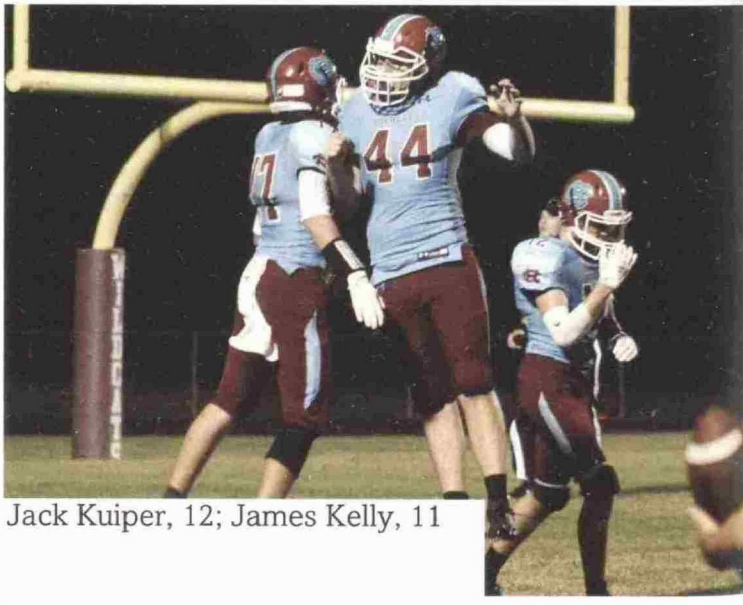


Nick Holden, 10



Eric Rucinski and Ryan Harris, 10

Hailey Vanderhye, 9; Julia Blue, 11; Reagan Noel, 12; Kaitlyn Kil, Nevaeh Govert, and Star Sanchez, 11



Jack Kuiper, 12; James Kelly, 11

ATHLETICS

The WILDCATS had an impressive year- from football, volleyball, and cross country in the fall, to wrestling, dance, cheer, and basketball in the winter- our athletes showed all of us, through their determination and teamwork, what it meant to roar louder than the rest, to come home with the victory. And even when they did not come out on top, their grace and resilience helped us all learn about how defeat is essential for growth, not only in sports, but in life as well.

While the freshmen, sophomores, and juniors will be back next year, this marks a bittersweet end for the seniors. Some were able to make their season goals, while some were not able to get on the field to play. But in both cases, what is most essential is the memories- the friendships, the mentors, the coaches, the bus rides- that came from playing throughout high school. These memories cannot be taken away and will always roar back to us throughout the years.

Driving Towards Success
Sophomore Sophia Sanchez practices her swing on the green. A very important part of golf is making sure your swing is consistent, and Sophia is making sure that her swing does not fail her in future golf competitions.

Feelin' Good
Standing near her clubs, senior Isabel Sitkowski talks with her teammates before a competition. Sitkowski was named MVP for the 2019-2020 season.

Fresh Start is the Best Start
Posing for a photo, sophomore Sophia Sanchez enjoys a day on the green. Sanchez ended up winning Rookie of the Year and Mental Attitude for the 2019-2020 season.

Getting Better Every Day
Smiling at the camera, junior Hope Walkowiak prepares for one of her last matches of the season. Walkowiak was named Most Improved for the 2019-2020 season.

Inside the Mind of a Golfer

"In this sport you have to understand that it is a mental game. You have to have mental strength and be 100% dedicated to the task at hand. There are many misconceptions about golf- from it not including any physical activity to simply going to a match and swinging a club back and forth. These are very, very incorrect. I don't just swing a club. I have to take into account that I use every muscle in my body to focus on that current moment before I swing the club. Golf is one of the only sports where you barely see any of your other teammates all day. We may be called a golf team, but we play individually. When we show up to matches, we tee off in the early mornings and most of the time do not end until early evening. We also do not drive golf carts. We push or carry our golf bags and walk the whole course. No matter what the weather is like, we never stop playing. However, this is the best time of the whole year. Just like other sports I practice every day, condition, workout, so that I can perform my best during a match.
-Sophia Sanchez, 10

Going Out in Style
Chipping to get to the green, senior Isabel Sitkowski performed well during the 2019-2020 golf season. Sitkowski qualified for the IHSAA Regional competition in West Lafayette, after shooting a 101 at sectionals.

Perfect Form
Taking a power shot, junior Hope Walkowiak competed in many competitions her junior year, including IHSAA Sectional Golf Tournament held at Valparaiso Country Club.

Ready to Rumble
Getting ready to drive, sophomore Sophia Sanchez must prepare mentally before launching the ball down the green. Sanchez competed at the IHSAA Sectional Golf Tournament and shot a 109, qualifying her for regionals.

Strength In Numbers

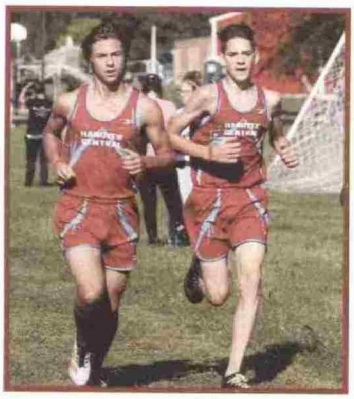
Pack running and blazing times lead to the team's best season in years.

By: Lily Bachar, Cole Cameron, Sabrina Siems and Anna Wilk

Seventeen. To the average person, it is a mundane number, but to a cross country runner, hitting the 17-minute mark for the first time is something that all runners desire to achieve. Crossing the line in this time distinguishes the above average runner from the average, and that is when the quest for greatness really kicks in, striving for an even faster time. For the 2019 team, there was another reason why seventeen carried such significance: It had been seventeen years since the boys team had advanced to the semi-state meet. Throughout the season the team had high expectations for themselves, especially since they had not lost any runners from the previous year. The runners had improved from the past year's track season, and they were acquiring a talented group of freshmen. While the year did have some road bumps, like freshmen Christian Dahn and Chase Kuzma becoming injured for the whole season, the team stayed strong. The frontrunners competed with the best of the region, and the latter runners kept the gaps close and remained consistent.

After a strong sectional performance at Hebron, the team prepared for regionals at the always formidable Lemon Lake course. Although the team was projected to advance with ease, every runner needed to pull their weight, and with an unexpected bout of pneumonia sidelining the critical fourth man, Cole Cameron, the likelihood of advancement dwindled. Seventeen looked like it might become eighteen. However, true to form, the team rallied together, packed it up, and managed to place 4th in the regional, breaking a streak and advancing to the semi-state meet for the first time in seventeen years.

Adapt and Overcome
Alex Arce began the season with an already impressive time of 18:45. However, Alex worked harder each day to improve his time. He ended the season with a personal best time of 17:05, which he ran at Lemon Lake. This drastic improvement earned Alex the team's Most Improved award.



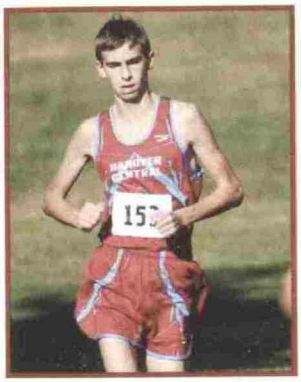
Side by Side
Charlie Watson and Chase Kuzma run next to each other during the Dave Walker Invite. The two finished with a 35- second gap between them. Even though Charlie pulled ahead, this was their closest gap of the season.

Back Row: Coach Foulds, Chase Kuzma, Kyle Thibideau, Coach Duffy
Middle Row: Ryan York, John Rich, Charlie Watson, Cole Cameron, Bryce Noble
Front Row: Eric Hasse, Logan Brown, Christian Dahn, Alex Arce
Not Pictured: Jackson McKay

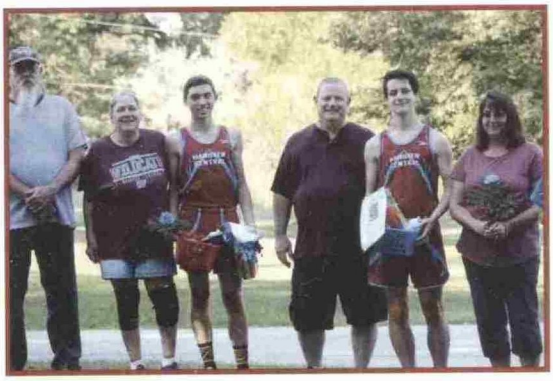
Striding Out
Juniors Kyle Thibideau and Alex Arce, freshmen Ryan York and Christian Dahn, as well as Bryce Noble, sophomore, and Cole Cameron, senior, stride out before the Crown Point Invitational. Striding out is a warm-up activity that teams do in order to ensure that their legs are prepared for the grueling race about to come. The boys utilize their strideouts to run their best race possible.

Leading the Way
Rookie of the Year Ryan York, freshman, leads a pack of rival runners from various other schools. Ryan often wore a headband during his races for both style and keeping sweat out of his eyes. "Not being able to wear headbands with logos on them is pretty inconvenient, but I still have lots of headbands without logos I can wear," he stated.

Claiming the Title
The boys team claim their conference plaque at Wheeler High School, finishing the meet with 32 points, their lowest total of any meet with more than three teams all season. Bryce Noble, Alex Arce, Ryan York, Cole Cameron, Eric Hasse, and Kyle Thibideau ended up receiving All-Conference honors.



On the Move
John Rich, freshman, pushes through a mid-race straightaway. John was one of four freshmen on the team this year, the largest group of freshmen in over seven years.

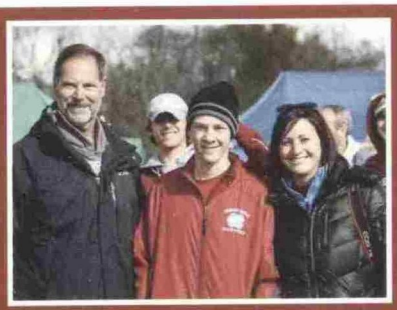


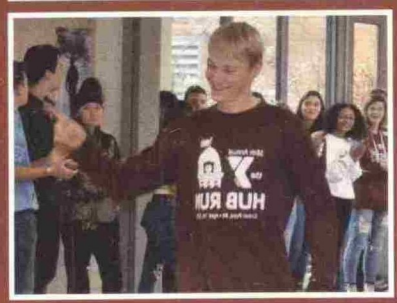
Ode to the Seniors
Cole Cameron and Eric Hasse will be greatly missed on the boys cross country team. Not only were they outstanding in the sport, but they played a critical role in showing teamwork skills. Both of the boys were extremely supportive and put a smile on everyone's face. Cole earned the Sportsmanship Award and deservingly so, as he made sure to shake every runner's hand who crossed the line after a race.

Statebound

This year Bryce Noble, the 2019 MVP and Mental Attitude recipient, became the first sophomore in school history to make the state meet. Bryce ran a time of 16:34 at Semi-State, placed 20th individually, and was the 9th individual runner to advance from the New Prairie Semi-State Meet. Bryce said that he was nervous before it was confirmed that he had made it. He said, "I was counting the seats ahead of me and trying to figure out how the scoring played for the teams that made it."

The next week before he left for state, Ms. Kepshire organized a send-off walk for Bryce, having the students line the halls and congratulate him. He went down to Terre Haute the night before and practiced at Rose-Hulman College before the meet. Bryce ran a time of 17:05, and while he was happy with his time, he stated, "I wish I could run it again and do better."





Records

Crown Point Invite- 5th place, 128 points
Dave Walker Invite- 3rd place, 91 points
Gavit Invite- 1st place, 71 points

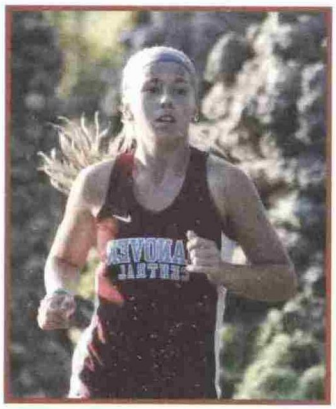
Merrillville Tri Meet- 1st place, 30 points
Culver Invite- 1st place, 92 points
Conference Meet- 1st place, 32 points
Sectionals- 3rd place, 67 points
Regionals- 4th place, 133 points
Semi-State- 14th place, 355 points

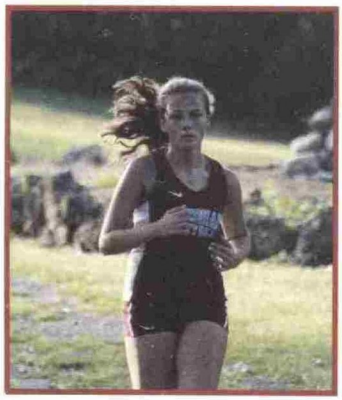
Get A Move On

Putting In the Work Leads to a Successful Future

By: Lily Bachar, Cole Cameron, Sabrina Siems and Anna Wilk



Pushing Through
Maria Davenport, sophomore, has improved tremendously over this past cross country season. Maria triumphed over tragedy, overcame her own limitations, and proved that she was an essential member of the team.

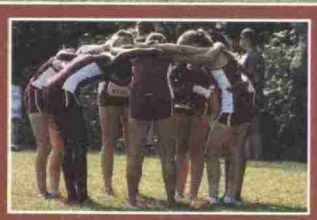


Practice Makes Perfect
Even though it was her first year running cross country, Hannah Smith, freshman, excelled in every aspect. She enhanced her time throughout the season by six minutes and said, "I was able to improve by learning how to pace myself and understand when I should go faster and when to keep a decent speed while running." Hannah plans to do cross country throughout high school and hopes to get even better as time goes on.

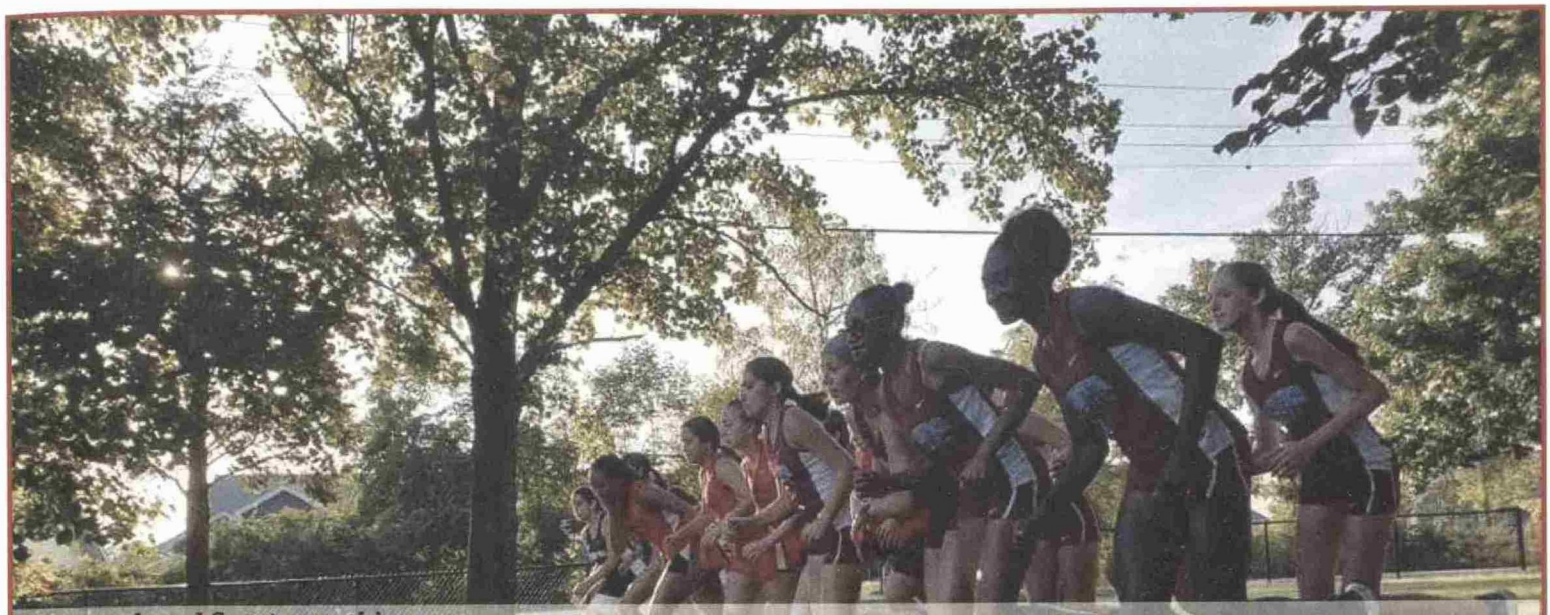
Focus. It's something that is absolutely essential when it comes to sports. However, saying the girls cross country team wasn't focused on the sport as much as their academic goals or social lives is an understatement. The girls were super close, which wasn't a bad thing, but they didn't get much done at practice. Practices started flying by, and the girls weren't improving. Finally, Coach Duffy took it into her own hands to make their attitudes change. She said, "I know you may not get first every race, but you can't walk up to the line expecting to lose either. You have to believe that winning is possible, and you have to practice with that mentality as well."

After this, the girls realized they were doing everything wrong. At that practice the focus had shifted, probably because of Coach, but the girls began to change, too. They had set out to do something they could have done their whole season. At practice they would work harder and harder each day. Instead of talking at practice, they decided to push each other. For the final three to four meets, they found their pack and began to run together during meets. They ended up being the runners up at conference with Maddie Kartz placing 3rd, Maria Davenport in 4th, Sabrina Siems in 8th, Malia Butler in 9th, Mia Sarkey in 10th, Maya Butler in 11th, and finally Carina Bolanos in 12th. Hannah also contributed to the win in her JV race and by supporting the girls. In the end, the girls finally realized they could achieve something great. They had missed semi-state by a place, but three girls did advance; Maddie Kartz (2019 MVP and Mental Attitude) placed 100th, Maria Davenport placed 122nd, and Malia Butler placed 154th. Also, we can't forget Maria's plastic baby at semi-state that really gave the team something to fuss about.

Back row: Coach Foulds, Malia Butler, Maya Butler, Maria Davenport
Middle row: Carina Bolanos, Hannah Smith, Chloe DeBoer
Front row: Sabrina Siems, Maddie Kartz
Not pictured: Mia Sarkey and Coach Duffy



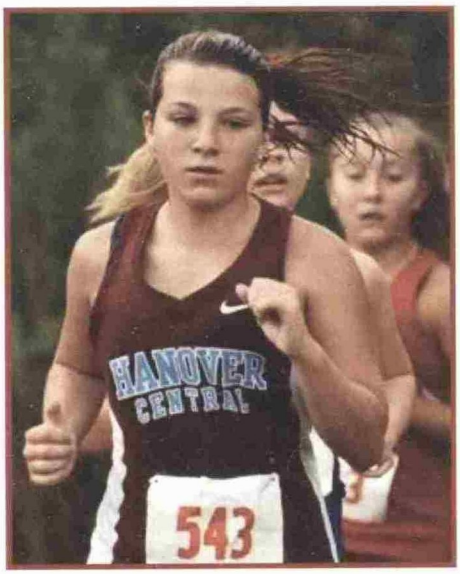
Coming Together
In any sport, communicating and teamwork are extremely important to the team's success. If each member of the team is able to connect to each other on a personal level, then the team as a whole will be able to work to the best of their abilities. The girls in cross country show their good teamwork and sportsmanship skills, as they support and care for one another. Not only do they get along while in the sport, but also outside of the sport. They hangout and spend time with each other constantly, and strengthen the bond between them.



Teamwork and Sportsmanship
The Hanover Central girls cross country team spends most of their time running at the Monastery woods. They practice by following the course, which eventually prepared them for their first, and only, home meet. The girls cross country team showed their sportsmanship to their competing teams and led them through the course as well as answering their numerous questions. They ended up defeating the other teams and celebrated their victory all together as a team afterwards.

Starting Something New

Sabrina Siems started her first year on the cross country team, but proved right from the beginning that she was an extremely valuable member of the team. Sabrina had been recruited by the members of the girls cross country team after she placed 7th at a 5k race. Quickly, Sabrina earned a spot on the varsity team. Although she had a rough start, when asked how she improved, she stated, "I started putting forth all of my effort and also worked alongside Maddie Kartz to enhance both my speed and times." She started with a time of 26 minutes and ended with a personal record of 23 minutes, becoming the 2019 Rookie of the Year. Like the rest of the team, Sabrina is excited to see what the 2020 season will bring.



Records

Crown Point Invite- 6th place

Dave Walker Invite- 8th place

Gavit Invite- 4th place

Harrison Invite- 20th place

Lowell Invite- 13th place

Bishop Noll/ Lake Station- 1st place

New Prairie Invite- 10th place

Rensselaer/Merrillville- 3rd place

GSSC Championship Meet- 2nd place

IHSAA Sectional- 4th place

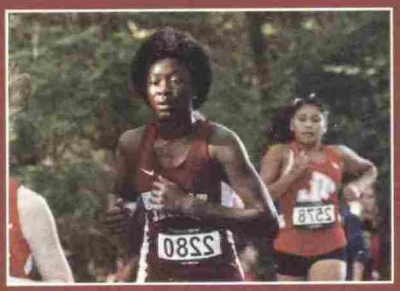
IHSAA Regional- 6th place

Leaving Family Behind

Carina Bolanos, a senior and this year's Most Improved runner, accepts her gift on senior night at her last home meet at the Monastery. Carina ended up winning this meet, and the girls defeated Lake Station and Bishop Noll as a team. However, this does not picture what she is leaving behind. The girls cross country team was a family this season, and they considered Carina to be the team "mom," maybe because of how loud she was and because of her unique sayings: "Queen!" and "That's so me!" were some of her trademarks. Goofy and boy crazy, Carina's absence will be felt in the years to come, but she has left her mark on the girls cross team.

More Than Just a Runner

Malia Butler, sophomore, is undeniably one of the best people who attends Hanover Central. Overall, she is a very caring person who respects everyone who she encounters. Her personality shines through during cross country. For example, after she finishes a race, she waits for her teammates to come through and congratulates them, along with people from other teams. Her work ethic, lack of complaining, and sportsmanship stands out on the team; for all of the reasons mentioned, Malia was the team's recipient for the Sportsmanship award.



Life is Better On the Court

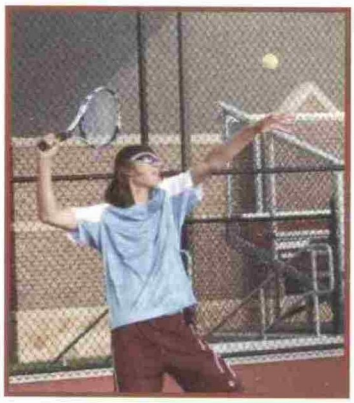
The Wildcats Hustle, Hit, and Never Quit!

Serving His Team Well
As Aidan Beilke tosses the ball in the air as part of his serve, tensions rise as well for the start of a new game. The dedication he put into each and every game allowed him to finish the season with a record of 14-1. Aidan never got to experience playing a singles match; however, he grew to love playing with a partner. He said, "I love it because the other teammate offers moral support when the other is not 100%."

The Varsity Boys tennis season concluded on September 26, 2019, after capturing their second consecutive Conference title, along with winning first place at the Highland Doubles Invite. Throughout the season, they had many accomplishments with such an overall young team. With the exception of seniors Dominick Amadio and Austin Gineris, the majority of the team consisted of underclassmen. The tennis team is looking forward to the next season as young talent and standouts such as Aidan Beilke and Nick Holden return. The Varsity boys tennis team, coached by Eric Stark, has the potential next season to have as much, if not even more success than they had this year.

Win! Win! Win!
The Varsity boys tennis team celebrates the end of their regular season with an undefeated conference record.

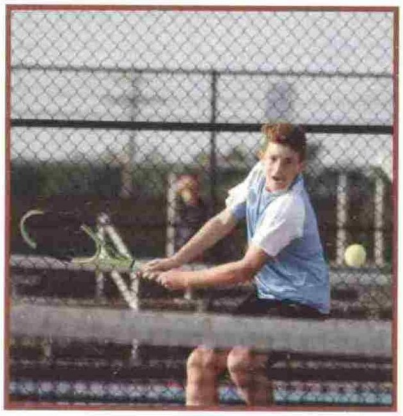
The Hotspot!



Nathan Ramaly received the Sportsmanship Award. In an interview with him, he said, "This team was fun to be a part of, and everyone worked very well together."

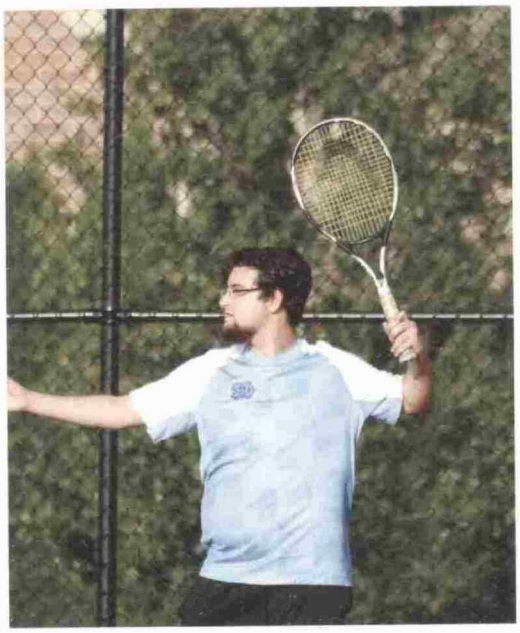
Nick Miedema was named Rookie of the Year. "The most important part of this team was having a good coach and a lot of team bonding on the court."

Underclassman Nick Holden was awarded with the Mental Attitude Award. In an interview with Nick he said, "Supporting my teammates is the most important thing to me."



Wildcats With the Win!
Noah Czak, sophomore, represents his team as he shakes his opponent's hand in preparation for a long battle against Griffith High School.

Scoring Once Again
Luke Baswell, junior, hits the ball over the net again to gain another win for the boys. His scores contributed to the team's overall win against Illiana Christian with a score of 5-0.



Setting Up for Success
Austin Gineris sets up his serve for his next victory.

Varsity

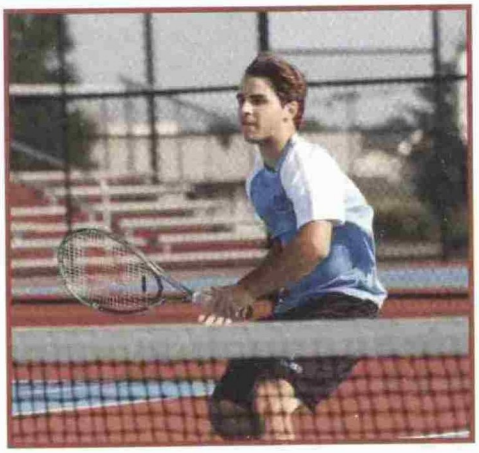
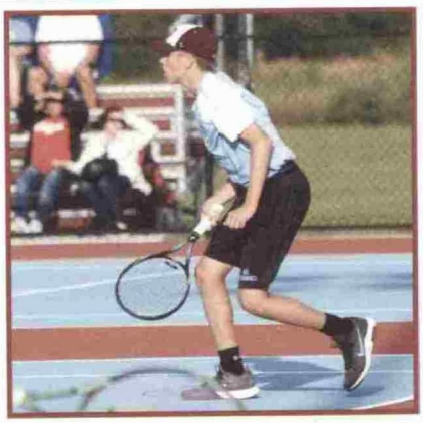
Lowell High School	3-2
Crown Point High School	5-0
IHSAA Sectional	3-2 loss against Lake Central

By: Taylor Towry, Brooke McCune, and Mikayla Dobe

Senior Dominick Amadio was named the Most Valuable Player at the Fall Sports Banquet. Upon receiving this award, Dominick said, "I was really proud of how our team performed this year, and I'm just glad I was able to do my part."



Ryan Mueller, sophomore, was named Most Improved on the team. Ryan has been playing tennis since middle school and has high hopes for his future. "I was really proud that I got this award, and I hope to improve even more next year."



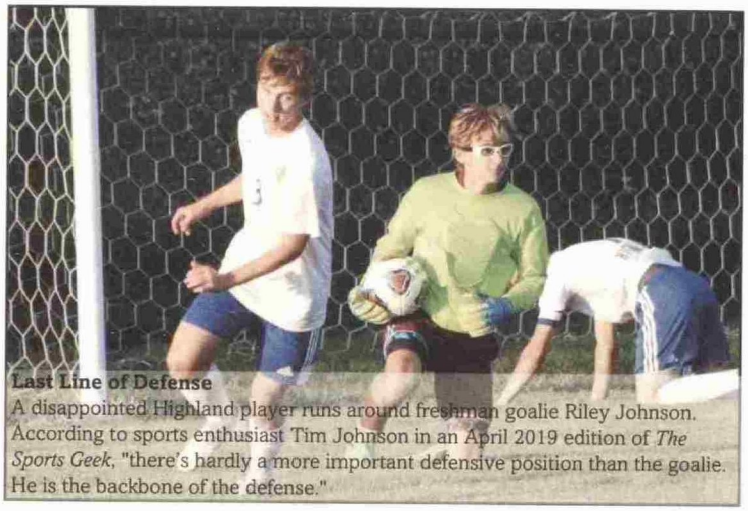
Kick It Up a Notch

Played without encountering any shutouts

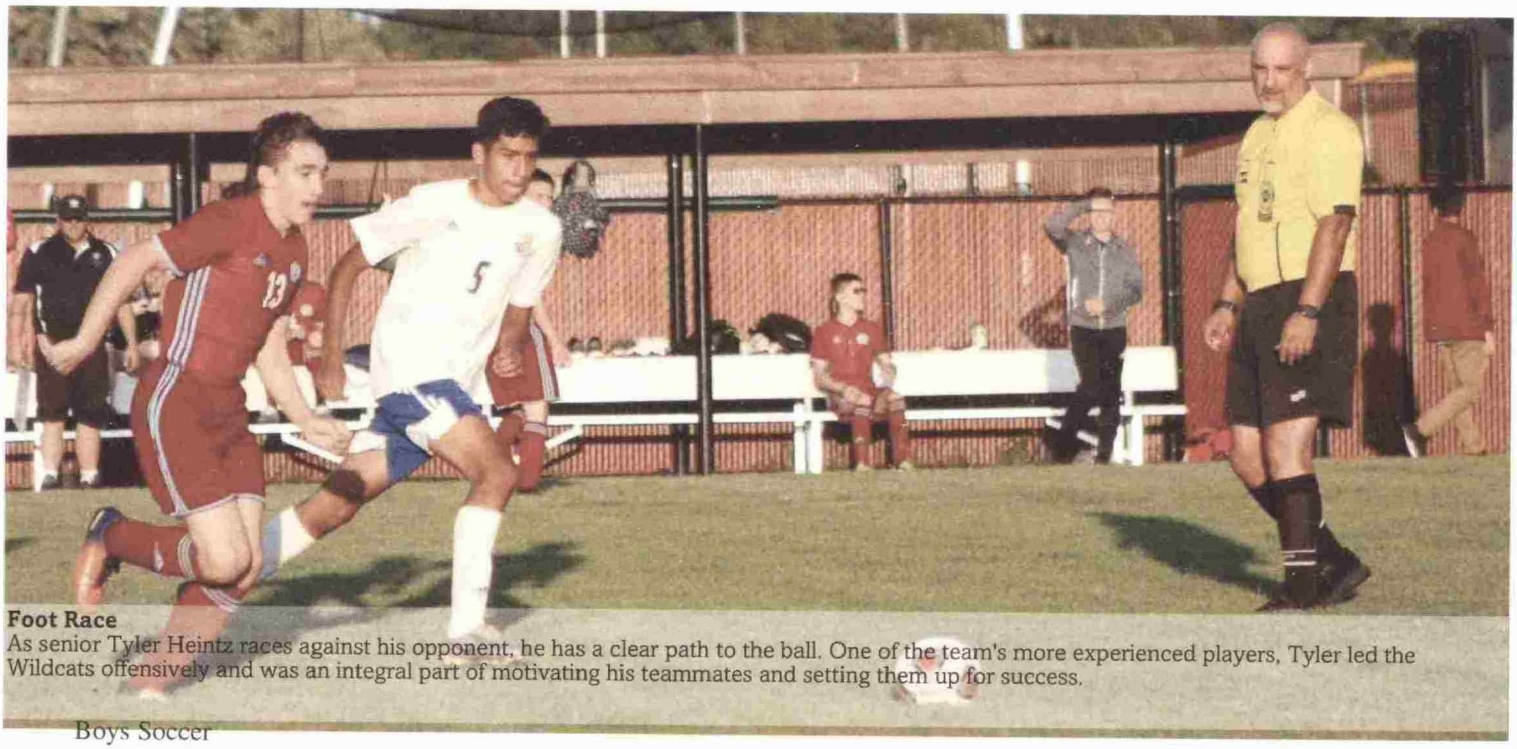
By: Brookelyn Rothgeb, Corinne Meekma, and Sarah Piepho

The Hanover Central boys soccer team had a season that was different from many others. The team was hit hard by the loss of eleven seniors last year; as a result, it was composed of mainly freshmen. At the beginning, it was a struggle for the team, trying to teach the freshmen new skills and plays to match up to the seniors' capabilities. Coach Satka told his team that this season was a "rebuilding year." With the help of both Coach Robertson and Coach Satka, the team persevered. Each player improved their skills with every practice and game as the season advanced. They showed exceptional skills, especially when put up against many tough opponents. Even though it was a small team this year, they were exceptionally good in every game. The last game was against Hammond Morton High School, which sadly ended the season for boys soccer.

A Welcome Addition
One of the best moves in soccer, freshman Luke Corey goes for a header against his Highland opponent. An exceptionally athletic student, Luke was a welcome addition to the young team and will undoubtedly experience tremendous growth in the years to come.



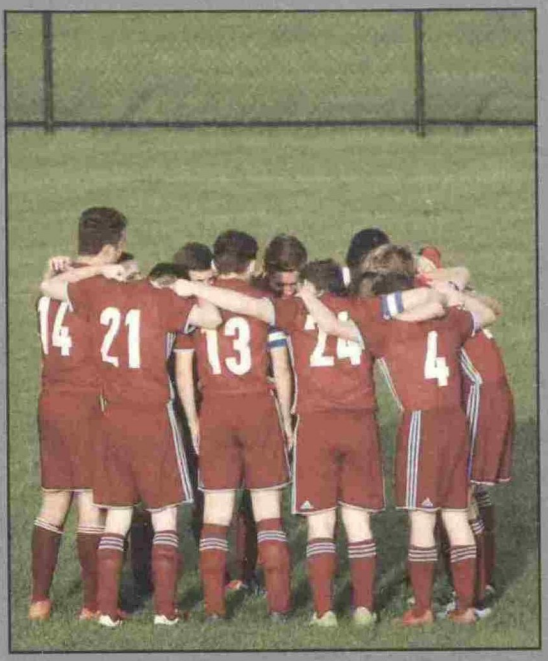
Last Line of Defense
A disappointed Highland player runs around freshman goalie Riley Johnson. According to sports enthusiast Tim Johnson in an April 2019 edition of *The Sports Geek*, "there's hardly a more important defensive position than the goalie. He is the backbone of the defense."



Foot Race
As senior Tyler Heintz races against his opponent, he has a clear path to the ball. One of the team's more experienced players, Tyler led the Wildcats offensively and was an integral part of motivating his teammates and setting them up for success.

TEAM AWARDS

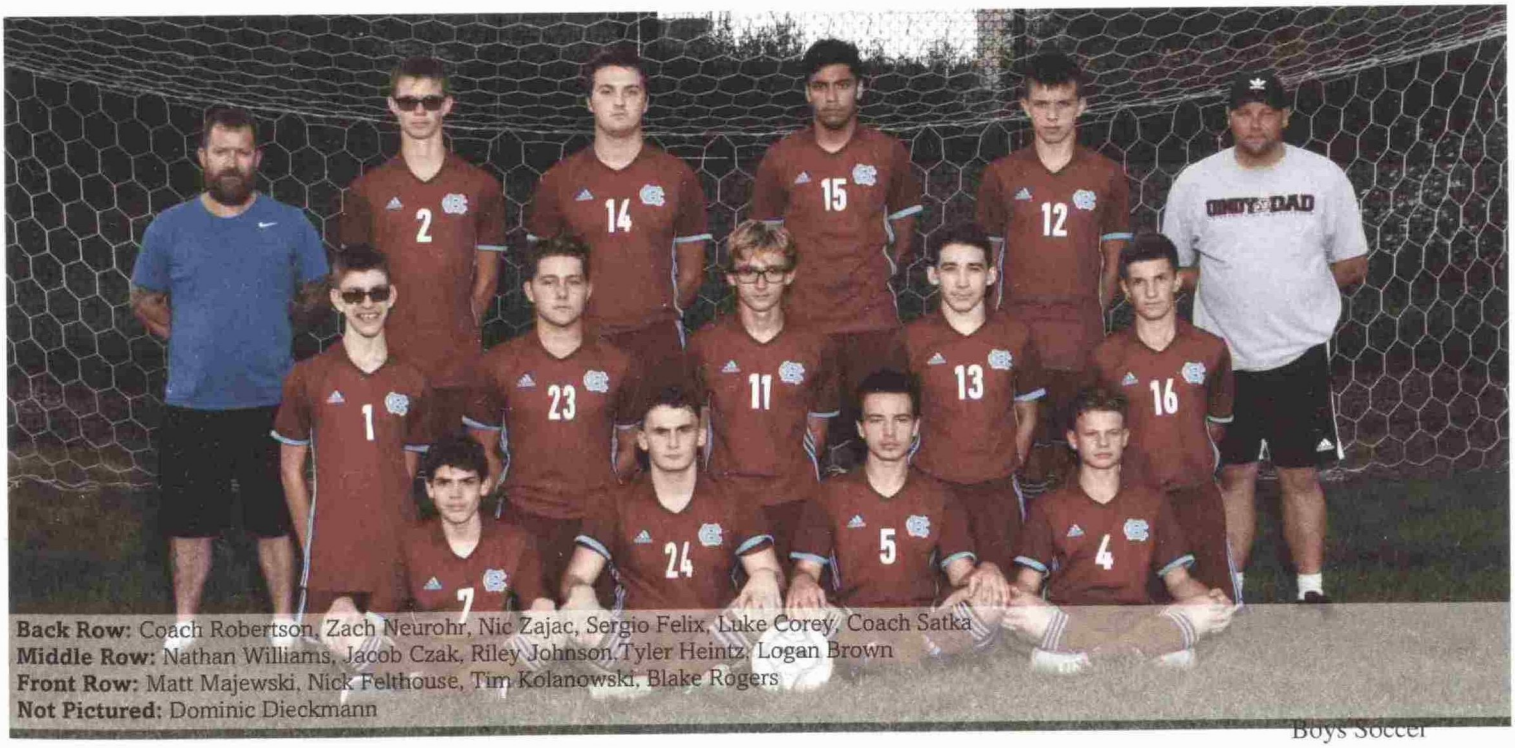
Most Improved:	Blake Rogers
MVP:	Jacob Czak
Rookie of the Year:	Luke Corey
Offensive Player:	Tyler Heintz
Defensive Player:	Tim Kolanowski
Sportsmanship Award:	Nic Zajac
Team Player:	James Erickson
Wildcats Award:	Nick Felthouse



Team on Three!
As the fans cheer, the team's seniors give a pep talk to prepare for the hard opponents to come. Their key to success was motivation and determination. The attitude before the game could come down to the focus and the attitude of the team. Nic Zajac, a senior, said, "Hebron was my favorite game because we won in overtime, and it was in penalty kicks. River Forest was also my favorite because I got to score and it was a thriller."

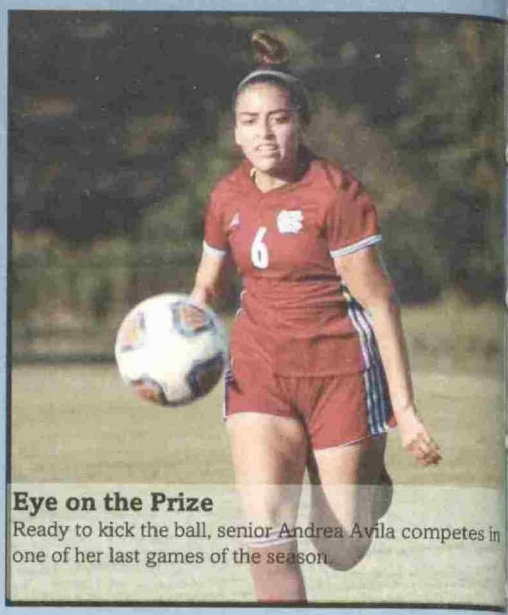
Booting it Back Home
Senior, Jacob Czak goes to kick the ball down the field trying to reach the goal. Jacob was a starter for the team and was a key component to making the team whole. During the season, Jacob played every minute of every game. " My favorite memory was the games when we put all of our effort in and played like a team."

Fighting the Clock
Junior Nick Felthouse sprints down the court to get the ball back from the opposing team. Nick was awarded the, newest award, the Wildcat award. "My favorite memory of junior year was when I gave Jacob Czak the perfect cross kick at our last game," Felthouse stated.

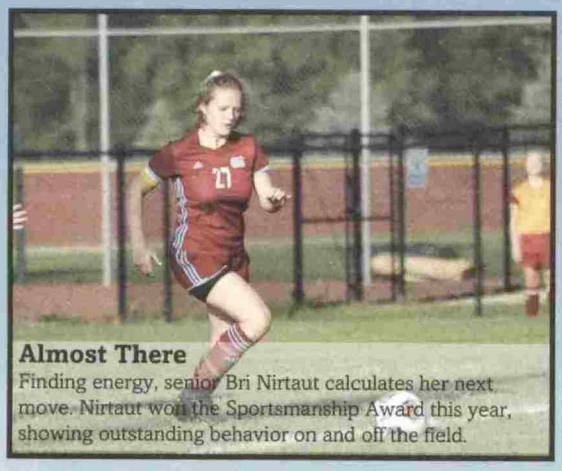


Back Row: Coach Robertson, Zach Neurohr, Nic Zajac, Sergio Felix, Luke Corey, Coach Satka
Middle Row: Nathan Williams, Jacob Czak, Riley Johnson,Tyler Heintz, Logan Brown
Front Row: Matt Majewski, Nick Felthouse, Tim Kolanowski, Blake Rogers
Not Pictured: Dominic Dieckmann

Awards
Most Valuable Player- Camryn Sterkowitz
Most Improved- Olivia Hauge and Nicole Deady
Mental Attitude- Nevaeh Govert
Sportsmanship Award- Bri Nirtaut
Rookie of the Year- Lucy Gutierrez and Star Sanchez
Offensive Player of the Year- Savannah Ferry
Defensive Player of the Year- Maddy Kartz
Lady Wildcat Futbol Award- Alexis Vera

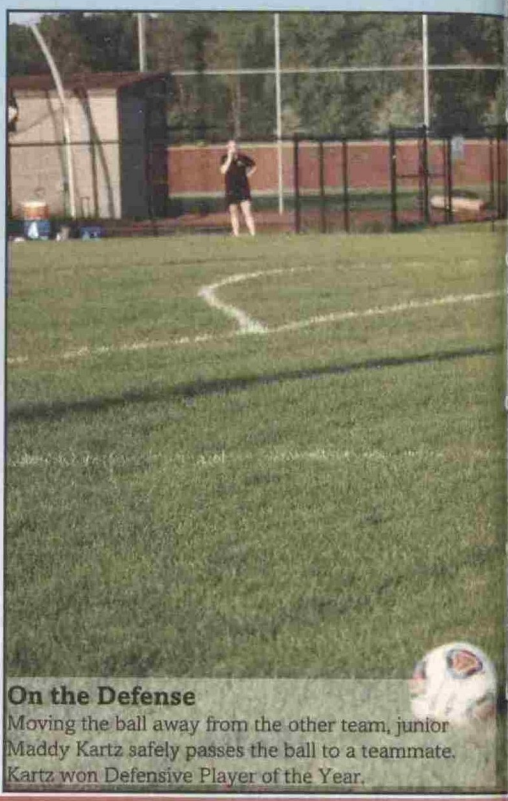


Eye on the Prize
Ready to kick the ball, senior Andrea Avila competes in one of her last games of the season.



Almost There
Finding energy, senior Bri Nirtaut calculates her next move. Nirtaut won the Sportsmanship Award this year, showing outstanding behavior on and off the field.

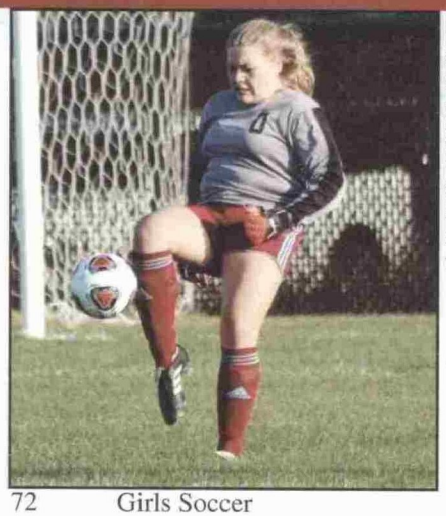
Launch
Using all her might, junior Nevaeh Govert gives it her all during a competitive game.



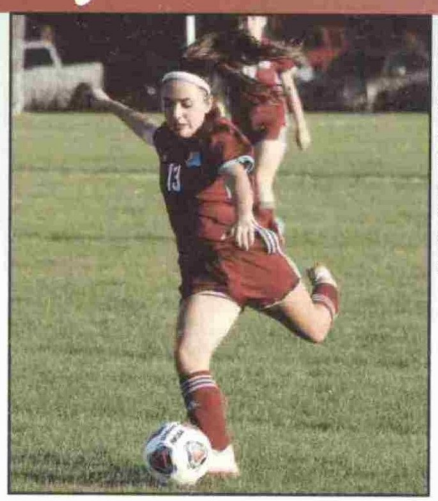
On the Defense
Moving the ball away from the other team, junior Maddy Kartz safely passes the ball to a teammate. Kartz won Defensive Player of the Year.

Back Row: Coach Pattison, Gabrielle Anderson, Nevaeh Govert, Star Sanchez, Katie Sarna, Nicole Deady, Savannah Ferry, Brianna Behling, Coach Koedyker, Coach Sakelaris
Middle Row: Lucy Gutierrez, Brianna Kraus, Quinn Culton, Olivia Hauge, Maddie Stutsman, Toni Bultema, Emily Vallejo, Madeline Kartz, Yumi Baer
Front Row: Bri Nirtaut, Christina De Lange, Brooke Centanni, Audrey Harris, Alexis Vera, Camryn Sterkowitz, Andrea Avila
Not Pictured: Avery Culton

All-Star Players



Game Saver
Showing off her defensive blocking skills, senior Audrey Harris defends the goal against River Forest. Harris played soccer throughout her time at Hanover. While she will miss the game, she gained friends and work ethic from her time on the field. Her contributions will be missed by the underclassmen.

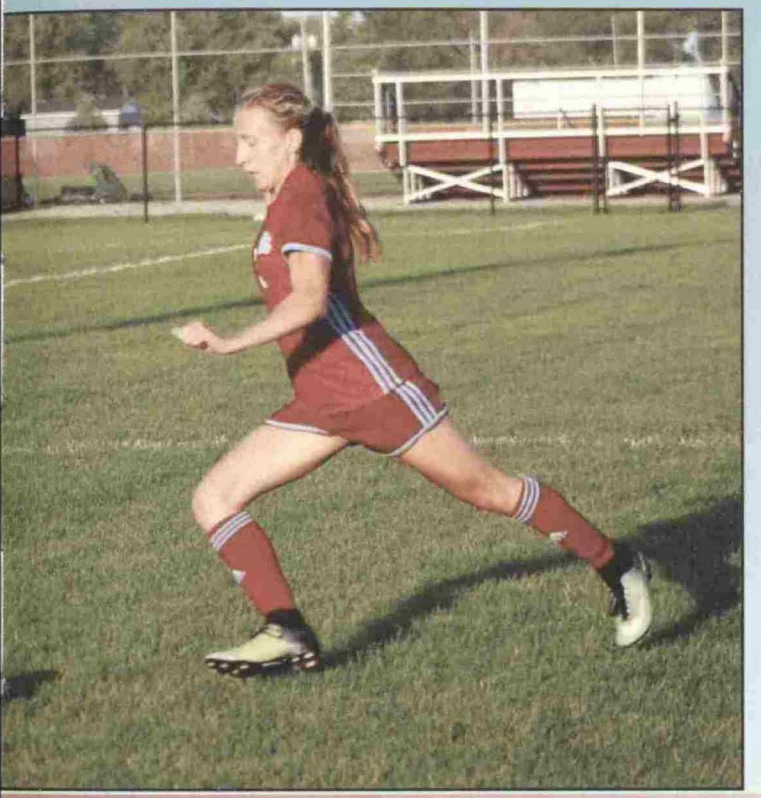


Refuse to Lose
During the varsity game against Covenant Christian, sophomore Olivia Hauge attacks the ball in hope of a goal. Hauge won Most Improved for the 2019-2020 season. While all members improved, Hauge showed the greatest improvement, showing that time, effort, and patience makes a difference.

Go After Your Goals

By Bella Weisbrodt, Hope Huyser, and Allison Mueller

Finding Strength Through the Pain
Injuries definitely do not get in the way of junior Savannah Ferry. Savannah tore her ACL during the season this year. Despite her injury, she still ended the season very successfully by scoring twenty-four goals before she was injured. Savannah currently holds the spot as the fourth best scorer in Hanover soccer history.



The 2019-2020 Varsity Girls Soccer team was one of a kind this year. The year started with a group of twenty-three talented, athletic girls who were ready to leave it all out on the field, but then everything went down hill. Six of the team's crucial players suffered season-ending injuries: Savannah Ferry had a torn ACL, Alexis Vera was out with a concussion, Camryn Sterkowitz was recovering from a knee injury, Brianna Behling was out with a concussion and torn ACL, Brianna Nirtaut had a knee injury, and Brooke Centanni was out with a concussion. Coach Jim Pattison even called it an "injury-ridden year." With some of the most valuable team members out, the other players knew that they had to step up. Pattison stated, "Unfortunately, it cost us some games, but it is going to help us in the long run." The injuries made other players step up and improve their skills, which hopefully means an incredible season next year. Even with all of the obstacles the girls had to face, they still pulled off a good season, ending 8-7-1.

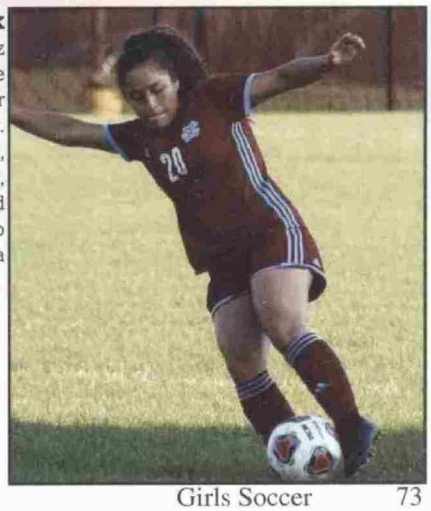
SCOREBOARD

Rensselaer	W 6-1
Merrillville	W 9-1
Griffith	L 3-1
Hebron	L 3-1
Wheeler	L 7-0
Covenant Christian	Tie 4-4
Hammond Clark	W 6-2

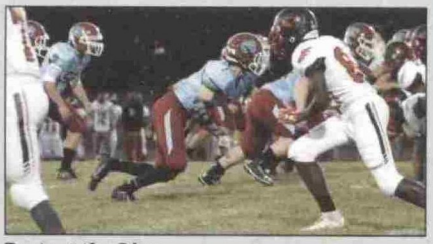
Kouts	W 6-2
Boone Grove	L 9-1
Washington Township	W 9-1
Lowell	L 8-0
River Forest	W 12-4
Bishop Noll	L 7-3
Morton	W 13-0

Rookie of the Year
Coach Pattison wanted Star Sanchez on the team ever since she was in seventh grade. She did not play her freshman or sophomore year, but this year she decided to join her friends and be a part of the team. Sanchez showed great aptitude for the game, winning Rookie of the Year.

Fancy Footwork
Freshman Lucy Gutierrez makes her way towards the goal while leaving the other team scrambling after her. Wining Rookie of the Year, Gutierrez grew as a player, working on her passing and scoring skills. In the years to come, Gutierrez will be a leader on the team.

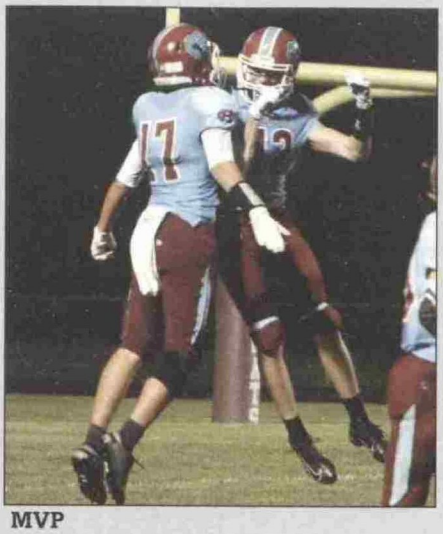


Rewind/Advice
Coach Kopec talks to KC Sink, Ian Thompson, and Austin Foster about better plays and how to keep going during a difficult game.



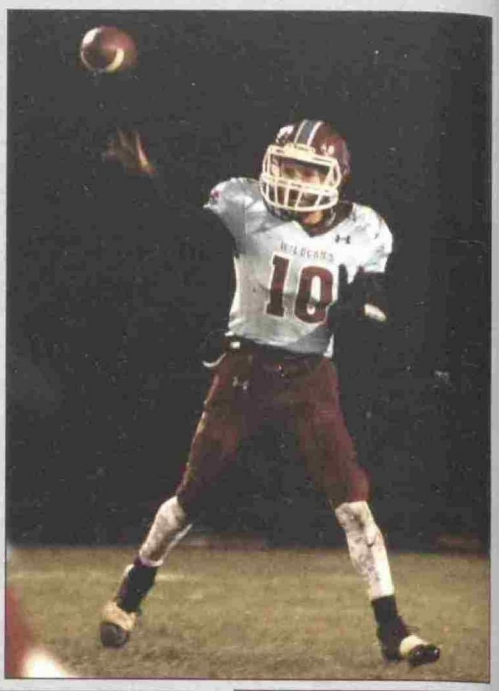
Protect the Line
Defensive lineman Austin VanKley, sophomore, drives towards E.C. Central's offense. At 6'2" and 175 lbs, he can cover a lot of ground quickly and ferociously.

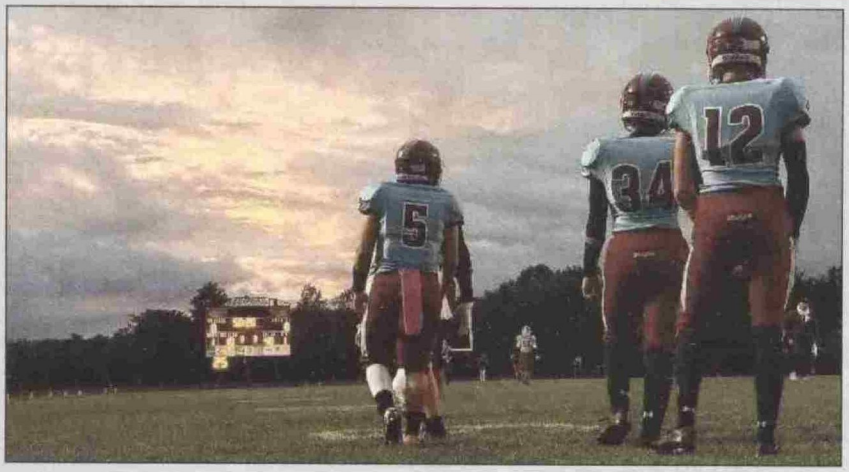
Brotherhood
Junior James Kelly and sophomore Colten Zableckis prepare to take on EC Central's defense. This group of underclassmen are learning the value of teamwork and responsibility. Junior Max Warchol said, "Ever since Parker came in, we became a brotherhood. That's what we call each other, and we play for our brothers."



MVP
Seniors Jack Kuiper and Ryan Breedlove celebrated a touchdown in one of their last games. Kuiper broke the record for interceptions and was named MVP, racking up points for his team time and time again.

A Whole New Level
Blaze Cano made a great throw right before hitting the sideline. This season he was designated the starting quarterback in place of senior Tyler Fruehling, after Tyler was injured with a concussion. He played the role to the best of his capabilities. His top performances were in the games against Griffith and Twin Lakes team. During those two games, he had the most pass completions and yards.

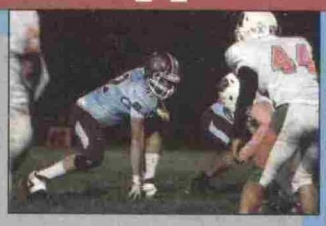




Eternal Fire
The upperclassmen felt time fly by, when looking back on memories they can't forget. Tyler Fruehling said, "I feel my favorite game was senior night and being with that whole group of guys. That is a memory I will never forget." Michael Simon added, "With this being my senior season, each game really held some weight. From the first to the last, I had to give it my all because this was my last chance." Sam Primozic concluded, "If I could change something, I would have been more of a leader and tried to get the team more prepared for games." While times are changing, they will always have these memories.

Opportunity of a Lifetime

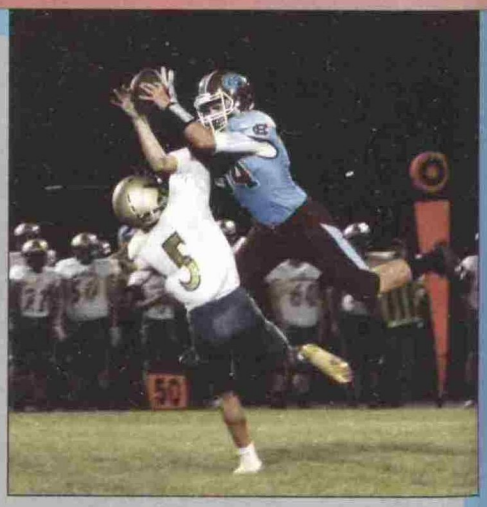
By: Verenisse Napoles and Priscilla Seniw



Win for the Boys
Staring down his opponent, senior offensive lineman Michael Simon zeroes in on the Bearcats. As a senior, this was his last chance to prove his all against a tough conference opponent.

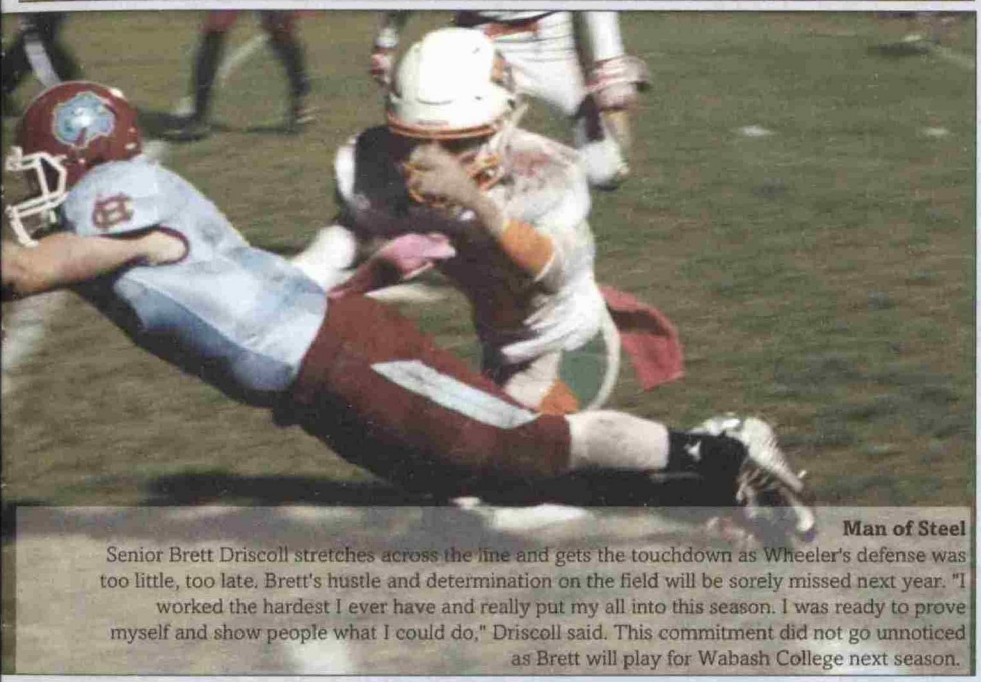
A Man They Can Trust
When it comes to someone who can get the job done, the Wildcats know that they can rely on junior wide receiver Bryan Hoover.

Flying Away
One of junior Adam Graham's many phenomenal catches throughout the season occurred here against Griffith. He has one of the highest catch records for the team.



A BROTHERHOOD

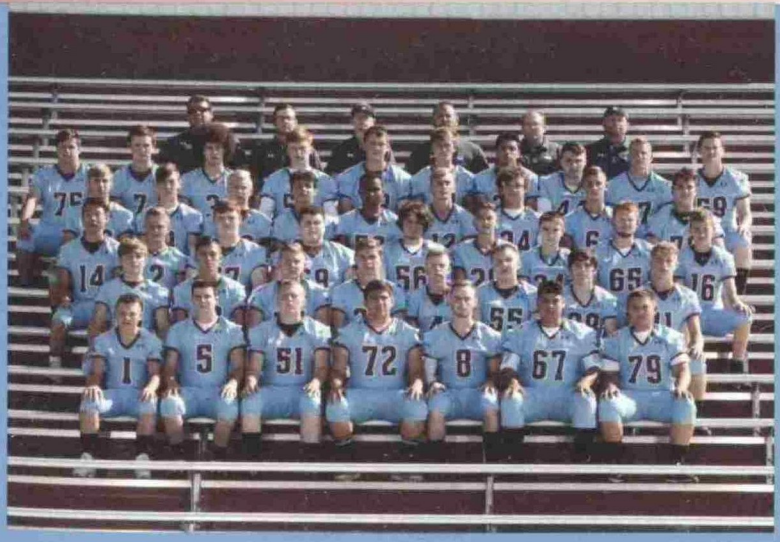
Passing the Torch
As senior Tyler Fruehling prepares to pass off to freshman standout Kyle Haessly, it is in some ways symbolic. These seniors have helped build a legacy that the underclassmen will work diligently to protect and strengthen. The GSSC and other Region teams will have their hands full in the future whenever the Wildcats come to play.



Man of Steel
Senior Brett Driscoll stretches across the line and gets the touchdown as Wheeler's defense was too little, too late. Brett's hustle and determination on the field will be sorely missed next year. "I worked the hardest I ever have and really put my all into this season. I was ready to prove myself and show people what I could do," Driscoll said. This commitment did not go unnoticed as Brett will play for Wabash College next season.

Get Ready, Wildcat Nation

In football, second chances are everything. You get a second chance to be even better than before and lead your team to victory. Whether you are a substitute or a starter, you get a chance to prove yourself and be a part of a BROTHERHOOD. The boys at Hanover Central believe in the game with all their might. They train for hours on end just to get a chance to prove themselves on the field. For the 2019-2020 season, their hard work paid off. A major season highlight was the team winning against Griffith, whom they lost to last year. The season record was 6-4 and 2nd in Northern Division. Senior Michael Simon said, "there is so much potential on the next year's team. They have a lot of young talent, and they are going to absolutely dominate the Greater South Shore Conference. I hope Wildcat Nation is ready." While we will miss the seniors, this is just the start for the Wildcats football team, the start of a competitive team, and the continuation of a brotherhood.



Team Roster
Ryan Hildeman, Austin Vankley, Tyler Fruehling, Michael Simon, Austin Foster, Kyle Anderson, Sergio Felix, James Kelly, Jack Kuiper, Connor Maul, Colton Zableckis, Logan Scott, Garret Schreiber, Luka Zakman, Chris Williams, Ryan Breedlove, Adam Graham, Kyle Haessly, Davin Hunt, Austin Fanta, Blake VanTholen, Ian Thompson, Leo Vukmirovich, Bryce Bolde, Caleb Zitcherman, AJ Kleist, KC Sink, Danny Kelly, Kyle Hoover, Blaze Cano, Maddux O'Brien, Max Warchol, Kyle Brouwer, Jacob Kooi, Bryan Hoover, Gannan Howes, Walter Nieto, Brett Driscoll, Joe Austgen, Aiden Padilla, Sam Primozic, Diego Zuniga, and Gabe Contreras. Varsity Head Coach: Brian Parker, Assistant Coaches: AJ Grazenko, Josh Titus, Holderman, MIke Kopiec, Roger Henson, Connor Witherspoon

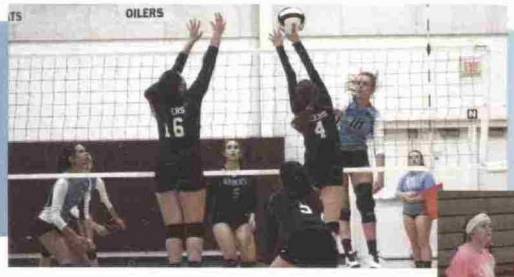
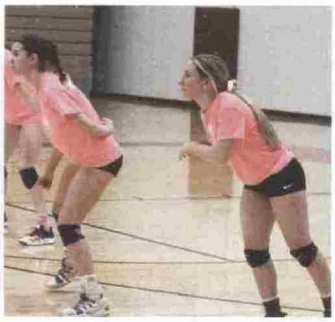
Coming To An End
Goodbyes are certainly never easy, but you can always go back and remember precious moments. Thanks to Nancy Novitiski, seniors Ashley Haemker (Sportsmanship), Amanda Schreiber, Phoebe Ruiz (Mental Attitude), and Jessica Meier (Most Improved) have amazing senior photos to look back on and think about all of their best volleyball memories.

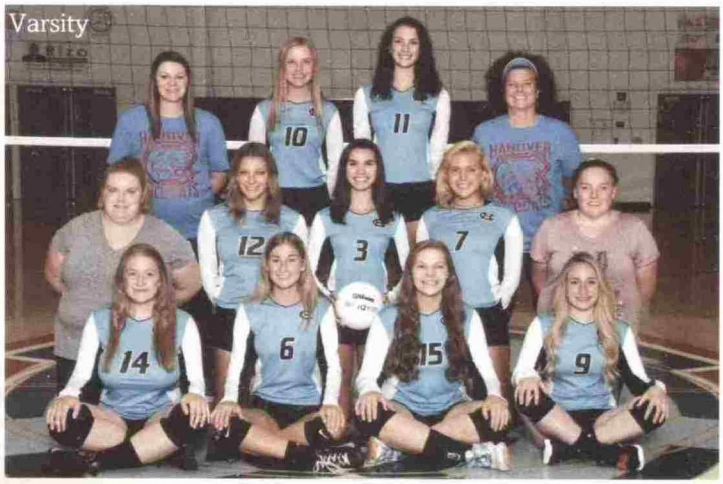


WIDEN THE GAP
Junior Maddie Opilka finds a weak spot in Whiting's defense and spikes right through it.

LEARNING THE ROPES
Speaking up and working together, junior varsity teammates Dara Barach, freshman, Emily Gibson, Kailee Moran, and Arianna Rybakowski, sophomores, receive the serve and prepare for an intense volley.



JUNIOR GIANTS
For the last two years, juniors Peyton Frost and Abby McCampbell have dominated the floor, and they have their sights on their senior year to make some big waves in the volleyball world.



Back row: Coach Brasseur, Maddie Opilka, Katie Jackowski, Coach Scally
Middle row: Manager Cheyenne Somervell, Riahna Stearns, Peyton Frost, Amanda Schreiber, Manager Mallory Fitch
Front row: Phoebe Ruiz, Jessica Meier, Ashley Haemker, Abby McCampbell

Front row: Lexus Rybakowski, Abby Opilka, Maddie Denklau, Dara Barach

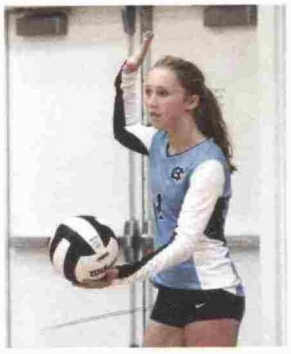
Serving up Success

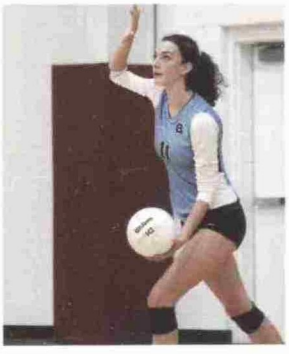
Rebuilding Rhythm

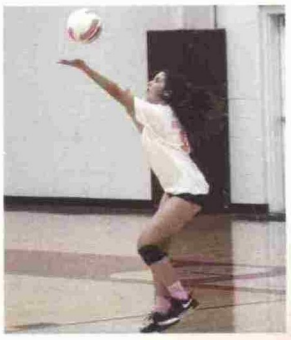
By: Allison Mueller, Hope Huyser, Bella Weisbrodt

The 2019 girls volleyball team was one that was filled with loads of talent and a big hope to win. This year the varsity team definitely had their ups and downs, but this helped them grow. As is always the case, losing some of the seniors last year caused the returing members to step up and take their places. To their benefit, they had two incoming freshmen, Maddie Denklau and Abby Opilka, who came in with an amazing drive to succeed. "At the beginning we were very scrappy, but as we went on into the season, we became more intense and focused," said freshman Maddie Denklau. The girls did not start the season how they wanted to, but as the season went on, they found a new rhythm and started to bring home wins. Though they did not get as far into the post season as they wanted, they still ended with a record of 12-12. All of the returning players next year are hoping to keep the rhythm they found toward the end of the 2019 season and have a successful run in conference and the post season in 2020.

Back row: Coach Willett, Abby Kil, Kasey Anderson, Mia Sikma, Samiyah Muhammad
Middle row: Manager Cheyenne Somervell, Carly DeVries, Amanda Noel, Manager Mallory Fitch
Front row: Piper Geiger, Anniyah Cosey, Torie Surprise







Serving It Up
Abby Opilka (Rookie of the Year), Katie Jackowski (MVP), and Maddie Denklau serve to the opposing team, hoping to go on a run and spark some momentum.

Hear Our Roar

By: Anna Wilk, Priscilla Seniw, and Verenisse Napoles

State Qualifiers

For the 2019-2020 season, the Cheer team went further than ever before. For the first time in recent memory, Hanover Central High School cheer squad qualified for state. In the past years, they have made it only to semi-state. Despite having some big losses on the squad- with early graduates and injuries, plus they added new stunts to their routines- the girls were still going strong. According to junior Lauren Demoff, "in competitions we are judged by a lot of things. We are judged by the difficulty of stunts and tumbling, jump sequence, facials, and how clean our dances are." They have to practice day in and day out. All of the girls this season felt like they accomplished more than ever before. Junior Brynn Hoover said, "this season was way more eventful because we made it past pre-lims and went to state; we have more girls on the team, and we have new faces to know and grow with them." The season was full of bonding experiences, from hotel stays for competitions to bus rides full of friends. According to Kylie McAllister, "I love how much of a family we all became over the months of practice. Having good relationships with team members makes it really fun. Any story about competitions or bus rides to games are good ones." The respect, bonding, friendships, and practice paid off, allowing the team to show off their moves at state.

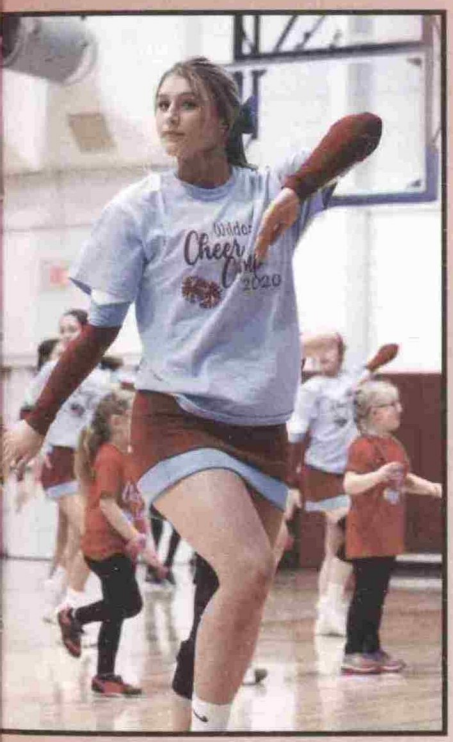
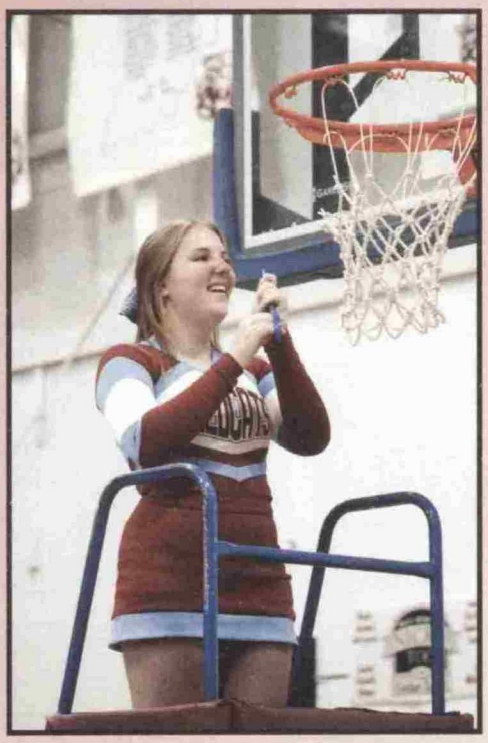
Friday Night Lights

Cheerleading consists of both basketball and football seasons, and no one can deny the immense energy and spirit present at the games. Damien Albor said, "I absolutely love the spirit that each and every student brings to the football games. Hearing the crowd roar under those Friday night lights is truly an incredible feeling. The energy that you feel from the stands is what brings the game alive." Pictured from left to right, sophomore Allison Holtcamp, junior Mia Forbes, and sophomore Avery Booker soar into the air, but these three are also known for flying high on the floor as well. As skilled tumblers, these ladies often dominated in "tumble offs." Whether against Wheeler, River Forest, or KV, our girls always found themselves at the heart of a tumble battle. Not surprisingly, our Wildcats won every time.



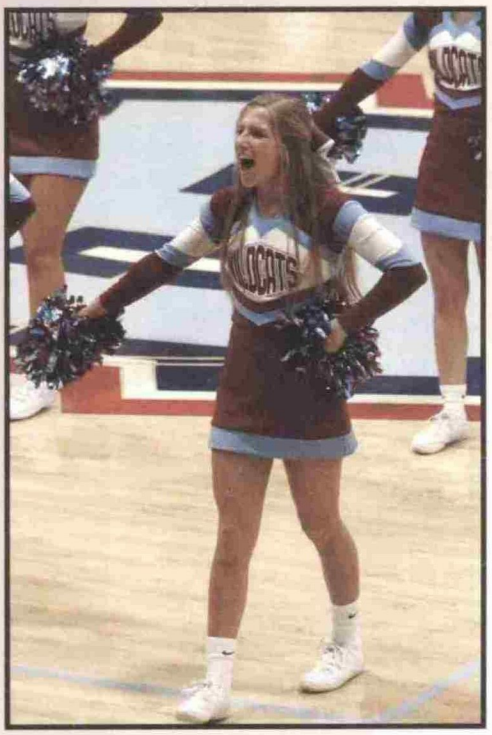
Cheer! Cheer For Wildcats

Junior Lauren Demoff is a base for the cheerleaders and has loved it ever since she was a little girl. Demoff said, "I love basing. It is a tough job because you are carrying girls in the air and you have to make sure to catch your fliers so they don't get hurt. I love my cheer team; they are my best friends."



Everyone Has a Part

In cheer, everyone plays a part that contributes to the success of the team. Both the fliers and the bases are equally as important to one another, and they depend on each other to create a performance that is not only sleek but entertaining. Pictured above is senior Ashley Owen, enjoying the benefits of that teamwork after the boys won the sectional championship.



Seniors Say Goodbye

The Cheer team will look different next year after many essential athletes graduate. Pictured above, Rachel Fleszewski graduated halfway through the year, but still dedicated her time supporting her fellow team members at the games. Each of these girls are irreplaceable and will be missed dearly by the rest of their team.

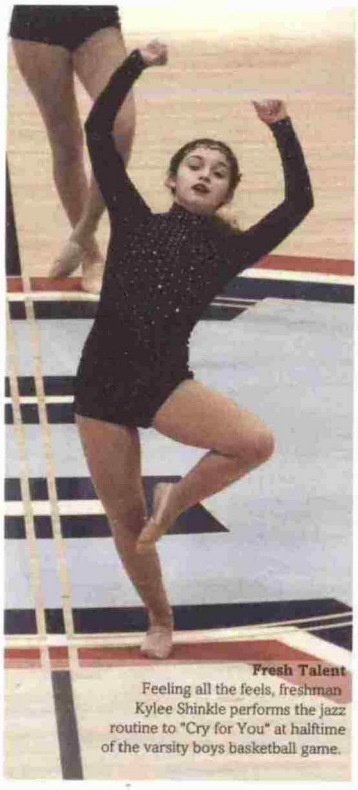
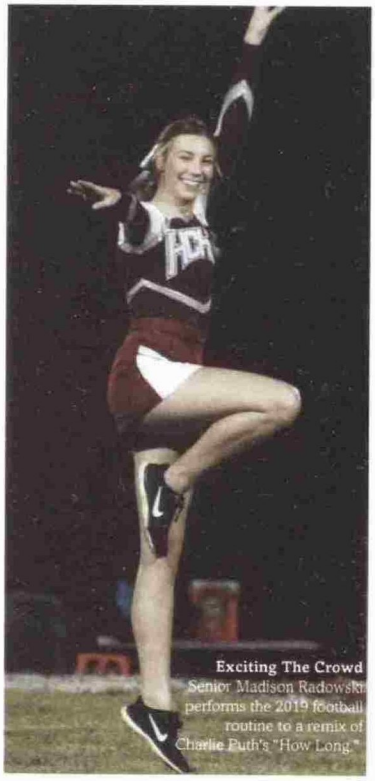
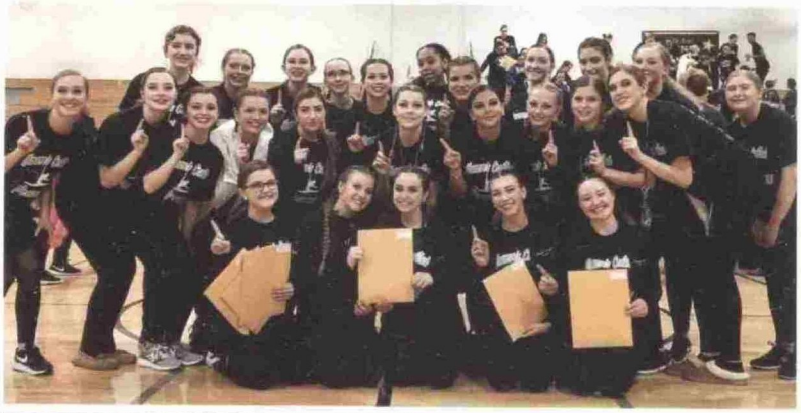
Do Your Thing
The always expressive Abbie Marciano, junior, performs the girls' varsity hip hop routine.

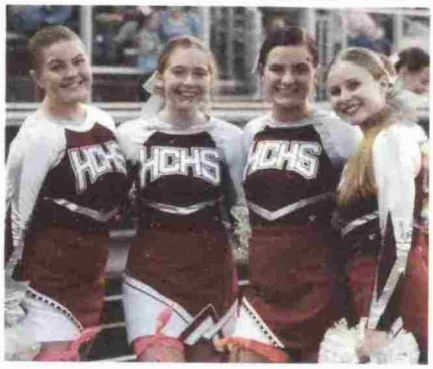


Fresh Talent
Feeling all the feels, freshman Kylee Shinkle performs the jazz routine to "Cry for You" at halftime of the varsity boys basketball game.



Exciting The Crowd
Senior Madison Radowski performs the 2019 football routine to a remix of Charlie Puth's "How Long."





Bringing Spirit To the Crowd
One of the most important aspects of being a PomCat is dancing at the Friday night football games. Being a part of the Poms team allows the dancers to be one with the student section, helping lead the Wildcats to a victory out on the field and court. Juniors Haley Wigboldy, Bella Weisbrodt, Cora Bogenschneider, and Olivia Sroka prepare to dance for Neon Night at the football game.

Cuttin' a Rug

No Charleston or Foxtrot for our PomCats, but these ladies have a style all their own.

By Bella Weisbrodt and Corinne Meekma

The 2019-2020 dance season started like any other would: football performances in the fall, which then leads into basketball and competition season in the winter. The most important performances for the girls, however, happen on the competition floor, which is the most significant season. As competition season approached, the dancers poured all of their hard work into their routines. Saturday competitions became a regular routine, causing the team to bring home many wins. Regular meets eventually came to an end in late February. On February 29, the Pomcats competed at the North Regionals dance competition. The girls received 3rd in Pom, 3rd in Jazz, and 2nd in Hip Hop, advancing them to the state championship in Lafayette, IN. No one knew that regionals would be the last competition of the season. Due to the world pandemic of COVID-19, the girls were unable to showcase their months of dedication on the state floor. The cancellation was absolutely devastating for the team and many felt cheated, especially the seniors; however, it did allow them to reflect on the many great memories they made over the years. Skyler Lea, senior, said, "My favorite memories were state competitions...We went to Cracker Barrel, Olive Garden, got to stay in a hotel, and danced our hearts out." Similarly, senior Madison Radowski reminisced on her dance team experience: "Being on the dance team transformed my high school experience. I learned responsibility, discipline, and met a lot of new friends. My favorite part of it was the competitions. Being able to finally perform the routines that you have been working on for months is the best feeling."

Making History

A Season for the Books

Fearless Phenoms
Joey Glidewell, junior, cannot be stopped as three KV players surround him while he goes in for a layup. As usual, rebounding leader and sophomore standout Landen Babusiak is there for the board on the off chance that Joey's shot doesn't go in.

2020 was a record-setting year in many ways. For our boys basketball team, they made history! With the help of their dedicated coaches, the boys became sectional champions for the second year in a row. But that would mark the end of their Cinderella season. During the week of regionals, reports started filing in of closures across the state and across the country. By Wednesday of that week, the NCAA had cancelled March Madness, so the Wildcats were anxiously waiting to hear what the IHSAA would do. By Thursday, fans were devastated to learn that only 75 fans from any school would be allowed to attend the regional game at South Bend Washington High School, and that number could only include immediate family. Players accepted a new reality of playing for a smaller crowd, but the entire Wildcat community was prepared to listen to the broadcast and cheer their team on remotely. On Friday, March 13, the team packed into the buses, and led by a police escort, they left the parking lot with teachers and students cheering them on from their classrooms. Unfortunately, barely into their departure, they received the call that the IHSAA would be postponing the post-season, only to be completely cancelled later; the buses turned around and headed back towards the high school. So many "what ifs" remained, but what the boys had already accomplished had cemented them in history as the best basketball team Hanover had ever seen. If there were a silver lining in all of the chaos, at least it can be said that this team finished their season as champions!

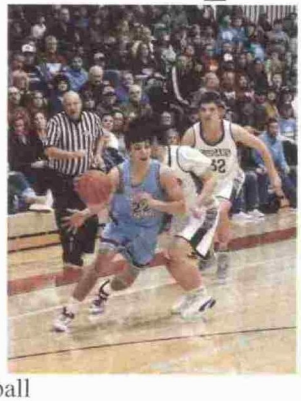
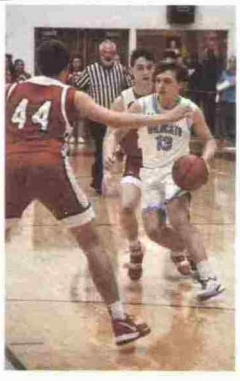
Senior Spotlight

"This season was great. I couldn't be any more happy with how we played as a team. It was the best season I have been a part of."
- Dominic Lucido

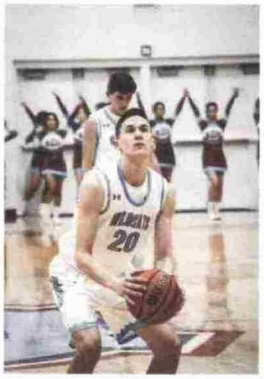


Dominic Lucido

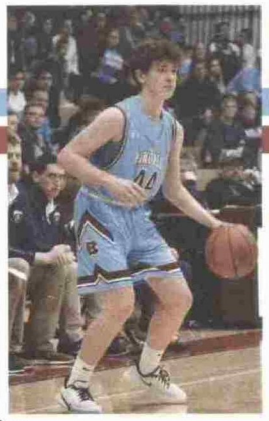


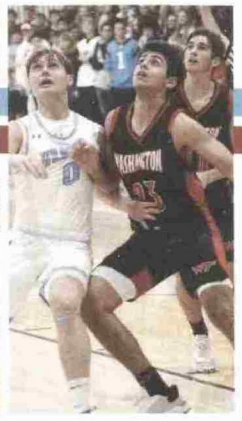
Brenden Bonner

"I am so lucky to have been part of such a great team. We played selflessly and competitively throughout our whole season and never backed down from any challenge."
- Sam Hinojosa



Sam Hinojosa





Keeping the Dream Alive
Coming off of back-to-back sectional championships and the two most successful seasons in HC boys basketball history, the team will rely on underclassmen like freshman Josh Austgen, sophomore Nick Holden, and junior Kameron Ludwig now more than ever, especially with the loss of five stellar seniors.

Sophomore Smiles
Drayk Castner, John Merkel, Gunnar Howes, Eric Rucinski, and Bryce Noble catch the camera after congratulating Eric on his three-point basket at the buzzer. These boys overcame a coaching change mid-season and adapted well in spite of it all.

Coaches Corner

"Boys, thank you for a memorable season! It was an honor to be your coach. As I reflect on the season I am going to remember your school record of 24 wins, your school record of a 12-game winning streak, the conference championship, the sectional championship, and all of the personal memories we made along the way. I hope you will look at it this way, too, and not dwell on the "what if's" or the fact that our season was cut short due to the Coronavirus. Use this as a life lesson and know that things won't always end up the way you had them planned, but you still have to carry on and make the best of it. Thank you again for a great season. I love you guys." -Coach Clouse

"Thank you for a hard fought, record-breaking season that ended far too early. Through all of the adversity we faced during the season, this team showed the school and the community that when we stand together and play as one, great things can be accomplished. 'HELPSIDE!'" -Coach Viehman

"Thank you to all the JV players for a great season. I hope you enjoyed playing as much as I did coaching. I also hope you continue to play basketball, and I wish you all the best in school and sports for the rest of your time at Hanover Central." -Coach McClelland

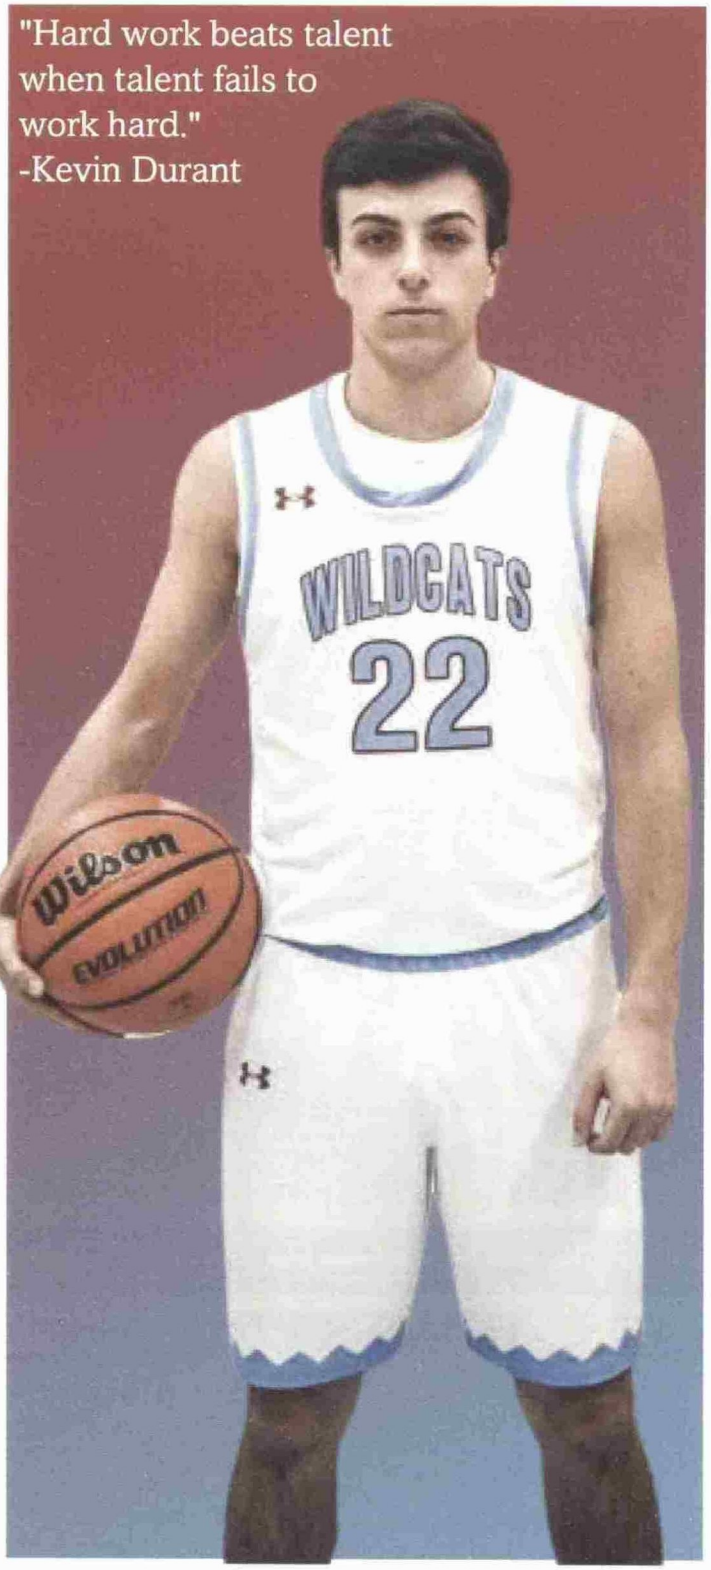
The Grand Prix



Dominic Lucido

This may come as a surprise to some, but Dominic's 1000th point was "just another bucket." During the Whiting away game mid-season, Dominic made his signature drive to the basket with four Whiting guards surrounding him. He threw the ball up and received a foul on the play. Stepping up to the free throw line, he planted his feet and put up the shot, effortlessly sinking the 'one.' Normally, it takes multiple guards to keep Dominic from scoring, yet he made his 1000th point unguarded, ironically. A milestone was achieved in a seemingly trivial manner. Even Dominic was taken aback when he realized that the free throw was his 1000th point. He said, "It was a bit of a suprise to me, and that was pretty cool." Dominic was inspired by 2017 graduate Jordan Smith his freshman year when he saw him reach this significant achievement. "Since that point I always knew that was my goal." Having watched these boys play together for years, it was heartwarming to witness everyone erupt with joy when Dominic made that basket. Dominic Lucido is a name that will be emblazoned in the West gym, a physical sign of his talent. Additionally and perhaps most importantly, he will be remembered for his work ethic and selflessness. Dominic's legacy will live on through every future Wildcat who aspires to be like him.

Race to a Thousand

Amanda Schreiber

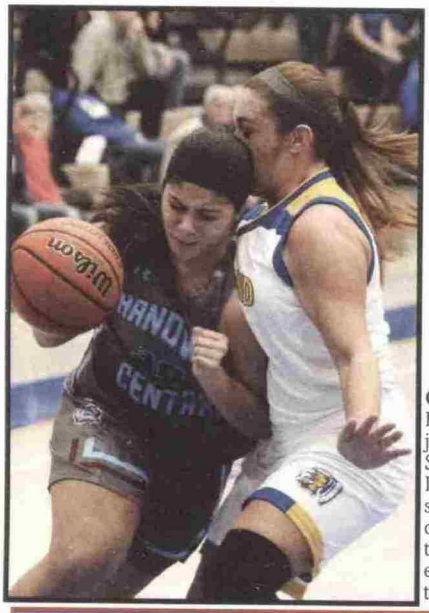
When Amanda scored her 1000th point, some may have looked on and said, "That's cool, good job." After all, everyone has had some great achievement or achievements in their life. However, what if Amanda's feat were considered this way: This wasn't something that just happened. This wasn't the first time Amanda rode her bike. Imagine Amanda in first grade, playing Jr. Wildcats. She was having the time of her life playing with her friends. She scored her first point! She turned to her mom with the biggest smile on her face. She continued her journey and decided basketball was it. Basketball was her favorite sport. Her dedication shifted. She worked her butt off and sought her own private coach. She made the varsity team her freshman year and began pedaling feverishly toward that historic moment. Finally, as a senior in high school, she became just the fifth girl in Hanover's history to score 1,000 career points. That 1,000th point was the culmination of what she had been working so hard to achieve. This wasn't Amanda's first time riding her bike. This was her 1000th bike ride after 999 other trips. Through every stumble and every bump in the road, she fought through the sweat, the blood, and the tears to reach this final destination. While some may remember that she did a "good job," Amanda will remember the battle under the basket, calling for the ball, and the guarded layup that became the realization of a dream. She will remember when the game stopped, when her teammates charged the floor, when she hugged her coach. She will remember the Amanda posters and the photo opportunity with her parents. This ride was one worth taking and one that began long ago. It will live in Amanda's heart and in Hanover's history forever.

Change the Mentality. Change the Game.

"Character drives winning."

By Hope Huyser, Allison Mueller, and Sabrina Siems

Hanover Central's Lady Wildcats have had many personal and team successes this 2019-20 season. The pre-season prepared the girls and the new freshmen for the season that was to come. Having a positive attitude was everything for the girls and their coach. In fact, Coach Luis Roldan knew that their mentality would be the difference between wins and losses. "Last season, we really worked hard on skills that helped us build character. While always working on our performance skills, we also focused on our moral skills. Unselfishness, honesty, respect, and humility," Coach Roldan stated. The girls started their season off being 6-0, including a huge win against one of their rivals, Lowell. Going into games with the same mentality that they had against Lowell, they were able to beat Rensselaer, Whiting, Highland, Bishop Noll. "We made some strides this year, and it showed on the court. Though we had our ups and downs, we are definitely heading in the right direction," Roldan confidently stated.



Grind Don't Stop
Forcing her way past Highland's defense, junior Star Sanchez drives to the basket. Star was recognized as the Most Improved player of this season. Though she did not become a starter until the end of last season, she was a regular starter throughout her junior year, scoring essential baskets to help the girls advance to the sectional championship game.

New Year, New Player
Although she may be a junior and not a new player, Nevaeh Govert's new style of play gained much attention this year. In fact, she received the team's Rookie of the Year award. Nevaeh evolved into a player who would do what she needed to do, from scoring to taking charges. She was the second leading scorer for this season.

The JV girls basketball team learned the value of teamwork and the effort it takes. They had a rough start in the beginning of the season because it took time to come out and be ready to play. However, the girls managed to turn that around and start playing to win. They did this by passing the ball to each other more and taking their time to run the plays.

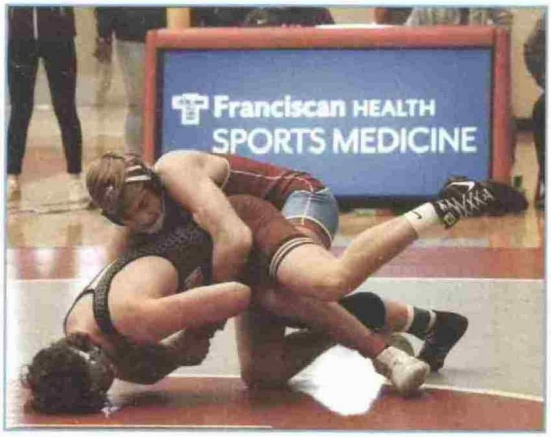
Grace Hanlon

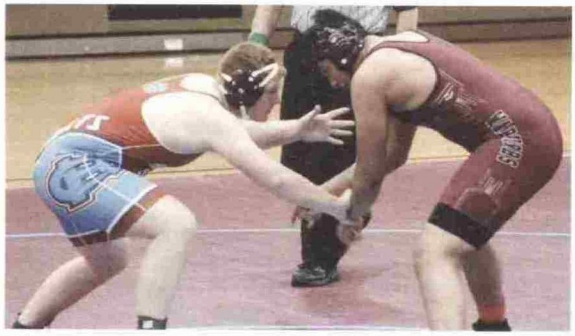
Building a team. Forming a family.

Breaking Their Opponents

The wrestling team this year had an excellent season. It was definitely a step up from last year with all their improvements. This season, they were able to get a placer in just about every weight class for conference and were also beating teams they could not before. "Last year we lost almost all our matches and we had a bunch of injuries. We also weren't working as hard as we should have been. This season we really stepped up and worked our butts off during the summer," says sophomore Tony Tuley. They had a couple freshmen come in who helped fill the team and brought in wins. Ryan Breedlove, who is a senior, was a first place winner at the Lake County Invite in the 160 lb weight class, and he made it to semi-state.



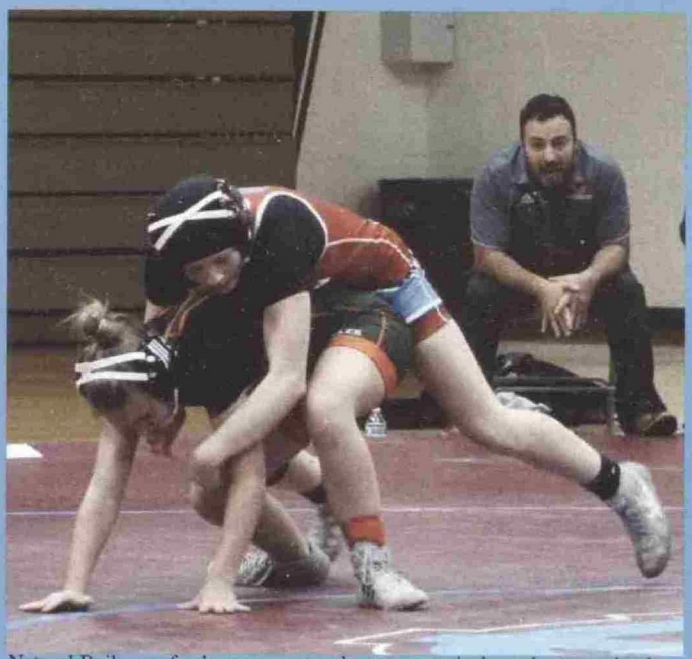
Face to Face
Preparing for his next move, junior KC Sink strategizes the most effective way to earn his next point.



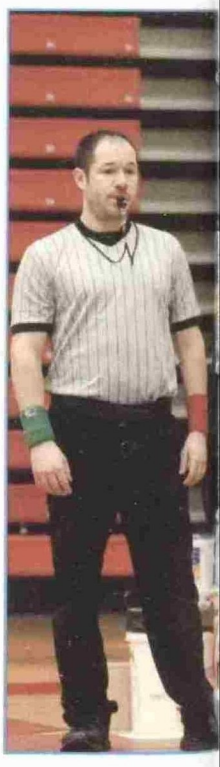
Leaving a Legacy
Ryan Breedlove, a senior, has proven to be one of the most significant members to the team, and has placed first at many meets and tournaments over the past four years of highschool. He is not the only senior who will be greatly missed from the team, though; other seniors include Sebastian Priego and Johnny Willems. Tony Tuley says, "They are the leaders of our team and our best wrestlers. They have helped me improve my wrestling and also widened my friend group. Knowing they will be gone next year is sad."

2020 Awards

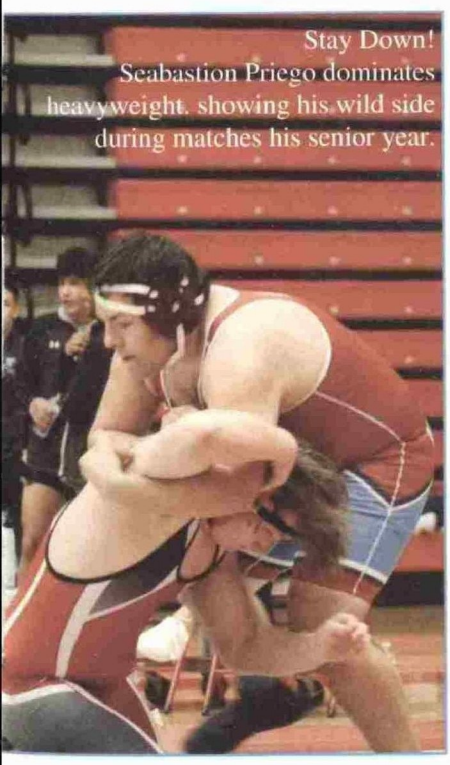
MVP	Ryan Breedlove, 12
Most Improved	Aidan Padilla, 11
Mental Attitude	Tony Tuley, 10
Sportsmanship	Colten Zableckis, 10
Rookie of the Year	Ryan Krout, 9
Wildcat Award	Bryan Hoover, 10
Mental Toughness	Skylar Iverson, 10



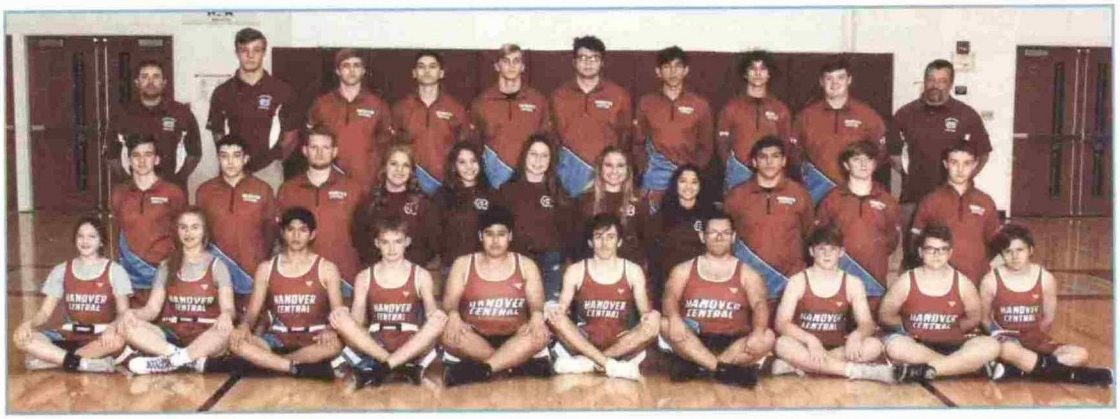
Natural Buikema, freshman, counters her opponent's throw by wrapping her arms around her Wheeler competitor.



Learning the Ropes
With some big shoes to fill next year, junior Aidan Padilla is on the right track. Skilled and powerful, Aidan will be an integral part of the Wildcats success during his senior season.



Stay Down!
Seabastion Priego dominates heavyweight, showing his wild side during matches his senior year.



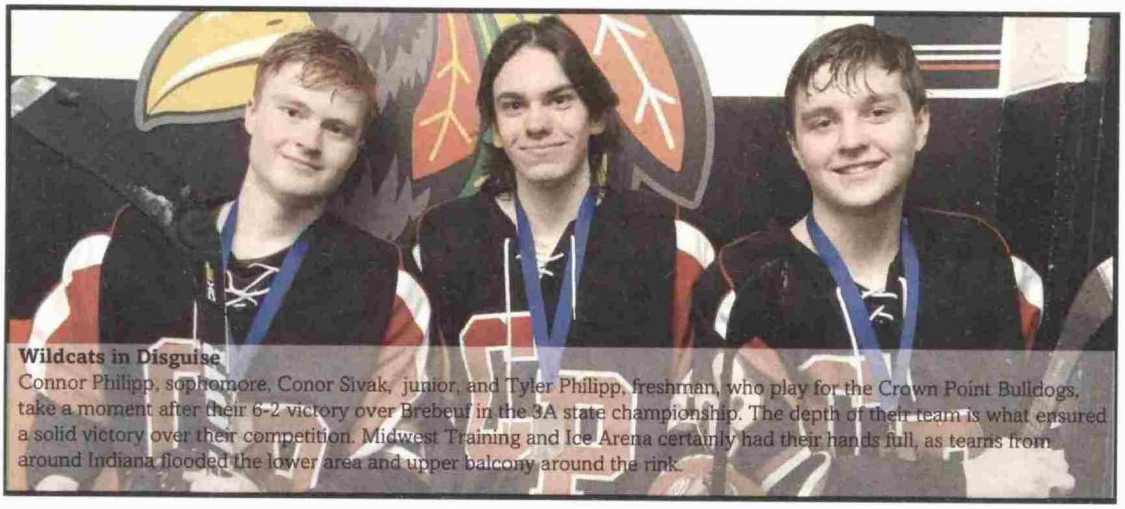
A Bond Beyond the Mats
The members of the wrestling team are not only teammates, but rather close friends to one another. Their bonds show on the mats, as they are a very successful team due to great teamwork and sportsmanship.
First Row: Naturelle Buikema, Skylar Iverson, Joey Willems, Ryan Krout, Diego Zuniga, Bryan Hoover, Sebastian Priego, Sam Chambers, Chris Somervell, Nate Former
Second Row: Tony Tuley, Julian Ramirez, KC Sink, Ashley Owen, Mya Donovan, Riley Kelly, Kylie McAllister, Brynn Hoover, Aidan Padilla, Kyle Hoover, Tony Yoways
Back Row: Coach Sean Hoover, Coach Ewan Donovan, Colten Zableckis, Angelo Ramirez, Ryan Breedlove, James Kelly, Johnny Willems, Rafael Albor, Ian Thompson, Coach Ryan Donovan

One Year, Six Players, Two State Championships

By Corinne Meekma, Cole Cameron, Bella Weisbrodt

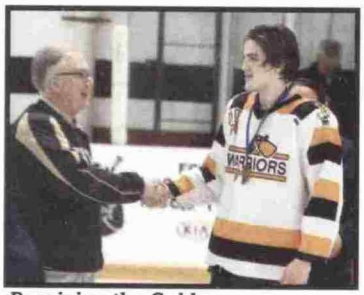
As hockey continues to garner interest in the area, especially at younger age divisions, the talent is also increasing. No longer are baseball, basketball, and football the only sports with tremendous fanfare. Hockey fans are flocking to the ice to support siblings and friends, and our Hanover students had several classmates to support this year.

While Hanover Central may not have its own hockey team, several students pursue hockey through other clubs and organizations. Bishop Noll, Munster, Crown Point, even Chicago. They all have Wildcat talent aiding to their success. They put in hundreds of hardworking hours to win their games. Despite what the average observer might see, hockey is more than just getting a puck in a goal. Like any other sport, it requires countless hours of dedication. This year, six of our students found great success in their sport of choice. The Bishop Noll Warriors hockey team, including Rob Marciano, Owen Rycerz, Ryan Curtis, and Aiden Klen, won the 2A state championship against Valparaiso; and the Crown Point hockey team, including Connor Philipp, Conor Sivak, and Tyler Philipp, won the 3A state championship against Brebeuf. Though Hanover colors may not appear on the ice, we are definitely represented well.



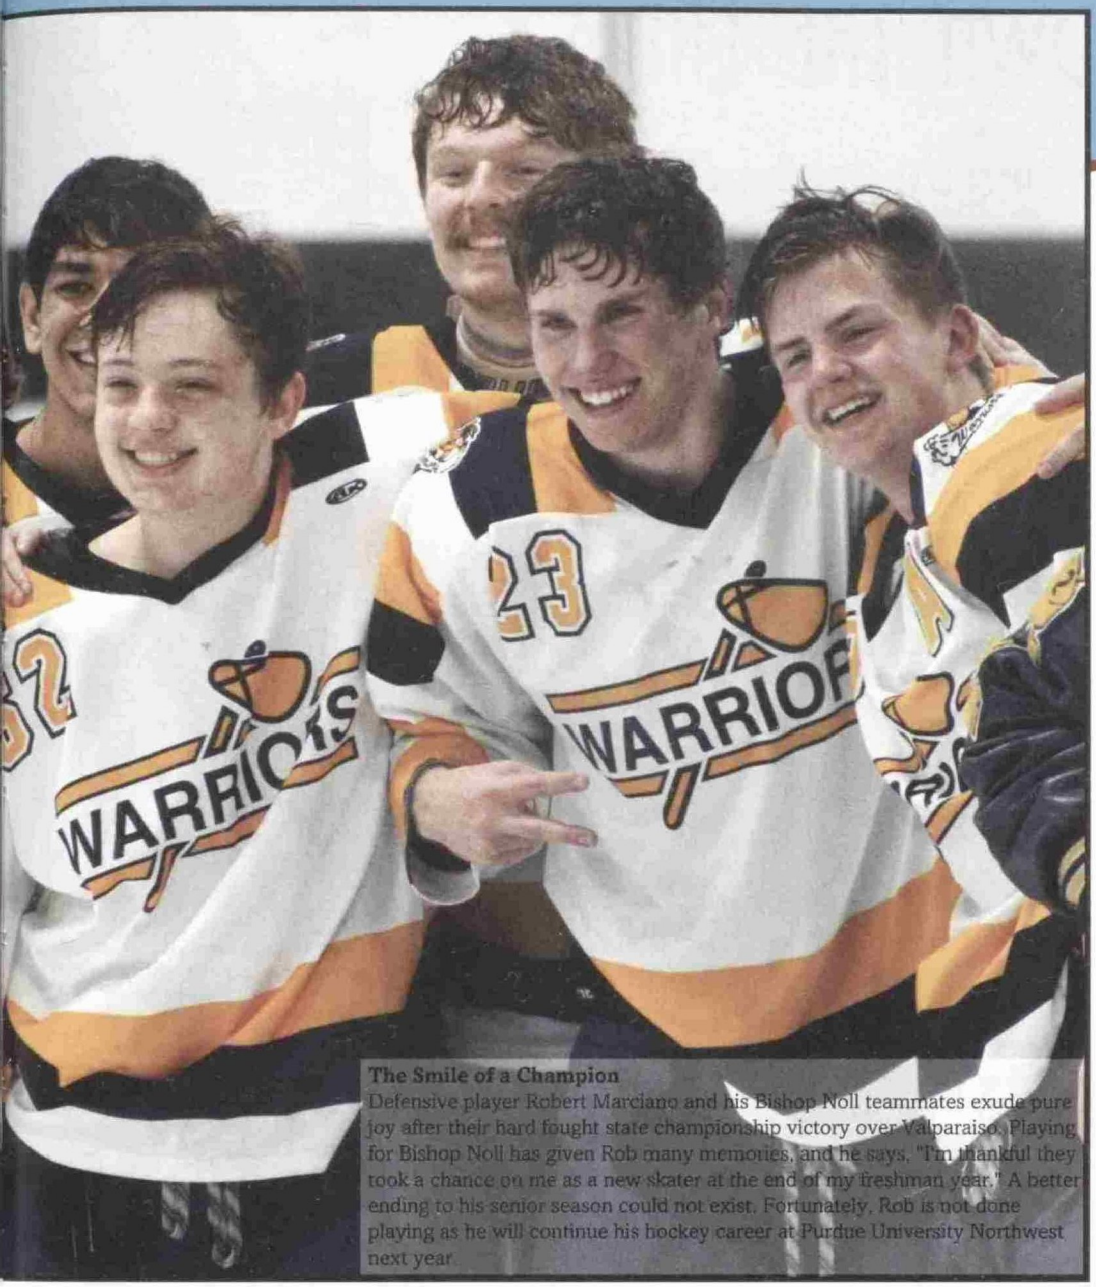
Wildcats in Disguise
Connor Philipp, sophomore, Conor Sivak, junior, and Tyler Philipp, freshman, who play for the Crown Point Bulldogs, take a moment after their 6-2 victory over Brebeuf in the 3A state championship. The depth of their team is what ensured a solid victory over their competition. Midwest Training and Ice Arena certainly had their hands full, as teams from around Indiana flooded the lower area and upper balcony around the rink.

Rookie Goal
Scoring a goal is an outstanding thrill for any hockey player, but scoring the first goal of a varsity career is something else entirely. Senior Rob Marciano celebrates freshman teammate Aidan Klen after he scores his first varsity goal. "My favorite memory was winning the Indiana 2A state championship with Aidan; he is my neighbor and good friend," senior Rob Marciano commented.



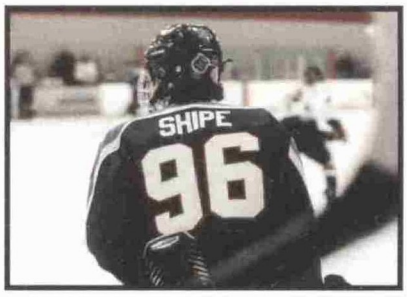
Receiving the Gold
Sophomore Ryan Curtis goes to shake hands with the Bishop Noll coach to receive his medal after winning the 2A state championship game.

The Victory Lap
Owen Rycerz, sophomore, and three teammates head toward their teammates to celebrate a goal. Owen scored both goals in the team's victory over Valparaiso in the 2A state championship, the second of which was made with 30 seconds to go to give the Warriors a 2-1 lead. Owen had 34 goals in the 2019-2020 season.



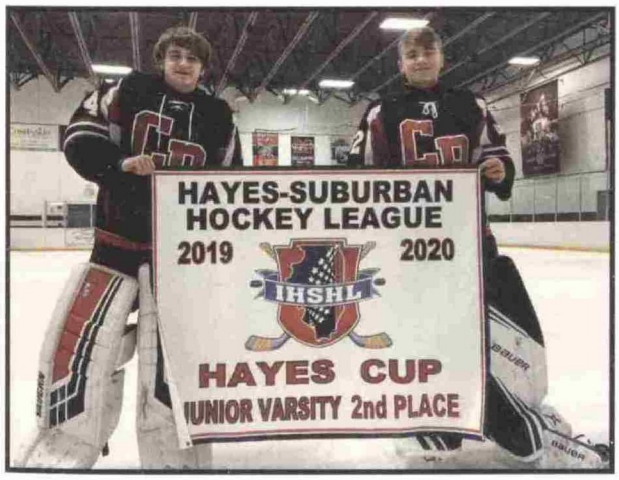
The Smile of a Champion
Defensive player Robert Marciano and his Bishop Noll teammates exude pure joy after their hard fought state championship victory over Valparaiso. Playing for Bishop Noll has given Rob many memories, and he says, "I'm thankful they took a chance on me as a new skater at the end of my freshman year." A better ending to his senior season could not exist. Fortunately, Rob is not done playing as he will continue his hockey career at Purdue University Northwest next year.

Eye on the Prize
As a Brebeuf opponent attempts to make a move, sophomore Connor Philipp is ready to take the puck. Smooth on the ice, Connor makes a huge difference on his team.



Heading Out
Kyle Shipe, sophomore, enters the rink from the bench. As so many do, Kyle has aspirations to play at the professional level and lives for hockey. He currently plays for the Chicago Jets.

Blades of Victory
Conor Sivak, junior, skates for Crown Point around the ice, waiting to defend his opponents.



Heading Out
The boys hustle out to the ice after a timeout, looking to take a win to add to the excellent Crown Point record.

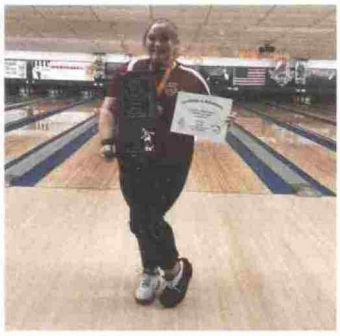
Big Shoes to Fill
In a very promising freshmen season, Ryan York and Mitchell Philipp, two of Crown Point's strongest junior varsity players, hoist a banner for their runner-up finish against Marist.

Saving the Game
Protecting the net at all costs, freshman Ryan York blocks his adversary from scoring. York has been a goalie for 7 years and says, "I like being the deciding factor on whether we win or lose a game."

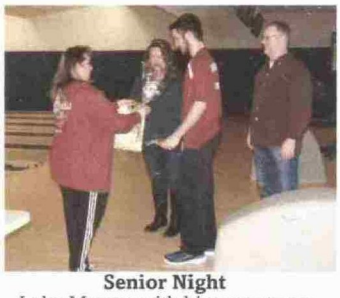
Roarin' Down the Lanes

Bowling teams shine during the season. Girls team wins Sectionals.

These ladies and gentleman made bowling roar. You just have to aim and throw, right? Not at all. Once you get to know a bowler, you learn so much more. Did you know that you have to study a pattern for bowling? Did you know you have to prepare your ball for a tournament? Or that you could develop gigantic thumb muscles? I sure didn't! Some of these girls and guys practice from three days a week to six days a week during and off season. From last season, the girls team grew in strength, physically and mentally. Last year, they faced a complication of not having Coach Wes. They were all lost and had to grow in relationships to overcome the fear of not knowing what to do with their main mentor, and most importantly main guide, through everything. That season was the turning point of their careers, which prepared for this upcoming season. Coach Wes Elliot turned these players into driven and collaborative athletes. Their focus was to simply excel, and they all worked together to reach that goal. Over the years of practices and meets, the word *players* has become synonymous with the word *family*. This year they came together and were conference champions, sectional champions, and ended the year placing 5th at regionals.

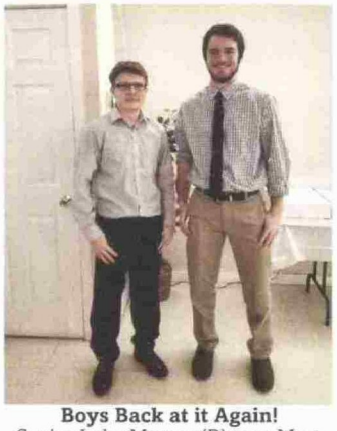


Going the Distance
Isabel Sitkowski, senior, placed 3rd at regionals, thereby becoming a semi-state qualifier.

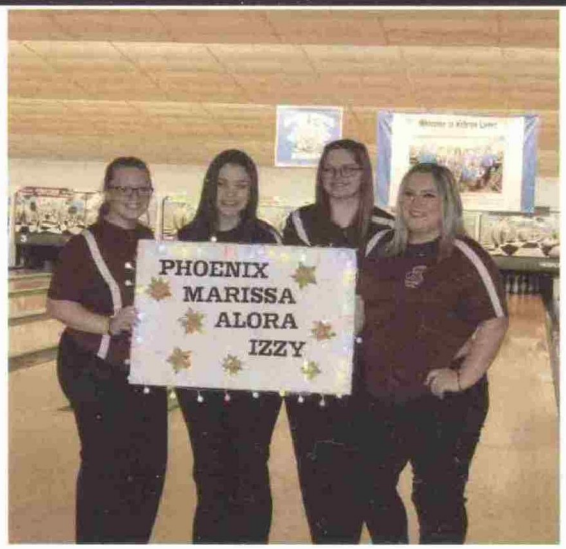


Senior Night
Luke Maurer with his parents on senior night.

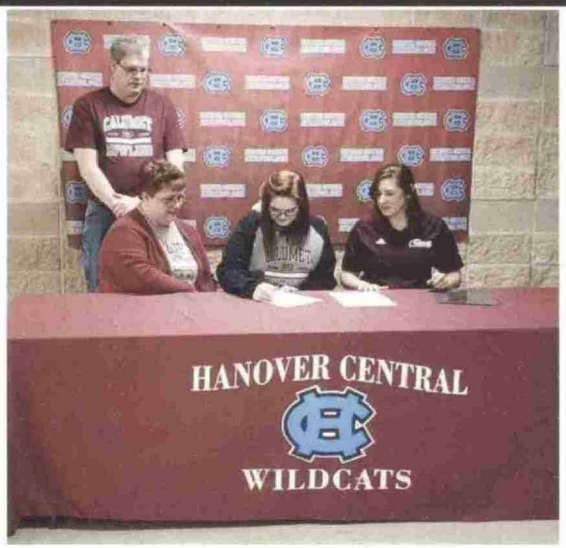
Good Sportsmanship Award
Phoenix Schreiber, senior, won this award for her outstanding attitude, not only towards her own teammates, but to others on the lanes as well.



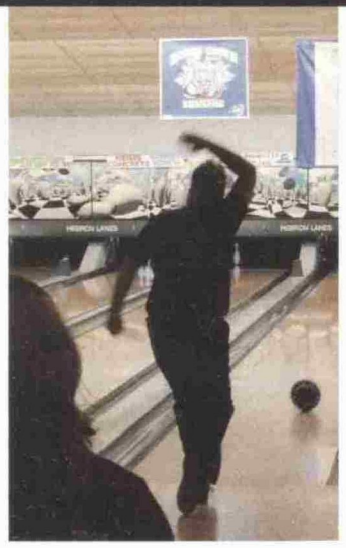
Boys Back at it Again!
Senior Luke Maurer (R) won Most Improved and junior Alec Rogers (L) won for Good Sportsmanship.



Seniors Final Strike
Seniors Phoenix Schreiber, Marissa Metcalfe, Alora Kelly, and Isabel Sitkowski take on their final conference game. It was a fight, but at the end, they came out on top for one final conference championship.



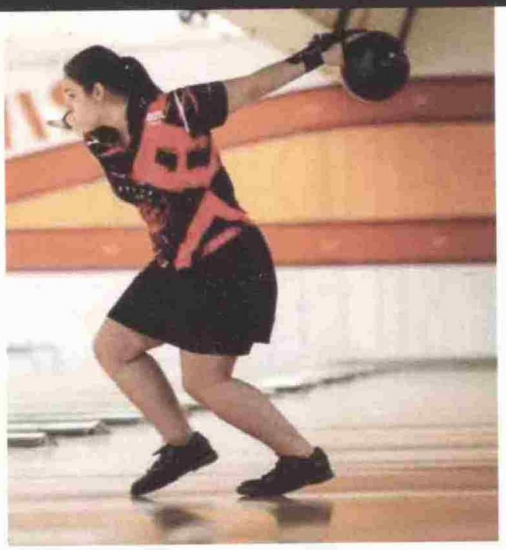
Calumet Gains a Wildcat
Senior Alora Kelly signed off and will continue her bowling career at Calumet College of St. Joseph in Whiting.



Most Improved
Brenda Metcalfe was awarded Most Improved. She put in all her effort into every practice, and it showed to coach Wes and helped her teammates along the way!

Keeping the Family Together
Receiving their Quad County Conference plaques, the team enjoys some down time together at their banquet. This picture is one of the many that capture the real feelings and relationships everyone has during the season. Back Row: Marissa Metcalfe, Phoenix Schreiber, Isabel Sitkowski, Alora Kelly, Brenda Metcalfe, Hope Walkowiak, Ruthie Rakowski, and Coach Wes.

Boys Team
Back Row: Trevor Lindsey, Luke Maurer, Jacob Dinga, Michael Vega
Front Row: Alec Rogers, Marc Lane, Connor Reilly, Dominic Dieckmann



Marissa On the Move!
Senior Marissa Metcalfe signed off to a new chapter in her life. She will be joining Saint Francis University in Pennsylvania to continue her bowling career.

And the Crowd Goes... Silent

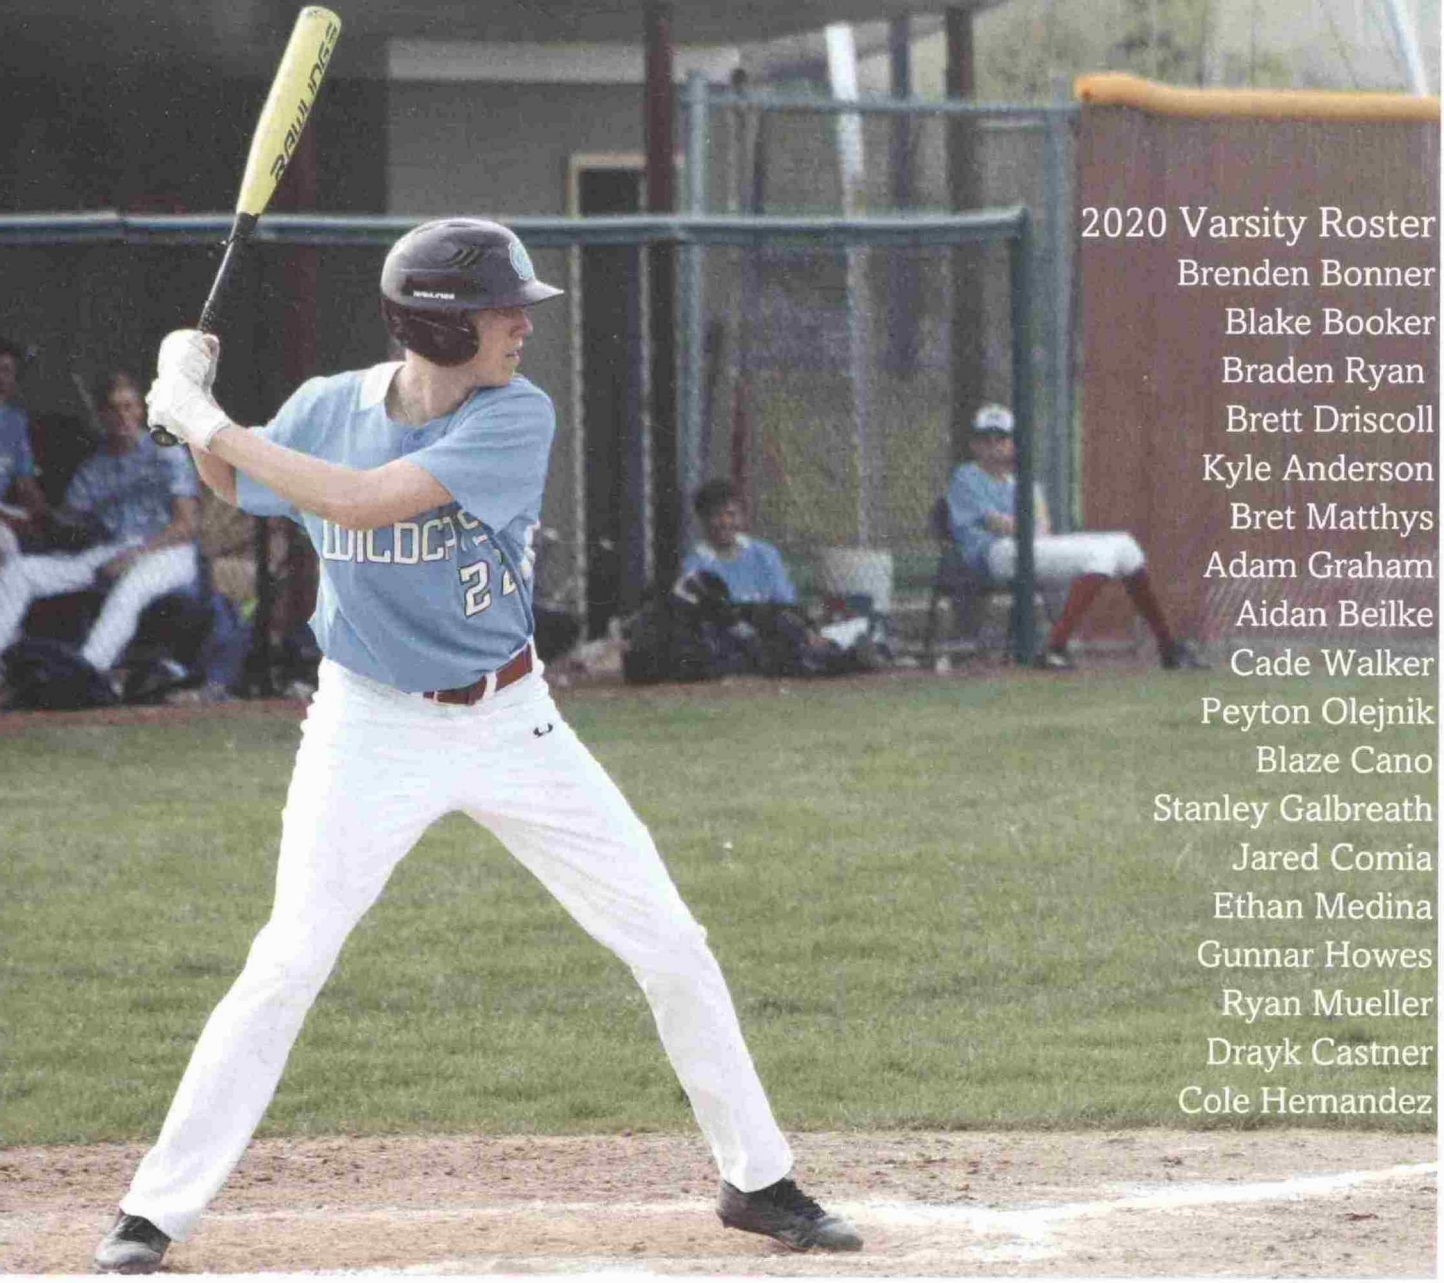
Every spring, sports teams battle against formidable opposing forces, the most indomitable of which always seems to be Mother Nature, causing cancellations and reschedulings galore. Our spring sports athletes would have considered those schedule conflicts a luxury; at least that would have meant a season still existed. Unfortunately, seasons were over before they began. No bottom of the ninth drama, no lean at the finish. Nothing.

At a time when track athletes should have been revving up for the post-season, tracks, long jump pits, and throws rings sat vacant.

Some of the most beautiful athletic photographs take place on these courts with our tennis teams. For our Lady Wildcats, no stunning photo opportunities occurred here, nor did any exciting matches.

Empty seats in a stadium created for America's game is a sad sight. Five seniors missed their final farewell on their home field, but they will cherish the memories made there throughout their careers.

Larry McMillan Field should have hosted spectators ready for a record-setting season; unfortunately, the season that could have been became the season that never was.

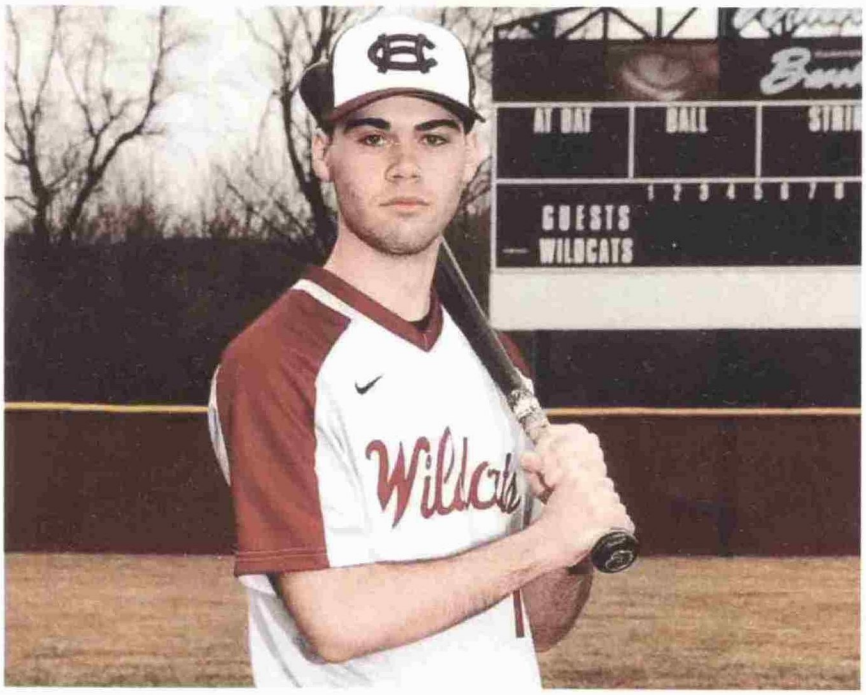


2020 Varsity Roster

Brenden Bonner
Blake Booker
Braden Ryan
Brett Driscoll
Kyle Anderson
Bret Matthys
Adam Graham
Aidan Beilke
Cade Walker
Peyton Olejnik
Blaze Cano
Stanley Galbreath
Jared Comia
Ethan Medina
Gunnar Howes
Ryan Mueller
Drayk Castner
Cole Hernandez

Kyle Anderson

Kyle Anderson was an intimidating presence at the plate, just as he was on the mound. In many ways this picture represents what comes next: Even if the next stage of life throws a curve ball or two, Kyle is ready.



Blake Booker

"Blake has taught me to never put pressure on myself and to always have fun. He has always been there for me, and we have so many lasting memories together, whether it be in the locker room or at one another's house. Blake has been my best friend since Cedar lake in-house baseball. The fact that he is leaving for college next year is going to make things much different because he has always been there for me."
-Blaze Cano, 11

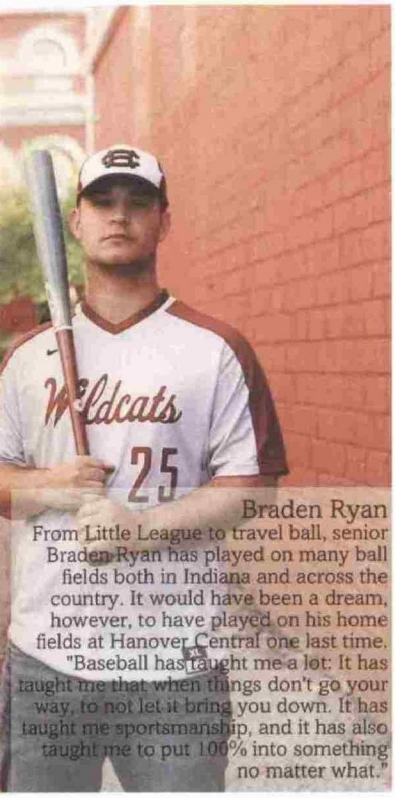
Brett Driscoll

Two-sport athlete Brett Driscoll had plans of being a three-sport athlete his senior year. Committed to Wabash College, Brett was determined to go out with a bang. After a fantastic football season, Brett had decided to participate in both track and baseball. Having missed the last two seasons of baseball, he knew that he might be a little rusty, but he was prepared to kick the dust off as the season progressed.

"This was my first group I got to coach for all 4 years of high school baseball. Brenden, Braden, Kyle, Brett, and Blake are a great group of hard working kids that I will truly miss. I wish nothing but the best for them in their future endeavors as I know all 5 of them will be successful in whatever they choose to do in life."
- Coach Ryan Bridges

HC's Sultans of Swat

Homerun hitters or not, the Wildcats were giants on the field.

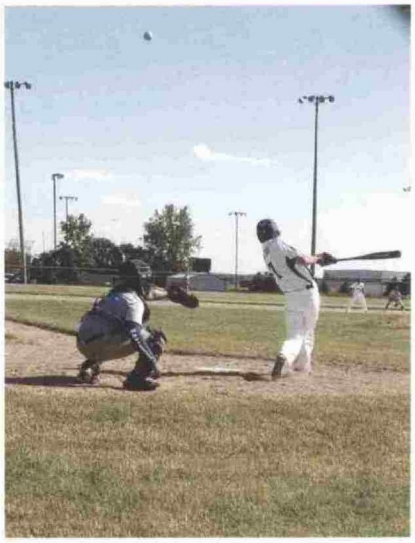


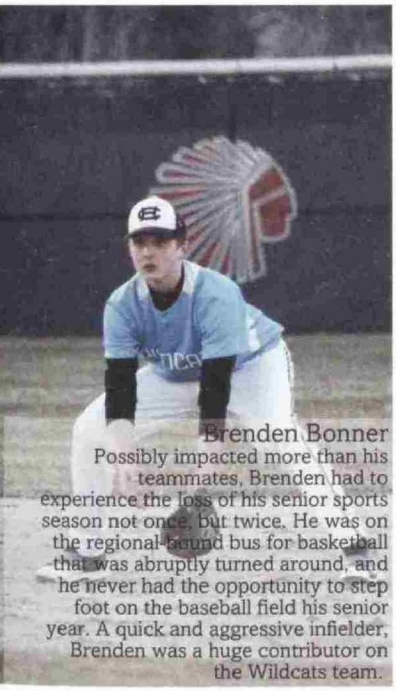
Braden Ryan

From Little League to travel ball, senior Braden Ryan has played on many ball fields both in Indiana and across the country. It would have been a dream, however, to have played on his home fields at Hanover Central one last time. "Baseball has taught me a lot: It has taught me that when things don't go your way, to not let it bring you down. It has taught me sportsmanship, and it has also taught me to put 100% into something no matter what."

What Off Season?

Sophomore Drayk Castner and freshman Matt Hall put in work at Thrive. Like all other sports, inactivity will ruin any progress made, so to maintain their skills, our baseball players continued hitting off of tees in their garage or going to the cages when they opened back up. A varsity team filled with underclassmen, these boys, Drayk Castner, in particular, were "really looking forward to baseball season this year and maybe playing up with the older guys. Good luck in the future, class of 2020." Matt also wanted to give his seniors a proper send off: "I hope the last 4 years at Hanover have brought memories both on and off the field that will last a lifetime."



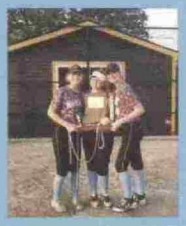


Brenden Bonner

Possibly impacted more than his teammates, Brenden had to experience the loss of his senior sports season not once, but twice. He was on the regional-bound bus for basketball that was abruptly turned around, and he never had the opportunity to step foot on the baseball field his senior year. A quick and aggressive infielder, Brenden was a huge contributor on the Wildcats team.

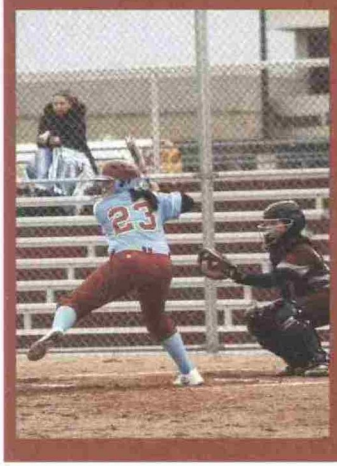
FOR LOVE OF THE GAME

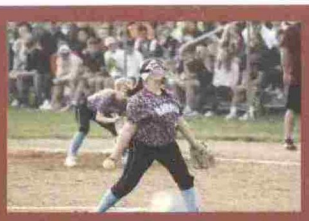
Jessica Meier

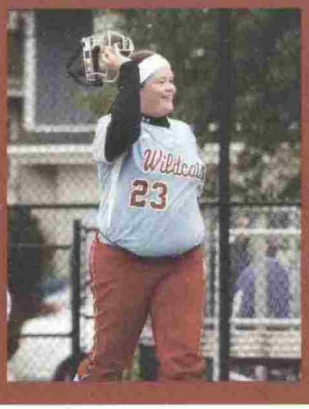


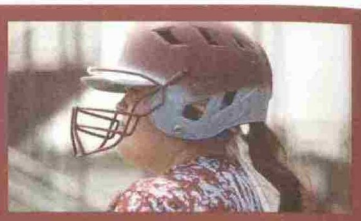
Like her teammates, Jessica was ready for another run at even more glory. An outfielder on the sectional and regional championship teams, Jessica was eager to make her mark her senior year. Now, Jessica will pursue other accolades as she continues her education at Indiana University Bloomington.

Taylor Towry



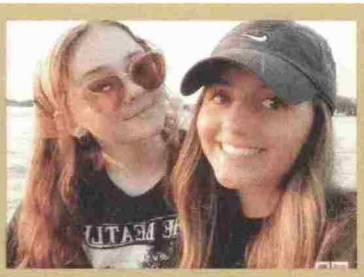


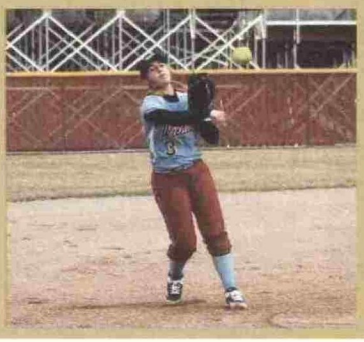




As Taylor heads to Marian University in Wisconsin, her softball career is far from over. Losing her on the mound is going to leave the Wildcats at a huge disadvantage in the years to come. With 110 strikeouts and a 3.26 ERA, Taylor had an excellent career as a Wildcat.

Tyler Chambers

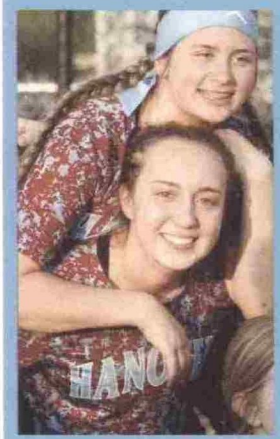




"Tyler taught me that your size doesn't dictate your strength. She taught me to give 110% in every sitaution and to believe in my self. Tyler's inviting personality and leadership qualities made everyone feel welcomed."
- Ally Holtcamp

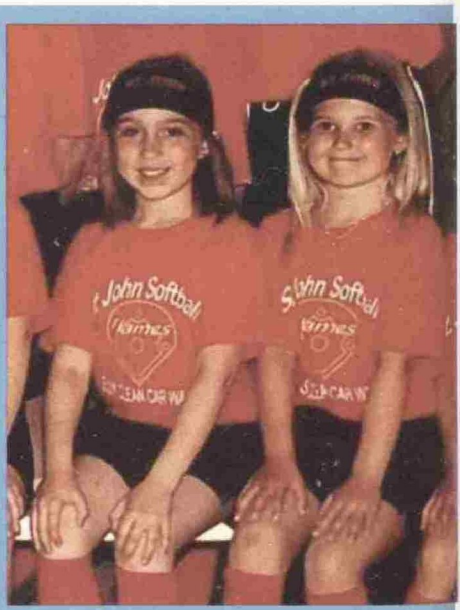
"Both Priscilla and Tyler have taught me so much in the one season I played with them. They have such postitive mindsets on and off the field. I am so sad our season got cut short becuase I know both of them wouldn've done great things this year. They both were like second moms to me, and now are two of my closest friends and favorite people to be around. I am so glad I was able to play with these two, and I wish them the best in college."
- Jenna Upchurch

Priscilla Seniw

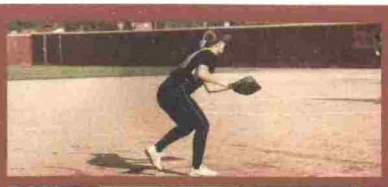


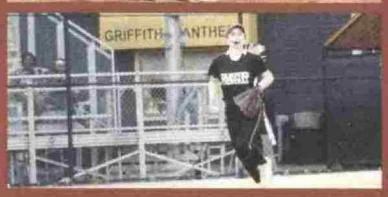
"Priscilla taught me not to sweat the small stuff and to enjoy every moment on and off the field. She cheered anyone up with a joke or smile. She taught me that psitivity can go a long way."
- Ally Holtcamp

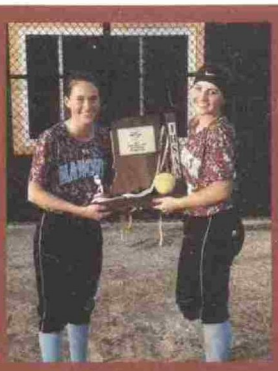
Priscilla has committed to play for Calumet College St. Joseph, so she will have crack the bat and daydream in the outfield for four more years.



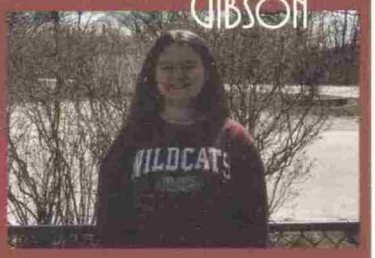
Alyssa Albrecht







Brittany Gibson

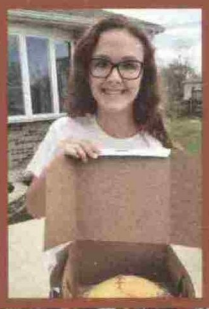


"Priscilla and Alyssa, you both have shown me what it is to be a great teammate on and off the field. You guys took me under your wing my freshman year and made me feel apart of the team since day one, which I will carry on when I am a senior next year. I wish we had one more game on the field together. I will miss looking at third and not seeing Alyssa and doing our stupid handshake that we thougth was amazing. I will look in the outfield and not see Priscilla staring at the sky, not knowing what she is doing half the time. I will always remember the long bus rides and dancing before games. I wish you both the best, and I thank you for the memories you have given me." - Leah Mokos

"Brittany taught me that it doesn't take long to recognize a genuine, sincere person."
- Ally Holtcamp

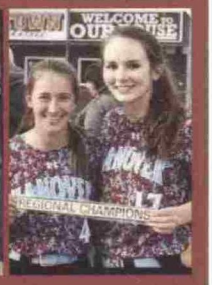
A Team Filled with Talent. A Season Full of Hope.

Ashtyn Barnett



Of all the teams in the spring season ready to get the ball rolling, our Lady Wildcats were highly anticipating their softball season. Following a disappointing loss at semi-state and returning eight seniors, five of whom will continue playing at the collegiate level, this was their year. This was it. Until it wasn't.

"Fortunately for me, I've been able to coach you guys for the last two or three years, and I've seen you grow not only as softball players but as quality individuals. Unfortunately, we've seen a stark and harsh reality- that there is more to life than sports. But fortunately, again, I've seen you guys grow as quality, character individuals. I'm 100% confident that you will succeed as people beyond Hanover and beyond softball when you proceed with your individual lives. I want to wish you all the best. Good luck, and if there is anything you ever need, please do not hesitate to ask. Be well." -Coach Sam

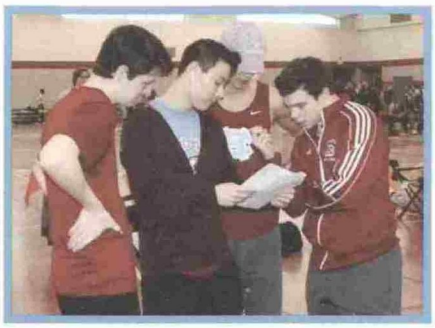


Ashtyn Barnett covered many bases- literally. Whether she was hitting a home run, framing for her pitcher, or throwing someone out at second, Ashtyn Barnett could seemingly do it all, and that talent and her smile will be missed. The DePaw Tigers are gaining a true talent and a softball enthusiast with this one.

Elise Kratkoczki

"Elise taught me how to be a lifelong friend and all-around good person. She took me under her wing my freshmen year and helped me feel a part of the softball family."
- Ally Holtcamp

Tracking Down
On the hunt for his next victim, senior Brett Driscoll pursues a sprinter from Boone Grove. Track was not on Brett's radar initially, but he joined sophomore year to help train for football, and it was a decision he did not regret.

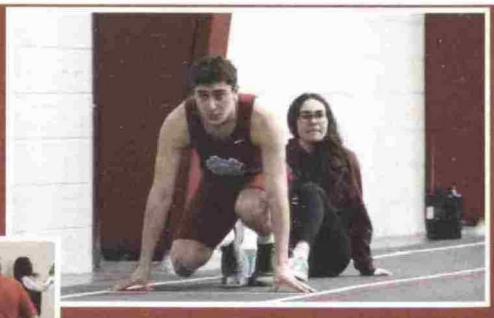


What's Next?
Cole Cameron, Austin Fanta, Charlie Watson, and Brett Driscoll review seed times and competition before their next race.

The Long Runway
Luke Maurer prepares for his penultimate step before launching off of hte board. Long jump steps vary from year to year, but in his senior season, veteran Luke had the process pretty well mastered.

The Long Wait
Representing all areas of track field- throws, jumps, distance, and sprints- freshmen Nick Hoffman, Zach Neurohr, Steven Zalewski, and sophomore Bryce Noble watch teammates compete at the Portage Indoor meet. Indoor meets always mandate a great deal of patience as many heats and little space cause everything to take longer.

Supported in Track and in Life
Leo Gliwa, senior, awaits the starter's cadence and readies for the set position. Leo's sister, freshman Kara Gliwa, also a sprinter, holds Leo's blocks and gives him the best support for a successful start in his race.



Tight Turn
Always a difficult part of indoor track, senior distance runner Cole Cameron rounds the bend and heads towards his teammate in the distance relay. Indoor season is always taxing on runners as the turns are significantly tighter and can slow both sprinters and distance runners down tremendously.

An Unfinished Race

Unlike most spring sports, track and field had the opportunity to at least begin their season, but their season was, in fact, cut short. Coach Foulds offered some insight into what could have been.

"Our goals remain the same each year. They are to win conference and advance as many athletes in the state tournament as possible. Each athlete should strive to improve and set PRs in their events.

Seniors Luke Maurer, Dominick Amadio, Cole Cameron, Brett Driscoll, Leo Gliwa, and Josh Lacy-Polletta were being counted on as the leaders of the team and to score big points in meets. Luke was a returning Century Club award member and was going to place high in sprints and long jump (regional qualifier 2019). Dominick was All-Conference in the 300 hurdles (2019) and was also figuring on a 110 hurdles championship. Both of these boys were named 1st Team Academic All-State in 2020 and 2019. Cole was one of our better distance runners and would have scored points in the 1600 and 3200 run. Brett was looking to have a good year in sprints as his 2019 season was cut short due to injury. Both of these athletes were named Honorable Mention Academic All-State this year. Our other two seniors, Leo and Josh, were being counted on as long sprinters. They both had good performances in the early season.

The team had a lot of talent from each of the classes, and it was going to be exciting to see how far they would progress. Winning the conference would be a challenge with Calumet and Wheeler returning quality athletes, but hat challenge is usually what brings out the best in our track athletes. I feel bad that our team, especially our seniors, did not have the opportunity to compete in the HSR Indoor State finals, Hanover Relays, G.S.S.C. Meet, and Sectionals. The bonding of the team, hard work, and competitions are just some of the things everyone missed.

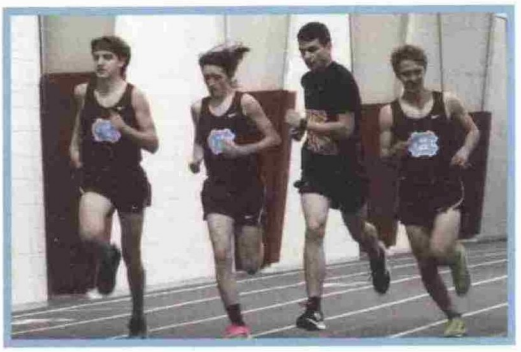
Seniors should be very proud of all of their accomplishments. They have great futures as this is the top academic class of seniors the track team has ever had." -Coach Steve Foulds

Warrior Pose
As he envisions his approach, junior Max Warchol gets ready for his vault. With Max's strong upper body, he has found great success in this event, and he is fortunate that he will have one more year to find success in pole vault and in his sprint events.

Final Finish
Noah Czak, sophomore, pushes towards the finish in the 400. Beginning his high school career as a sprinter, Noah has moved into a new role as a middle distance runner.

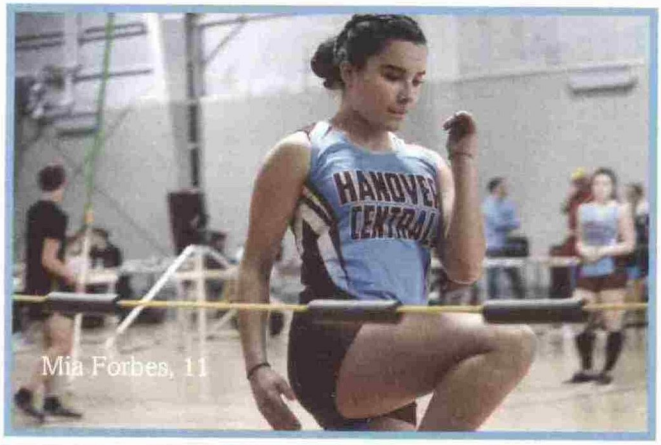
Did You Know?

The first NCAA track and field meet for men was held in 1921. Nearly a century later, young men and women strive for greatness each year, focusing initially on regional meets that will lead to state recognition; after that, athletes hope to earn a place on the radar of colleges and universities locally and across the country.



Returning Trio
Ryan York, freshman, Alex Arce, junior, and Christian Dahn, freshman, flank a Kouts distance runner and dominate him and others in the middle and distance races. With all of these young men returning next year, the distance program looks strong.

Mia Sarkey, 9

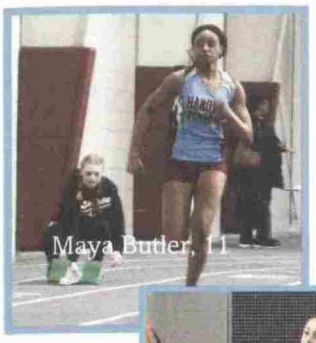


Mia Forbes, 11

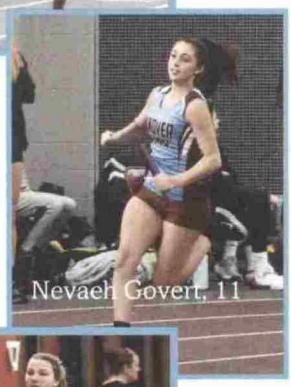
Maddy Kartz, 11

Saying Goodbye to Senior Leaders

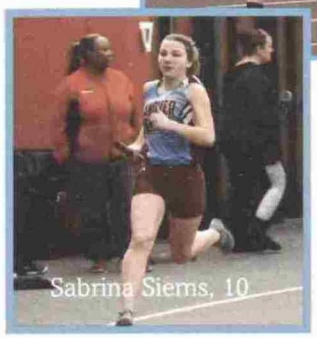
Due to COVID-19, all spring sport seasons were cancelled. Although each class was greatly affected by the unforseen quarantine, seniors were especially saddened by the loss of so many special moments. The senior members of the track team included Carina Bolanos, Allison Mueller, Grace Hanlon, and Jade Westerhoff. Each of the girls have participated in track as well as other Hanover sports throughout their high school experience. They were significant members of the team and will be missed by their coaches and fellow peers.



Maya Butler, 11



Nevaeh Govert, 11

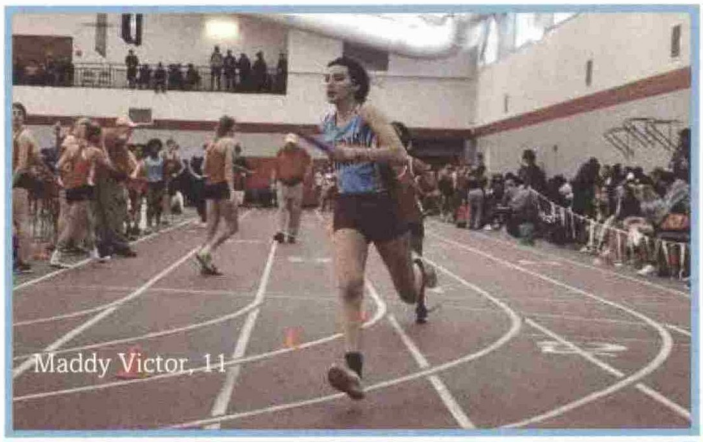


Sabrina Siems, 10

Be Careful What You Wish For

Through the rain, the sleet, and sometimes the snow, track and field athletes know a thing or two about enduring the elements. This year, however, the girls track team did not have to worry about packing an extra bag, nor would they have memories of huddling together by the track as the weather shifted from 75 degrees to 40 degrees with one gust of wind. This year, the only track the girls competed on was indoor, and while that may be comfortable relatively speaking, it is never the preferred surface. With very little practice, performances are rarely comparable to what they would be outdoor; furthermore, sprint races are shortened, and events like discus do not even occur because of lack of space in the facilities. Indoor season is a start, but it is never where track athletes hope to finish, and unfortunately, this is where our girls had their beginning; it is also where they had their end. With the loss of Allison Mueller, Grace Hanlon, Jade Westerhoff, and Carina Bolanos, the girls will need to fill some gaps in all areas, both on the track and off next season.

Carina Bolanos signs her commitment letter to run for Calumet College of St. Joseph with coaches Mr. Foulds, Mrs. Neitzel, and Mr. Oliver in attendance.



Maddy Victor, 11

Carina Bolanos runs in her neighborhood during quarantine, and as usual, she's in one of her signature matching outfits.

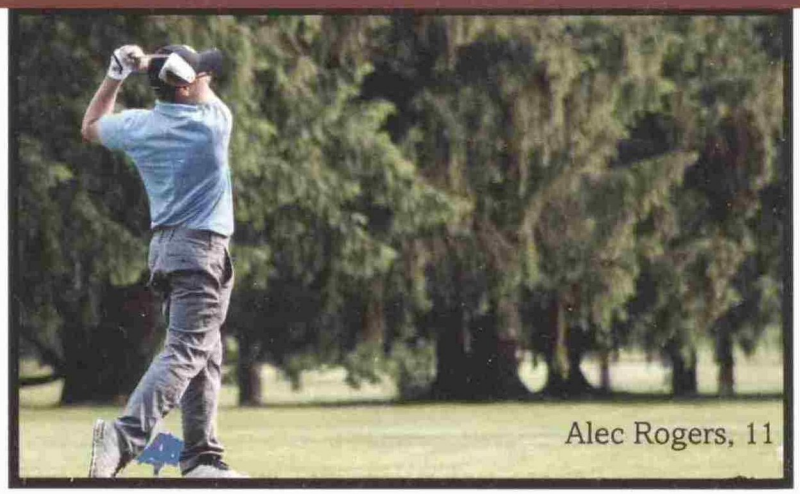
Maria Davenport, 10, and Carly DeVries, 9

If Only They Had a Mulligan

A celebration of the 2019-2020 team that might have been and a junior's hope for a great final season.

Returning MVP Cody Donovan, 11

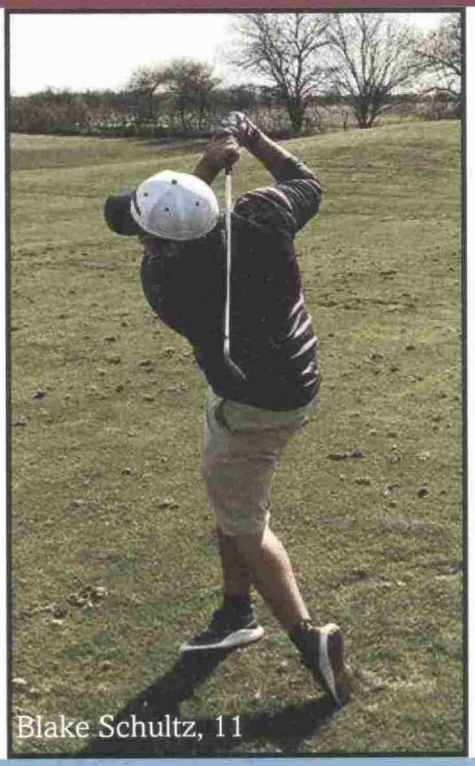
Zach Fleming, 12



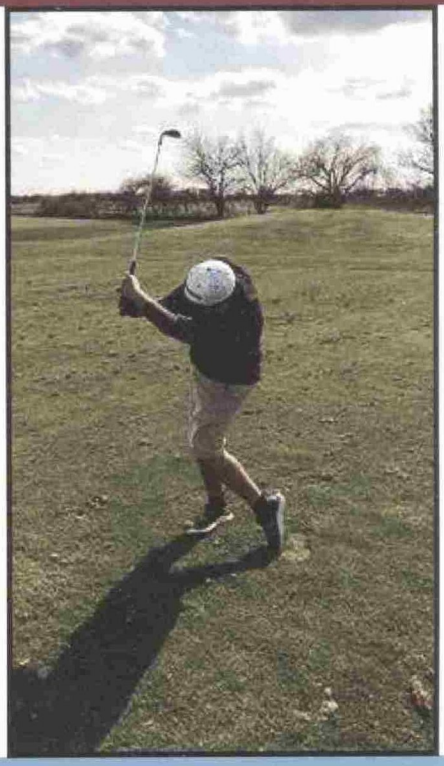
Alec Rogers, 11

Nathan Remaly, 11

The 2019-2020 season never took flight. With school being dismissed in March, the Boys Golf team spent time practicing and hoping to improve their record, with no chance to put it in motion. In the 2018-2019 season, the boys won the GSSC Conference and Cody Donovan qualified for regionals. For the Class of 2020, this will be the memory they are left with, for the underclassmen, it will be this memory to hold them over until the 2020-2021 year. While the boys might not have gotten to compete, the memories from their high school career while stay with them: traveling to competitions, practicing their swings, cheering on their teammates for beating their personal record. It is these memories that will keep the boys on the green for the future to come.



Blake Schultz, 11



The 2019-2020 Boys Golf Team*

Senior Zach Fleming
Senior Dominic DeBartolo
Senior Jackson Foreman
Senior Kyle Rucinski
Junior Colin Hoover
Junior Alec Rogers
Junior Nathan Remaly
Junior Blake Schultz
Junior Cody Donovan
Sophomore Aaron Geringer
Sophomore Connor Reilly
Sophomore Marc Lane
Coach Bryon Clouse

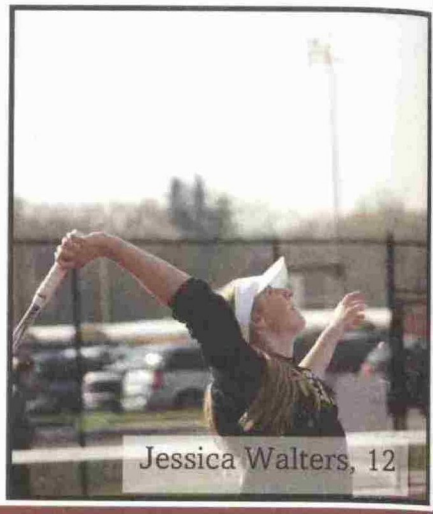
*At the time of the school closing, the Boys Golf team roste had not been finalized. Athletes listed above played in previous years.

Blake's Determination

Pictured above is Junior Blake Schultz practicing during what would have been the 2019-2020 season at his home golf course, Palmira. While following specific guidelines, Schultz was able to maintain a positive attitude and kept putting the time in on the field to hopefully have a successful 2020-2021 season. "I am looking forward to shoot low 80s to high 70s consistently and make a push in regionals with my good teammate Cody Donovan and the rest of the Hanover Golf Team" Schultz said when asked about his future goals.

A Coach's Wish, A Teammate's Gratitude

Despite having having no season, teammates remain thankful for graduating peers and wish them well after high school.



Jessica Walters, 12

Unfortunately, the 2019-2020 Girls Tennis season landed out-of-bounds. While the girls had started conditioning, because of the pandemic, the team never got to play a match. Coach Greg Whitacre commented about the season's goals: "We would have liked to have had a winning record, to have improved upon the wins we had last season, to have placed high in the GSSC, although Wheeler and Whiting have been very tough the last few years. We also always hope to compete well in the sectional, which is always difficult, because the girls face Crown Point and Lake Central." But more than just their season's goals, Coach Whitacre and the girls are sad by the time lost together as a team. "I want the girls to have fun. That's it. I want them to have an experience that matters to them. Ten years from now, I want them to look back and be glad that they chose to participate in tennis," Whitacre said.

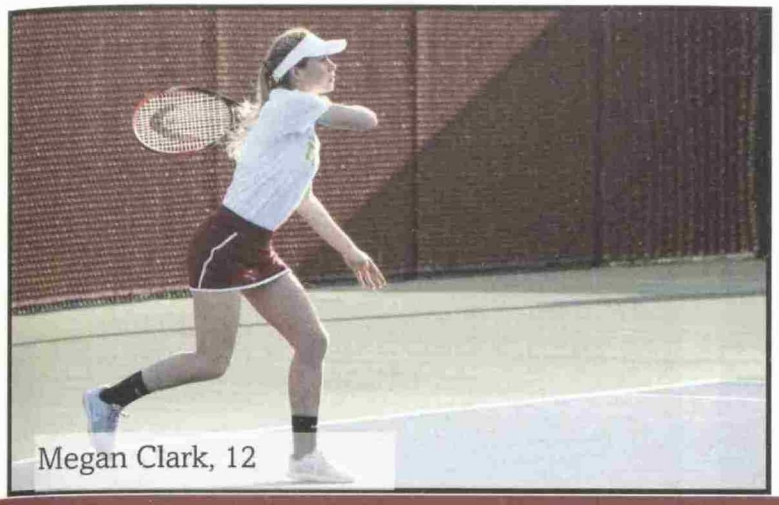
The 2019-2020 Girls Tennis Team*

Senior Megan Clark
Senior Katlyn Harrell
Senior Paige Kubiak
Senior Reilly Parker
Senior Jessica Walters
Junior Katie Jackowski
Sophomore Sophia Ponto
Sophomore Thea Puent
Sophomore Ana Blagojevic
Sophomore Katie Sarna
Sophomore Maddy Stutsman
Coach Greg Whitacre

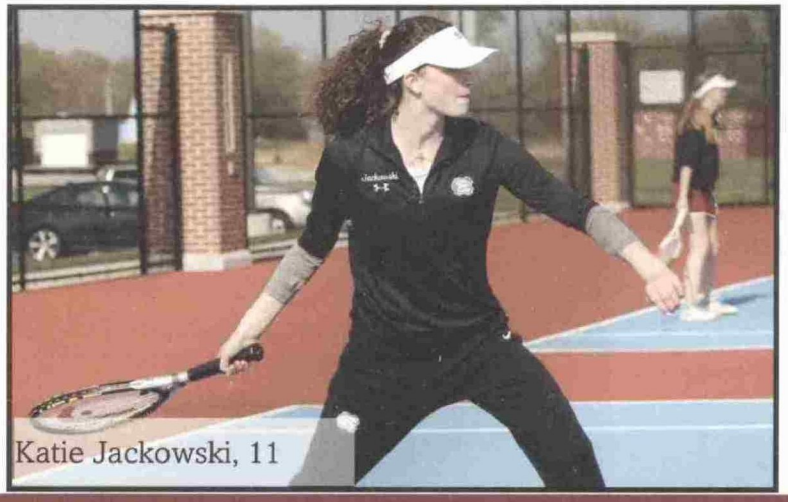
*At the time of the school closing, the Girls Tennis team roster had not been finalized. Athletes listed above played in previous years and/or had attended conditioning with the intention of playing.

A Friend's Dedication

Thea Puent, sophomore, was greatly impacted the last two years by senior teammate Jessica Walters. She said, "Oh, Jess, you not only taught me how to properly hold my racket, you taught me how to love the game you play. You taught me that no matter whether you win or lose, at the end of the day, as long as you had fun, that's all that matters. You have helped me so much in just being my hype person during matches or outside of tennis in general. I appreciate and love you so very much, and I can't wait to see the amazing things you do!"

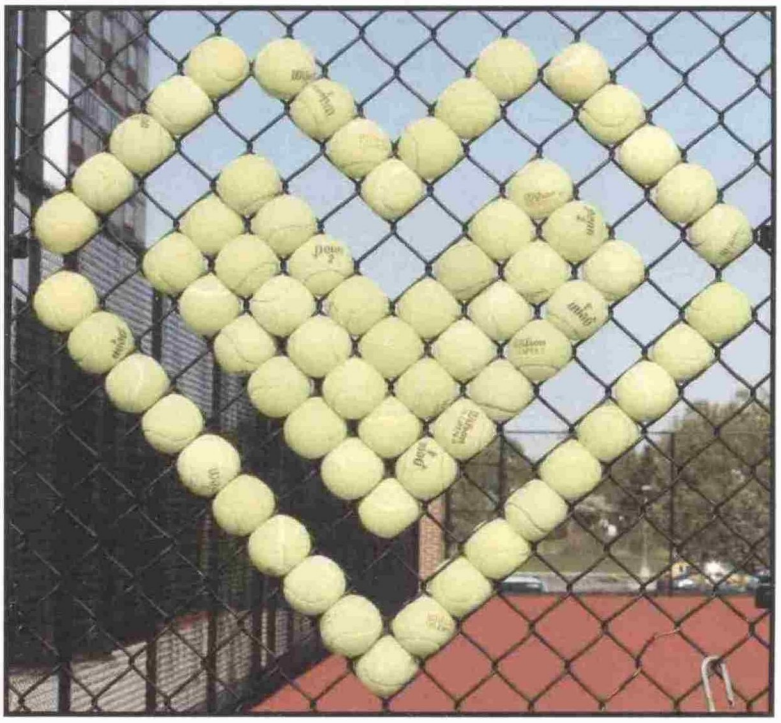


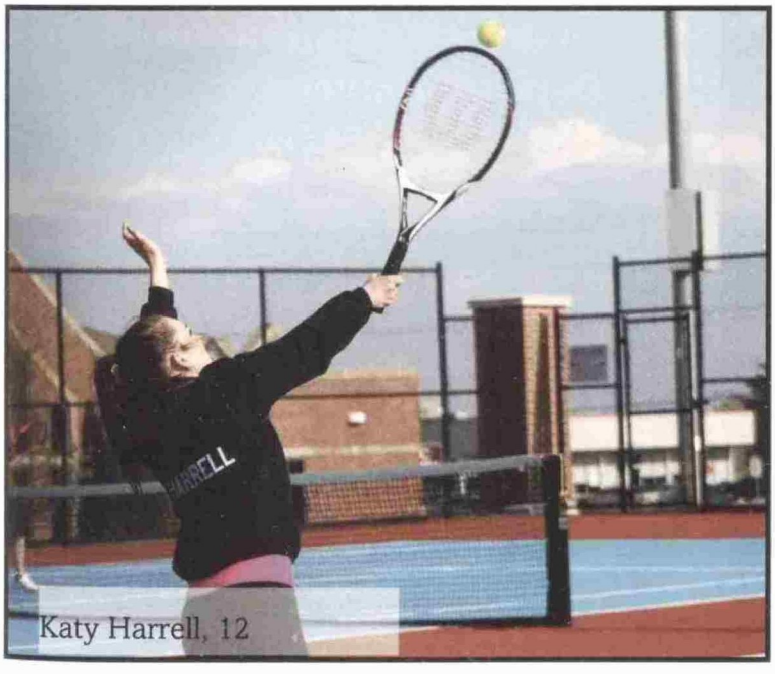
Megan Clark, 12



Katie Jackowski, 11

Reilly Parker, 12





Katy Harrell, 12

Paige Kubiak, 12

Once a Wildcat....

These athletes may be moving on, adorned by different colors and represented by a different mascot, but they will always be a Wildcat at heart.

Priscilla Seniw- Softball
Calumet College of St. Joseph Crimson Wave

"CCSJ's softball program is what won me over. It is close to home, but far enough away to where I could stay on campus. The college is also a similar size to Hanover, and I like the feeling of knowing everyone."

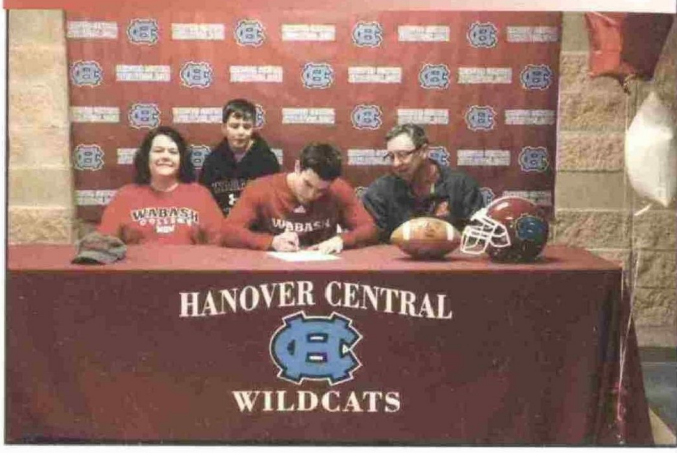
Taylor Towry- Softba
Marian University- Wisconsin S

"Marian University is a smaller school that allows students to get to know their professors with a small student to professor ratio. Marian University also gave me the opportunity to pursue a nursing major while playing collegiate softball. Marian is the best fit for me because it will allow me to prioritize my academic goals in a tight-knit community, while still playing the sport I love.

Marissa Metcalfe- Bowling
Saint Francis University Flash

"Saint Francis University has a stellar nursing program, rated as one of the top in the country and the top in Pennsylvania with a 100% passing rate on the national nursing board exams. SFU also was the perfect fit for me because it has a top-notch NCAA division I bowling team; it was a dream I wished to accomplish ever since I could pick up a bowling ball."

Brett Driscoll- Football
Wabash College Little Giants



"I chose Wabash because it offers a unique and challenging education experience. The support system there, accompanied by the number one alumni network in the country, was an opportunity I'm glad I didn't pass up."

Ashtyn Barnett- Softball
Depauw University Tigers

"DePauw is in a small town, and all the classes are close together. The class sizes are small, so there is more one-on-one time with each professor. They have a very competitive softball program, and the team makes you a part of the softball family. DePauw is my home away from home."

Always a Wildcat

Isabel Sitkowski- Golf
Huntington University Foresters

"Not only did Huntington offer me my dream major, Animation, but it also allows me to continue my bowling career on a collegiate level. I visited many campuses, but when I arrived at Huntington University, I knew it was going to be my new home for the next four years!"

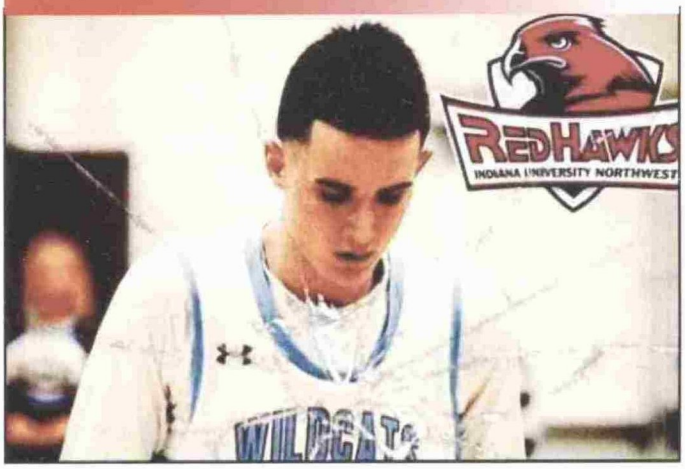
Alyssa Albrecht- Softball
University of Wisconsin-Stout Blue Dem

"I chose UW-Stout because it is a polytechnic school with a beautiful campus."

Carina Bolanos- CC and T&F
Calumet College of St. Joseph Crimson Wave

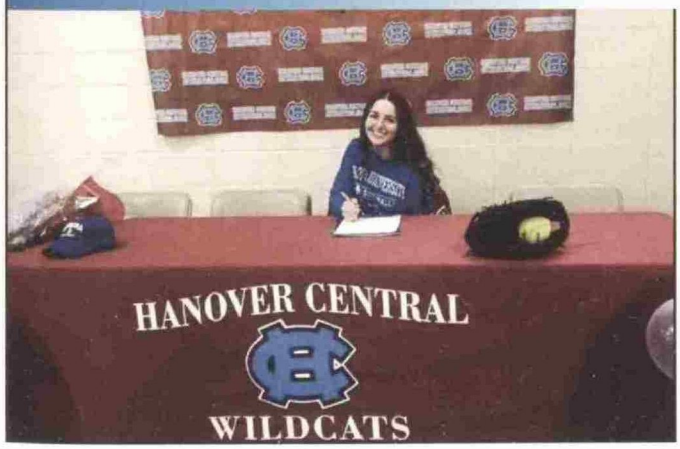
"CCSJ was the perfect fit for me; it was a small and tight-knit community...I would be able to connect with my professors on a more personal level...and have quality relationships with the people there. Their medical program...allows me to study for 3 years at CCSJ, then attend the School of Medical Laboratory Science to help me get full exposure to the field."

Chris Roop- Basketball
Indiana University NW Redhawks



"I chose my school because it was close to home, and it fit me best, in my opinion. I really got along with the coach, and I'm really excited to see what's in store for the future."

Tyler Chambers- Softball
Aurora University Spartans



"I chose Aurora University because I wanted to be far enough to experience the 'college life' but close enough that I can come home anytime. I loved their nursing program and fell in love with their softball program as well. The field is beautiful, and I can't wait to play there for the next 4 years!"

Alora Kelly- Bowling
Calumet College of St. Joseph Crimson Wave

"I fell in love with the school but also how they run their bowling program. It also helps that I know girls already on the team, and when they said this is the type of team you belong on, I knew I found my college team."

STUDENT LIFE

We will always remember the spirit games- the mad dash to win musical chairs and take the victory away from the juniors. We will remember the light at the football games or the sound of sneakers on the gym floor as we watch our friends perform their best. We will remember performing in our first play or musical or helping set up for Veterans Day or the blood drive. Even though the second half of this year was different, such as our virtual prom, the pandemic, and working from home, the last quarter of the school year made us cherish the moments we did have together even more.

The freshmen, sophomores, and juniors will look at this year as a bizarre one, but for the seniors, this year will be a year that we never forget, one where we learned not to take moments for granted and to appreciate the time we have with people. Most importantly we learned that, in times of uncertainty, seek out a support system, seek out your tribe, seek out your WILDCAT.

Teacher/Staff Appreciation Week

Yearly, the members of Student Council hold appreciation weeks to celebrate the teachers and staff at the high school. Because of the pandemic, Student Council members created a video to share with the school to celebrate the hard work of the teachers and staff throughout the year. Pictured above are some of the photos from the staff appreciation video.

Leading the Heard

Student Council organized and hosted many student events throughout the year, showing creativity and patience.

Bringing Students Together

Led by President Brooke Centanni and Vice President Katie Jackowski, the 2019-2020 Student Council year was a successful one, despite the pandemic. This year, with the help of Mr. Gustas, Mr. Chuck Smith, and Ms, Ella Swinney, Student Council hosted a variety of events to bring the student body and community together. Events included spirit week and games, the homecoming dance, the Veterans Day program, a virtual staff appreciation video, and a blood drive. Members worked long hours at these events, such as setting up the gym before the homecoming dance or volunteering class time to help out at the blood drive. Because they worked as a united front, the events went off well, despite any obstacles they encountered. Being a member of Student Council means giving a voice to the student population, being a leader in the building, so these events are more than just a dance or a program; they are a chance to show the best of Hanover and bring people together. Members made memories together in their quest to have a space for students to be themselves. While they are losing some members this year, the younger members will continue the goal of giving all students a voice.

Student Council President Brooke Centanni

Thea

Olivia Sroka, 11

Veterans Day

Each year, Student Council members host a Veterans Day program, attended by students, community members, and military veterans. Along with musical help from choir and band, Student Council members present speeches (shown here), honoring veterans and their sacrifices. Anna Wilk, sophomore, had this to say about the program: "Wiping the tears from his face, the guest speaker simply said, 'You are the future generation of our country, may you do well.' It was not only emotional for him, though; the entire gym felt the same as he did, as we shared a moment of peace and love amongst everyone. This is truly what Veterans Day is all about: showing love to our veterans, our country, and one another."

Skyler Lea, 12

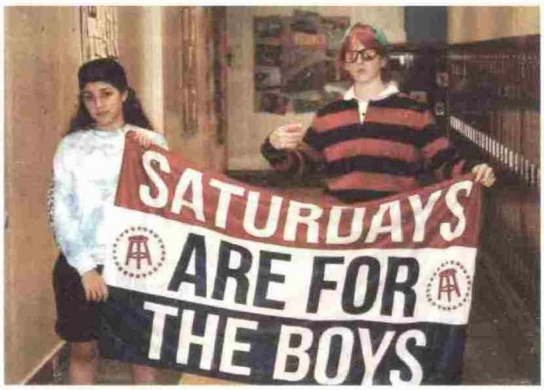
FOOT MASSAGE ANYONE?
For Meme day senior Rachael Rutherford dressed up as the chicken from the classic vine,"Jones's BBQ & Foot Massage." We respect Rachael for the drip she pulled off during the 2019 spirit week.

GROOVY DECADE DAY!
Juniors Corinne Meekma, Brookelyn Rothgeb, and Sarah Piepho dressed up for decades day throwing it back to the 70s.



SENIOR SPIRIT!
Seniors Lily Bachar and Allison Mueller participated in Meme Day!

MONDAY

Meme Day: The first day of Spirit Week was Meme day. Everyone picked their favorite meme or vine and dressed up as it. Senior Simone Wydra dressed up as the popular meme, an E-Boy.

TUESDAY

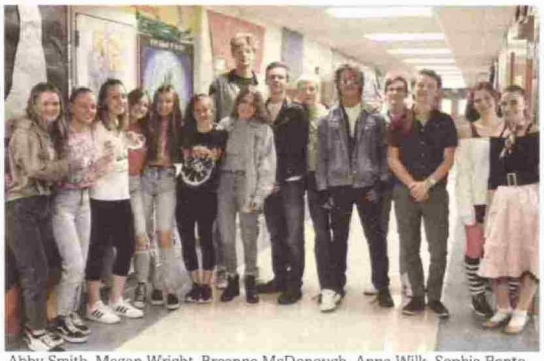
Decade Day: For day two each class had a decade to dress up as: 50s, 60s, 70s, or 80s. Here juniors Bella Weisbrodt, Olivia Sroka, and Jenna Upchurch get groovy as they throw it back to the 70s.

WEDNESDAY

Class Day: Day three is for the classes, where freshmen dress in garbage bags, sophomores dress in newspaper, juniors plastic wrap, and seniors wear togas. Ally Holtcamp and Jayden Gregory, sophomores, wore wonderful newspaper outfits.

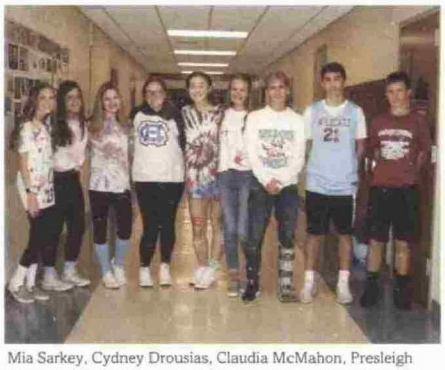
THURSDAY

Spirit Day: For the last day, students went all out. Students made their own spirit wear, representing the Hanover colors. Just as Allison Mueller, Hope Huyser, and Grace Hanlon did here. HC students love to show their school spirit. Go Wildcats!



Abby Smith, Megan Wright, Breanne McDonough, Anna Wilk, Sophia Ponto, Ally Holtcamp, Nicole Kane, Landen Babusiak, Ben Voticke, Bryce Noble, Charlie Watson, Tony Tuley, Nathan Faraher, Olivia Tomac, and Kailee Moran take a break from Mrs. Duffy's 6th hour English class to show off their spirit.

Jasmine Smith, Nevaeh Govert, Angela Hinojosa, and Charity Anselmo, juniors, get a quick photo op with Elvis Presley.



Mia Sarkey, Cydney Drousias, Claudia McMahon, Presleigh Sossong, Frances Foreman, Kasey Anderson, Christian Dahn, Josh Austgen, and Logan Brown prepare for their first spirit games as high schoolers.

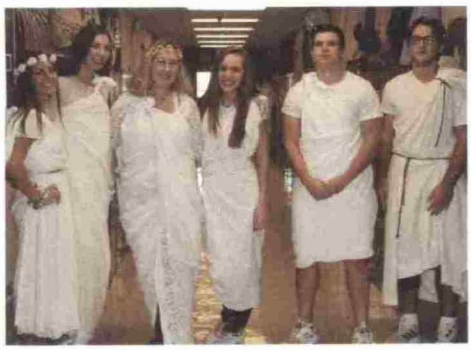
Swinging Through Spirit Week

By: Brookelyn Rothgeb, Corinne Meekma, Sarah Piepho

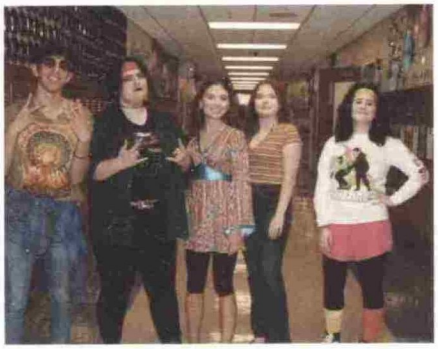
Hanover's spirit week is a time that most students will remember. The week was a short one, with fall break starting on Friday and extending through Monday, but we still had the school spirit. The week leads to the unforgettable time at homecoming. This year's spirit themes consisted of dressing up for Meme Day, Decades Day, Class Day, and Spirit Day, and as usual, our students did not disappoint. Some memes that we saw on meme day included Kermit the Frog, Road Work Ahead, Arthur, Cardi B, Joe Mama, and many more. Decades day was a fun one, as poodle skirts, big hair, and disco where popular outfits. Then class day, which has been an ongoing tradition since 2006, showcased our students' creativity and fashion-forward thinking. Sophomores and seniors always display the most unique creations since garbage bags and plastic wrap are slightly difficult to work with, not to mention stifling hot! Lastly was spirit day; the students donned cardinal red and Columbia blue. Spirit day is always the day almost everyone participates in, a time that brings the whole school together, regardless of grade level.

Sammi Corey, 10

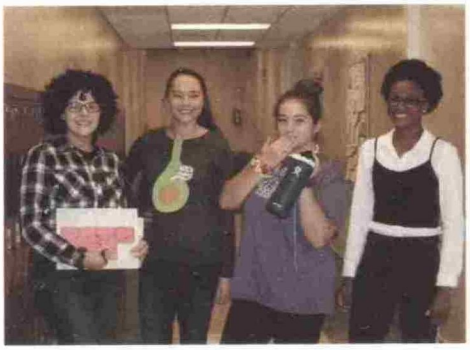
Megan Clark, Isabel Sitkow[illegible] Fleszewski, Andrea Av[illegible]oon



Tyler Chambers, Madison Radowski, Sara Heiser, Jordyn Schierberl, Brett Driscoll, and Dominick Amadio walk the halls and the gods and goddesses they are.



Johnny Willems, Rachael Rutherford, Sydnie Wilson, Reilly Parker, and Grace Hammons, seniors, enjoy one last hurrah during spirit week.



Ashley Haemker, senior, Joy Gliwa, junior, Hannah Ingraham, sophomore, and Maya Butler, junior represent their favorite meme.

Changing It Up

By: Anna Wilk, Cole Cameron, Lily Bachar and Sabrina Siems

Let the Games Begin...

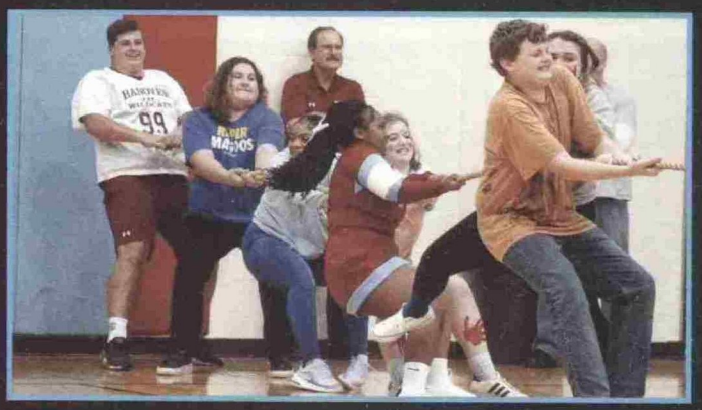
On October 10, 2019, Hanover's Homecoming weekend started off in a burst of excitement as they hosted their annual spirit games. In 1979, Hanover Central started a new tradition that was hosted at the end of homecoming week known as the "spirit games." They held a pie eating competition amongst the students in the gym; the whole school attended to watch the festivities. Since the first games, Hanover has kept this tradition going, but expanded the games in which the students play. This includes the class wide scavenger hunt, mummy wrap, tug of war, and musical chairs. The four classes battle it out against each other, and the number of games that each class wins determines the overall winner, along with the points from the hallway decorations and dress up days. The class winner of the spirit games was the seniors, but each grade put forth all of their effort to try and beat the other grades. This year, due to the damage to the floor the previous year, the games were held in the East gym. Highlights included, Mason Maris falling during the dress up game and Simone Wydra and Lauren Demoff competing against each other in musical chairs. The chaotic energy that was present during these games brought excitement and enthusiasm to not only those who participated, but everyone who watched from the bleachers as well. The spirit games are an event which all remember, for the games really give a change to come together as a school.

And the Crowd goes Wild

Sophomores Julian Dipert, Charlie Watson, and Connor Philipp get hyped up at this year's spirit games. They went wild because the sophomores were taking down competitors during tug of war to make it to the final round against the seniors.

Wrap It Up

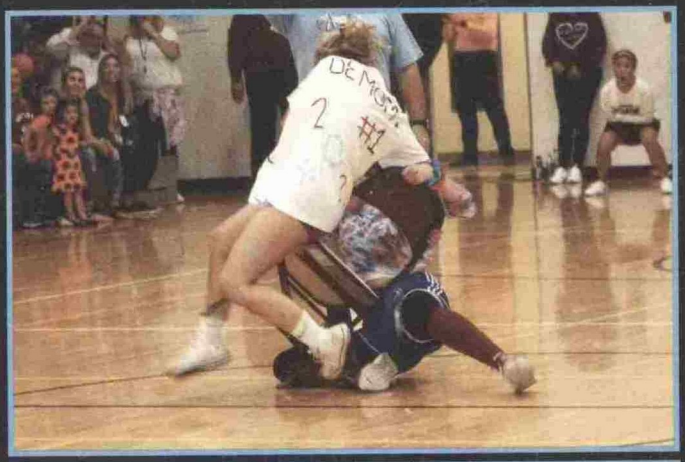
Brianna Kraus, John Salata, and Hannah Ingraham, sophomores, competed for the sophomore class in the mummy wrap game. Victory was almost theirs, but they ended up placing third. Brianna Kraus said, "It didn't matter what we placed because I had a great time with my friends. It was such a blast, and I would do it again next year."



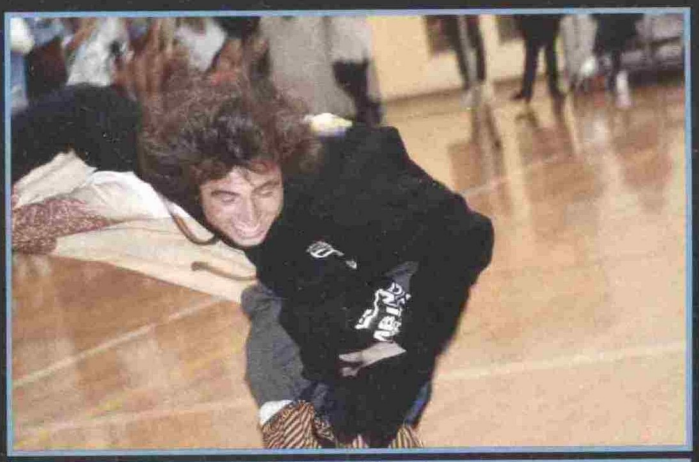
A Tug Against Time

Freshmen Logan Dreessen, Jenna Foley, Ari'Onna O'Barski, Marissa Reid, Samiyah Muhammad, Sam Puent, and Ryan Hildeman held up a strong fight against the senior class as they competed against one another in tug-of-war. Victory was in their grasp until the opposing senior team replaced one of their members: the man, the myth, the legend, Big Tex, aka Austin Foster.

Storm the Court
The senior section prepares to "storm" onto the court as the Spirit Games come to an end. It's tradition for the seniors to run a lap as a group around the gym and tear down the score board once the games are complete.



The Final Showdown
Lauren Demoff and Simone Wydra battle for the last chair during the musical chairs game. Both finalists grabbed the chair and brought it to the ground, making the spectators unsure of who had won. Simone was declared the winner of the game, and the seniors celebrated in excitement.



Flailing About
Mason Maris trips over himself during the obstacle course race. The race had contestants put on oversize clothes as fast as possible, then race to the other side of the gym in a tag team fashion. A little slip didn't stop Maris from reaching the other side for his team.

Ready for Launch
Dominic Lucido, Amanda Schreiber, and Megan Clark prepare to launch Rachel Fleszewski towards a pile of balloons in the center ring of the gym during Hungry Hungry Hippos. Rachel used the provided laundry basket to collect as many balloons as possible in order to win the game. The senior crew ended up winning the game, collecting over 40 balloons. Rachel has been the "hungry hippo" for two years now. While this year changed a lot, Fleszewski said, "I hope this game stays as a tradition for years to come!"

Rolling Out the Spirit Sophomores Breanne McDonough and Sarah Fleming decorated and made posters for the Pomcats to have for the homecoming parade.

Hand in Hand Mr. Gustas rode on a float for the homecoming parade. The float promotes the Penguin Plop, which is held each year to raise money for students. .

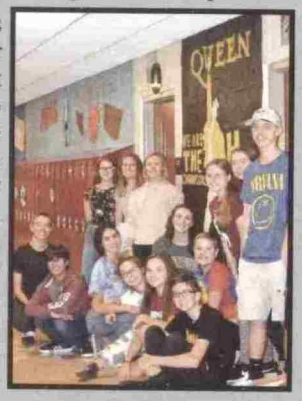
Keep Marching On Hope Huyser, Grace Hanlon, Hailey Vanderhye, and Mattea Beilke all supported the girls basketball team in the homecoming parade by making posters.

AM I DOING THIS RIGHT?? Sarah O'Farril hangs clothes to add to the 50s theme of the freshmen hallway. In the second photo, Amanda Noel is trying to paint a field of flowers on a desk to add to the same theme. She said, "I am not artistic... I'm okay at drawing, but...this is tough." The freshmen hallway went on to win the competition.

LEAVING IT HANGING DRY Abby VanKley (L) painted a poster outside to let it dry faster. She and Megan Wright spent time outside in shifts making these colorful wall hangings for the 80s theme. Ally Holtcamp (R) is measuring poster lines and making sure the streamers are aligned right with the poster.

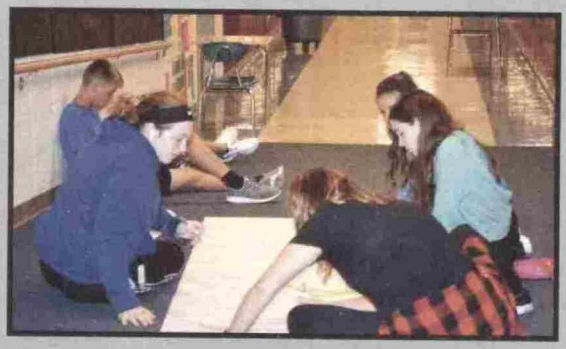
Absolutely the highlight of any hall, junior Zach Franker masterfully captured 70s royalty with his life-size Freddy Mercury creation. Unlike many of the decorations, this one was carefully taken down and now hangs proudly in Mrs. Mesko's classroom.

Posing Juniors Pictured are the junior helpers that stayed all night and were the last ones to leave the building to decorate their hall. Featured: James Miller, Lyle Teruel, Maddy Victor, Madalyn Restauri, Julia Moloney, Brianna Behling, Mia Forbes, Haley Wigboldy, Katie Jackowski, Ian Smith, Olivia Sroka, Bella Weisbrodt, Zach Franker, and Mrs. Mesko.



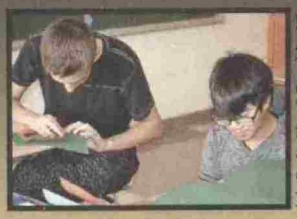
Empowered Women

On the night of the Powder Puff game, there were only two teams, juniors (L)) and seniors (R). The senior girls won with the two touchdowns scored by Allison Mueller. Freshmen/Junior team): Deyton Barnett and Reile Waters, Mia Forbes, Angela Hinojosa, Amanda Kwintera, and Lauren Demoff. Senior team: Reagan Noel, Andrea Avila, Lauren Koontz, Rachel Fleszewski, Alyssa Albrecht, Priscilla Seniw, Megan Clark, Ashtyn Barnett, Allison Mueller, and Lily Bachar.

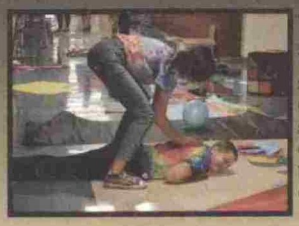


Working Together Ryan Mueller, Heidi Considine, Mrs. Daniell, Yumi Baer, and Sarah Fleming worked on posters together to get things done at a faster pace. They joked around with the yearbook staff and said to get their good side. Some of them said not to get them at all.

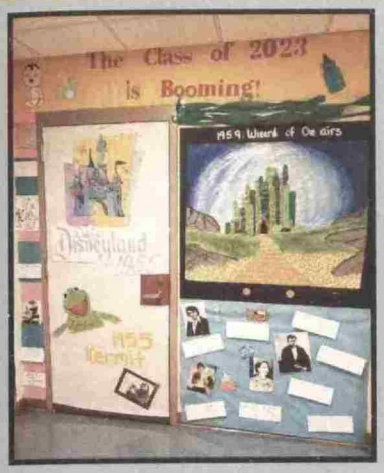
Rush Hour
The whole cross country team came and showed their school spirit by being in the homecoming parade and throwing candy.



Painful Precision
James Miller and Lyle Teruel work meticulously on Zach Franker's vision. The junior hallway was a favorite among students and teachers, and Zach is determined to win senior year!

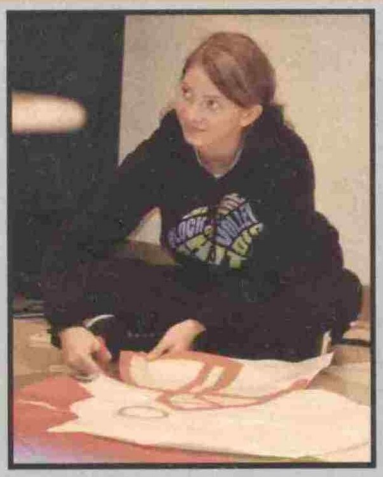


Cracking Up
Maddy Victor and Haley Wigboldy needed to relieve some back strain from the decorating. Maddy Victor said, "stay still, I'm gonna crack your back." They tried to get serious, but kept cracking up.



Boom Babies

The 2023 Freshmen Class won the homecoming hallways competition. They had the 50s theme and incorporated historical facts at the beginning of the hall, with their larger than life timeline, like the opening of Disneyland, the motion picture of the Wizard of Oz, and the rising generation of the Boom Babies.



Working as a team

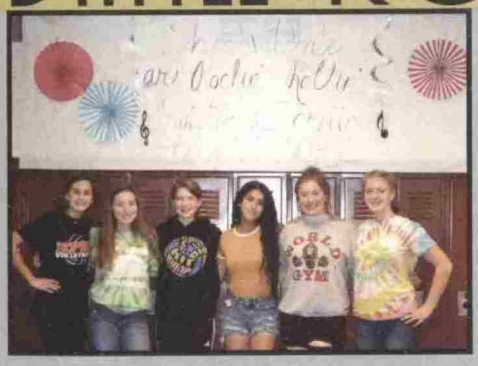
Freshmen Vice President Carly DeVries works on decorating the freshmen hallway with 50s decorations. Students spent hours to make the space feel retro.

PEACE OUT HIGH SCHOOL!
Amanda Schreiber pained a groovy peace sign, one of the main signs for the senior hallway. She was laughing about how long it took. She said, "I am glad you like it. It's simple, but it takes a long time." She and a handful of the seniors said they enjoyed doing this and wanted to be the best in the competition, since it is their last year.

60s Peace
Left to right: Andrea Avila, Natalie Novorita, Megan Clark, Jessica Walters, Lauren Koontz, Reagan Noel, Nicole Novorita, Ashley Haemker, and Reilly Parker. All these wonderful ladies helped participate in the hallway decoration competition. They used to have the longest hallway, and these girls have come every year to help out their class.

By: Verenisse Napoles and Priscilla Seniw

BATTLE ROYALE: THE COMPETITION NEVER ENDS



With a mix of paint fumes and teen spirit wafting through the halls, a sense of overflowing school pride also emerges. During homecoming week, the four grade levels of Hanover Central High School battled to show their enthusiasm at events, ranging from the parade to hallway decorating. Hours, money, and emotion were spent on these prideful events.

Unlike in years past, students went to the school on Sunday from 12:00 P.M. until 8:00 P.M. in an effort to make our hallways look amazing for judging Monday morning. Freshmen twisted and shouted through the 50s, sophomores rocked the 80s, juniors boogied through the 70s, and Seniors grooved through the 60s, all to win the top prize. The hallways became colorful creations, demonstrating the creativity of each grade. As usual, there was a struggle with the paper cart and a few meltdowns. Coming up with ideas to fill up corner to corner, wall to wall, and edge to edge in each hallway amassed much stress, but with the class officers and sponsors, the night progressed. The stress of building something in less than 10 hours was visible. At the end of the evening, though, the stress was worth it as each grade managed to create a beautiful hallway.

The freshmen class won the hallway decorating competition, but each grade level created art that left students and staff awestruck and took them back in time.

A New Reign Begins

Using their artistic talent and determination, freshmen Dara Barach, Tessa LaLonde, Carly DeVries, Sarah O'Farril, Marissa Reid, and Amanda Noel stole the show with their 50s-inspired hallway. What will the next three years bring? Hopefully, three more victories in the years to come.

Boogie the Night Away

By: Allison Mueller, Hope Huyser, and Bella Weisbrodt

Homecoming dance theme turns out to be a retro hit.

Walking into the east gym on October 12, 2019, the students were taken back into the old days. This year's homecoming theme was "Dancing Through the Decades." The students definitely could feel themselves traveling through time with the flashback decorations on the walls from the 50s, 60s, 70s, and 80s. The attendance was also amazing as usual. Student council Vice President Katie Jackowski stated, "The attendance to the dance was great as usual because many of the students look forward to the dance." The night was made possible by the student council, who gave the students a night to remember. The dance can be remembered by the astonishing DJ StankyLeg, who really put on a show for the crowd. While he did play many great songs, some even twice, there were some questionable ones. While DJ StankyLeg blasted his music through the gym, things started to get out of hand in the dance circle when the students began body surfing. Their fun was short lived after they were quickly shut down. The night carried on with more dancing and singing. The students were able to leave the dance, after 9:45, with many memories made with friends that would last a lifetime. Students enjoyed the weekend hanging out with their friends and going out to eat. This was the only dance at Hanover this year because of the Coronavirus.

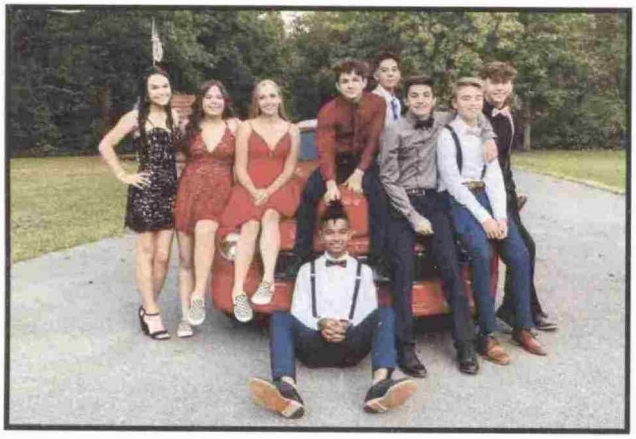
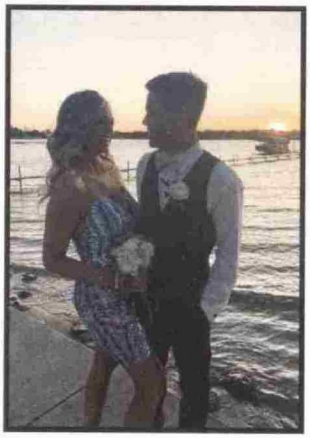
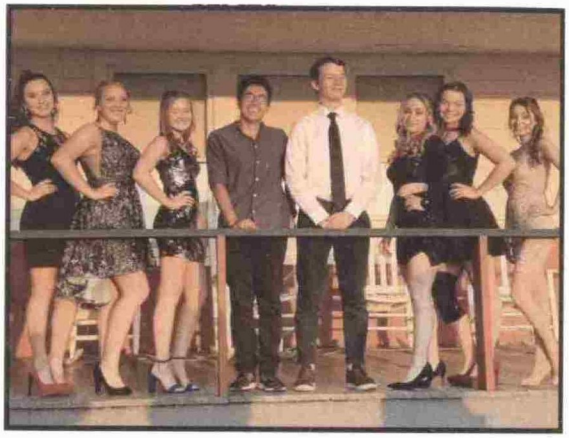
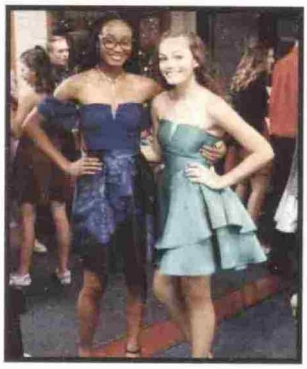
Happy Days Are Here Again

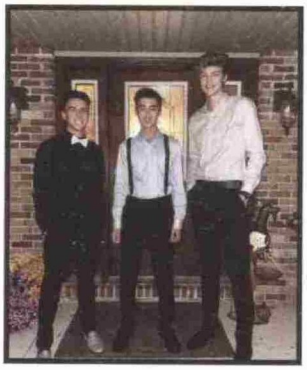
Homecoming 2019 allowed students to rock, jive, and groove through the decades and make memories that will last for decades to come.

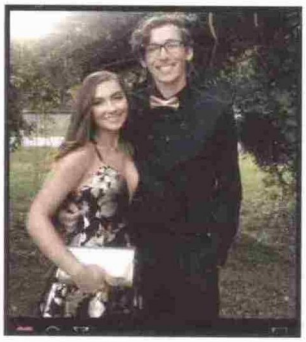


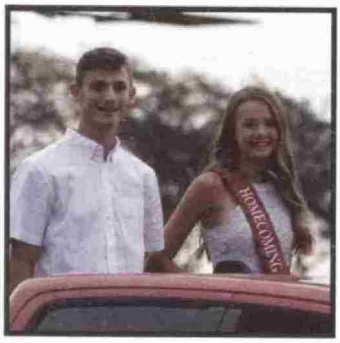


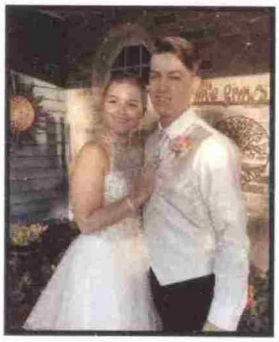


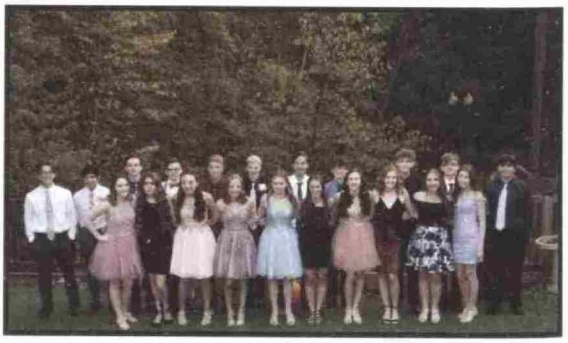


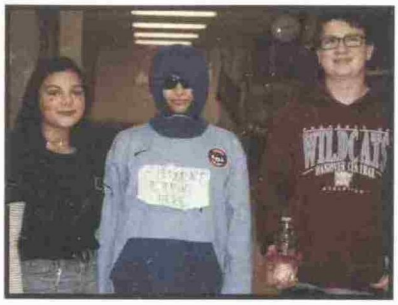


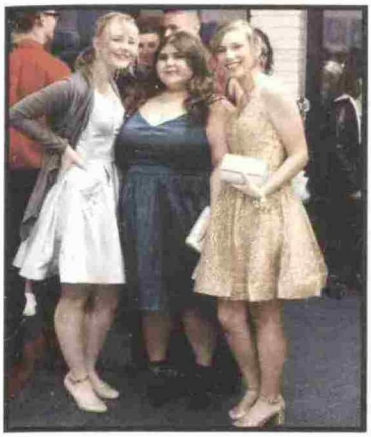


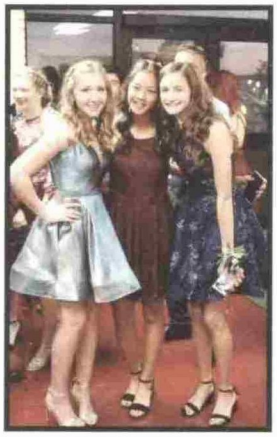


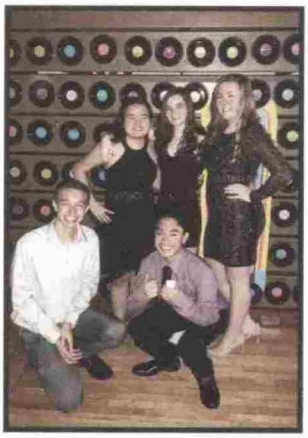


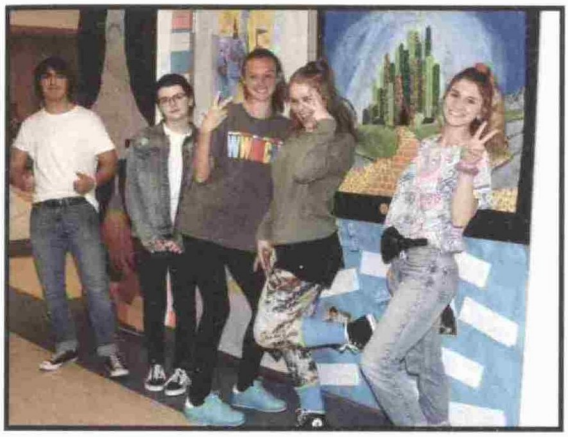


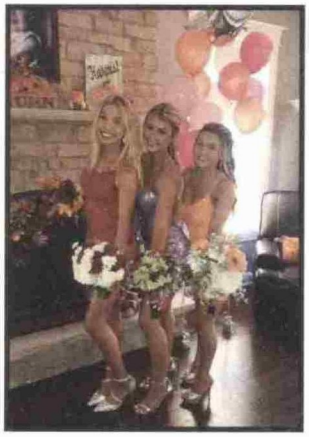


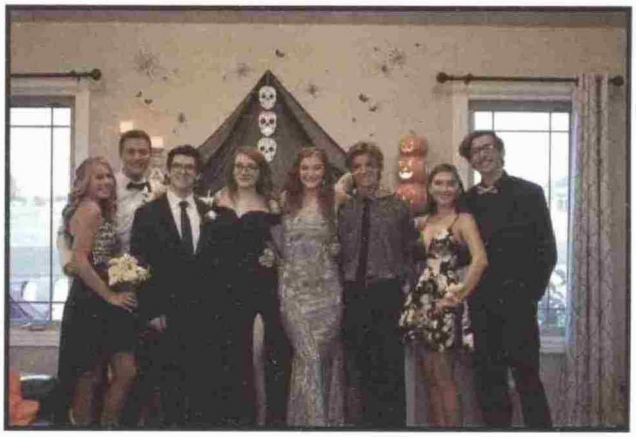


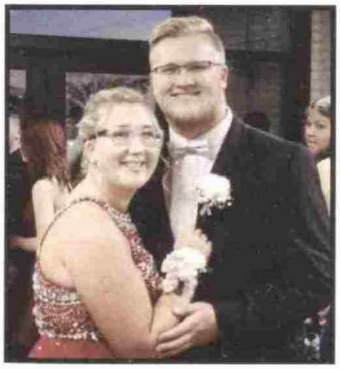


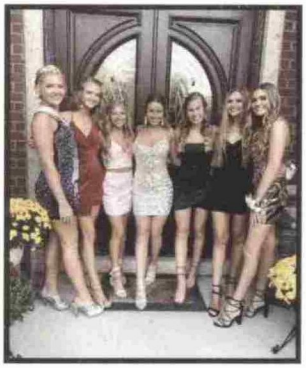


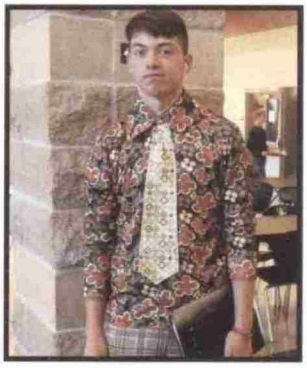


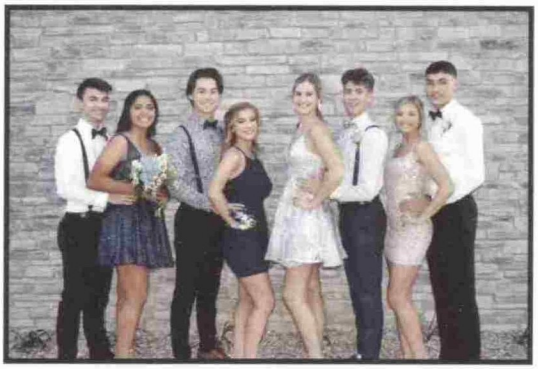


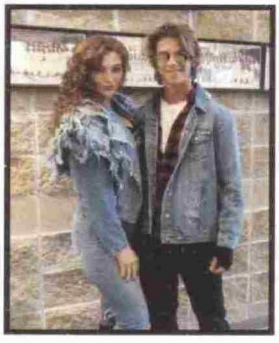


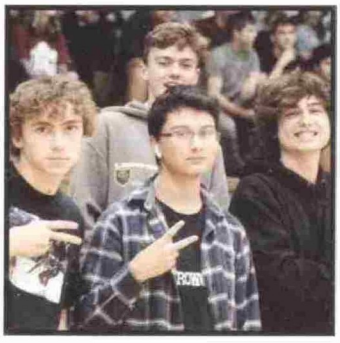


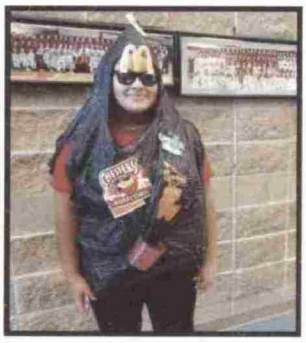












Pay It Forward

National Honors Society gives back to the school and community throughout the year, learning what it takes to be a leader.

Upholding Excellence

Led by President Phoebe Tomac and Vice President Brett Driscoll, the National Honors Society (NHS) had a productive year. To qualify for the NHS, students must demonstrate academic fortitude as well as outstanding behavior and character. While each student hopes to put NHS on their transcript, the members in the organization bond as a family throughout the year. Events that members could have participated in include helping teachers set up their classrooms, volunteering on back to school night, the food drive, the Angel Tree project, Penguin Plop, and many others. Members are also encouraged to go out into the community to and complete service hours. This year, although cut short, saw the NHS striving to better themselves and the community. Moreover, the organization welcomed many new members and proud parents/guardians at the induction ceremony. These students worked hard and should be proud of their achievements.

Vice President : Brett Driscoll
Secretary: Marissa Metcalfe
Treasurer: Amanda Schreiber

Hanover During the Holidays

While it might take good grades to be initiated into the National Honors Society (NHS), at the heart of the program is character, leadership, and community service, all traits NHS members work on throughout the school year in addition to academics. This can be seen most evidently in the winter months. Pictured below are some of the 2019-2020 NHS members working on getting gifts ready for the Angel Tree. With the help of Mrs. Monica Nelson, these members are able to get gifts as well as essential items for families in the community. Members walk away from this experience learning that by helping those in need, all people are benefited.

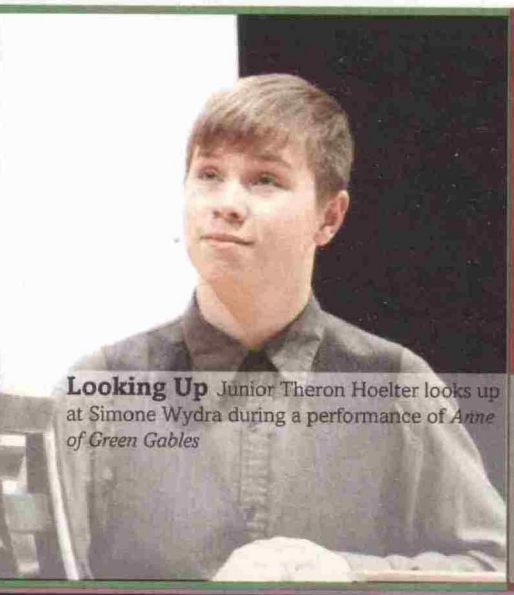
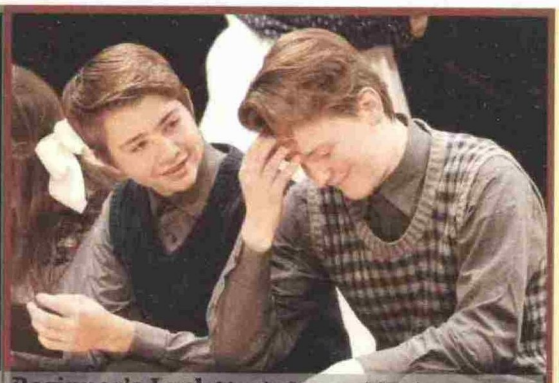
Anne of Green Gables: Beloved Children's Story Brought to Life on Stage

by: Brookelyn Rothgeb and Sarah Piepho

Anne of Green Gables tells the story of brother and sister, Marilla Cuthbert (Jessica Wiersema) and Matthew Cuthbert (Theron Hoelter), who live a very quiet life on a farm with only a woman nearby named Rachel (Sarah Piepho). The couple decides to adopt a boy from an orphanage because they need someone who can help Matthew with the farm chores, as he's getting older. The Cuthberts are both startled and surprised when they come to find out that they have adopted a girl! A girl named Anne (Simone Wydra). Anne is not just any girl. She is a girl who likes to show her emotion, and in this small, quiet, little farm town, that is not the norm. Marilla and Matthew struggle with Anne initially, but as they grow and face life struggles, Anne becomes a geuine part of the family. It is a wholesome and heartfelt story that the Hanover students brought to live masterfully.

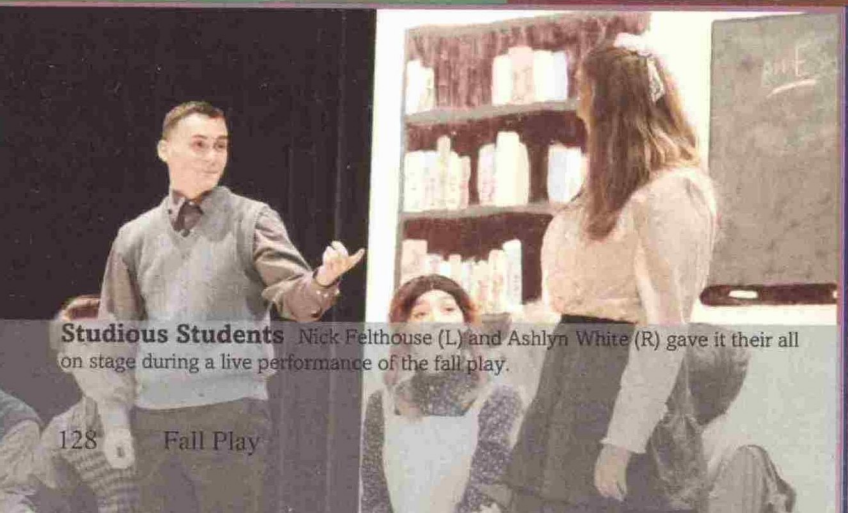


Looking Up Junior Theron Hoelter looks up at Simone Wydra during a performance of *Anne of Green Gables*

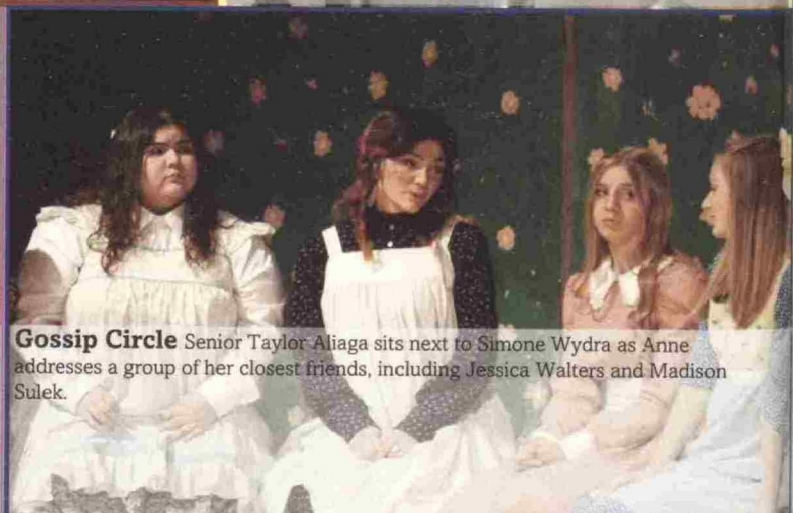


Beginner's Luck Moody Surgeon Macpherson, played by sophomore Noah Czak and Gilbert Blythe, played by sophomore Nathan Faraher, are seen talking above. *Anne of Green Gables* was Nathan and Noah's first play. Czak said, "I do hope to do more plays in the future. It was a fun time performing it with everyone."

School Girls Kailee Moran, Autumn Pifferitti, Madison Sulek, Jessica Walters, and Taylor Aliaga talk about the school day. All of them said it was fun coming up with small things to talk about when they had to wait to say their lines. This was Jessica and Taylor's senior year.



Studious Students Nick Felthouse (L) and Ashlyn White (R) gave it their all on stage during a live performance of the fall play.

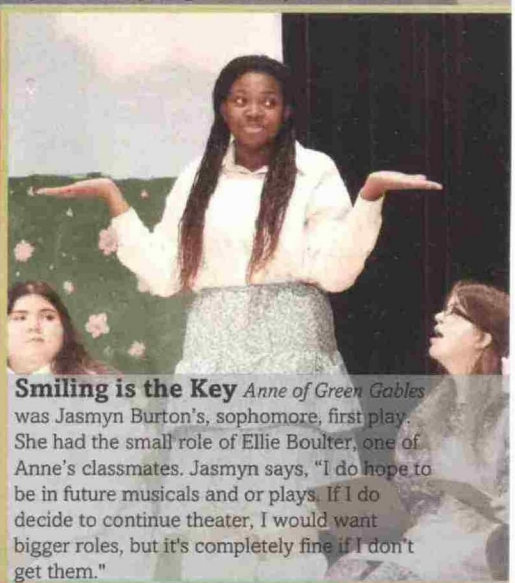


Gossip Circle Senior Taylor Aliaga sits next to Simone Wydra as Anne addresses a group of her closest friends, including Jessica Walters and Madison Sulek.

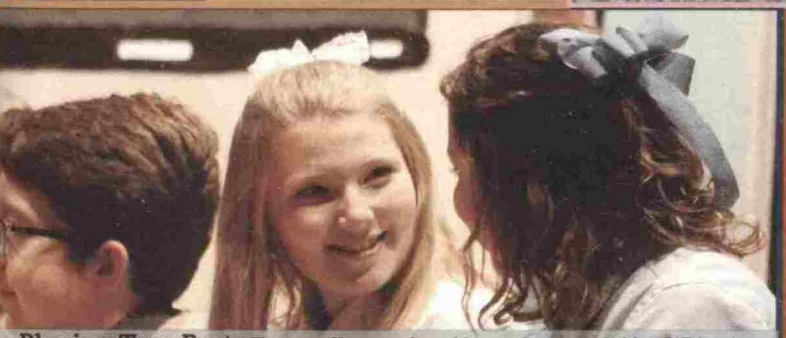
Becoming Anne
Simone Wydra played the title character, Anne of Green Gables, in fall play. The homely girl who started the play evolved into a sophistocated young woman by the end.

First Performance This was Logan Edgemon's first time being in a production. He was very nervous, but he pushed through his nerves and delivered his lines great. Logan said, "the play was a good experience. I'm glad I tried out."

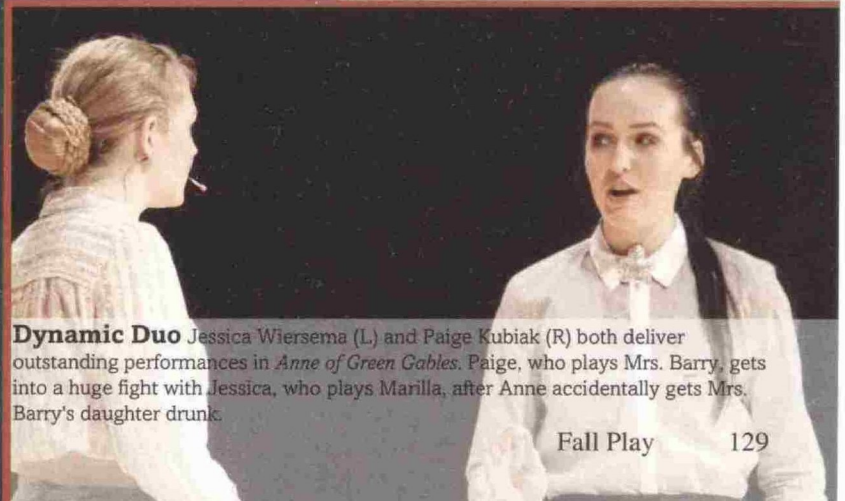
Just Two Best Friends Senior Jessica Wiersema and junior Sarah Piepho are seen talking above about Anne's behavior. Jessica played Marilla, and Sarah played Rachel, the two best friends of the show. Looking to each other for advice, these two provided some comedic moments as they struggle to figure out Anne.



Smiling is the Key *Anne of Green Gables* was Jasmyn Burton's, sophomore, first play. She had the small role of Ellie Boulter, one of Anne's classmates. Jasmyn says, "I do hope to be in future musicals and or plays. If I do decide to continue theater, I would want bigger roles, but it's completely fine if I don't get them."



Playing Two Parts Tommy Sloane, played by sophomore Ashlyn White, is seen smiling and talking to Prissy Andrews, played by junior Brookelyn Rothgeb. Ashlyn played student Tommy Sloane in *Anne of Green Gables*, but had the lead role of Margaret June in the student run play of *All's Fair*. Ashlyn says, "I had fun playing both characters in the plays, but it was funny because I was actually playing a 'boy' in one of them."

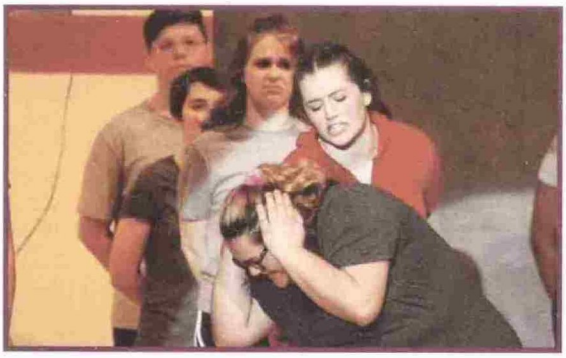


Dynamic Duo Jessica Wiersema (L) and Paige Kubiak (R) both deliver outstanding performances in *Anne of Green Gables*. Paige, who plays Mrs. Barry, gets into a huge fight with Jessica, who plays Marilla, after Anne accidentally gets Mrs. Barry's daughter drunk.

Switching It Up

Spending the Day in Someone Else's Shoes

Women and Sandwiches
Adam, played by junior Theron Hoelter, and Fletcher, played by freshman Tristan Alkire, had the entire audience laughing historically with Fletcher's puppet act and Adam's song, "Women and Sandwiches."



Breaking a Sweat
Ms. Myers was an intense, short-tempered gym teacher who persistently demanded her students to try harder while in class. Freshman Marissa Reid, who played Myers, said, "My character took me a bit out of my comfort zone and really made me open up my shell, but it was so much fun." This was Marissa's first time being in a Hanover Central production, but the audience couldn't tell because of her amazing singing and acting abilities.

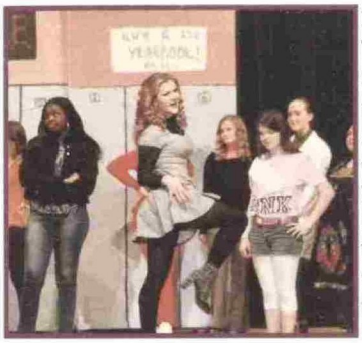
The Hanover Thespian society put on a production of Disney's *Freaky Friday*. In this show, Catherine, Jessica Wiersema, and Ellie, Jessica Walters, got to experience a day in each other's shoes. They both thought their life was harder, but then after magically switching places and forced to spend the day as each other, they realized that other peoples' lives are just as difficult as others. *Freaky Friday* was probably the best musical, and it was nice to see a variation of acting skills amongst the grades. Freshman Marrissa Ried played the gym teacher and just might have been one of the harshest gym teachers you have ever seen. One of the best parts of the play was Fletcher, Tristan Alkire, a freshman, with his puppets. Constantly throughout the play Fletcher taunts his sister Ellie because he looks up to her. The play is not just what happens on the stage; it is also about what happens off stage. The stage crew did a great job at painting the sets, having the lights turn on and off at the right times, and switching the sets when they needed to be. Most of the seniors who are in the play also are in choir. However, they did not realize that this would be their last time on the stage. Fortunately for our cast and crew, though, their final performance still occurred. Many schools around the region were not so fortunate as many spring musicals do not typically run until April or May.

By: Anna Wilk and Sabrina Siems

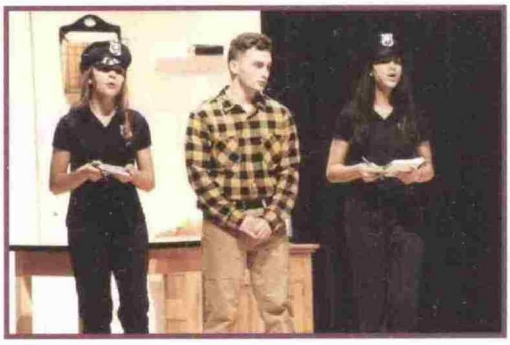
The Cast and Crew
In any stage production, it is vital that each member plays their role efficiently to make everything run smoothly. In *Freaky Friday*, both the cast and crew worked together to make the play a success.

First Row: Tiffany Lange, Jade Westerhoff, Eva Holm, Jennifer Toth, Hailey Palomo, Genevieve D'Asto, Emelia Kocka, Hope Huyser, Allison Furman, James Miller, Owen Taylor Phoebe Krumdieck, Sera Rios, Abby Smith, Breanne McDonough, Makayla Togtman, Kevin Doeden, Madelyn Plants, Ernest Heiser
Second Row : Lily Doeden, Kailee Moran, Ruthie Rakowski
Third Row: Sammi Corey, Nathan Faraher, Noah Czak, Claudia McMahon, Sarah O'Farril, Connor Reilly, Autumn Pifferitti, Christina De Lange, Kaylie Phillips, Katrina True, Ashlyn White, Jessica Wiersema, Jessica Walters, Nick Felthouse, Tristan Alkire, Jasmyn Burton, Madison Sulek, Theron Hoelter, Simone Wydra, Taylor Aliaga, Mr. Arroyo, Mr. Gustas
Back Row: Steven Zalewski, Delia Ostertun, Isabela Voltolina, Nick Mondello, Paige Kubiak

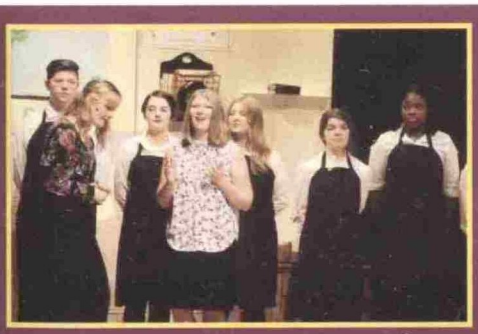
Saying Goodbye
Freaky Friday was one of the best productions in Hanover Central history, with several talented actors and actresses who made the performance come alive. The play couldn't be done, though, without seniors Jessica Wiersema and Jessica Walters, who played the lead roles of Katherine and Ellie Blake. This was their last production at Hanover, after acting in 13 plays and musicals throughout the four years.



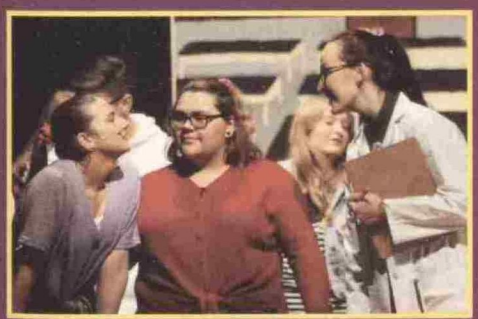
Mean Girl
There's always one. From sweet and naive Ann with an E to sassy and nasty Savannah, senior Simone Wydra covers the gamut of personalites in her final performances on the Hanover stage. Simone has been a staple in the Hanover Thespian Society, and she will be missed.



Missing in Action
Police officers, played by freshmen Claudia McMahon and Sarah O'Farril, are seen asking questions to soon-to-be stepdad Mike, played by junior Nick Felthouse, about Fletcher's disappearance. This marks the climax of the play, and his family comes together to bring him home safely.



Just One Day
Katherine, Jessica Wiersema, just wants one day to go perfect for her as she sings her musical number. Next to her is her assistant, sophomore Ashlyn White. Behind them are Nick Mondello, Kaylie Phillips, Autumn Miller, Lily Doeden, and Jasmyn Burton. This song was significant because Katherine did not know that she would end up switching bodies with her defiant daughter.



Oh, Biology
"Oh, Biology" is arguably one of the best songs in *Freaky Friday*. It stars Gretchen, played by sophomore Kailee Moran, Hannah, played by junior Ruthie Rakowski, and Mrs. Blumen, played by senior Paige Kubiak. It also featured many other characters and was the biggest singing number in the play, allowing a lot of students to show their singing chops.

Who Would You Want to Switch Lives With?

Some cast members who took part in the play gave insight on who they would switch lives with if given the chance...

Owen Taylor (crew member): "I would switch places with Seth Rogan. He is super funny and able to do almost anything he wants. He's truly living the dream."

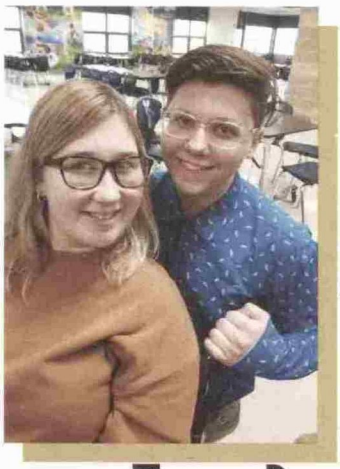
Hope Huyser (crew member): "I would switch places with Charli D'amelio. Like, imagine being Tik Tok famous and having an iPhone 11 Pro Max? Couldn't be me."

Noah Czak (actor): "I would switch places with Dominick Amadio because he is very intelligent, athletic, hard working, and he really applies himself."

Ruthie Rakowski (actress): "I would switch places with Lizzo. She's so powerful and has so much good in her. I really adore her!"

THE BEE'S KNEES OF 2020

Best Laugh

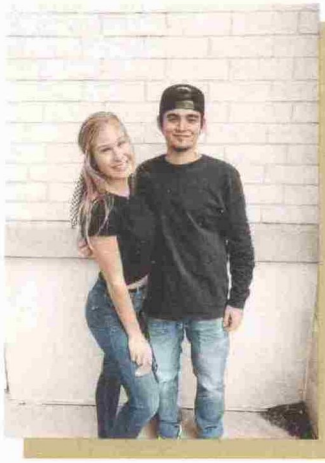


Sara Heiser and Nik Mondello

"I was surprised to find out I won best laugh! Because most of the time, I just wheeze and sound like the little penguin dude from Toy Story!*" Nick*

"Most people tell me my laugh is so funny that it makes other people want to laugh with me." Sara

Cutest Couple That Never Was

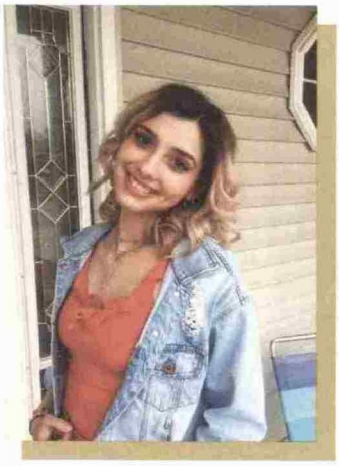


Megan Clark and Dominic DeBartolo

"Dom and I have been locker neighbors throughout middle and high school and became best friends. We always joke around with each other and I guess people saw that we were good friends."
-Megan

"We are best friends and obviously, good looking. What did you expect?"
-Dom

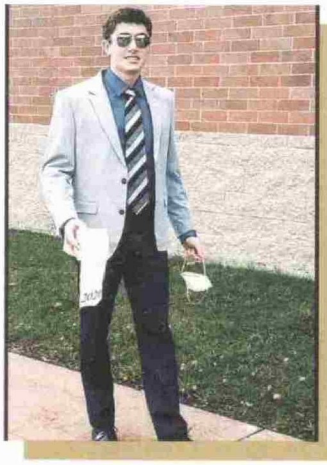
Best Dressed



Angela Brazzale

"I like buying clothes from everywhere because I like clothes of all styles. I love being dressed up some days and wearing cute but causal clothes the next."

Best Dressed



Leo Gliwa

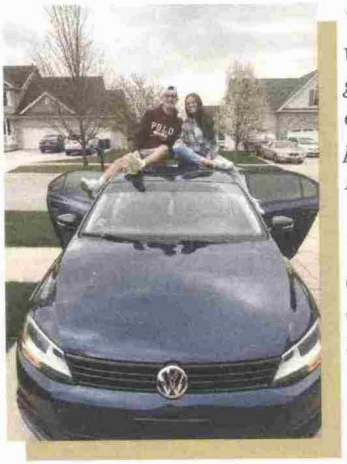
"My personal style is business attire. I enjoy wearing cool ties, dress shirts, and fancy shoes. My favorite places to shop are at Kohls, resale shops, and online. I always look for the best deals when shopping. Also, my great grandma Ann and grandpa Ron used to model clothing at department stores."

Best Hair

"My favorite hair style is curling it and twisting the front pieces back into a mini ponytail, like it is in the picture!"

Rachel Fleszewski

Best Aux

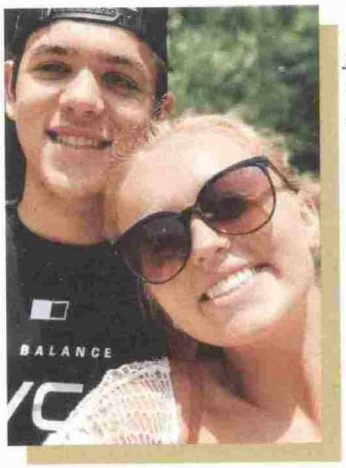


Chris Roop and Natalie Novorita

"I listen to music every day without fail. The key to having good aux is having a playlist for every mood, so the music that is playing is never awkward." Natalie

"My music is too good. People don't even let me play it in the car, you know? It's so fire it'll set the car on fire." Chris

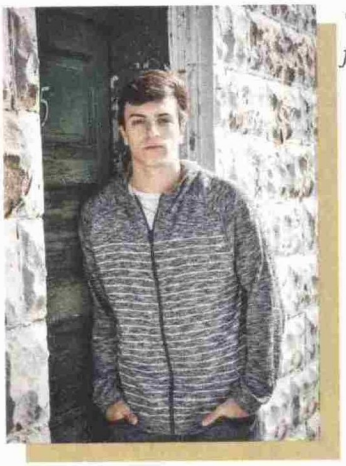
High School Sweethearts



Jackson Foreman and Shae Biron

"We have been together forever and are best friends. Our relationship consists of constant laugher."

Most Likely to Become Famous



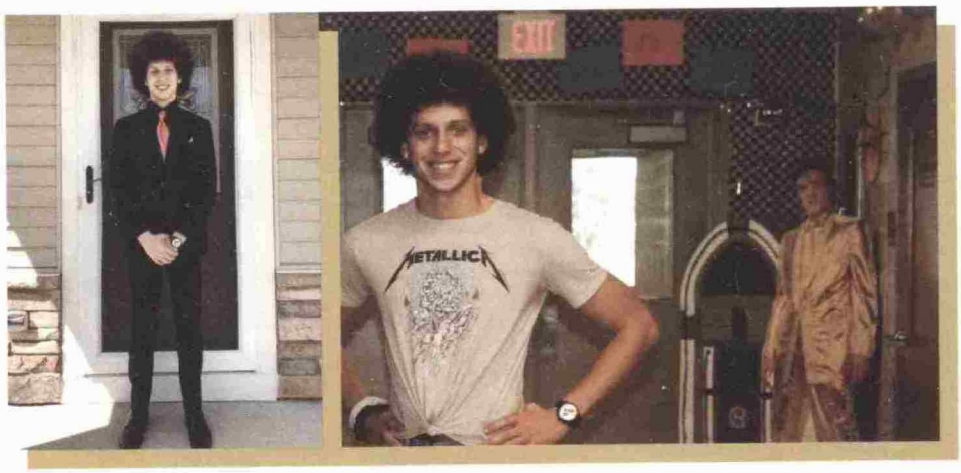
Dominic Lucido

"I think I am going to become a famous actor."

Most Likely to Become Famous

Jessica Walters

"Being voted most likely to be famous means I should never stop chasing my dreams!!!"



Tyler Fruehling

Best Hair

"I like my hair because it's all natural. I use anything for it, besides shampoo and conditioner. It takes me no time in the morning, but I have to pick it out. It's easy to keep up with."

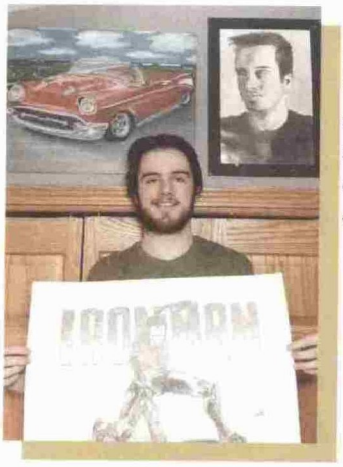
Most Artistic

Angelina Burroughs

"My favorite style of art is Impressionism. I take massive inspiration from that style of art and incorporate it into my own art, and I'm kind of obsessed with Claude Monet.

Art has a different meaning to everyone--it can be a career, a way to relax and destress, or even a form of provoking emotion. For me, art is a way of relaxation. Whenever I paint, I find that my mind typically goes blank and numb as I let my body naturally follow the paint strokes and mix the colors on my palette."

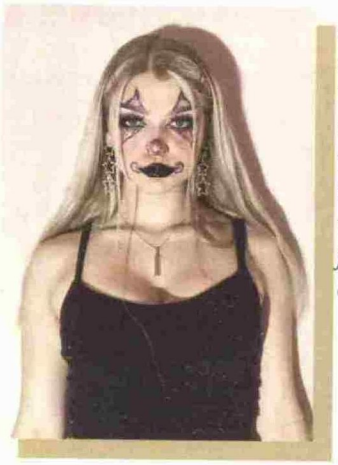
Most Artistic



Luke Maurer

"Ever since I was little, my imagination has been one of the best things about me. Art allows me to put what I see in my mind on a canvas. I can make drawings fantastic and surreal, or I can make them realistic!"

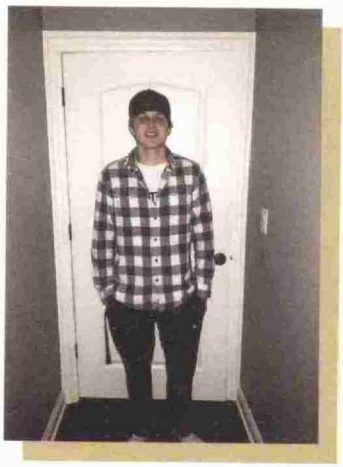
Class Clown



Simone Wydra

Never, EVER one to disappoint her loyal followers, Simone Wydra, HC's jester, stole the crown at every event, and in her words, "wow and this whole time i rly thought i was the only one who actually thought i was funny...if the people want a clown, i wish to give them one."

Class Clown



Brenden Bonner

"I really just say or do anything that pops into my head."

The Bee's Knees of 2020

Most Likely to Become President

Brett Driscoll and Phoebe Tomac

"I was National Honor Society President and Drum Major senior year. Vote for me President of The United States in 2040. #GIRLPOWER"
-Phoebe

"I'm a very confident and charismatic man. I'm not one to get political all the time, but I am the leader this country deserves." - Brett

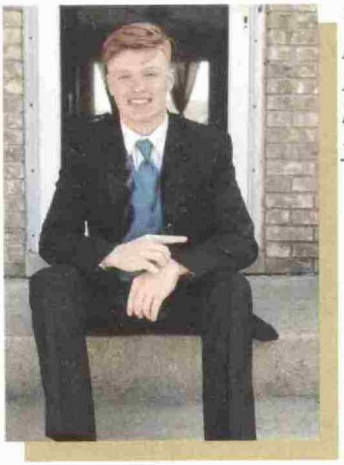
Most Competitive

Amanda Schreiber

"I think playing kickball as a child really affected me, and that was the first time I realized I was competitive. Playing competitively only makes you better, and to this day no one can beat me at 1v1 pick up ball... HA losers."

"You can't always be the strongest or most talented in the room, but you can be the most competitive." -Pat Summit

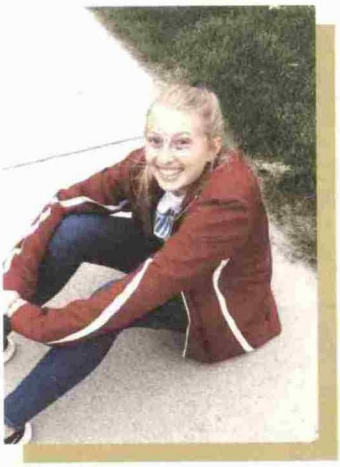
Most Competitive



Michael Simon

"I love winning more than life. I fear losing more than death. In order to win you have to hate not having it more than you want it."

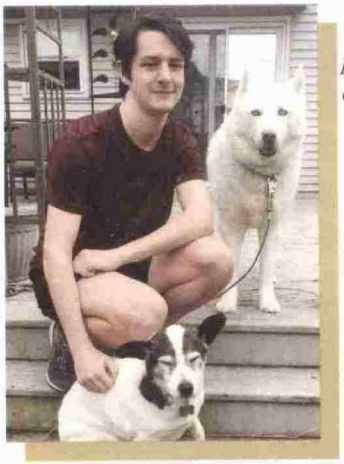
Best Personality



Christina De Lange

"I believe that each person deserves to be treated with kindness and respect, and those are the qualities I strive to exemplify every day."

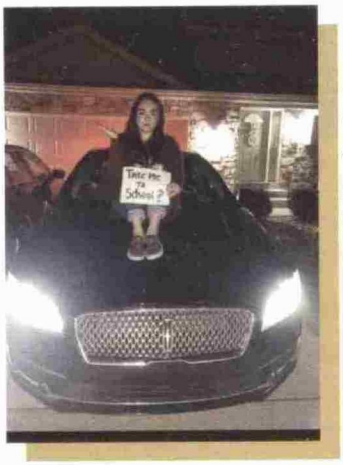
Best Personality



Cole Cameron

"I would describe my personality as positive and energetic."

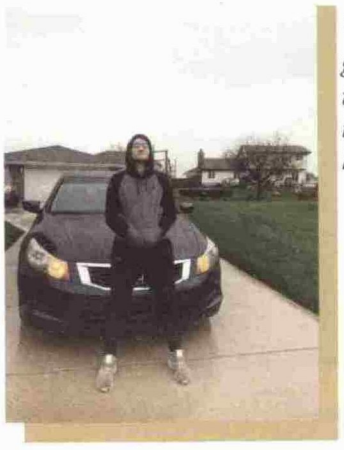
Worst Driver



Marisol Bautista

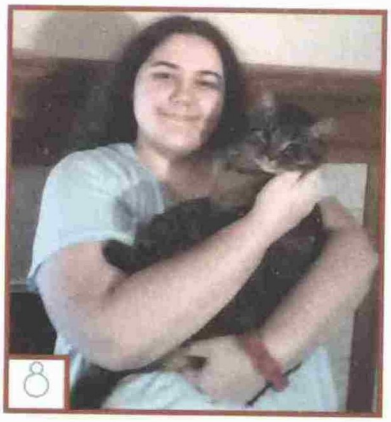
"Winning worst driver means you totaled your car at 17 before you could even drive yourself to school.Successfully hitching a ride to school every day isn't only an inconvenience, but a way of living."

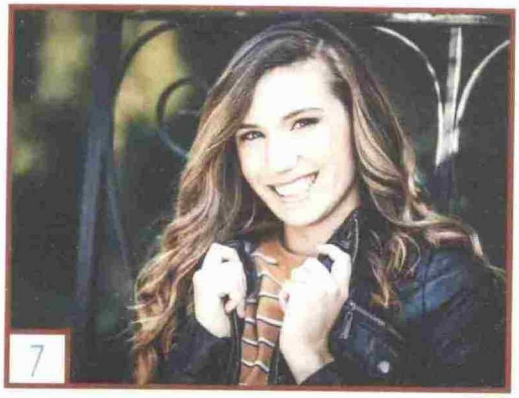
Worst Driver



Jacob Schuldes

"I like to drive fast, and I guess people don't like that.....in the words of my idol, 'if you ain't first, you're last.'"





1. Dominick Amadio- IUPUI: Medicinal Chemistry
2. Angelina Burroughs- Indiana University: Psychology
3. Elise Kratkoczki- Marquette University: Physical Therapy
4. Brianna Mirhaut- Indiana State University: Chemistry
5. Luke Maurer- Purdue University NW: Computer Engineering
6. Marissa Metcalfe- St. Francis University: Nursing

Senior Parade

Because of the 2020 pandemic, graduation was held in late summer after the school year concluded. To celebrate the Class of 2020, Hanover Central High School's administrative team held a parade for the community after elearning concluded in May. The parade, sponsored by the Boys and Girls Club, saw not only teachers and staff come out to celebrate the seniors, but parents and peers as well. Beginning at the American Legion and then looping by Jane Ball, HCMS, and concluding at HCHS, the parade was full of music and noisemakers- as well as tears for the time spent together and the time to come. For some, this was a party; for others, this was a quiet moment with their parent/guardian. While this was a way to celebrate in an uncertain time, many in attendance agreed that this should be something that occurs every year, pandemic or not. In either case, the photos below and on the next page depict some of the Class of 2020 before they rode onto their next journey- with Hanover visible through their rear view mirror- bound for their future.

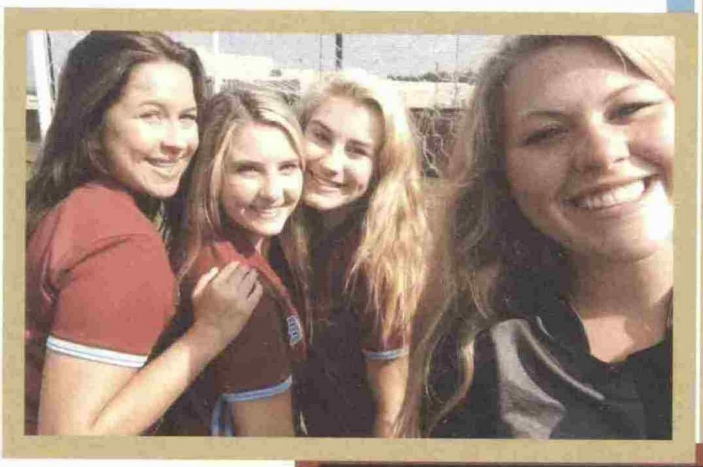
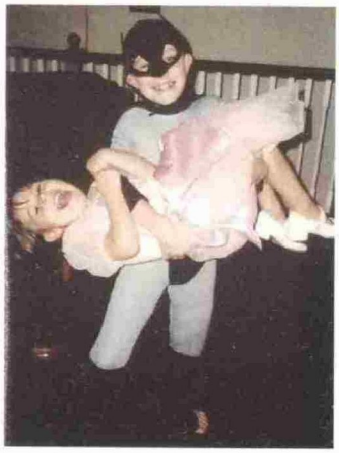
"High school won't be the same without you. I love you bestie!"
- O



"You did it, Cam! Thank you for letting me be your best friend all four years. I can't wait for our future together."
- Savannah

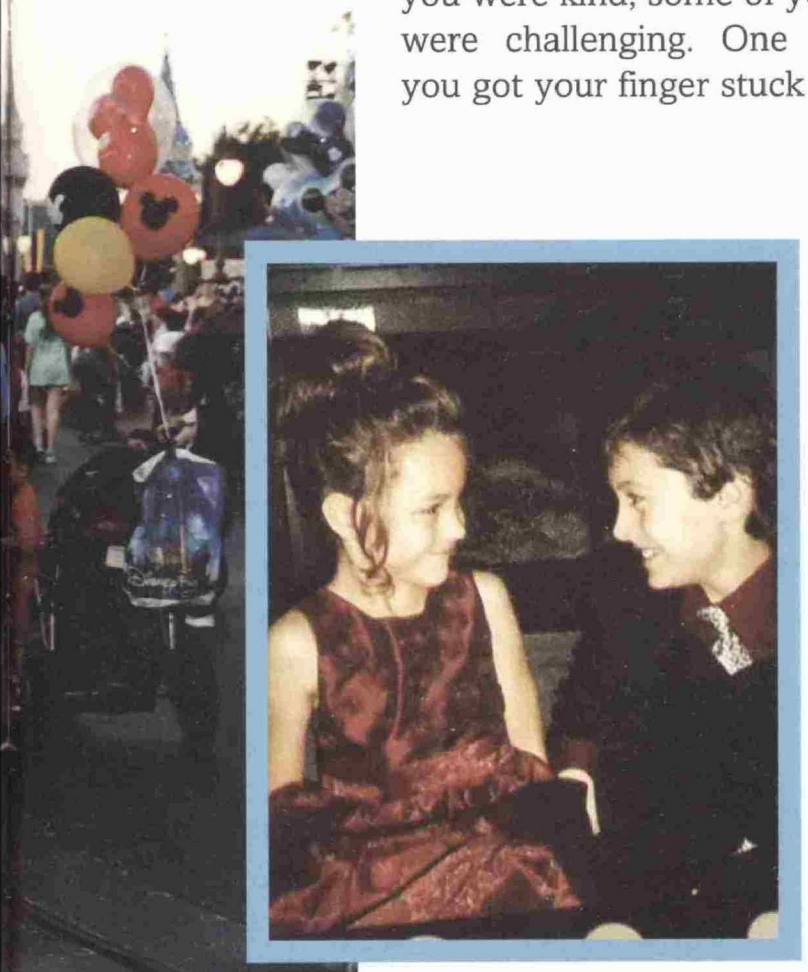


"I will miss seeing you at the high school, but I'm excited for all that you will accomplish in the near future! Love you tons Leo."
Love,
Your lil' sis, Kara

A special message from your sponsor:

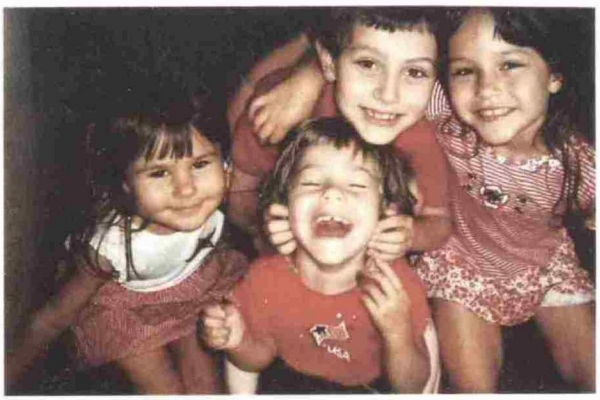
Dear Class of 2020,
We started at Hanover together. You will always hold a special place in my heart for that reaason. You were my first students in a new world for me. Most of you were kind, some of you were challenging. One of you got your finger stuck in my drawer, and we had to have the drawer sawed off! I'm still missing that drawer, by the way!! It was a pleasure to watch ALL of you grow. Thank you for being my guide as I integrated into this most amazing community. I will miss you all so much, and I hope that this is not goodbye, bot only see you later.

With all my love,
Sneddy



"I'm going to miss you girls on and off the field. We have all been playing with or against each other since we were 10 years old! Looking forward to watching you play in college. Best of luck, Ashtyn and Taylor!"
Love you,
- Sydney

REMEMBER ME



"Time goes by when you are having fun! Congratulations, Leo, on graduating high school! You are the bestest brother any sister could have! I believe that you are going to do great things in the world and that you will make a difference in every person you meet. Don't forget how special you are."
Love you, bro,
- Joy

COLOPHON

Roarin' into the '20s was created by the 2019-2020 *Key* staff at Hanover Central High School. Staff members consisted of Brooke McCune, Taylor Towry, Priscilla Seniw, Mikayla Dobe, Verenisse Napoles, Cole Cameron, Lily Bachar, Sarah Piepho, Brookelyn Rothgeb, Corinne Meekma, Anna Wilk, Sabrina Siems, Hope Huyser, Bella Weisbrodt, and Allison Mueller. Mrs. Michelle Duffy served as adviser, and Mr. Chuck Smith aided in the completion and publishing as well.

This book was published by Walsworth Yearbooks in June of 2020 and distributed to buyers at the start of the 2020-2021 school year. A special thanks to Valerie Tanke (sales representative) and Michelle Brosemer (customer service) at Walsworth Yearbooks for their help in creation and sale of this book. Without the Walsworth team, this book would not have been possible.

This yearbook was created on Chromebooks in Mrs. Duffy's classroom. Students utilized the Walsworth program, Online Design, to create this yearbook. All of the graphics, spreads, and clipart either came from the Online Design program or were designed by Hanover Central High School Students, with the exception of some of the art deco prints which were obtained for use in this yearbook.

The majority of the photographs in this book were taken by Mrs. Michelle Duffy using a Canon 7D camera, as well as *Key* staff members using Canon PowerShot cameras and cell phones. Moreover, a special thanks goes to the students, staff, and community members who submitted personal photos for use in this book, which not only helped to complete the book, but helped provide an authentic account of life during the pandemic. Additionally, Mrs. Nancy Novitski of His Heart Photography continues to capture amazing photos for our use, and they are greatly appreciated.

While the *Key* staff is immensely proud of this yearbook, this was not the yearbook we envisioned when we brainstormed. The theme, Roarin' into the '20s, was meant to celebrate the 2019-2020 school year while marking the 100th anniversary of Modern art and art deco of the 1920s, the Jazz Era. Unfortunately, on March 13, 2020, students left school and did not return. The Coronavirus pandemic shut down schools and shut students inside their homes for the remainder of the school year, cancelling and altering many yearly events such as prom, graduation, club photos, spring sports, the art show, and the end of the year band and choir performances. Moreover, this book was finished remotely with the program mentioned above, through emails and Zoom chats, since it was still in the design stage at the time of school closing. So, if this book looks or feels different from years before or after, this is why.

The *Key* staff apologizes for any misspellings of names, inaccuracies in reporting, or people we left out. We, as a staff, strive to create an authentic yearbook that encapsulates this year at Hanover Central High School and what it means to be a Wildcat. We hope you enjoy this book.
